Re: 2026 Interim Healthcare Services of Joliet, Inc.

CC: Board of Education

It is recommended that the Board of Education approve the contract renewal with Interim Healthcare Services of Joliet, Inc. for the 2026–2027 school year to provide continued nursing services for a district student enrolled within an external placement.

Per the accommodations and related services documented in the student's Individualized Education Program (IEP), nursing care is required throughout the school day to monitor and support her medical needs, ensuring her health, safety, and ability to access her educational environment.

If you have any questions, please contact me at your convenience.

Joy Bacino, Executive Director of Special Services
