

**Subject: Approval of Safety Film on Windows**

BACKGROUND INFORMATION

To bring our windows into safety compliance, AHISD previously engaged Defensify Security Solutions under BuyBoard Contract: 698-23 to apply safety film on noted windows at AHHS, CES and WES. This work has been completed for a cost of \$51,566.41

After the first application was initiated, AHISD received the results of a safety review indicating that additional window film is required, which resulted in a second Buyboard quote from Defensify. Total costs under Defensify are now projected to exceed the \$100,000 threshold in CH Local and require board approval.

<i>Request:</i>	<i>Total</i>
