COUNTY SCHOOL FACILITY OCCUPATION TAX ("CSFT" or "Sales Tax")

SALES TAX OVERVIEW

- The County School Facility Occupation Tax (“CSFT”) law authorizes school districts representing a majority of students in any county, other than Cook County, to impose a county-wide sales tax after a successful referendum for School Facility Purposes (as defined herein)
 - The Law went into effect in October 2007 and has been amended to improve its usage and process for implementation
- The Sales Tax may be imposed in 0.25% increments (\$0.25 per \$100 of expenditures) and may not exceed 1%

MAP OF COUNTIES WITH CSFT REFERENDA

WHAT PURCHASES ARE EXCLUDED FROM THE CSFT?

- The Sales Tax Base includes everything in the municipal and county sales tax base except for the following:
 - Cars, Trucks, ATVs
 - Boats & RVs
 - Mobile Homes
 - Unprepared Food
 - Drugs (including over-the-counter) and vitamins
 - Farm Equipment and Parts
 - Farm Inputs
 - Services are not taxed
- It basically applies to all the items sold at department stores except those items only taxed at 1%

WHAT IF MY DISTRICT IS IN MORE THAN ONE COUNTY?

- The District receives revenue for only those students living within the county
- The student does not have to attend a school located in the county
- Only students attending public school qualify

SALES TAX RATES IN LAKE COUNTY

Current Sales Tax Rates in Lake County			
Local Government	Sales Tax Rate	Local Government	Sales Tax Rate

- If the 1% CSFT had been in place in Lake County from November 2024 through October 2025, estimated total sales tax revenue distributions to Lake County school districts would have been \$121.2 million (per the Illinois Department of Revenue)

SALES TAX PAID BY NON-LAKE COUNTY RESIDENTS

- A report from PGAV Planners dated December 29, 2025 estimates that at least 52% of retail transactions in Lake County are generated by non-Lake County residents

WHAT CAN THE SALES TAX BE USED FOR?

"School Facility Purposes" include:

- New school buildings
- Additions & renovations to existing buildings
- Technology infrastructure
- Security, safety, disabled access
- Architectural planning
- Durable equipment that is not moveable
- Parking lots
- Demolition
- Fire Prevention and Life Safety
- Land acquisition
- Energy efficiency projects
- Roof improvements and repairs

"School Facility Purposes" do not include:

- Buses
- Textbooks
- Operating expenses including instruction and salaries*
- Computers
- Moveable equipment
- Detached Furniture & Fixtures

***Except school resource officers and mental health professionals if included in ballot language**

RATE OF GROWTH - LAKE COUNTY SALES TAX

*Online sales are taxed beginning January 1, 2021.

SALES TAX APPROVAL AND IMPOSITION

- Boards of Education that represent more than 50% of the student enrollment in a county approve a resolution (s) to place a CSFT question on the ballot
- Regional Office of Education (“ROE”) must certify the question to the County Clerk
- The County Clerk places the ballot at the next regularly scheduled election

CSFT APPROVAL AND IMPOSITION

- Ballot Language (language from statute cannot be edited or amended):
 - *Shall a retailer's occupation tax and a service occupation tax (commonly referred to as a "Sales Tax") be imposed in (name of county) at a rate of __% to be used exclusively for school facility purposes[,school resource officers and mental health professionals]?*
 - A majority of voters in the county are required to approve the tax
- After a successful referendum, the Sales Tax is imposed at the rate set forth in the ballot question
 - Sales Tax dollars start flowing to schools about four months after the tax is collected
 - A subsequent referendum is required to reduce or discontinue the Sales Tax (difficult to do if the Sales Tax is being used to pay debt service)

SALES TAX DISBURSEMENT PROCESS

- The Department of Revenue collects the Sales Tax and the State Treasurer holds it in a separate fund until it is disbursed
- On a monthly basis, the ROE receives Sales Tax collections from the State
 - The ROE then has 30 days to disburse the Sales Tax collections to school districts in the county on an enrollment basis
 - Enrollment only includes students that reside in the county, not total school enrollment for multi-county districts
 - Enrollment is based on the fall housing report
- School districts must maintain Sales Tax proceeds in a special fund known as the School Facility Occupation Tax Fund
- Improved school district facilities do not have to be located in the County that imposed the tax for multi-county districts

HOW CAN SALES TAX BE USED TO PAY FOR CAPITAL?

- Sales Tax revenue may also be used as follows:
 - Pay debt service on new debt issued for the School Facility Purposes listed on the prior slide (see Funding Options and Considerations)
 - Pay-as-you-go capital projects for the School Facility Purposes
 - Retire bonds or abate bond and interest tax levies or payoff bonds previously issued for the School Facility Purposes
- The exact use is not included as part of the ballot question and is determined by each district

FUNDING OPTIONS AND CONSIDERATIONS

- For bonds paid solely from the Sales Tax revenue, there is no referendum requirement to construct a new building that is completed with Sales Tax dollars
- A district could issue alternate revenue bonds or debt certificates and repay the debt service with the Sales Tax revenue
 - Alternate revenue bonds require a 30-day petition period (7.5% of registered voters) and a bond issue notification act (BINA) hearing
 - These obligations do not count against the Debt Service Extension Base (DSEB) for school districts in tax capped counties
- Because the Sales Tax revenue is a new revenue for a district, a feasibility study may be required for most financing options

(1) Based on proportion of District's EAV within the County. Actual distribution may differ pursuant to a detailed polling of each district.

(2) Based upon a 1% CSFT revenue estimate provided by IDOR for November 2024 through October 2025, less 2% State fee, less a 5% adjustment.

(3) For illustrative purposes only.

(4) As indicated in latest disclosure documents posted to emma.msrb.org or the District's latest available audit as of January 2026.

(5) Based on Lake County bond levy allocation report for levy year 2024.

(6) Includes \$8,000 homeowner exemption.

RISKS FOR DEBT OBLIGATIONS PAID FROM SALES TAX

- The annual Sales Tax revenues are subject to the following variables:
 - A district's share of Sales Tax revenue could decline if its enrollment is growing more slowly than other districts in the county
 - A sales tax is recognized as one of the most economically sensitive revenue sources and could be subject to dramatic fluctuations
- If the District sets its annual bond payment approximately equal to its estimated Sales Tax revenue stream by pledging other revenues, it risks having to use operating funds to make the bond payment in the event that the actual Sales Tax revenue stream is not adequate

HOW DOES THE SALES TAX IMPACT DISTRICTS IN A TAX CAPPED COUNTY?

- The Sales Tax does not impact nor is it affected by PTELL
- The debt service extension base or DSEB is not affected by the type of debt issued payable from Sales Tax

ELECTION DATES

Election Date	Type of Election
November 3, 2026	General
April 6, 2027	Consolidated
March 21, 2028	General Primary
November 7, 2028	General

ELECTION TIMELINE FOR SALES TAX

Election Date	Fall 2026
Pass Resolution* (School Districts)	By August 17, 2026
Certify the Resolution* (County Clerk)	No later than August 26, 2026
Local Election Authority Post Copy of Election Notice	October 23, 2026
Election	November 3, 2026
File with IL Department of Revenue to Enact Tax	No later than May 1, 2027**
Sales Tax Goes into Effect	July 1, 2027
Regional Superintendent Receives Funds from State	~90 Days after July 1, 2027
District Receives New Sales Tax Revenues	October/November 2027

*Per ICS 5/28

KEY TAKEAWAYS

- Need unified support among most school districts in the county to be successful
- Each district will need to educate its voters on how the Sales Tax will be used (unlike a building bond referendum, the ballot question is not specific)
- Community more engaged when proceeds will be used for capital projects
- School districts should communicate benefit in terms of property taxes not paid (either through debt service abatement or GO building bonds that are not issued)
- **School districts should communicate the percentage of sales tax revenue generated by individuals who live outside the County**

SALES TAX (CSFT) REFERENDUM CHECKLIST

- School districts convene to discuss the concept
- Individual school district Boards of Education vote to place a CSFT on a county-wide ballot (must collectively represent more than 50% of the student enrollment in the county)
- Regional Superintendent certifies the question to the County Clerk
- Countywide referendum effort begins
- CSFT referendum appears on the ballot

REFERENDUM CAMPAIGN LAWS

- The Election Code prohibits the use of school district funds or resources to advocate for a CSFT referendum
- School districts may use funds to disseminate factual information about a CSFT referendum

ROLE OF BOARD MEMBERS DURING A CSFT REFERENDUM CAMPAIGN

- The Illinois Ethics Act restricts the activities of Board members during a CSFT referendum campaign
- They may not promulgate their position on a referendum while on District property and/or while serving in their capacity as Board members
 - They may speak only to the facts
- Board members may not utilize District resources to support a position on a CSFT referendum

ROLE OF BOARD MEMBERS DURING A CSFT REFERENDUM CAMPAIGN, CONTINUED

- When off District property, Board members may participate in CSFT referendum campaign activities as individuals (not as members or officers of the Board)
 - Consider using a disclaimer such as “This is in my capacity as a taxpayer/citizen and not in my official capacity as a Board member”
- Board members may not require other Board members or employees to perform any CSFT referendum campaign activities, nor may they compensate them for such activities

ROLE OF SCHOOL DISTRICT EMPLOYEES IN A CSFT REFERENDUM CAMPAIGN

- The activities of District employees are also restricted
- Employees may not engage in CSFT referendum-related activities while on compensated time
- When they are “off the clock” and away from District property, employees may participate in CSFT referendum campaign activities that do not use District resources (eg: District email)
 - Employees may do the following:
 - Post yard signs
 - Distribute CSFT referendum campaign literature
 - Encourage yes votes
 - Wear “vote yes” buttons
 - Attend CSFT referendum campaign committee meetings
 - Contribute to CSFT referendum campaign committees

SUCCESSFUL CSFT REFERENDUM STRATEGIES

- Develop one unified message/theme for the referendum
- Create one common educational brochure that all school districts can use
 - Each school district may create a supplement with details about how it will use the CSFT
- CSFT referendum campaign leaders include representatives from each school district
- Develop a communication plan that includes outreach to key influential groups and leaders in the County

DISCLOSURE

The information contained herein is solely intended to suggest/discuss potentially applicable financing applications and is not intended to be a specific buy/sell recommendation, nor is it an official confirmation of terms. Any terms discussed herein are preliminary until confirmed in a definitive written agreement.

The analysis or information presented herein is based upon hypothetical projections and/or past performance that have certain limitations. No representation is made that it is accurate or complete or that any results indicated will be achieved. In no way is past performance indicative of future results. Changes to any prices, levels, or assumptions contained herein may have a material impact on results. Any estimates or assumptions contained herein represent our best judgment as of the date indicated and are subject to change without notice. Examples are merely representative and are not meant to be all-inclusive. The information set forth herein was gathered from sources which we believe, but do not guarantee, to be accurate. Neither the information, nor any options expressed, constitute a solicitation by us for purposes of sale or purchase of any securities or commodities. Investment/financing decisions by market participants should not be based on this information.

You should consider certain economic risks (and other legal, tax, and accounting consequences) prior to entering into any type of transaction with PMA Securities, LLC or PMA Financial Network, LLC. It is imperative that any prospective client perform its own research and due diligence, independent of us or our affiliates, to determine suitability of the proposed transaction with respect to the aforementioned potential economic risks and legal, tax, and accounting consequences. Our analyses are not and do not purport to be appraisals of the assets, or business of the Issuer or any other entity. PMA makes no representations as to the actual value which may be received in connection with a transaction nor the legal, tax, or accounting effects of consummating a transaction. PMA cannot be relied upon to provide legal, tax, or accounting advice. You should seek out independent and qualified legal, tax, and accounting advice from outside sources. This information has been prepared for informational and educational purposes and does not constitute a solicitation to purchase or sell securities, which may be done only after client suitability is reviewed and determined.

Public Trust Advisors, LLC, PMA Financial Network, LLC, PMA Securities, LLC and PMA Asset Management, LLC (collectively "PTMA Financial Solutions" or "PTMA") are under common ownership. Public Trust Advisors, LLC and PMA Asset Management, LLC, are both SEC registered investment advisers. PMA Securities is a broker-dealer and municipal advisor registered with the SEC and MSRB and is a member of FINRA and SIPC. Registration with the SEC does not imply a certain level of skill or training. Marketing, securities, institutional brokerage services and municipal advisory services are offered through PMA Securities, LLC. Public Trust Advisors and PMA Asset Management provide investment advisory services primarily to local government investment pools ("Funds") and separate accounts. All other products are provided by PMA Financial Network, LLC. Securities and public finance services offered through PMA Securities, LLC are available in CA, CO, FL, IL, IN, IA, MI, MN, MO, NC, NE, NY, OH, OK, PA, SD, TX, VA, WI and WY. This document is not an offer of services available in any state other than those listed above, has been prepared for informational and educational purposes and does not constitute a solicitation to purchase or sell securities, which may be done only after client suitability is reviewed and determined. All investments mentioned herein may have varying levels of risk and may not be suitable for every investor. PTMA and its employees do not offer tax or legal advice. Individuals and organizations should consult with their own tax and/or legal advisors before making any tax or legal related investment decisions. Additional information is available upon request. Raymond James shall have no liability, contingent or otherwise, to the recipient hereof or to any third party, or any responsibility whatsoever, for the accuracy, correctness, timeliness, reliability or completeness of the data or formulae provided herein or for the performance of or any other aspect of the materials, structures and strategies presented herein. This Presentation is provided to you for the purpose of your consideration of the engagement of Raymond James as an underwriter and not as your financial advisor or Municipal Advisor (as defined in Section 15B of the Exchange Act of 1934, as amended), and we expressly disclaim any intention to act as your fiduciary in connection with the subject matter of this Presentation. The information provided is not intended to be and should not be construed as a recommendation or “advice” within the meaning of Section 15B of the above-referenced Act. Any portion of this Presentation which provides information on municipal financial products or the issuance of municipal securities is only given to provide you with factual information or to demonstrate our experience with respect to municipal markets and products. Municipal Securities Rulemaking Board (“MSRB”) Rule G-17 requires that we make the following disclosure to you at the earliest stages of our relationship, as underwriter, with respect to an issue of municipal securities: the underwriter’s primary role is to purchase securities with a view to distribution in an arm’s-length commercial transaction with the issuer and it has financial and other interests that differ from those of the issuer.

Raymond James does not provide accounting, tax or legal advice; however, you should be aware that any proposed transaction could have accounting, tax, legal or other implications that should be discussed with your advisors and/or legal counsel.

Raymond James and affiliates, and officers, directors and employees thereof, including individuals who may be involved in the preparation or presentation of this material, may from time to time have positions in, and buy or sell, the securities, derivatives (including options) or other financial products of entities mentioned herein. In addition, Raymond James or affiliates thereof may have served as an underwriter or placement agent with respect to a public or private offering of securities by one or more of the entities referenced herein.

This Presentation is not a binding commitment, obligation, or undertaking of Raymond James. No obligation or liability with respect to any issuance or purchase of any Bonds or other securities described herein shall exist, nor shall any representations be deemed made, nor any reliance on any communications regarding the subject matter hereof be reasonable or justified unless and until (1) all necessary Raymond James, rating agency or other third party approvals, as applicable, shall have been obtained, including, without limitation, any required Raymond James senior management and credit committee approvals, (2) all of the terms and conditions of the documents pertaining to the subject transaction are agreed to by the parties thereto as evidenced by the execution and delivery of all such documents by all such parties, and (3) all conditions hereafter established by Raymond James for closing of the transaction have been satisfied in our sole discretion. Until execution and delivery of all such definitive agreements, all parties shall have the absolute right to amend this Presentation and/or terminate all negotiations for any reason without liability therefor. Thomson Reuters Municipal Market Data (“MMD”) is a proprietary yield curve which provides the offer-side of AAA rated state general obligation bonds as determined by the MMD analyst team.
