HOME VISITS

Home visits are to be utilized when necessary as a functional part of the instructional program of schools. They will be designed to determine how best to meet the needs of the student and his/her parents/legal guardians relative to making the school experience more meaningful.

Goals

1. To develop a closer working relationship between school and home.
2. To develop a better understanding of the student by consideration of his/her home environment.
3. To ease the reluctance on the part of some parents/legal guardians to contact the school.
4. To help the parents/legal guardians better understand the programs and goals of the school.
5. To exchange general and specific information that will benefit the student at home and at school.
6. To involve parent/legal guardian, teacher and student in jointly establishing goals for the student.
