# ACT 381 BROWNFIELD PLAN

## 1.0 INTRODUCTION

### 1.1 **Proposed Redevelopment and Future Use for Each Eligible Property**

The proposed redevelopment consists of 19 vacant parcels totaling approximately 14 acres in Pine River Township, Gratiot County. The property is accessible by Lakeside Dr along W Monroe Rd to the North of Alma, MI. The project will involve preparing the site for development to make way for 19 new single-family homes. Of the homes, it is expected 4 of the homes (21% of the development) will be income restricted rentals at 100% Area Median Income ("AMI") rents in Gratiot County net of utilities, for a duration of 10 years. The remaining 15 homes are expected to be available for sale and rent at market rates. The Developer intends to complete all 19 homes over a two-year period.

The total capital investment on the project is expected to be approximately \$5.4 million. Construction on the project is planned to begin in the fall of 2026 and will be completed by fall of 2028.

The project will be undertaken by two affiliated entities commonly owned and controlled by the principals of Allen Edwin Homes: Michigan Housing Partnership, LLC, which is responsible for land acquisition, and a special purpose LLC, which will be established to own and operate the project and receive benefits under the brownfield plan (collectively "the Developer"). Green Development Ventures, LLC and Allen Edwin Residential Builders, LLC (dba Allen Edwin Homes) will serve as General Contractor and will administer the construction of the project.

### 1.2 **Identification of Housing Need**

#### Specific Housing Need

A Housing Needs Assessment was completed by Bowen National Research for East Central Michigan in 2023, inclusive of Gratiot County. According to the Assessment, approximately 45.2% of renters in Gratiot County were cost burdened households and approximately 18.8% of renters in Gratiot County were severely cost burdened households. Additionally, there are 120 households on waitlists in Gratiot County, including up to 18-month waitlists for subsidized housing options, indicating a substantial level of pent-up demand for a variety of rental housing by affordability level. Across the 8-County East Central Michigan region, there is an estimated 7,554 units needed between 2024 to 2029 to meet rental demand. This includes 464 new rental units in Gratiot County. The 8-County region also has an estimated 23,577-unit demand for for-sale housing units between 2024 to 2029. This includes a 1,456-unit demand in Gratiot County for for-sale housing units.

#### Job Growth Data

According to the Housing Needs Assessment conducted by Bowen National

Research for East Central Michigan in 2023, 67.4% of Employer survey respondents indicated that lack of available housing was a challenge experienced by employers to attract and retain talent in the area. As a result of employer demand for employees and associated housing, the absorption of new housing units in the market is expected to be accelerated.

### 1.3 Eligible Property Information

#### Basis of Eligibility

Section 2(y)(i) of Public Act 381 of 1996 ("Act 381"), as amended, defines "Housing Property" as "A property on which 1 or more units of residential housing are proposed to be constructed, rehabilitated, or otherwise designated to be used as a dwelling." The development proposes 19 housing units, including one housing unit on each of the 19 parcels included in this Plan, thus these parcels are eligible property under Act 381.

#### Location and Legal Description

The eligible property defined in this Plan includes 19 parcels located along Lakeside Dr and Kali Ln in Pine River Township, Gratiot County, Michigan. In total, the 19 parcels are approximately 14 acres in size. The Parcel Identification Number and Legal Description of parcels included in this Plan are listed below.

| Address                        | Parcel ID      | Legal Description                                                       |

## 2.0 Information Required by Section 13(2) of the Statute

### 2.1 Description of Costs to Be Paid for With Tax Increment Revenues

Tax increment revenues will be used to reimburse Michigan Housing Partnership, LLC for the cost of eligible activities as authorized by Act 381. Michigan State Housing Development Authority ("MSHDA") approved non-environmental eligible activities and statutorily approved EGLE environmental eligible activities will be reimbursed with local and school tax increment revenues ("TIR") pending approval of an Act 381 Work Plan.

The total cost of eligible activities including contingency are anticipated to be \$1,536,343, not including interest. Interest on unreimbursed eligible activities is also included as an eligible activity, which is estimated to be \$541,301. Funding to the State Brownfield Redevelopment Fund is anticipated to be \$256,527. Administrative capture to the Brownfield Redevelopment Authority is expected to be \$70,678. The estimated cost of all eligible activities under this plan are summarized in Table 1.

#### Environmental Activities

Pre-approved activities considered under this plan include a Phase I Environmental Site Assessment ("ESA"). This is a cost statutorily approved for reimbursement with school taxes.

#### Non-Environmental Activities

Because the basis of property eligibility is "Housing Property" under Public Act 381, additional non-environmental costs can be reimbursed through a brownfield plan. This plan provides for reimbursement of eligible "housing development activities" including reimbursement provided to the developer to fill a financing gap associated with the development of housing units priced for income qualified households, and site preparation, and infrastructure activities that are necessary for new housing development for income qualified households on eligible property.

## **2.2 Summary of Eligible Activities**

### **2.2..1 Phase I & Phase II ESA, BEA and Due Care Plan**

A Phase I ESA will be required for the project and is anticipated to cost \$5,000. This is a cost statutorily approved for reimbursement with school taxes.

### **2.2..2 Infrastructure**

Infrastructure activities will include water and sewer connection and fees, gas and electric service, driveways, culverts, and landscaping. The total cost of these infrastructure activities is anticipated to be \$423,415.

### **2.2..3 Site Preparation**

Site preparation activities will include clearing, grading, soil erosion control measures, stripping and digging of foundations, backfill and land balancing, fill, and temporary construction activities. The total cost of these site preparation activities is anticipated to be \$176,605.

### **2.2..4 Interest**

Financing costs for the project are considered an eligible activity. This plan allows for 5% simple interest rate on the developer's

unreimbursed hard cost eligible activities. The total interest associated with eligible activities is anticipated to be \$541,301.

2.2..5 Contingency

A 15% contingency on infrastructure and site preparation is included as an eligible activity, estimated at \$90,003. The contingency is not calculated on the affordable housing gap calculation.

2.2..6 Financing Gap

Housing development activities, related to reimbursement provided to the developer to fill a financing gap associated with the development of housing units priced for income qualified households', are included as eligible activities. The financing gap is calculated utilizing the Potential Rent Loss formula developed by MSHDA. The MSHDA Control Rent for a 4-bedroom in Gratiot County is listed in the table below. There are anticipated to be 4 income qualified units as a part of this development. Project rent is based on 2026 100% AMI rents by bedroom in Gratiot County, less utility allowances for Region C. The total loss delineated below is representative of the 10-year period.

| Type         | Control Rent | Project Rent | Potential Rent Loss | Income Qualified Units | Annual Loss     | Total Loss       |
|--------------|--------------|--------------|---------------------|------------------------|-----------------|------------------|
| 4-Bed        | \$3,638      | \$2,041      | \$19,158            | 4                      | \$76,632        | \$766,320        |
| <b>TOTAL</b> |              |              |                     | <b>4</b>               | <b>\$76,632</b> | <b>\$766,320</b> |

2.2..7 Brownfield Plan and Act 381 Work Preparation

The cost to prepare the Brownfield Plan and Act 381 Work Plan is anticipated to be \$25,000.

2.2..8 Brownfield Plan Implementation

The cost of implementing the Brownfield Plan and Work Plan is anticipated to be \$50,000.

2.2..9 Local Brownfield Revolving Fund

This Plan does not contemplate capture to the Local Brownfield Revolving Fund.

## 2.3 **Estimate of Captured Taxable Value and Tax Increment Revenues**

An estimate of the captured taxable value for this redevelopment by year is depicted in Table 2. This plan captures all available TIR, including real and personal property TIR.

**2.4 Method of Financing and Description of Advances Made by the Municipality**

The eligible activities will be financed by the developer and reimbursed as outlined in this plan and accompanying development agreement. No advances from the Township or County are anticipated at this time.

**2.5 Maximum Amount of Note or Bonded Indebtedness**

No note or bonded indebtedness for this project is anticipated at this time. Therefore, this section is not applicable.

**2.6 Duration of Brownfield Plan**

The duration of this plan is estimated to be 24 years. It is estimated that the redevelopment of the property will be completed in 2028, and that full recapture of eligible costs and eligible administrative costs of the authority will continue until 2051. Capture of TIR is expected to begin in 2028, however could be delayed for up to 5 years after the approval of this plan as permitted by Act 381. In no event shall capture extend beyond 30 years as required by Act 381. An analysis showing the reimbursement schedule is attached as Table 3.

**2.7 Estimated Impact of Tax Increment Financing on Revenues of Taxing Jurisdictions**

An estimate of the impact of tax increment financing on the revenues of all taxing jurisdictions is illustrated in detail within Table 2.

**2.8 Legal Description, Property Map, Statement of Qualifying Characteristics and Personal Property**

The property consists of 19 parcels totaling approximately 14 acres in size and is located along Lakeside Drive and Kali Ln in Pine River Township, Gratiot County. A legal description and Parcel Identification Numbers of the property along with a scaled map showing eligible property dimensions, is attached as Figure 1.

The parcel is considered "eligible property" due to the development of residential housing units on the property, as defined within the definition of "Housing Property" in Section 2(y) of Public Act 381 of 1996, as amended.

Taxable personal property, if any, is included in this plan.

**2.9 Estimates of Residents and Displacement of Individuals/Families**

No persons reside at the property therefore this section is not applicable.

**2.10 Plan for Relocation of Displaced Persons**

No persons reside at the property thus none will be displaced. Therefore, this section is not applicable.

**2.11 Provisions for Relocation Costs**

No persons reside at the property thus none will be displaced. Therefore, this section is not applicable.

**2.12 Strategy for Compliance with Michigan's Relocation Assistance Law**

No persons reside at the property thus none will be displaced. Therefore, this section is not applicable.

**2.13 Other Material that the Authority or Governing Body Considers Pertinent**

None.

## **Housing Study**

---

# REGION G (EAST CENTRAL, MI) Housing Needs Assessment

**BOWEN  
NATIONAL  
RESEARCH**

Trusted Service | National Experience

## Study Area: Region G & 8 Counties

### Study Area & Scope of Work

#### Scope of Work

- Study of Region G & its 8 Counties
- Demographic Characteristics and Trends
- Economic Conditions and Investments
- Existing Housing Stock (Rentals and For-Sale)
- Blight Analysis (Midland County only)
- Development Opportunity Sites
- Identification of Developer & Investor Partners
- Stakeholder, Employer & Resident Surveys
- Quantified Rental and For-Sale Housing Gaps by Various Levels of Affordability
- Recommended Housing Strategies

# Demographics – Overall Household Growth Trends

**The overall region experienced household growth between 2010 and 2024 and growth is projected to continue through 2029, adding nearly 2,100 households between 2024 and 2029.**

## Demographics – Households and Household Change

- All counties but Gratiot are projected to experience positive household growth.
- Largest projected county household increases in Isabella (585), Saginaw (447), Bay (432) and Midland (380).

# Demographics – Household Heads by Age

Senior households (ages 55 and older) comprise the majority of households in the region in 2024, and the share and number of such households are projected to increase between 2024 and 2029. Notable growth is also projected to occur between ages 35 and 44.

| 2024                | 14,629<br>(25.9%)           | 8,651<br>(15.3%)       | 7,281<br>(12.9%)       | 8,174<br>(14.5%)       | 8,211<br>(14.5%)       | 5,230<br>(9.2%)        | 2,610<br>(4.6%)          | 1,756<br>(3.1%)       |
| 2029                | 13,117<br>(24.7%)           | 7,177<br>(13.5%)       | 6,326<br>(11.9%)       | 7,297<br>(13.8%)       | 8,137<br>(15.3%)       | 5,526<br>(10.4%)       | 3,120<br>(5.9%)          | 2,328<br>(4.4%)       |
| Change<br>2024-2029 | -1,512<br>(-10.3%)          | -1,474<br>(-17.0%)     | -955<br>(-13.1%)       | -877<br>(-10.7%)       | -74<br>(-0.9%)         | 296<br>(5.7%)          | 510<br>(19.5%)           | 572<br>(32.6%)        |

Despite the significant projected increase in the higher-income (earning \$75,000+) renter households, it is important to note that **over one-half (50.1%) of renter households** in the region are projected to continue earning less than \$35,000 annually. As such, demand will likely increase for moderate and higher-priced rentals, but substantial demand will persist for affordably priced rentals in Region G.

## Demographics – Change in OWNER Households by Income

|                     | Owner Households by Income |                        |                        |                        |                        |                        |                          |                       |

Between 2024 and 2029, owner household growth is projected to **primarily be concentrated among owner households earning \$75,000 or more.** Regardless, with **very limited overall for-sale availability** throughout the region, there will be **demand for a variety of for-sale housing product by price.**

## Substandard & Cost Burdened Households

**Substandard** = Housing that is Overcrowded or Lacks Complete Plumbing

**Housing Cost Burdened** = Paying Over 30% of Income Toward Housing

**Severe Housing Cost Burdened** = Paying Over 50% of Income Toward Housing

Region G Substandard & Cost Burdened Housing  
Units by Tenure

**Over 5,500 households live in substandard housing.**

**Nearly 57,000 households in Region G are housing cost burdened.**

**Severe Cost Burdened Households:**  
**Renter – 13,627**  
**Owner – 12,652**

## Substandard Housing by Submarket

- The **oldest** housing stock (pre-1970) is within the counties of **Bay, Gratiot & Saginaw**.
- **Overcrowded** housing appears to be most common in the counties of **Clare & Gladwin**.
- Incomplete kitchen and plumbing is most frequent in the counties of **Arenac, Clare & Isabella**.
