**DATA PROTECTION STUDENT PRIVACY**

Nye County School District recognizes that Data Protection and Student Privacy is of great concern in light of the rapidly changing technological environment in our society. All Nye County School District reports to the Nevada Department of Education and all contracts with third party vendors for educational services comply with FERPA requirements.

With regard to the District's use, collection, retention, disclosure and destruction of student data, as well as the right of parents/legal guardians and students to access their data, Nye County School District will comply with all FERPA and State guidelines.
