Subject: Principal Recommendation

Midwest Central Board of Education,

I would like to recommend hiring Megan McMullen as the principal of Midwest Central Primary School for the 20-26-2027 school year. Mrs. McMullen currently works at Washington Middle School District 52 as the Athletic Director/Assistant Principal . She will have been in that role 3 years at the conclusion of this school year. Prior to her current position she was Assistant Principal at Metcalf Laboratory School for 2 years. Her references from the superintendent and both principals at WMS 52 were excellent.

Todd Hellrigel
Superintendent
