

LJSD Board of Trustees
Transportation Report - March 18, 2026

Transportation Updates:

- Our busiest season is here! Winter athletics are ending; Spring sports are ramping up, and academic trips are also on the rise. This can be challenging as we are still short of drivers.
- The Admin Assistant hired in December has given notice; we are in the process of reviewing applications for the replacement.
- We are currently preparing for our last big training of this school year, which will take place at the end of the month. Some of this training will have Bus Rodeo components to help drivers prepare for the Bus Rodeo in May.
