RE: 8.1- English Learners in Oregon Annual Report

EXPLANATION: The Oregon Department of Education (ODE) is required to prepare an annual report on Oregon's English Learner program, as per state legislation. The English Learner (EL) State Report provides Oregon school districts with state-wide data about English Learners. ORS 327.016 requires districts to provide this report to their school board.

Published in June 2026, the report provides information about the English Learner programs across the state for the 2024-2025 school year. It also reviews the state-wide objectives and needs of students who are enrolled and/or eligible for English Language Development (ELD) services and provides data on the outcomes for and demographics of students in the EL program.
