## ADULT FOOD SERVICES

Nye County School District employees may purchase meals at the adult meal price. Food service employees and food service volunteers receive a free meal during work hours. Senior citizens and parents/legal guardians are welcome and encouraged to participate in the food service program.

### Use of Kitchen

School kitchens and kitchen equipment will not be used unless a Food Service employee is on duty in the kitchen. Arrangements for kitchen service and use of catering equipment are made through the office of the Food Services Coordinator. Employees on duty will be paid according to the prevailing salary schedule for catering. Organizations or groups requesting the use of the kitchen will be charged for the salary and Public Employees' Retirement System benefits of the employee. Arrangements for service involving food service small equipment outside the kitchen are made with the Food Services Coordinator.

All rules, regulations and policies of the District will be complied with by all groups or persons granted permission for use of food services facilities.
