

Prepared for: North Bend School Board

Prepared by: Dayna Cahill and Bruce Martin, Directors of Teaching and Learning

Meeting Date: May 7, 2026

K-12 Health Adoption

ACTION REQUIRED

SUMMARY:

NBSD has completed a review of health curriculums that has involved educators, administrators, and community stakeholders including both families and board members, and are aligned with current state health education standards. Upon this review of state adopted health curriculum, NBSD is recommending the board approve the adoption of The Great Body Shop for grades K-8 and Live Well for grades 9-12. Teachers from each level- elementary, middle, and high school, were given the opportunity to review materials and give input. Additionally, NBSD would like to thank the families and board members that also came in and reviewed the curriculum. NBSD seeks to implement the new health curriculum in the fall of 2026 for a six year time frame.

ACTION REQUESTED:

Approval of the adoption of The Great Body Shop for grades K-8 and Live Well for grades 9-12.

MOTION REQUESTED:

“I move to approve the adoption of The Great Body Shop for grades K-8 and Live Well for grades 9-12.”
