

Rampage Boxing Club

1. Equipment Provided

- All the safety gear would be provided by members of the club which includes gloves, mouthguard, and headgear.
- All of the utilities would be provided by club members including heavy bags, pads for sparring, and speedbags.

2. To be able to fight

- To fight in our club you would have to have the contract signed, wearing all the proper safety equipment (headgear, gloves, mouthguard), You have to follow the rules of Timberlake Fight Club which are displayed below.

3. Rules of fighting

- No kicks, No elbows, No knees and if an opponent is knocked to the ground let them up, Absolutely No hitting a downed opponent, No biting, No wrestling, Always keep your gloves on when you're fighting, if your opponent says stop then the fight is over.

4. Permission of usage

- We would ask Wrestling Coach Jason Jerome to be able to use the timer in the Wrestling room to be able to have controlled rounds. We would also ask Principle Mr. Eberlin to use the weight room for our club.

5. Adults and Parent supervision

- All parents are welcome inside the Boxing Club, We would provide our own coaches which would be vetted to the school.

6. Weight classes

- We would make sure that every member of the club either has a preferred sparring partner who is close in weight and in experience to keep everything fair if there is an odd number there can be groups of sparring partners.

7. Budget

- Once everything is official we are going to call some boxing gyms in the area for sponsorships that we could put on gloves or some custom fight shorts and the emission to be a member of fight club would be 50 dollars per person which should be enough for the preferred gear anything that sponsorships or the emissions wouldn't cover would come out of pocket from the club members.
- We already have a good amount of boxing gloves where the ounce is the preferred sparring weight. So we already have the budget covered for our club.

8. Outside of the club rules

- If you want to participate in the club you need to be above passing. If you get into a fight at school or any trouble at school this will lead to a 3 week suspension of the club. You cannot be taking any drugs or alcohol while you're a participant of the club.
