Sienna Graves Named Braswell High School's First UIL Academics State Champion

Denton ISD is proud to recognize Sienna Graves of Braswell High School, who has become the campus's first-ever UIL Academics state champion. Sienna earned the Class 6A Theatrical Design Marketing title at the UIL State Meet, where she was recognized for the social media campaigns and promotional materials she designed for Braswell's production of *The King Stag*. Her creativity, technical skill, and attention to detail set a new standard for the fine arts at Braswell High School, and her accomplishment reflects the dedicated instruction and mentorship of directors Christopher Rogers and Benjamin Parker. Denton ISD congratulates Sienna on this historic achievement and on the pride she has brought to her campus, her district, and her community.

Student: Sienna Graves

Directors: Christopher Rogers and Benjamin Parker
