Re: Hazardous Routes – Annual Review

Information Purposes

Attached are the 2026-2027 hazardous locations for your review. After reviewing the locations, it was determined that the hazardous conditions still exist and should remain for the 2026-2027 school year. We have requested verification from the Lincolnshire Police Department. Attached is their response.

Background Information

In accordance with Illinois Compiled Statute 105 ILCS 5/29-3, if a hazard is determined to exist, the school board shall annually review the conditions and determine whether or not the hazardous conditions remain unchanged. Pursuant to Public Act 94-0439 the district is no longer required to send a copy of the resolution to the State Superintendent of Education. The annual resolutions should remain on file in the district for audit purposes (reference: Illinois State Board of Education).
