### **Hector Donis - District 33 Interpreter**

*Submitted by: District 33 Administration*

Throughout this school year, Hector Donis has provided an invaluable service to District 33 by serving as the interpreter at our Board of Education meetings. Thanks to his professionalism, dedication, and skill, Spanish-speaking families and community members are able to fully engage with meeting presentations, discussions, and important district updates through the use of interpretation devices.

Hector's work helps ensure that all families have access to information and opportunities to participate in the life of our district. His commitment to creating meaningful connections between our schools and community reflects District 33's belief that every voice matters.

Beyond his role as an interpreter, Hector has become a familiar and valued presence at our meetings. He celebrates alongside us as we recognize outstanding students, staff members, and community partners, and his genuine investment in District 33 is evident in every interaction. Over time, he has become part of our extended D33 family.

We are incredibly grateful for Hector's partnership, dedication, and service to our community, and we look forward to continuing our work together in the coming school year.
