

**Henderson ISD
Board Background**

Subject: Consider Approval of Request for Proposal #2- Ovens at 4 Campuses

Presented for: Action Report Only

Background Information

In compliance with the code of federal regulation, 2 CFR.210.21, HISD Child Nutrition placed an advertisement requesting proposals for replacement of combi ovens at all four campuses on March 29, 2026. The purpose is to replace combi ovens that were removed because they were no longer in working condition. The original combi ovens were purchased in 2009. Combi ovens are used in commercial kitchens to improve the quality of food production, taste and meal appeal. High School, Middle School, and Northside campuses will receive one double stack combi oven each. Wylie Elementary/ Primary kitchen will receive two double stack combi ovens. This modification and all costs associated with this project will use child nutrition funds. After cost analysis, the anticipated costs of the project are \$320,000.

After reviewing the proposals and completing evaluation criteria in compliance with the Code of Federal Regulations 2 CFR section 200, the recommendation is to approve Singer T & L as the awarded vendor for RFP 2- Ovens at 4 Campuses.

Recommendation:

The recommendation is to approve Singer T & L as the vendor for RFP 2- Ovens at 4 Campuses.
