

## Board of Education

---

### ACTION

**TITLE:** Specialty Sports Support

**DATE:** April 27, 2026

**RESPONSIBLE ADMINISTRATOR:** Mr. Rusty Bush,  
Director of Athletics and Activities

### BACKGROUND/CONSIDERATIONS:

This proposal seeks to continue the district's support for non-core sports by providing access to certified coaching instruction and professional development for underserved athletic programs. It strengthens student-athlete development and program quality through targeted expertise while complementing existing coaches and the established use of Arkansas Activities Association (AAA)-approved volunteers.

### RECOMMENDATION:

The Administration recommends that the board approves an allocation of \$3,000 for each of our specialty sports as presented in the proposal for the 2026-2027 school year.

If the board agrees, the motion would read: **Move to approve the Specialty Sports Support recommendation of \$3,000 per singleton sport for the 2026-2027 school year.**
