From: Tim Thomas, Superintendent

At the October 13, 2025, Board meeting Dusty Bitton, owner of the adjacent property to the north, respectfully requested that the McCall-Donnelly School District consider granting a second easement across the northeast corner of the district's transportation facility property to access another piece of property he owns to the west. The transportation facility currently has an easement running along the southern edge of the property which provides access to the west parcel. The additional access is sought to improve ingress and egress to the second property he owns. Mr. Bitton stated he is willing to coordinate with the district to address any concerns and comply with all applicable requirements.
