**To:** Board of Education  
**From:** Matt Rich  
**Date:** May 19, 2026  
**Re:** Additional iPad Purchase

---

## **Recommendation:**

It is the recommendation of the Superintendent to approve the purchase of 40 additional iPads at a cost of \$13,160.00.

## **Background Information:**

We are entering our 5th year of use with our current set of iPads that were purchased with Federal Erate dollars in October of 2021 and deployed in the Fall of 2022. During that time we have seen some deterioration of our iPads but plan to get the 5th year of use out of them. With a small 8th grade leaving us and a larger kindergarten coming, we would need to buy 40 more iPads to cover our needs. This will allow us to handle some continued deterioration and loaner needs. Our plan is to collect our staff iPads which are in good condition and deploy these to kindergarten, replace the staff iPads with this collection, and replace all student iPads next summer. Under this plan, we would enter the year with approximately 20 loaners/replacements for the school year.
