Laredo, Texas, February 5, 2026

Good Morning,

As Grantee of Foreign Trade Zone #94, I hereby request your consideration of a minor boundary modification for **Intertrans Warehouse & Logistics, Inc.** located within the city limits of Laredo, Texas and Webb County as approved under current FTZ #94 program area.

The proposed FTZ operator **Intertrans Warehouse & Logistics, Inc.** is requesting a letter of concurrence from your organization in support of establishing an ASF/Usage-Driven FTZ designation at its facilities located at **417 Grand Central Blvd., Milo Industrial Park, Laredo, Texas, 78045.**

For your review and consideration, see attached documents:

- 02 FTZ Application from **Intertrans Warehouse & Logistics, Inc.**
- 03 Letter of request from intended operator
- 04 Right to Use Letter from **Intertrans Warehouse & Logistics, Inc.** to apply for an FTZ designation.
- 05 Aerial view of the facilities, showing the name of the adjacent streets and with a red line the outline of the complete facilities, clearly indicating the location of **Intertrans Warehouse & Logistics, Inc.**, the company that is requesting this specific FTZ.
- 06 Areas to later be activated by CBP (in red outline).

Thank you for your time and assistance. Should you have any questions, feel free to contact me.

Respectfully,

Dr. Federico Schaffler

Instruction Sheet

This collection of information contains Paperwork Reduction Act (PRA) requirements approved by the Office of Management and Budget (OMB). Notwithstanding any other provision of law, no person is required to, nor shall any person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the PRA unless that collection of information displays a currently valid OMB control number. Public reporting burden for this collection of information is estimated to average 3.5 hours, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Persons wishing to comment on the burden estimate or any aspect of this collection of information, or offer suggestions for reducing this burden, should send their comments to the ITA Reports Clearance Officer, International Trade Administration, U.S. Department of Commerce, 14th and Constitution Avenue, NW, Washington, DC 20230.

No zone, subzone, zone expansion/reorganization/modification, or production authority may be approved unless a completed application/notification/request has been received (19 U.S.C. 81a-81u; 15 CFR Part 400). The Foreign-Trade Zones Board has no authority to finance zone projects. Its approval is in the form of a grant of authority (license) for operating a facility under foreign-trade zone procedures. The basic requirements for foreign-trade zone applications are found in the regulations of the Foreign-Trade Zones Board (15 CFR Part 400), including Sections 400.21 through 400.25. Application formats are available on the [FTZ Board web site](#).

Corporations submitting applications must be qualified to apply under the laws of the state in which the zone is to be located. Applicants may submit drafts of their applications to the FTZ Staff, who can provide comments and technical assistance in interpreting the Board's regulations.

Applicants should note that conduct of their proposed activity under FTZ procedures includes an additional, ongoing information-collection burden associated with the Annual Report from Foreign-Trade Zones (OMB Control No. 0625-0109).

Alternative Site Framework

APPLICATION FOR SUBZONE OR USAGE-DRIVEN DESIGNATION (“MINOR BOUNDARY MODIFICATION”)

NOTE: This format is only for a Minor Boundary Modification (MBM) to propose a “Subzone” or “Usage-Driven” site(s) under the Alternative Site Framework (ASF).

INSTRUCTIONS

General: The request should include a cover letter from the grantee identifying the specific company for which it is requesting a Subzone or Usage-Driven site and a document answering the questions using the template below. Leave each question in place (including its number) and provide your response directly below each question.

Subzone versus Usage-Driven Designation: Both usage-driven sites and subzone sites designated under this process, are subject to the standard three-year sunset provision. There is no substantive difference between selecting the “subzone” or “usage-driven site” option. However, if a company anticipates needing more than one site, subzone designation is recommended to facilitate CBP paperwork for movement between sites.

Sites versus Parcels: A "site" is comprised of one or more generally contiguous parcels of land organized and functioning as an integrated unit, such as all or part of an industrial park or airport facility. If parcels do not meet that definition, they must be treated as separate sites.

Submitted Request Must Be Complete: Submitted MBM requests must be complete – with the sole allowable exception of any comments from U.S. Customs and Border Protection (CBP). **Requests must be submitted as a single document;** the FTZ Staff cannot assemble requests from individual documents submitted separately.

If a letter from CBP is not included, a copy of your request must be provided to CBP no later than when the request is submitted to our office (see section 400.38(a) of the FTZ Board’s regulations), and noting the regulations provide CBP with 20 days to submit comments.

Submission of Completed Application: Submit the final application by email (ftz@trade.gov) (**Adobe PDF format preferred**; you may use MS Word format if you are unable to submit PDF). The application must include color maps and signed versions of all letters. The application must be submitted by or copied (CC’d) to the grantee.

Timing: Under the FTZ Board’s regulations, the ordinary timeframe to process MBM requests is within 30 days of the FTZ Staff having received a complete request, including receipt of CBP’s comments on the request.

RE: City of Laredo Foreign-Trade Zone No. 94
Minor Boundary Modification – Intertrans Warehouse & Logistics, Inc.

Dear Ms. Whiteman:

Laredo College understands that the City of Laredo, Texas, is requesting a Minor Boundary Modification (ASF/usage-driven) within Foreign-Trade Zone No. 94 in Laredo, Texas, on behalf of Intertrans Warehouse & Logistics, Inc., located at 417 Grand Central Blvd., Milo Industrial Park, Laredo, Texas, 78045, which is situated in Webb County's Taxing Jurisdiction.

Laredo College recognizes the increasing importance of international trade in our community and supports this request. Laredo College is aware that imported inventory and inventory held in the Foreign-Trade Zone for export will be exempt from local personal property taxes when the modification is approved.

Sincerely,

Dr. Minita Ramirez
President
