PLANTS!

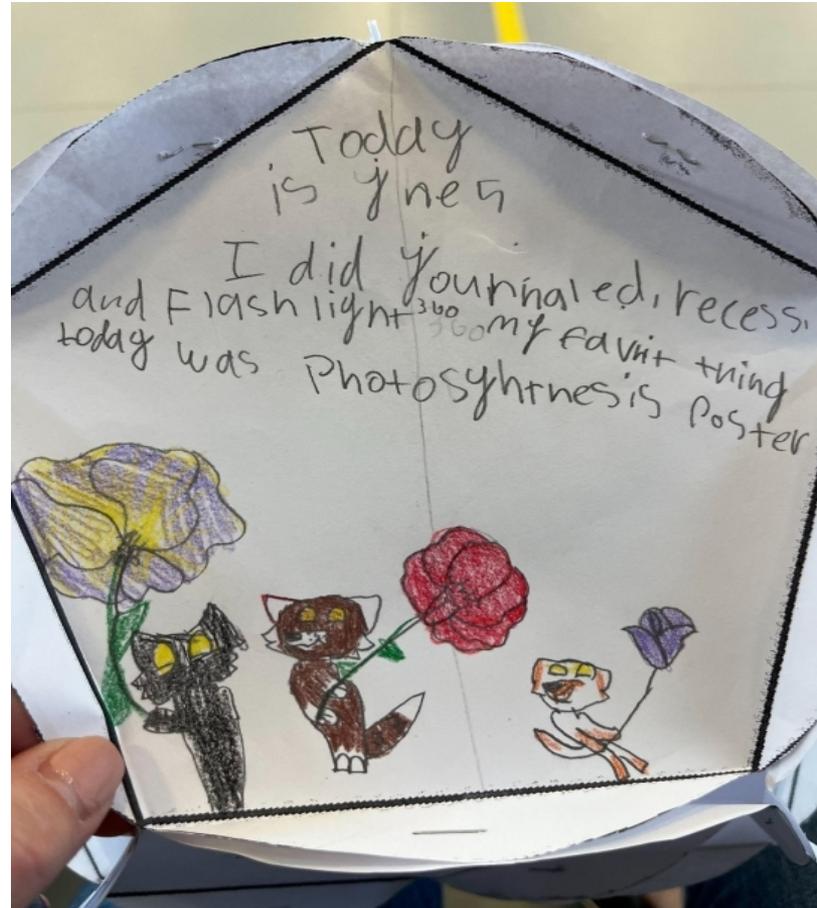

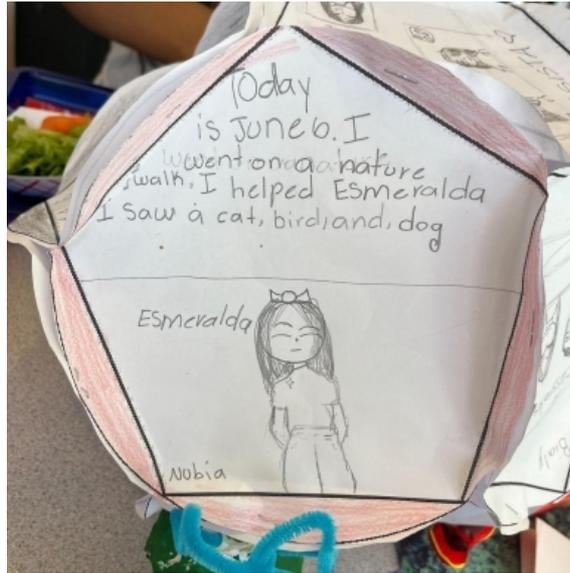

How does a plant grow?

LOOKING FOR INSECTS AND FOUND EGGS INSTEAD!

CREATIVE JOURNALING- PREPARING FOR FLASHLIGHT 360

CONCRETE STRUCTURES- INSECT WEEK

FLASHLIGHT 360: SPEAKING AND WRITING SUPPORT

Student Writing

Student Speaking

The life cycle of a butterfly has several parts. First a butterfly lays an egg. After that it hatches. Next it turns into a caterpillar. Then the caterpillar grows and grows. Then the caterpillar forms a pupa. Finally the pupa opens and it is a butterfly. That is the life cycle of a butterfly.

WHERE DO STUDENTS LAND ON THE BENCHMARK ASSESSMENT?

Speaking Evaluations on a Scale of 1-6

Grade	Vocabulary	Interpretation	Pronunciation	Grammar	Fluency
