

3310**REVENUES FROM INVESTMENTS**

Investments of the Nye County School District shall be made with the objective of providing the highest degree of safety, liquidity and rate of return. Written procedures will be developed to ensure compliance with Nevada Revised Statutes and will include a system of controls to regulate investment activities. The procedures will also contain an explicit delegation of authority for managing the investment program, provisions for safekeeping and custody of securities purchased, and descriptions of authorized investments to be made using school district funds.
