2026 Summer School Report

During the 2026 Summer School program, our staff was comprised of four certified teachers.

Both breakfast and lunch were available without charge, to each student. Students who were bus eligible were also provided with free transportation to and from school. Summer school hours were Monday – Thursday, 7:45-12:30.

At the end of the 2026-2026 school year, thirty-two (32) students were required to successfully complete summer school coursework in order to be promoted on to the next grade level. Students were placed in grade-appropriate instructional classes where they received instruction in all core subject areas (English language arts, math, science, and social studies).

At the conclusion of the program on June 25, 2026, twenty-nine (29) students successfully completed the program and were promoted on to the next grade level. Three (3) students did not successfully complete the summer school program and will not be promoted to the next grade level.
