

2nd Trimester Logic Models: Moving Ideas Into Practice to Improve Student Experiences: Elementary Schools

Committee of the Whole Meeting

Presented by:

Dr. Luis DeLeon & Patrick Robinson
Assistant Superintendents of Schools

Agenda

Topics Covered

Alignment to the Equity Policy.

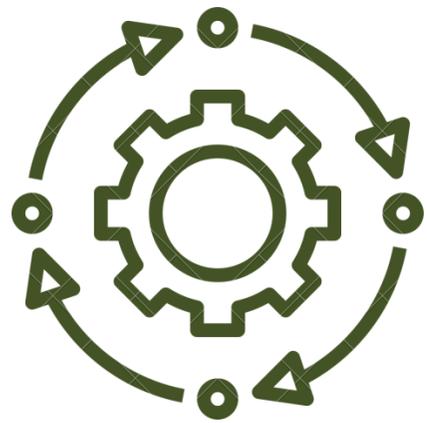

Committee of the Whole Timeline

Leadership Moves

Schools Presentation - Longfellow, Irving, & Beye

Our Frame

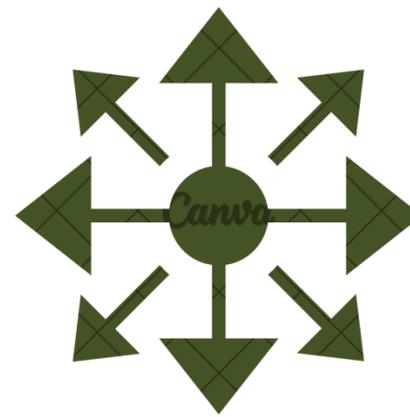

Logic Model Process

What are teams learning about implementing and moving ideas into practice?

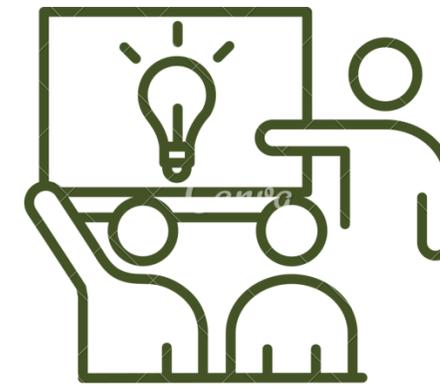

Focal Student Cohort

What are schools learning about student experiences?

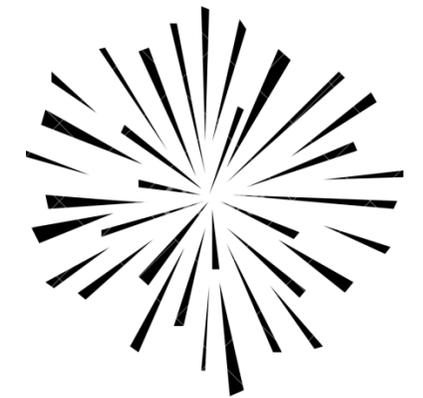

Student Disproportionality

How are logic models eliminating student disproportionality?

Adult Practices

How are we adjusting adult practices to meet the needs of all students better?

Celebrations

What are some celebrations from the logic model school improvement process so far?

Alignment to Equity Policy

Board Policy 7:12 Ensuring Racial and Educational Equity

A: Equitable Access

“D97 shall provide every student with equitable access to high-quality instruction, culturally relevant curriculum, grade appropriate assignments, high expectations, facilities, and other educational resources necessary for them to succeed.”

C: Eliminating Disproportionality

“District 97 will eliminate disproportionality in discipline, especially by race/ethnicity and gender, and support students’ social, emotional, and cultural needs. The District shall achieve this through measures such as a district-wide emphasis on social-emotional learning and supports and culturally responsive teaching pedagogy.”

F: Professional Development

“Our staff will also undergo training on the importance and value of a curriculum that is culturally relevant and not based on euro-centric traditions that have historically permeated all of our curricula. Teachers will continue to undergo training on effective in-class learning differentiation.”

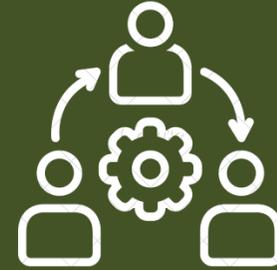

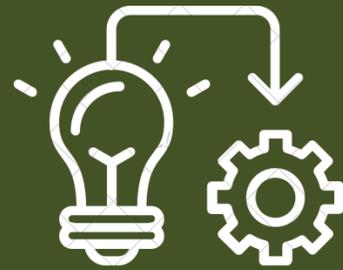

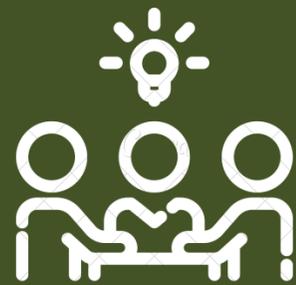

H: Recognizing and Valuing Diversity

“The District shall incorporate teaching and learning materials and assessments that are intentionally designed to reduce bias and are geared toward the understanding and appreciation of culture, class, language, ethnicity, and other differences that contribute to the uniqueness of each student and staff member.”

Logic Model Timeline: Committee of the Whole

What D97 Schools Will Be Sharing During Committee of the Whole Meetings

Trimester 1

What we're learning about organizing for implementation/inviting/naming parts of the logic model

Trimester 2

What teams are learning about implementing, moving ideas from the page to practice

Trimester 3

What we're learning about assessing /planning for continuous improvement

Summer

Reflections on this year's work and look ahead to upcoming year

Logic Models in Action

Moving Ideas into
Practice to Improve
Students' Experiences

District Leadership Moves

- ✓ Fall Data Dives and Logic Model Check-Ins with School Leadership Teams
- ✓ Logic Model in Action Building Walkthroughs
- ✓ Individual Check-In Conversations with Principals and Assistant Principals
- ✓ Professional Development Opportunities
- ✓ Community Engagement Events

SCHOOL-BASED PROFESSIONAL DEVELOPMENT: PRACTICES

Hatch Elementary School, 2023

Elementary School Logic Model Template

Opportunity Statement: [What are you doing to **change adult practices in core instruction** to support the success of **students in our focal cohort** in order to meet **short, medium and long-term outcomes for ALL students**. Why do you believe it will work?]

Resources	Actions	Outputs/Evidence	Recommended Short-Term Outcomes	Recommended Mid-Term Outcomes	Recommended Long-Term Outcome
(What resources do we have in place to support focal cohort student success?)	(How will your team utilize these resources to achieve focal cohort student success?)	(What will be produced to demonstrate the work being done to support the experiences of students in our focal cohort?)	(What are the changes in knowledge or beliefs we expect to see?)	(What are the changes in behaviors we expect to see?)	(What are the long-term results we expect to see?)
			[This will be given to you]	[This will be given to you]	[This will be given to you]

This Opportunity Statement should be completed and tailored to your school/teams.

These yellow (process) columns will be completed by your team(s)

Engage professionals who know the standards and know their students in an authentic logic model school improvement process.

***We value the voices of early literacy teachers in decision-making**

School

Area

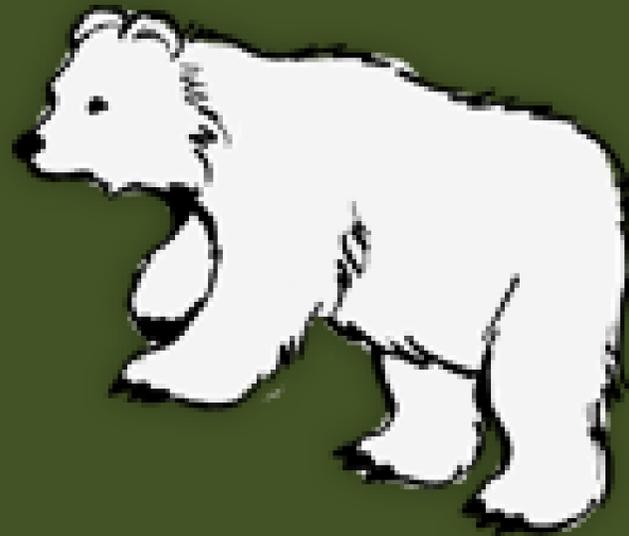

Our Belief

If we change adult practices to support the success of students in our focal cohort...

...then we will meet short, medium and long-term outcomes for **ALL students.**

Logic Models presented tonight...

Let's Talk!

Select a Language **English**

Let's Talk!

Welcome to Let's Talk!

Let's Talk is a tool that helps District 97 open the lines of communication between parents, staff, students and our community. It's important that we make it easy for you to reach us at your convenience—anytime, anywhere.

Select from the topics, departments and schools below to ask a question, submit a comment or share a success. Your message will be sent directly to the appropriate district employee for follow-up. Please provide as much information as possible, and please be sure to include your contact information if you would like a direct response.

We look forward to hearing from you!

How can we help?

02 WHERE ARE WE NOW?

DEVELOPING OUR LOGIC MODEL

STUDENT FOCAL
COHORT FOR 23-24

Black / MultiLingual
Students

OUR WHY

Academic and
Panorama survey data
indicates differences in
the experiences and
educational outcomes of
our Black students and
Multilingual students

CELEBRATIONS

OUR MEDIAN PERCENTILE INCREASED IN MATH - FROM 67% TO 73%!

OUR MEDIAN PERCENTILE INCREASED IN READING - FROM 72% TO 73%!

44% OF 3-5 STUDENTS PROJECTED TO MEET ON IAR MATH (UP FROM 35%)

PKP HAS BEEN FOCUSING ON PHONEMIC AWARENESS AND ALPHABETIC PRINCIPLE AS WELL AS NUMERACY.

VOCABULARY WAS THE HIGHEST READING STRAND IN 1ST GRADE.

KINDERGARTEN HAD A LOT OF GROWTH IN READING AND MATH!

GEOMETRY & ALGEBRAIC THINKING WERE THE TOP GROWTH AREAS IN 2ND GRADE.

OVERALL MORE
GROWTH IN MAP
MATH IN 3RD
GRADE.

ALL 5TH
GRADE
CLASSROOMS
SAW A
GEOMETRY
INCREASE
FROM FALL
TO WINTER

INFORMATIONAL TEXT
WAS A STRENGTH IN
4TH GRADE.

WHERE ARE WE NOW?

ELA

68% of students are performing at or above grade level.

52% of 3rd-5th grade students are projected to meet on IAR.

ELA FOCAL COHORT

37% of students in the focal cohort are performing at or above grade level.

24% of 3rd-5th grade are projected to meet on IAR.

ACCORDING
TO THE
DASHBOARD

MATH

71% of students are performing at or above grade level.

44% of 3rd-5th grade students are projected to meet on IAR.

MATH FOCAL COHORT

35% of students in the focal cohort are performing at or above grade level.

12% of 3rd-5th grade are projected to meet on IAR.

WHERE ARE WE NOW?

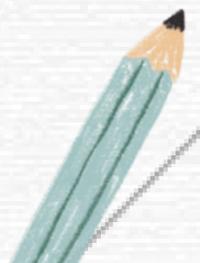

SENSE OF BELONGING

Favorable responses on the Panorama Survey stayed consistent at 68%

BELONGING FOCAL COHORT

62% of our focal cohort students reported feeling a sense of belonging.

ACCORDING
TO THE
PANORAMA
SURVEY

ENGAGEMENT

Increase in favorable responses on the Panorama Survey from 54% to 56%

ENGAGEMENT FOCAL COHORT

51% of Black students and 37% of multilingual students reported feeling engaged.

It is going to BEE a Great Year!

Empower learners to take charge of their own learning.

The teacher gives students an age appropriate choice in engagement during the lesson or activity.

-RECRUITING INTEREST (ENGAGEMENT)

- Student choice in level of challenge
- Student choice in rewards or recognition
- Student choice in context or content used for practicing and assessing skills
- Student choice of tools for gathering information or production
- Student choice in design or layout
- Student choice in the timing of completion
- Allows students to help design classroom activities or academic tasks
- Student choice in choosing academic goal
- Other...

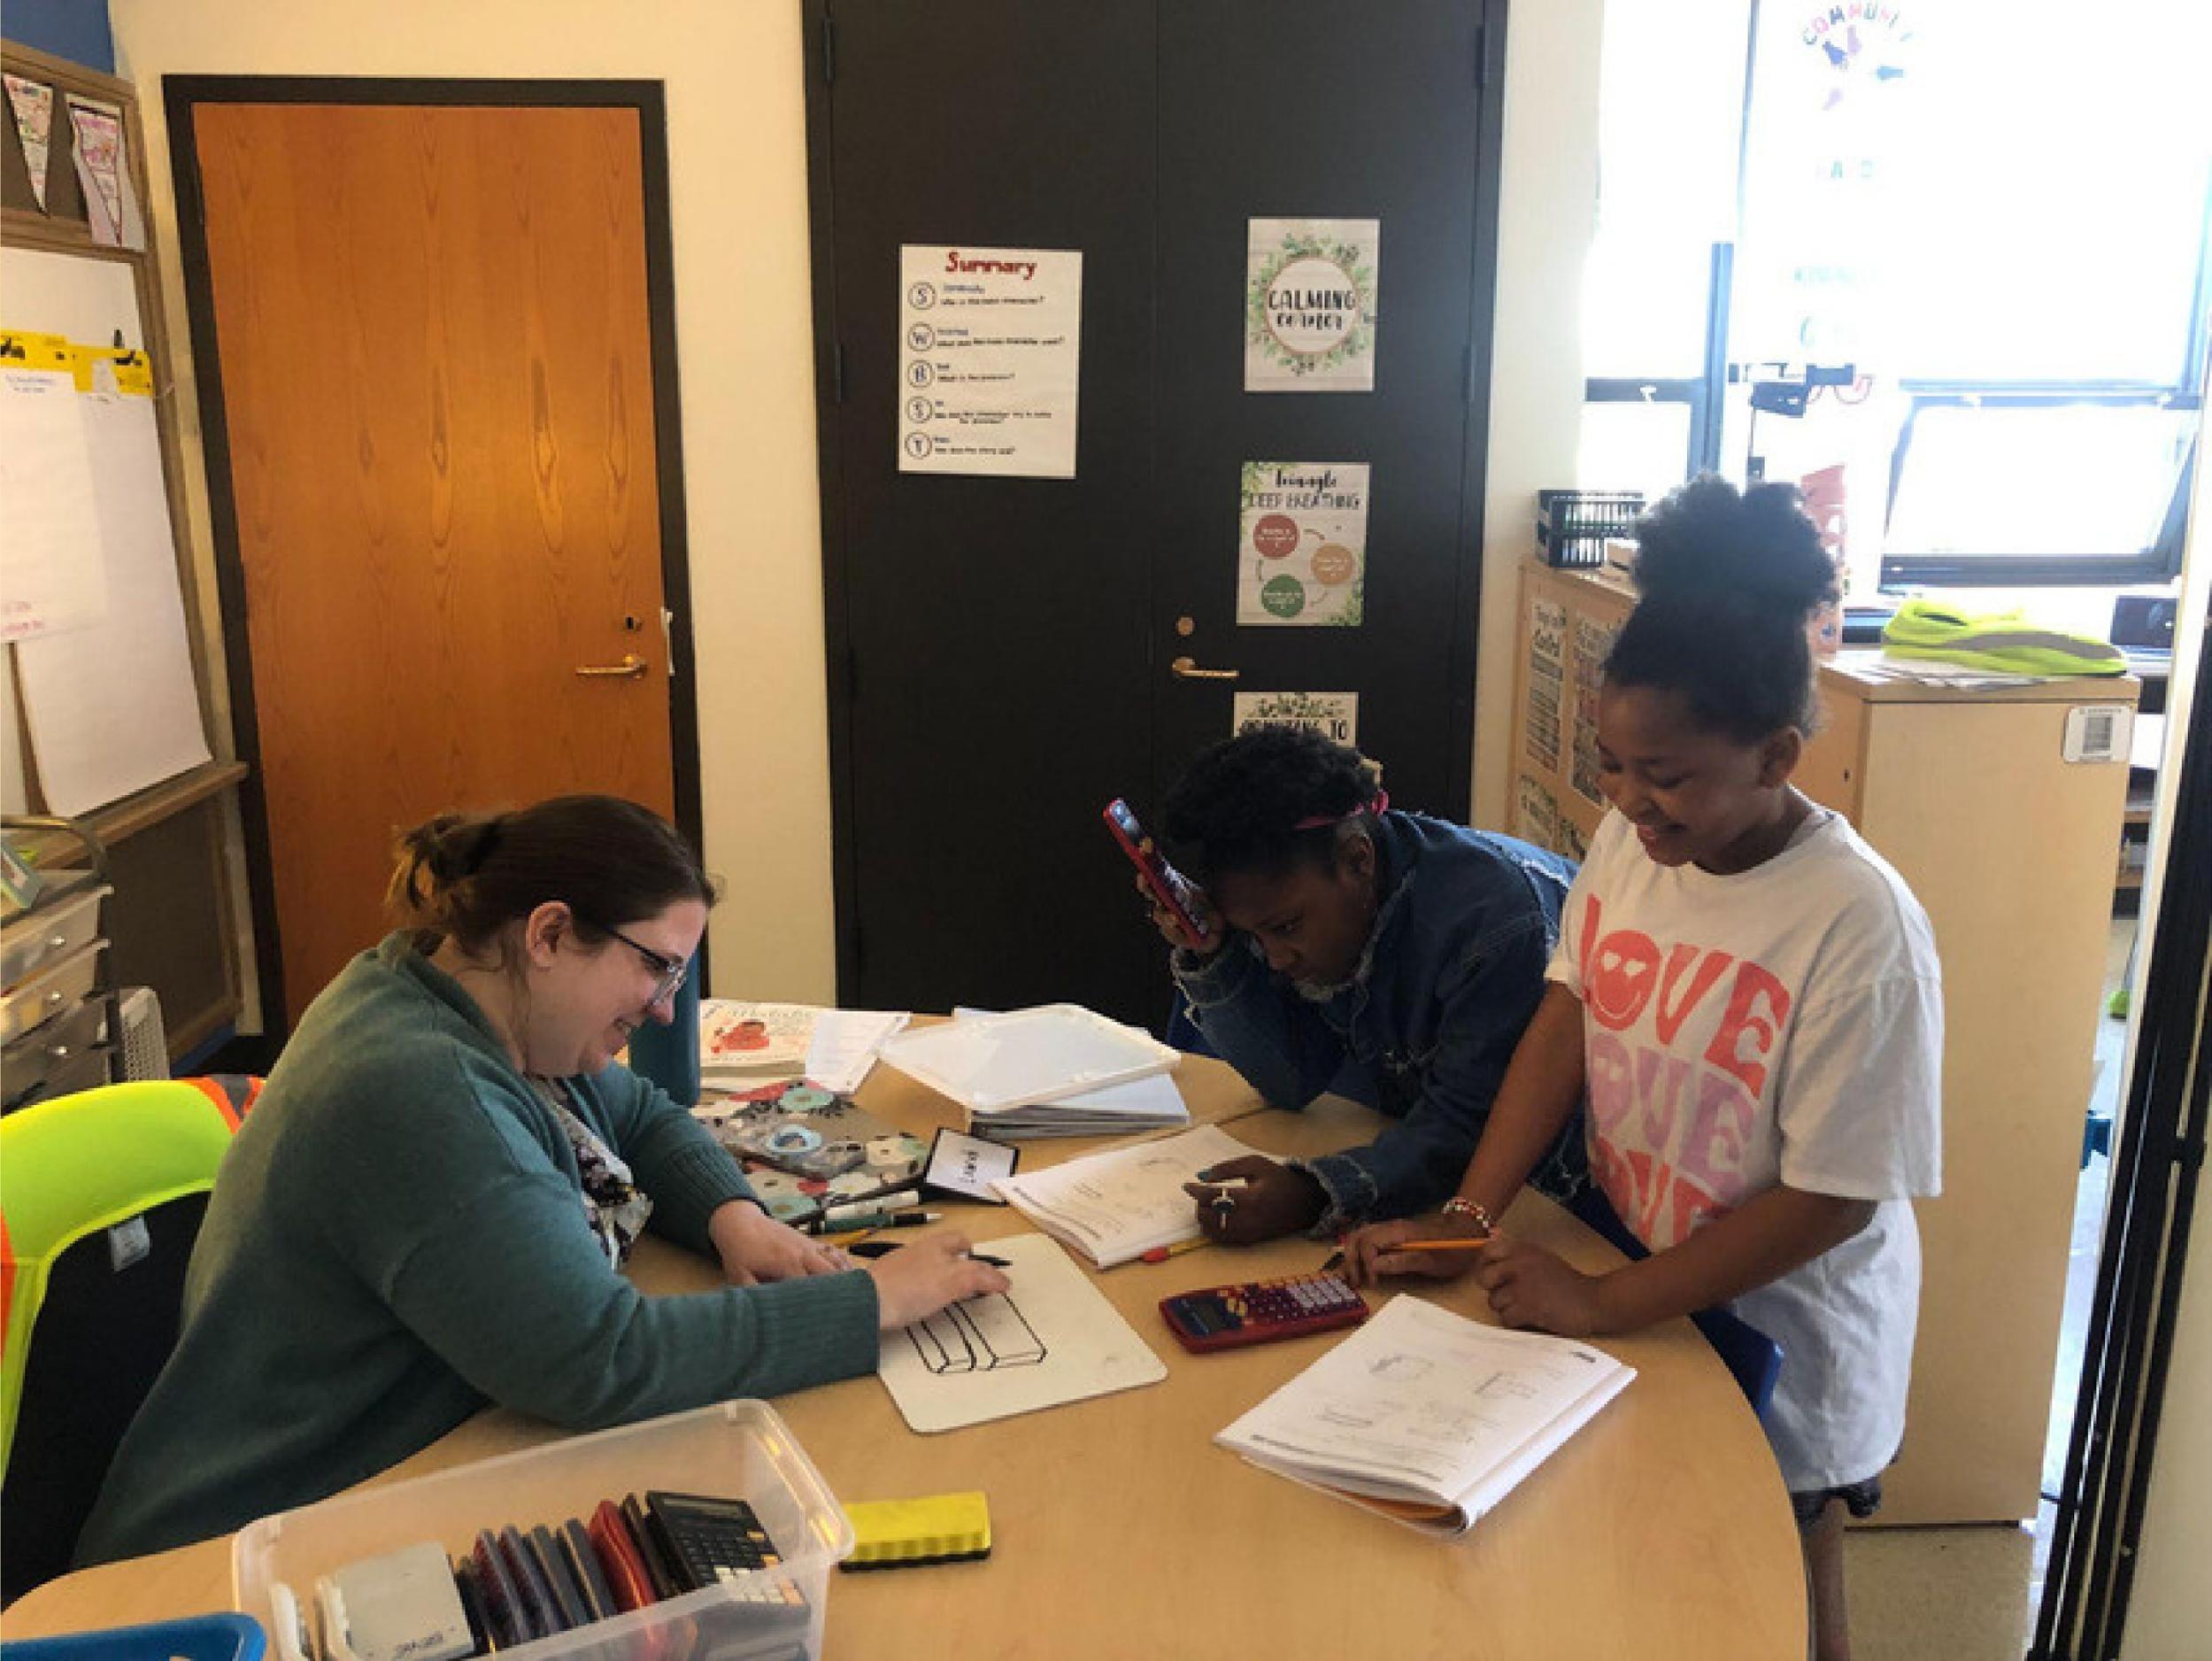

Opportunity Statement: We will **collaboratively use state standards to plan instruction** to support the **success of students in our focal cohort** in order to meet **short, medium and long-term outcomes for ALL students**. We believe this will work because collaboration as a whole school will ensure multiple perspectives are incorporated and encourages our commitment to collective responsibility.

Families of students in the focal cohort understand the grade-level ELA priority standards for which we expect mastery.	Teachers will plan and deliver rigorous and equitable instructional tasks that are aligned to priority standards. Students in the focal cohort successfully demonstrate mastery on priority standards as evidenced by formative & summative classroom assessments, normed assessments, such as NWEA MAP and AimsWeb Plus, <i>and one out-of-school format*</i> Families and teachers of students in the focal cohort collaborate to develop school- home partnerships in utilizing resources and priority learning standards.	54% proficient in ELA , as measured by IAR

Learning from our Focal Cohort Students

What would make you more excited to go to class each day?

- More Math
- More Projects
- Being able to walk around more, not having assigned seats
- Better if there were more moving activities (Ex. 5-3, students get in groups to visually show it)
- If problems for reading connect to things that are current
- Make it more fun

What would make you more excited to participate in class each day?

- **If I got more examples**
- **More problems that we can relate to**
- **Working in more student and teacher groups**
- **If I did better**
- **If other students raised their hands more then I would**
- **If I was learning something exciting - something I want to learn about**

- **Family Engagement**

- Intentionally beginning our work with our B3 students to foster stronger relationships with our Focal Cohort families.

- Families are requesting more community events to help foster relationships among D97 families.

- Families appreciate our “Ask your Child” sections in the teachers’ newsletters
