

SCHOOL CLOSINGS AND CANCELLATIONS

The decision to close school because of inclement weather will be made by the Superintendent/Designee on the basis of conditions that exist within the District.

The Superintendent/Designee also may dismiss schools, or a single school, in the event of other types of extreme emergencies.

Should it become necessary to close any or all of the schools by reason of weather or other emergency, the Superintendent/Designee may order the closing of any or all schools so affected. Notification will be given staff, employees and the public of such closings under a plan of notification developed by the Superintendent/Designee.

If conditions vary from one area of the school district to another, the Superintendent/Designee may close schools in that area only.

The Superintendent/Designee also will have the authority to delay the opening of any or all schools by one hour, or to dismiss them early, because of weather conditions and other emergencies.

This policy will apply to the school district as a whole (not to individual buildings) and to whole day closings (not early dismissal or late arrival).
