

Illinois Valley High School  
Site Council  
2.14.18

Present: Tanner Smith, Richard Dice, Caitlin Gray, Susie Garman, Robin Jackson

Tanner shares updated 'On-Track' list to council. (1<sup>st</sup> semester ending)  
Passing rate is increasing. Most students are making great strides toward passing.  
Students are able to use online classes and study hall classes to help make-up incomplete grades.  
IV is going to stay with this system and keep working to refine this process.  
Scott Thornhill will present this system to the board at the next board meeting.

Retiring this year – Robin Jackson

At this time it looks like – Alejandro Robles will be our Valediction and Kaya Dooleage will be our Salutatorian. As we progress in the year, we will know for sure.

Girl's basketball will be going to state play-offs. Go Cougs! We will have a rooter bus.  
Boy's play tonight at St. Mary's for a league play-off game.

Chrome books – our first two chrome books will expire this year. Thru Measure 98 the district bought 3 new chrome carts and IV will get one. Tanner will also try to get another also.

Cougar Den – We are working to make the stage a Cougar Den. All equipment has been ordered.  
Students will assist in set-up.

Pride Assemble 2/14/18 – Send state athletes off, have moon shots, have drawing for cash.

Tanner asks – what are the council's thoughts on an open campus for lunch.  
Parameters – GPA, grade level, monitor for extra students in cars(earn the right to leave)  
Maybe 30 minutes not long enough for lunch.  
Would the businesses downtown be prepared?  
Take time from breaks to extend lunchtime?  
Kids won't eat school lunch.  
Can we take a minute from each class? (Seat time?)  
Would any food trucks part at the high school?  
Liability?? Can we have parents sign a contract?  
Have advisory come up with some things to improve campus. Have the students see the process to get something like this to approved.

Discussion on student athletes being able to come in late after late night competitions. Council thinks it is a good idea. Not approved by the district...as of yet. Hoping for more discussion.

Meeting adjourns at 4:30 pm.
