Background Information

In accordance with Texas Education Code (TEC) §31.1011 local school systems are required to annually certify to the State Board of Education (SBOE) and TEA commissioner that students have access to instructional materials covering all Texas Essential Knowledge and Skills (TEKS) for all required subjects, except physical education. Additionally, school systems are required to certify that they protect against access to obscene or harmful content in compliance with the requirements for certification under the (i) the Children's Internet Protection Act (Pub. L. No. 106-554); (ii) TEC, Section 28.0022; (iii) Section 43.22, Penal Code; and (iv) any other law or regulation that protects students from obscene or harmful content. The 2026–27 Certification of Provision of Instructional Materials process requires ratification by the local school system's board of trustees in an open, public-noticed meeting.

Recommendation:

Approve the 2026-2027 of TEKS Certification as presented
