

BP 5111 ADMISSION

Note: Pursuant to [4 AAC 06.060](#), authority to deny admission to a student is vested with the School Board. The following sample policy authorizes the Superintendent or designee to deny admission to children who don't meet established entrance requirements.

The School Board believes that all children should have the opportunity to receive a free appropriate public education. Staff shall encourage parents/guardians to enroll all school-aged children in school.

The School Board reserves the right to verify the residency or anticipated residency of any student and the validity of any affidavit of guardianship. These admission policies are not intended to be a barrier to the enrollment and retention of homeless children and youth.

The Superintendent or designee shall verify compliance with all entrance requirements established by law or School Board policy.

Students subject to suspension or expulsion under AS 13.03.160 in the District or another district are not guaranteed admission.

Note: A child who is six years of age on or before September 1 following the beginning of the school year, and who is under the age of 20 and has not completed the 12th grade, is of school age. [AS 14.03.070](#). The school year begins on July 1 and ends June 30. ~~Pursuant to [AS 14.03.080](#), the School Board may admit children under school age who meet School Board standards of mental, physical, and emotional capacity necessary to perform satisfactorily in school and may admit children under school age to kindergarten, as provided below. In 2003, the legislature amended the early entrance statute for the purpose of clarifying that two-year kindergarten programs are not authorized. Districts with early entry into kindergarten must have an~~

~~educational program prescribing that under school age students advance through the curriculum or grade level by the following school year. This is a programmatic requirement and is not meant to limit individualized student assessment. In 2004, the early entrance statute was again amended to provide School Boards with the option of delegating early entrance decisions to the Superintendent or designee. The School Board may establish a kindergarten class for children who are five on or before September 1 following the beginning of the school year; must admit children under school age who move into the district and who were previously enrolled in public school in another district or state; and may admit students over school age and charge them tuition.~~

A child five years of age on or before September 1 may be admitted to kindergarten.

~~Early Admission~~

There is no early admission for pre-kindergarten.

Students in kindergarten and above are eligible for early admission through the acceleration process.

(cf. 5123 - Promotion/Acceleration/Retention)

The Superintendent or designee is the delegated authority to make early-entrance determinations. The School Board authorizes the admission of students under school age who are at least four years of age at the beginning of the school year, provided they exhibit the mental, physical, and emotional capacity to perform satisfactorily, including advancement through the curriculum or grade level by the following year.

The cutoff date to apply for early admission to kindergarten will be ten (10) school days after school opening.

~~The School Board authorizes the admission of students under school age who exhibit the ability to perform satisfactorily, including advancement through the curriculum or grade level by the following year. The Superintendent or designee is delegated authority to make early entrance determinations.~~ Students under school age who were previously enrolled in public school shall be admitted to school at the grade level determined by the Superintendent or designee. BP 4021 ~~ALL PERSONNEL~~ -- DRUG AND ALCOHOL TESTING FOR SCHOOL BUS DRIVERS

Note: All persons subject to commercial driver's license requirements must be tested for alcohol, marijuana, cocaine, amphetamines, methamphetamines, opiates (including heroin) and phencyclidine (PCP). In [AS 14.09.025](#), the Alaska Legislature enacted its own statutory requirement for testing bus drivers, which is in effect for all Alaska districts that employ bus drivers. This area, especially post-employment testing of drivers, involves constitutional issues. School districts should refer to legal counsel in designing and implementing drug testing procedures. Although the passage [AS 17.38](#) authorizes the use of marijuana under certain conditions, it explicitly recognizes the authority of employers to prohibit the use, consumption, possession, transfer, display, transportation, sale, or growing of marijuana in the workplace. [AS 17.38](#) also does not prevent employers from establishing policies that restrict the use of marijuana by employees. [AS 17.38.120\(a\)](#). In addition, as a recipient of federal funds, the district is obligated to maintain a drug-free workplace consistent with federal law, which prohibits the manufacture, sale, distribution, possession and sale of marijuana. For purposes of the district's policy and legal obligation, marijuana is prohibited.

Purpose

The Superintendent or designee shall establish and implement a drug and alcohol testing program for all bus drivers employed by the [sSchool eDistrict](#), in accordance with state and federal law. [This testing program may be accomplished through a contract or agreement with the district's transportation services contractor.](#) The purpose of the testing program shall be to help prevent accidents and injuries resulting from the misuse of drugs and alcohol by bus drivers. This program shall test drivers for the improper use of drugs and alcohol and shall include random testing. Improper use of drugs and alcohol consists of use that constitutes a federal or state criminal offense, or otherwise violates the regulations of the Department of Education and Early Development.

Prohibited conduct

No personnel employed by the [sSchool eDistrict](#) as drivers of motorized vehicles used to transport students shall report for duty requiring the performance of safety-sensitive functions, or remain on duty, when the driver uses any controlled substance or has a prohibited concentration of alcohol in the driver's system. The only exception is when a driver has used a controlled substance pursuant to the instructions of a qualified physician who has advised the driver in writing that the substance does not adversely affect the driver's ability to safely operate a motorized vehicle for the transportation of students. Drivers shall provide a copy of the physician's written advice to the driver's supervisor prior to operating any motor vehicle for the [sSchool eDistrict](#).

Required Testing

Drivers shall be subject to pre-employment/pre-duty, reasonable suspicion, random, post-accident, returning to duty and follow-up alcohol and drug testing. Random alcohol testing shall be limited to the time period surrounding the performance of safety-related functions, which include just before or just after the employee performs the safety-related function for the district. Controlled substance testing may be performed at any time the driver is at work. An employee subject to this testing may not refuse to take a test when required.

[Note: Under 49 CFR Part 40, the Department of Transportation has made specimen validity testing \(SVT\) mandatory within the regulated transportation industries. Making SVT mandatory has become necessary because of the increase in products designed to adulterate specimens, which has made tampering with specimens more prevalent.](#)

Consequences for failing or refusing to take a required test

A refusal to take a required test shall be considered in violation of the employee's contractual obligations to the district and may constitute grounds for the employee's termination from employment with the district. If testing confirms prohibited alcohol concentration levels or the unauthorized presence of a controlled substance, the employee shall be removed immediately from safety-related functions in accordance with law. The district may reassign the employee to non-safety-related functions until such time as the driver complies with the requirements for returning to duty.

The Superintendent or designee retains the authority, consistent with state and federal law, to discipline or discharge any driver who is alcohol or chemically dependent and whose current use of alcohol or drugs impairs the employee's job qualifications or performance. Before a driver may be reinstated, if at all, the driver shall undergo an evaluation by a substance abuse professional, comply with any required rehabilitation and undergo a return-to-duty test with verified results.

Except as required by law or collective bargaining agreement, the district is not required to provide rehabilitation, pay for substance abuse treatment or to reinstate a driver who has failed a required drug or alcohol test. All employment decisions involving reassignment, reinstatement, termination or dismissal from employment shall be made in accordance with applicable district policies and procedures.

Records

The district shall keep and maintain testing records, and shall maintain the confidentiality of those records, in accordance with law. Testing records, and any information about false positive test results, shall not be released without the written consent of the employee. The district shall not retain records of false positive test results in the employee's employment records.

Training

The district shall take steps to ensure that supervisors receive appropriate training to administer the district's drug and alcohol testing program, and that employees receive the notifications required by law.

[AS 14.20.035](#) requires districts to give preference to applicants who demonstrate training or experience that indicates sensitivity to the traditions and cultures represented in the student population.

BP 4113 CERTIFICATED PERSONNEL - ASSIGNMENT

Note: The following sample policy may be revised or deleted to reflect district philosophy. This subject area is covered by collective bargaining laws.

The School Board recognizes strategic assignments are essential to supporting student success and maintaining a healthy, consistent school environment. While assignments must comply with applicable laws and credentialing requirements, the strengths, experiences, and well-being of district staff are important considerations. Since both students and staff benefit from stability, continuity, and positive relationships, assignment decisions should also consider the impact on school climate by minimizing unnecessary disruptions, and promoting consistency in student-teacher relationships. ~~respects the importance of assigning teachers in accordance with law, so as to serve the best interests of our students and the educational program.~~

The Superintendent or designee may assign certificated personnel to any position for which their preparation, certification, experience and aptitude qualify them. Teachers may be assigned to any school within the ~~e~~District.

BP 4115 CERTIFICATED PERSONNEL - EVALUATION/SUPERVISION

Note: [AS 14.20.149](#) requires school districts to have a certificated employee evaluation system. The School Board is required to consider information from students, parents, community members, classroom teachers, affected collective bargaining units, and administrators in the design and periodic review of the system. The evaluation must be based on observation of the employee in the employee's work place. In addition, the law mandates a number of requirements for the system including the establishment of district performance standards, a minimum number of evaluations each year, the preparation and implementation of a plan of improvement, and opportunity for students, parents, community members, teachers, and administrators to provide information on the performance of the person being evaluated.

Department of Education and Early Development regulations require a district's certificated employee evaluation system to evaluate a teacher or administrator's performance on applicable professional content standards as exemplary, proficient, basic, or unsatisfactory. In addition, overall performance must be evaluated with these same four ratings. No later than July 1, 2016, a district shall adopt for teachers and administrators standards for performance based on student learning data. [4 AAC 04.205](#). Beginning July 1, 2016, a district shall report to the department not later than September 15th of each year evaluation results as to tenured and non-tenured teachers, administrators and special service providers and performance levels, as prescribed in [4 AAC 19.055](#). The Educator Evaluation regulations are found at [4 AAC 19.010-19.099](#).

The School Board believes that evaluations can provide important information relevant to employment decisions, ~~can~~ help staff improve their professional skills, ~~can~~ improve the effectiveness of instruction, and raise student achievement levels. In accordance with the ~~d~~District's certificated employee evaluation system, the Superintendent or designee shall evaluate certificated personnel annually, including teachers, administrators, and special service providers. The evaluation system shall evaluate whether the certificated employee is exemplary, proficient, basic, or unsatisfactory on applicable content standards and in overall performance. The ~~d~~District's certificated employee evaluation system will incorporate those procedures and mandates required by law.

The ~~d~~District shall provide ~~annual~~ in-service training to all certificated employees subject to the evaluation system. The training will assure inter-rater reliability and address the evaluation procedures, the standards used by the ~~d~~District in evaluating performance, and other information that may be helpful to a thorough understanding of the evaluation system.

Individuals conducting an evaluation must hold a Type B Administrative Certificate or be a Site Administrator under the supervision of a person with a Type B certificate, be

employed by the School District as an administrator, and complete training in the use of the District's evaluation system.

A certificated employee has a right to ~~timely~~ comment within 10 days on the evaluation and may not be retaliated against for doing so.

The certificated employee evaluation system will be periodically reviewed. The ~~e~~District will consider input from students, parents, community members, classroom teachers, affected collective bargaining units, and administrators. The ~~e~~District will make a form, template, or checklist that the ~~e~~District uses in the evaluation of certificated employees available to the public, including posting the form, template, or checklist on the ~~e~~District's website. The posting will explain how the ~~e~~District has considered the input of these groups in the design of the evaluation system.

BP 4117.2/4217.2/4317.2 CERTIFICATED ALL PERSONNEL - RESIGNATION

The Superintendent or designee is authorized to accept the written resignation of any employee on behalf of the School Board, and the resignation shall become effective immediately upon acceptance by the Superintendent or designee. A resignation presented to and accepted by the Superintendent or designee may not be withdrawn by the employee.

Note: *The Alaska Professional Teaching Practices Commission recommends that districts adopt a policy which addresses the situation of a teacher's request to resign during the teacher's contract term, or abandoning the position without notice. The PTPC further recommends a policy that addresses what procedures the school district will follow when recruiting a teacher currently under contract with another district, including a teacher who has not obtained a written release from that district. The PTPC will implement possible sanctions against a teacher who unilaterally breaches his or her employment contract. The following language can be revised to reflect your district's needs.*

A certificated staff member should provide notice as early as possible to the eDistrict when the staff member knows that he or she does not plan to return for the following school year. The eDistrict will agree to release a certificated staff member who ~~terminates~~ has signed a contract provided notice is given to the eDistrict, in writing, post-marked on or before June 30th. ~~thirty calendar days prior to the staff member's first contract day of the school year.~~

If a request to release a certificated staff member from his or her contract is made after June 30th ~~when fewer than thirty calendar days remain before the staff member's first contract day, or anytime thereafter~~, the eDistrict will consider filing a Professional Teaching Practices Commission (PTPC) complaint. When considering if the filing of a PTPC complaint is warranted, the eDistrict will weigh any mitigating circumstances including, but not limited to, factors impacting the staff member's family or health, factors related to the staff member's expectations regarding employment or working conditions, or unforeseen changes in the circumstances impacting the staff member's ability to continue employment with the eDistrict.

If a certificated staff member is currently under contract with the eDistrict and the eDistrict learns the staff member has contracted with another eDistrict without obtaining a written release, the eDistrict will file a PTPC complaint against the staff member.

The eDistrict will not contract with a certificated staff member under contract with another district unless the staff member provides a written release from the current employer. If the eDistrict contracts with a certificated staff member who has not disclosed that he/she is under contract with another school district, the eDistrict

reserves the right to terminate the contract for material misrepresentation and to file a PTPC complaint.

BP 4159/4259/4359 ALL PERSONNEL - EMPLOYEE ASSISTANCE PROGRAMS

The School Board supports the well-being of all employees and recognizes the benefit to the school system and students of a healthy workforce. The Board also recognizes that sSchool dDistrict employees may have personal problems-issues which can have detrimental effects upon job performance and student safety. Many personal problems issues are easier to resolve when they are addressed early, before they reach disabling proportions. The Board encourages employees to seek help when such problems issues exist and to take advantage of the resources that are available to assist them.

Employees shall have confidential access to information about community resources that address personal problemsissues. This information shall be available, on a voluntary basis, to all employees, spouses and dependents.

(cf. 4020 - Drug and Alcohol-Free Workplace)

Management and supervisory staff shall be knowledgeable about the dDistrict's employee assistance program. When there are indications of declining performance, attendance problems, or on-the-job behavioral problems, supervisors shall consult with the Superintendent or designee to explore the resolution of such problems.

Note: The federal Americans with Disabilities Act, Section 104 states that an employee who uses drugs or who is an alcoholic may be held to the same job performance standards as held for other employees, even if any unsatisfactory performance is related to the drug use or alcoholism. Section 104 also states that an employer cannot discriminate against an individual who has successfully completed a supervised drug rehabilitation program or an employee who is currently participating in a supervised rehabilitation program and no longer engaging in drug use. The following optional paragraph clarifies that although participation in the assistance program is risk-free, the district reserves the right to discipline in accordance with its existing policies and procedures.

Participation in the assistance program will not jeopardize the employee's employment or career advancement, nor will it protect the employee from disciplinary action for substandard job performance.

~~If the School Board approves an application, it shall forward the application to the State Board of Education for review and approval. If the School Board denies an application for a charter school, the applicant may appeal the denial to the Commissioner of Education and Early Development within 60 days of the School Board's denial. Note: This model policy is adopted from a policy created by the Dillingham City School District.

The Board recognizes the educational and economic benefits that result from district personnel residing within the boundaries of the school district. The Superintendent or designee may determine that the best candidate for a ~~certificated or administrative~~ position does not plan to maintain primary residency within the boundaries of the school district. The Superintendent or designee shall develop procedures to implement this policy.

Northwest Arctic Borough School District

AR 4180/4280/4380 ALL PERSONNEL - RESIDENCY AND REMOTE WORK

Note: This model regulation is adopted from a policy created by the Dillingham City School District.

Purpose

To establish a process by which the District may allow an employee to work from home or another approved location on a full-time or part-time basis, hereafter referred to as “remote work” or “telecommuting.”

The District requires its employees to report to their designated work location. However, the Superintendent may decide that the best candidate for a ~~certificated or administrative~~ position may not reside or plan to reside within the boundaries of the ~~d~~District. Pursuant to BP 4180/4280/4380, the Superintendent may seek approval from the Board to hire or continue the employment of such a candidate.

Procedure

Any employee seeking ~~to~~ remote work or telecommuting must enter into a written remote work agreements. A request for remote work or telecommuting will be evaluated based upon the following factors:

- The essential job duties of the employee’s position;
- The employee’s reasonable likelihood to be able to successfully perform the essential job duties and responsibilities from an alternate work site; and
- The supervisor’s reasonable likelihood to ensure the employee’s completion of the essential job duties and responsibilities at an alternate worksite.

Remote work or telecommuting is not designed to be a substitute for childcare or care of a dependent family member. Any employee approved for remote work or telecommuting is obligated to perform the essential job duties and responsibilities of the employee’s position.

A remote work agreement must be in writing, and signed by the employee, their immediate supervisor, and be approved by the Superintendent. The agreement must specify the number of days and hours worked each week. During working hours, the employee shall be accessible by phone and email within a reasonable time period during the agreed upon work schedule based on Alaska Standard Time. The ~~d~~District will not pay for voice and/or data communication charges. The agreement must also state expected in-person times and associated cost responsibilities.

Unless otherwise specified in the written agreement, a remote work employee is responsible for providing office equipment and workspace and is responsible for maintenance and repair of any office equipment. Any district materials in the alternate work site remain the property of the district and must be kept secure and confidential. Any materials containing student records or personnel records must be maintained in a lockable file cabinet or other location that cannot be accessed by any family, guests, or other occupants at the approved alternate worksite.

The district retains the right to inspect remote work site locations for the purpose of determining that the site is secure and safe, and that the employee is performing the essential job duties and responsibilities of the employee's position and complying with the terms of the remote work agreement.

Out-of-pocket expenses for office supplies will not be reimbursed unless the employee obtains prior, written authorization from a supervisor.

The district assumes no liability for injuries occurring in the employee's approved alternate worksite outside the agreed-upon work hours. The district is not liable for loss, destruction, or injury that may occur in or to a remote work employee's alternate work site. This includes family members, visitors, or others that may become injured within or around a remote work employee's alternate work site.

It is the responsibility of a remote work employee to determine any income tax implications of a remote work agreement. The district will not provide tax guidance to remote work employees and does not assume any additional tax liabilities through the approval of a remote work agreement. All employees are encouraged to consult with a qualified tax professional to discuss any potential income tax implications from remote work agreements.
