

Safety Signs

As part of the process to make the school easier to navigate especially in case of an active shooter, etc...

- 1) New room numbers that have a logical sequence.
- 2) New room signs that are perpendicular to the walls in the hallway so you can see them looking down the hall.
- 3) Window decals to designate which room a window enters. These are to be viewed from outside the building.

It is estimated that the cost for upgrading with be @ \$1,600.
