DATE: August 19, 2026

RE: 6.3 – District Financial Update

EXPLANATION: The District has been conducting a comprehensive review of the District's financial records and reporting beginning in July. The goal of this work is to establish a clear and accurate understanding of the District's current financial position. Staff continue working with a third-party consultant to review financial reports, reconcile accounts, identify outstanding items and liabilities, and assess the accuracy of prior financial reporting. This work will help establish a reliable baseline for the District's financial status and inform future budgeting and financial decisions.

Tonight staff will provide the Board with an update of additional information regarding the District's financial position.

PRESENTER: Marleen Carroll
Kalkin Stransky
