Table of Contents

Midway ISD Student Handbook	1
Table of Contents	2
Preface	9
Accessibility	10
Section One: Parental Rights	11
Consent, Opt-Out, and Refusal Rights	11
Consent to Conduct a Psychological or Psychiatric Evaluation	11
Consent to Human Sexuality Instruction	11
Consent to Instruction on Prevention of Child Abuse, Family Violence, Dating Violence, and Sex Trafficking	12
Consent to Provide a Mental Health Care Service	12
Consent to Display a Student's Original Works and Personal Information	13
Consent to Receive Parenting and Paternity Awareness Instruction if a Student is under Age 14	13
Consent to Video or Audio Record a Student when Not Already Permitted by Law	13
Opting Out of Advanced Mathematics in Grades 6-8	14
Prohibiting the Use of Corporal Punishment	14
Limiting Electronic Communications between Students and District Employees	14
Objecting to the Release of Directory Information	15
Objecting to the Release of Student Information to Military Recruiters and Institutions of Higher Education (Secondary Grade Levels Only)	16
Participation in Third-Party Surveys	16
Removing a Student from Instruction or Excusing a Student from a Required Component of Instruction	17
Reciting a Portion of the Declaration of Independence in Grades 3–12	17
Reciting the Pledges to the U.S. and Texas Flags	17
Religious or Moral Beliefs	17
Tutoring or Test Preparation	18
Right of Access to Student Records, Curriculum Materials, & District Records/Policies	18
Parent Review of Instructional Materials and Plan	18
District Review of Instructional Materials	18
Notices of Certain Student Misconduct to Noncustodial Parent	19
Participation in Federally Required, State-Mandated, and District Assessments	19
Student Records	19
Teacher and Staff Professional Qualifications	23
A Student with Exceptionalities or Special Circumstances	23
Children of Military Families	23
Parental Role in Certain Classroom and School Assignments	24
Student Use of a Service/Assistance Animal	24
A Student in the Conservatorship of the State (Foster Care)	24

A Student Who Is Homeless	25
A Student Who Has Learning Difficulties or Who Needs Special Education or Section 504 Services	26
Special Education Referrals	26
Section 504 Referrals	27
Notification to Parents on Intervention Strategies for Learning Difficulties provided to Students in General Education	28
Texas Driving with Disability Program	28
A Student Who Receives Special Education Services with Other school-aged children in the home	28
A Student Who Speaks a Primary Language Other than English	28
A Student with Physical or Mental Impairments Protected under Section 504	29
Section Two: Other Important Information for Parents and Students	30
Absences/Attendance	30
Compulsory Attendance	30
Compulsory Attendance—Exemptions	30
Compulsory Attendance—Failure to Comply	32
Attendance for Credit or Final Grade (All Grade Levels)	33
Official Attendance-Taking Time (All Grade Levels)	33
Documentation after an Absence (All Grade Levels)	34
Doctor’s Note after an Absence for Illness (All Grade Levels)	34
Driver License Attendance Verification (Secondary Grade Levels Only)	34
Accountability under State and Federal Law (All Grade Levels)	34
Armed Services Vocational Aptitude Battery Test (Grades 10–12)	35
Awards and Honors (All Grade Levels)	35
Bullying (All Grade Levels)	35
Career and Technical Education (CTE) and Other Work-Based Programs (Secondary Grade Levels Only)	37
Celebrations (All Grade Levels)	38
Child Abuse, Neglect, School Staff Misconduct, Trafficking, & Other Maltreatment of Children (All Grade Levels)	38
Duty to Report	38
Possible Warning Signs of Child Abuse, Neglect, School Staff Misconduct, Trafficking, and Other Maltreatment of Children	38
Description and Warning Signs of Trafficking	40
Reporting and Responding to Sexual Abuse, Trafficking, and Other Maltreatment of Children	40
Further Resources on Sexual Abuse, Trafficking, and Other Maltreatment of Children	41
Class Rank/Highest-Ranking Student (Secondary Grade Levels Only)	41
Class Rank/GPA Exemption Form (Juniors and Seniors Only)	42

Class Schedules (Secondary Grade Levels Only)	43
College and University Admissions and Financial Aid (All Grade Levels)	43
College Credit Courses (Secondary Grade Levels Only)	44
Communications (All Grade Levels)	45
Parent Contact Information	45
Automated Emergency Communications	45
Automated Non Emergency Communications	46
Complaints and Concerns (All Grade Levels)	46
Conduct (All Grade Levels)	46
Applicability of School Rules	46
Campus Behavior Coordinator	47
Deliveries	47
Demerits (Secondary Grade Levels Only)	47
Disruption of School Operations	48
Social Events	48
Counseling	49
Academic Counseling	49
Personal Counseling (All Grade Levels)	50
Course Credit (Secondary Grade Levels Only)	50
Credit by Examination—If a Student Has Taken the Course/Subject (Grades 6–12)	50
Credit by Examination for Advancement/Acceleration—If a Student Has not taken the Course/Subject	51
Kindergarten Acceleration	51
Students in Grades 1–5	51
Students in Grades 6–12	51
Dating Violence, Discrimination, Harassment, and Retaliation (All Grade Levels)	52
Dating Violence	52
Discrimination	52
Harassment	53
Sexual Harassment and Sex-Based Harassment	53
Pregnancy or Related Condition	53
Retaliation	53
Reporting Procedures	53
Investigation of Report	54
Discrimination	54
Distance Learning (All Grade Levels)	54
Virtual and Hybrid Instruction	55
Distribution of Literature, Published Materials, or Other Documents (All Grade Levels)	55
School Materials	55
Non School Materials	55
Dress and Grooming (All Grade Levels)	56

Electronic Devices and Technology Resources (All Grade Levels)	57
Safe use of Technology	57
Possession and Use of Personal Telecommunications Devices, Including Cell Phones, and Other Electronic Devices	58
Instructional Use of Personal Electronic Devices	58
Acceptable Use of District Technology Resources	59
Student Responsible Use Agreement	59
Unacceptable and Inappropriate Use of Technology Resources	63
End-of-Course (EOC) Assessments	63
Emergent Bilingual Students (All Grade Levels)	63
Extracurricular Activities, Clubs, and Organizations (All Grade Levels)	64
Parental Consent	64
Standards of Behavior	65
Offices and Elections	65
Fees (All Grade Levels)	65
Fundraising (All Grade Levels)	66
Gang-Free Zones (All Grade Levels)	66
Grade-Level Classification (Grades 9–12 Only)	66
Grading Guidelines (All Grade Levels)	67
Graduation (Secondary Grade Levels Only)	74
Requirements for a Diploma	74
Testing Requirements for Graduation	75
Foundation Graduation Program	75
Credits Required	76
Available Endorsements	77
Financial Aid Application Requirement	77
Personal Graduation Plans	77
Available Course Options for All Graduation Programs	78
Certificates of Coursework Completion	78
Students with Disabilities	78
Graduation Activities	79
Graduation Speakers	79
Graduation Expenses	79
Scholarships and Grants	79
Harassment	79
Hazing (All Grade Levels)	79
Health—Physical and Mental	80
Health Related Services	80
Illness (All Grade Levels)	81
Immunization (All Grade Levels)	81
Lice (All Grade Levels)	82

Medicine at School (All Grade Levels)	82
Asthma and Severe Allergic Reactions	83
Unassigned Epinephrine Delivery Systems	83
Unassigned Opioid Antagonists (All Grade Levels)	83
Steroids (Secondary Grade Levels Only)	84
Mental Health Support (All Grade Levels)	84
Physical Activity Requirements	85
Physical Fitness Assessment (Grades 3–12)	85
Physical Health Screenings/Examinations	85
Spinal Screening Program	86
Special Health Concerns (All Grade Levels)	86
Tobacco and E-Cigarettes Prohibited (All Grade Levels and All Others on School Property)	87
Health-Related Resources, Policies, and Procedures	87
Physical and Mental Health Resources (All Grade Levels)	87
Policies and Procedures that Promote Student Physical and Mental Health (All Grade Levels)	87
School Health Advisory Council (SHAC) (All Grade Levels)	88
Student Wellness Policy/Wellness Plan (All Grade Levels)	88
Homework (All Grade Levels)	88
Law Enforcement Agencies (All Grade Levels)	89
Questioning of Students	89
Students Taken into Custody	89
Notification of Law Violations	89

Glossary	116

Preface

Parents and Students:

Welcome to the new school year!

Education is a team effort. Students, parents, teachers, and other staff members working together will make this a successful year.

The Midway ISD (MISD) Student Handbook is a general reference guide that is divided into two sections:

Section One: Parental Rights describes certain parental rights as specified in state or federal law.

Section Two: Other Important Information for Parents and Students is organized alphabetically by topic. Where applicable, the topics are further organized by grade level.

Note: Unless otherwise noted, the term “parent” refers to the parent, legal guardian, any person granted some other type of lawful control of a student, or any other person who has agreed to assume school-related responsibility for a student.

The Student Handbook is designed to align with law, board-adopted policy, and the Student Code of Conduct, a board-adopted document intended to promote school safety and an atmosphere for learning. The Student Handbook is not meant to be a complete statement of all policies, procedures, or rules in any given circumstance.

In case of conflicts between board policy (including the Student Code of Conduct) and any Student Handbook provision, the district will follow board policy and the Student Code of Conduct.

Therefore, parents and students should become familiar with the MISD Student Code of Conduct. To review the Code of Conduct, visit the district’s website - [MISD website](#). State law requires that the Code of Conduct be prominently displayed or made available for review at each campus.

The Student Handbook is updated annually; however, policy adoption and revisions may occur throughout the year. The district encourages parents to stay informed of proposed policy changes by attending board meetings and reviewing newsletter and other communications explaining changes in policy or other rules that affect Student Handbook provisions. The district reserves the right to modify the Student Handbook at any time. Notice of revisions will be provided as is reasonably practical.

Although the Student Handbook may refer to rights established through law or district policy, it does not create additional rights for parents and students. It does not, nor is it intended to, represent a contract between any parent or student and the district.

A hard copy of either the Student Code of Conduct or Student Handbook can be requested at each campus.

Note: References to board policy codes are included for ease of reference. The hard copy of the district’s official policy manual is available for review in the district administration office, and an unofficial electronic copy is available at <https://pol.tasb.org/Home/Index/860>.

The policy manual includes:

- Legally referenced (LEGAL) policies that contain provisions from federal and state laws and regulations, case law, and other legal authorities that provide the legal framework for school districts.
- Board-adopted (LOCAL) policies that articulate the board's choices and values regarding district practices.

For questions about the material in this handbook, please contact your child's campus office.

Acknowledgement of this handbook is accomplished during online enrollment.

Accessibility

If you have difficulty accessing this handbook because of a disability, please contact your child's campus office, or the Special Populations Office at the Administration Building by calling (254) 761-5625.

Section One: Parental Rights

This section describes certain parental rights as specified in state or federal law.

Consent, Opt-Out, and Refusal Rights

Consent to Conduct a Psychological or Psychiatric Evaluation

Unless required under state or federal law, a district employee or contractor of the district will not conduct a psychological or psychiatric examination, test, or treatment without obtaining prior written parental consent.

Note: An evaluation may be legally required under special education rules or by the Texas Education Agency for child abuse investigations and reports.

Consent to Human Sexuality Instruction

Annual Notification

As a part of the district's curriculum, students receive instruction related to human sexuality. The School Health Advisory Council (SHAC) makes recommendations for curriculum materials, and the school board adopts the materials and determines the specific content of the instruction.

Midway ISD teaches an abstinence-based approach and utilizes local resources. Additionally, students are provided with the knowledge that sexual choices are among the most important decisions they may make as a young adult. The curriculum utilized is Choosing the Best (CBT), an abstinence-plus, evidence-based sex education program that provides medically accurate information about contraception and teaches that only abstinence offers complete, 100% protection against both STDs and pregnancy.

For further information, see the district's human sexuality instruction information at www.midwayisd.org.

In accordance with state law, a parent may:

- Review, receive a copy of, or purchase a copy of curriculum materials depending on the copyright of the materials.
- Remove his or her child from any part of the human sexuality instruction without academic, disciplinary, or other penalties.
- Become involved in the development of this curriculum by becoming a member of the district's SHAC or attending SHAC meetings. (See the campus principal for details.)
- Use the district's grievance procedure concerning a complaint. See **Complaints and Concerns (All Grade Levels)** in this document and FNG(LOCAL).

State law also requires that instruction related to human sexuality, sexually transmitted diseases, or human immunodeficiency virus (HIV) or acquired immune deficiency syndrome (AIDS):

- Present abstinence from sexual activity as the preferred choice in relationship to all sexual activity for unmarried persons of school age;
- Devote more attention to abstinence from sexual activity than to any other behavior;

- Emphasize that abstinence is the only method that is 100 percent effective in preventing pregnancy, sexually transmitted infections, and the emotional trauma associated with adolescent sexual activity;
- Direct adolescents to abstain from sexual activity before marriage as the most effective way to prevent pregnancy and sexually transmitted diseases; and
- If included in the content of the curriculum, teach contraception and condom use in terms of human use reality rates instead of theoretical laboratory rates.

Consent Before Instruction

Before a student receives human sexuality instruction, the district will obtain consent from the student's parent. Parents will be sent a request for consent at least 14 days before the instruction.

Consent to Instruction on Prevention of Child Abuse, Family Violence, Dating Violence, and Sex Trafficking

Before a student receives instruction on the prevention of child abuse, family violence, dating violence, and sex trafficking, the district must obtain written consent from the student's parent. Parents will be sent a request for written consent at least 14 days before the instruction will begin.

Annual Notification

Students receive instruction related to the prevention of child abuse, family violence, dating violence, and sex trafficking. The School Health Advisory Council (SHAC) makes recommendations for curriculum materials, and the school board adopts the materials and determines the specific content of the instruction.

In accordance with state law, a parent may:

- Review, receive a copy of, or purchase a copy of curriculum materials depending on the copyright of the materials.
- Remove his or her child from any part of the human sexuality instruction without academic, disciplinary, or other penalties.
- Become involved in the development of this curriculum by becoming a member of the district's SHAC or attending SHAC meetings. (See the campus principal for details.)
- Use the district's grievance procedure concerning a complaint. See **Complaints and Concerns (All Grade Levels)** in this document and FNG(LOCAL).

[See **Consent to Human Sexuality Instruction; Dating Violence and Child Sexual Abuse, Neglect, School Staff Misconduct, Trafficking, and Other Maltreatment of Children (All Grade Levels)**]

Consent to Provide a Mental Health Care Service

The district will not provide a mental health care service to a student or conduct a medical screening of a student as part of the district's intervention procedures except as permitted by law.

The district has established procedures for recommending to a parent an intervention for a student with early warning signs of mental health concerns, substance abuse, or suicide risk. The district's mental health liaison will notify the student's parent within a reasonable amount of

time after the liaison learns that a student has displayed early warning signs and provide information about available counseling options.

The district has also established procedures for staff to notify the mental health liaison regarding a student who may need intervention.

The mental health liaison, Kim Buth, can be reached at 254-761-5610 and can provide further information regarding these procedures as well as educational materials on identifying risk factors, accessing resources for treatment or support on and off campus, and accessing available student accommodations provided on campus.

[See **Mental Health Support** in this document.]

Consent to Display a Student's Original Works and Personal Information

Teachers may display a student's work in classrooms or elsewhere on campus as recognition of student achievement without seeking prior parental consent. These displays may include personally identifiable student information. Student work includes:

- Artwork,
- Special projects,
- Photographs,
- Original videos or voice recordings, and
- Other original works.

However, the district will seek parental consent before displaying a student's work on the district's website, a website affiliated or sponsored by the district (such as a campus or classroom website), or in district publications, which may include printed materials, videos, or other methods of mass communication.

Consent to Receive Parenting and Paternity Awareness Instruction if a Student is under Age 14

A student under age 14 must have parental permission to participate in the district's parenting and paternity awareness program. This program was developed by the Office of the Texas Attorney General and the State Board of Education (SBOE) to be incorporated into health education classes.

Consent to Video or Audio Record a Student when Not Already Permitted by Law

State law permits the school to make a video or voice recording without parental permission when it:

- Is to be used for school safety,
- Relates to classroom instruction or a co-curricular or extracurricular activity,
- Relates to media coverage of the school, or
- Relates to the promotion of student safety as provided by law for a student receiving special education services in certain settings.

In other circumstances, the district will seek written parental consent before making a video or voice recording of a student.

Please note that parents and visitors to a classroom, both virtual and in person, may not record video or audio or take photographs or other still images without permission from the teacher or other school official.

Opting Out of Advanced Mathematics in Grades 6-8

The district will automatically enroll a student in grade 6 in the 6th grade advanced mathematics course.

Enrollment in an advanced mathematics course in grade 6 will enable students to enroll in Algebra I in grade 8 and advanced mathematics in grades 9-12.

To inquire about opting out of 6th grade advanced mathematics, parents may schedule a meeting with their child's principal.

Prohibiting the Use of Corporal Punishment

The Board prohibits the use of corporal punishment in the District. Students shall not be spanked, paddled, or subject to other physical force as a means of discipline for violations of the Student Code of Conduct.

Limiting Electronic Communications between Students and District Employees

The district permits teachers and other approved employees to use electronic communications with students within the scope of professional responsibilities, as described by district guidelines.

For example, a teacher may create a social networking page for his or her class to relay information regarding class work, homework, and tests. A parent is welcome to access such a page.

An employee who communicates electronically with students shall observe the following:

The employee is prohibited from knowingly communicating with students using any form of electronic communications, including mobile and web applications, that are not provided or accessible by the district unless a specific exception is noted below.

Only a teacher, trainer, or other employee who has an extracurricular duty may use text messaging, and then only to communicate with students who participate in the extracurricular activity over which the employee has responsibility. Employees are encouraged to use ParentSquare only, but if they communicate with a student using text messaging, they shall comply with the following protocol:

- The employee shall do one of the following: include at least one of the student's parents or guardians (or the employee's immediate supervisor) as a recipient on each text message to the student so that the student and parent (or student and supervisor) receive the same message; or the employee shall send a copy of each text message to the employee's district email address.

The employee shall limit communications to matters within the scope of the employee's professional responsibilities (e.g., for classroom teachers, matters relating to class work, homework, and tests; for an employee with an extracurricular duty, matters relating to the extracurricular activity).

The employee is prohibited from knowingly communicating with students through a personal social network page; the employee must create a separate social network page ("professional page") for the purpose of communicating with students. The employee must enable administration and parents to access the employee's professional page.

The employee shall not communicate directly with any student between the hours of 11:00 p.m. and 6:00 a.m. An employee may, however, make public posts to a social network site, blog, or similar application at any time.

If you prefer that your child not receive any one-to-one electronic communications from a district employee or if you have questions related to the use of electronic media by district employees, please contact the campus principal.

Objecting to the Release of Directory Information

The Family Educational Rights and Privacy Act, or FERPA, permits the district to disclose appropriately designated “directory information” from a student’s education records without written consent.

“Directory information” is information that, if released, is generally not considered harmful or an invasion of privacy. Examples include:

- A student’s photograph (for publication in the school yearbook);
- A student’s name and grade level (for communicating class and teacher assignments);
- The name, weight, and height of an athlete (for publication in a school athletic program);
- A list of student birthdays (for generating schoolwide or classroom recognition),
- A student’s name and photograph (posted on a district-approved and -managed social media platform); and
- The names and grade levels of students submitted by the district to a local newspaper or other community publication (to recognize the A/B honor roll for a specific grading period.)

Directory information will be released to anyone who follows procedures for requesting it.

However, a parent or eligible student may object to the release of this information. Any objection must be made in writing to the principal within ten school days of the student’s first day of instruction for this school year. [See **Notice Regarding Directory Information and Parent’s Response Regarding Release of Student Information**, included in the forms packet.]

The district requests that families living in a shelter for survivors of family violence or trafficking notify district personnel that the student currently resides in such a shelter. Families may want to opt out of the release of directory information so that the district does not release any information that might reveal the location of such a shelter.

As allowed by state law, the district has identified two directory information lists—one for school-sponsored purposes and a second for all other requests. For district publications and announcements, the district has designated the following as directory information: *student name, address, telephone listing, photograph, grade level, participation in officially recognized activities and sports, degrees, honors, and awards received at school, and weight and height of members of athletic teams*. If a parent does not object to the use of his or her child’s information for these school-sponsored purposes, the school will not ask permission each time the district wants to use the information for these purposes.

For all other purposes, the district has identified the following as directory information: *student name, address, telephone listing, and grade level*. If a parent does not object to the use of the student’s information for these purposes, the school must release this information when requested by an outside entity or individual.

Note: Review **Authorized Inspection and Use of Student Records** in this document.

Objecting to the Release of Student Information to Military Recruiters and Institutions of Higher Education (Secondary Grade Levels Only)

Unless a parent has advised the district not to release his or her student's information, the Every Student Succeeds Act (ESSA) requires the district to comply with requests from military recruiters or institutions of higher education for the student's:

- Name,
- Address, and
- Telephone listing.

Military recruiters may also have access to a student's district-provided email address, unless a parent has advised the district not to release this information.

[See **Parent's Objection to the Release of Student Information to Military Recruiters and Institutions of Higher Education**]

Participation in Third-Party Surveys

Consent Required Before Student Participation in a Federally Funded Survey

The Protection of Pupil Rights Amendment (PPRA) provides parents certain rights regarding participation in surveys, the collection and use of information for marketing purposes, and certain physical exams.

A parent has the right to consent before a student is required to submit to a survey funded by the U.S. Department of Education that concerns any of the following protected areas:

- Political affiliations or beliefs of the student or the student's parent;
- Mental or psychological problems of the student or the student's family;
- Sex behavior or attitudes;
- Illegal, antisocial, self-incriminating, or demeaning behavior;
- Critical appraisals of individuals with whom the student has a close family relationship;
- Legally recognized privileged relationships, such as with lawyers, doctors, and ministers;
- Religious practices, affiliations, or beliefs of the student or parent; or
- Income, except when the information is required by law and will be used to determine the student's eligibility for a program.

A parent can inspect the survey or other instrument and any corresponding instructional materials used in connection with such a survey. [See policy EF(LEGAL) for more information.]

“Opting Out” of Participation in Other Types of Surveys or Screenings and the Disclosure of Personal Information

The PPRA gives parents the right to receive notice and an opportunity to opt a student out of:

- Activities involving the collection, disclosure, or use of personal information gathered from the child for the purpose of marketing, selling, or otherwise disclosing that information to others.
- Any nonemergency, invasive physical examination or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of the student.

Exceptions are hearing, vision, or spinal screenings, or any physical examination or screening permitted or required under state law. [See policies EF and FFAA for more information.]

A parent may inspect:

- Protected information surveys of students and surveys created by a third party;
- Instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and
- Instructional material used as part of the educational curriculum.

The ED provides extensive information about the [Protection of Pupil Rights Amendment](#), including a [PPRA Complaint Form](#).

Removing a Student from Instruction or Excusing a Student from a Required Component of Instruction

Reciting a Portion of the Declaration of Independence in Grades 3–12

State law designates the week of September 17 as Celebrate Freedom Week and requires all social studies classes provide:

- Instruction concerning the intent, meaning, and importance of the Declaration of Independence and the U.S. Constitution, and
- A specific recitation from the Declaration of Independence for students in grades 3–12.

Per state law, a student may be excused from recitation of a portion of the Declaration of Independence if:

- A parent provides a written statement requesting that his or her child be excused,
- The district determines that the student has a conscientious objection to the recitation, or
- A parent is a representative of a foreign government to whom the U.S. government extends diplomatic immunity.

[See policy EHBK(LEGAL) for more information.]

Reciting the Pledges to the U.S. and Texas Flags

A parent may request that his or her child be excused from participation in the daily recitation of the Pledge of Allegiance to the U.S. flag and the Pledge of Allegiance to the Texas flag. The request must be made in writing.

State law, however, requires that all students participate in one minute of silence following recitation of the pledges.

[See **Pledges of Allegiance and a Minute of Silence** in this document and policy EC(LEGAL) for more information.]

Religious or Moral Beliefs

A parent may remove his or her child temporarily from the classroom if a scheduled instructional activity conflicts with the parent's religious or moral beliefs.

The removal may not be used to avoid a test and may not extend for an entire semester. Further, the student must satisfy grade-level and graduation requirements as determined by the school and by state law.

Tutoring or Test Preparation

A teacher may determine that a student needs additional targeted assistance for the student to achieve mastery in state-developed essential knowledge and skills based on:

- Informal observations,
- Evaluative data such as grades earned on assignments or tests, or
- Results from diagnostic assessments.

The school will always attempt to provide tutoring and strategies for test-taking in ways that prevent removal from other instruction as much as possible.

In accordance with state law and policy EC, districts must obtain parental permission before removing a student from a regularly scheduled class for remedial tutoring or test preparation for more than ten percent of the days the class is offered.

Under state law, students with grades below 70 for a reporting period are required to attend tutorial services—if the district offers these services.

[For questions about school-provided tutoring programs, contact the student’s teacher and see policies EC and EHBC. See **Standardized Testing** in this document for information regarding required accelerated instruction after a student fails to perform satisfactorily on certain state-mandated tests.]

Right of Access to Student Records, Instructional Materials, and District Records/Policies

Parent Review of Instructional Materials and Plan

A parent has the right to review teaching materials, textbooks, and other teaching aids and instructional materials used in the curriculum, and to examine tests that have been administered, whether instruction is delivered in-person, virtually, or remotely.

A parent is also entitled to request that the school allow the student to take home instructional materials the student uses. The school may ask the student to return the materials at the beginning of the next school day.

A school must provide printed versions of electronic instructional materials to a student if the student does not have reliable access to technology at home.

Teachers are required to provide a copy of the teacher’s instructional plan or course syllabus for each class to the parent of each student enrolled in that class before the beginning of each semester. A parent may obtain additional copies of the plan or syllabus by request. A teacher’s instructional plan or course syllabus will be available by the first day of the semester. Parents may view these documents through SeeSaw for grades K-3 or Schoology for grades 4-12.

[For information about parental access to any online library catalog and library materials, including records of their child’s checked out library materials, see **Library (All Grade Levels)**.]

District Review of Instructional Materials

A parent may request that the district conduct an instructional material review in a math, English Language Arts, science, or social studies class in which the parent’s student is enrolled to determine alignment with state standards and the level of rigor for the grade level.

The district is not required to conduct an instructional material review for a specific subject area or grade level at a specific campus more than once per school year.

For more information about requesting an instructional material review, contact your child's campus principal.

Notices of Certain Student Misconduct to Noncustodial Parent

A noncustodial parent may request in writing that he or she be provided, for the remainder of the school year, a copy of any written notice usually provided to a parent related to his or her child's misconduct that may involve placement in a disciplinary alternative education program (DAEP) or expulsion. [See the Student Code of Conduct and policy FO(LEGAL) for more information.]

Participation in Federally Required, State-Mandated, and District Assessments

In accordance with the Every Student Succeeds Act (ESSA), a parent may request information regarding any federal, state, or district policy related to his or her child's participation in required assessments.

Student Records

Accessing Student Records

A parent may review his or her child's records. These records include:

- Attendance records,
- Test scores,
- Grades,
- Disciplinary records,
- Counseling records,
- Psychological records,
- Applications for admission,
- Health and immunization information,
- Other medical records,
- Teacher and school counselor evaluations,
- Reports of behavioral patterns,
- Records relating to assistance provided for learning difficulties, including information collected regarding any intervention strategies used with the child, as the term "intervention strategy" is defined by law,
- Records relating to school library materials the child obtains from a school library [see **Library (All Grade Levels)** for more information.]
- State assessment instruments that have been administered to the child, and
- Teaching materials and tests used in the child's classroom.

Authorized Inspection and Use of Student Records

The Family Educational Rights and Privacy Act (FERPA) affords parents and eligible students certain rights regarding student education records.

For purposes of student records, an “eligible” student is anyone age 18 or older or who attends a postsecondary educational institution. These rights, as discussed here and at **Objecting to the Release of Directory Information** in this document, are the right to:

- Inspect and review student records within 45 days after the day the school receives a request for access;
- Request an amendment to a student record the parent or eligible student believes is inaccurate, misleading, or otherwise in violation of FERPA;
- Provide written consent before the school discloses personally identifiable information from the student’s records, except to the extent that FERPA authorizes disclosure without consent; and
- File a complaint with the U.S. Department of Education concerning failures by the school to comply with FERPA requirements.
- For more information about how to file a complaint, see <https://studentprivacy.ed.gov/file-a-complaint>.

Both FERPA and state laws safeguard student records from unauthorized inspection or use and provide parents and eligible students certain rights of privacy.

Before disclosing personally identifiable information from a student’s records, the district must verify the identity of the person, including a parent or the student, requesting the information.

Virtually all information pertaining to student performance—including grades, test results, and disciplinary records—is considered confidential educational records.

Inspection and release of student records is restricted to an eligible student or a student’s parent unless the school receives a copy of a court order terminating parental rights or the right to access a student’s education records. A parent’s rights regarding access to student records are not affected by the parent’s marital status.

Federal law requires that control of the records goes to the student as soon as the student meets at least one of the following:

- Reaches the age of 18,
- Is emancipated by a court, or
- Enrolls in a postsecondary educational institution.

However, the parent may continue to have access to the records if the student is a dependent for tax purposes and, under limited circumstances, when there is a threat to the health and safety of the student or other individuals.

FERPA permits the disclosure of personally identifiable information from a student’s education records without written consent of the parent or eligible student when school officials have what federal law refers to as a “legitimate educational interest” in a student’s records.

Legitimate educational interest may include:

- Working with the student;
- Considering disciplinary or academic actions, the student’s case, or an individualized education program for a student with disabilities;
- Compiling statistical data;

- Reviewing an educational record to fulfill the official's professional responsibility;
or
- Investigating or evaluating programs.

School officials may include:

- Board members and employees, such as the superintendent, administrators, and principals;
- Teachers, school counselors, diagnosticians, and support staff (including district health or medical staff);
- A person or company with whom the district has contracted or allowed to provide a specific institutional service or function (such as an attorney, consultant, third-party vendor that offers online programs or software, auditor, medical consultant, therapist, school resource officer, or volunteer);
- A person appointed to serve on a team to support the district's safe and supportive school program;
- A parent or student serving on a school committee; or
- A parent or student assisting a school official in the performance of his or her duties.

FERPA also permits the disclosure of personally identifiable information without written consent:

- To authorized representatives of various governmental agencies, including juvenile service providers, the U.S. Comptroller General's office, the U.S. Attorney General's office, the U.S. Secretary of Education, the Texas Education Agency, the U.S. Secretary of Agriculture's office, and Child Protective Services (CPS) caseworkers or, in certain cases, other child welfare representatives.
- To individuals or entities granted access in response to a subpoena or court order.
- To another school, district/system, or postsecondary educational institution to which a student seeks or intends to enroll or in which the student already is enrolled.
- In connection with financial aid for which a student has applied or has received.
- To accrediting organizations to carry out accrediting functions.
- To organizations conducting studies for, or on behalf of, the school to develop, validate, or administer predictive tests; administer student aid programs; or improve instruction.
- To appropriate officials in connection with a health or safety emergency.
- When the district discloses directory information-designated details. [See **Objecting to the Release of Directory Information** in this document to prohibit this disclosure.]

Release of personally identifiable information to any other person or agency—such as a prospective employer or for a scholarship application—will occur only with parental or student permission as appropriate.

The principal is custodian of all records for currently enrolled students at the assigned school. The superintendent's designee is the custodian of all records for students who have withdrawn or graduated.

A parent or eligible student who wants to inspect the student's records should submit a written request to the custodian of records identifying the records he or she wants to inspect.

Records may be reviewed in person during regular school hours. The records custodian or designee will be available to explain the record and to answer questions.

A parent or eligible student who submits a written request and pays copying costs of ten cents per page may obtain copies. If circumstances prevent inspection during regular school hours and the student qualifies for free or reduced-price meals, the district will either provide a copy of the records requested or make other arrangements for the parent or student to review the records.

The address of the superintendent's office is 13885 Woodway Drive, Woodway 76712.

The addresses of the principals' offices are:

Midway High School & Horizons 761-5650
8200 Mars Dr | Waco 76712

Midway Middle School 761-5680
800 Hewitt Dr | Hewitt 76643

River Valley Middle School 761-5699
4750 Speegleville Rd | McGregor 76657

Castleman Creek Elementary 761-5755
755 South Hewitt Drive | Hewitt 76643

Chapel Park Elementary 761-5690
9400 Chapel Rd | Waco 76712

Hewitt Elementary 761-5750
900 Panther Way | Hewitt 76643

Park Hill Elementary 761-5770
700 Ritchie Road | Waco 76712

South Bosque Elementary 761-5720
#1 Wickson Rd | Waco 76712

Spring Valley Elementary 761-5710
610 Spring Valley Rd | Hewitt 76643

Woodway Elementary 761-5740
325 Estates Drive | Woodway 76712

Alternative Education Center 761-5677
109 W. Panther Way | Hewitt 76643

A parent or eligible student may inspect the student's records and request a correction or amendment if the records are considered inaccurate, misleading, or otherwise in violation of the student's privacy rights.

A request to correct a student's record should be submitted to the appropriate records custodian. The request must clearly identify the part of the record that should be corrected and include an explanation of how the information is inaccurate. If the district denies the request to amend the records, the parent or eligible student has the right to request a hearing. If after the

hearing the records are not amended, the parent or eligible student has 30 school days to place a statement in the student's record.

Although improperly recorded grades may be challenged, contesting a student's grade in a course or on an examination is handled through the complaint process found in policy FNG(LOCAL). A grade issued by a teacher can be changed only if, as determined by the board of trustees, the grade is arbitrary, erroneous, or inconsistent with the district's grading guidelines.

[See **Report Cards/Progress Reports and Conferences** in this document, **Complaints and Concerns** in this document, and Finality of Grades at policy FNG(LEGAL).]

The district's student records policy is found at policy FL(LEGAL) and (LOCAL) and is available at the principal's or superintendent's office or on the district's website at www.midwayisd.org.

Note: The parent's or eligible student's right of access to and copies of student records does not extend to all records. Materials that are not considered educational records—such as a teacher's personal notes about a student shared only with a substitute teacher—do not have to be made available.

Teacher and Staff Professional Qualifications

A parent may request information regarding the professional qualifications of his or her child's teachers, including whether the teacher:

- Has met state qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction,
- Has an emergency permit or other provisional status for which state requirements have been waived, and
- Is currently teaching in the field of discipline of his or her certification.

The parent also has the right to request information about the qualifications of any paraprofessional who may provide services to the child.

A Student with Exceptionalities or Special Circumstances

Children of Military Families

[The Interstate Compact on Educational Opportunities for Military Children](#) entitles children of military families to flexibility regarding certain district and state requirements, including:

- Immunization requirements;
- Grade level, course, or educational program placement;
- Eligibility requirements for participation in extracurricular activities;
- Enrollment in virtual or hybrid courses offered by the district or another district or school
- Graduation requirements.

The district will excuse absences related to a student visiting a parent, including a stepparent or legal guardian, who is:

- Called to active duty,
- On leave, or
- Returning from a deployment of at least four months.

The district will permit **no more than five** excused absences per year for this purpose. For the absence to be excused, the absence must occur no earlier than the 60th day before deployment or no later than the 30th day after the parent's return from deployment.

Additional information may be found at [Military Family Resources at the Texas Education Agency](#).

Parental Role in Certain Classroom and School Assignments

Multiple-Birth Siblings

State law permits a parent of multiple-birth siblings (e.g., twins, triplets) assigned to the same grade and campus to request in writing that the children be placed in either the same classroom or separate classrooms.

Written requests must be submitted by the 14th day after the students' enrollment. [See policy FDB(LEGAL) for more information.]

Safety Transfers/Assignments

The board or its designee will honor a parent's request to transfer his or her child to another classroom or campus if the district has determined that the child has been a victim of bullying, including cyberbullying, as defined by Education Code 37.0832.

The board may transfer a student who has engaged in bullying to another classroom. The board will consult with the parent of a child who has engaged in bullying before deciding to transfer the child to another campus.

Transportation is not provided for a transfer to another campus. See the principal for more information.

[See **Bullying (All Grade Levels)**, and policies FDB and FFI for more information.]

The district will honor a parent's request for the transfer of his or her child to a safe public school in the district if the child attends a school identified by the Texas Education Agency as persistently dangerous or if the child has been a victim of a violent criminal offense while at school or on school grounds.

[See policy FDE for more information.]

The board will honor a parent's request for the transfer of his or her child to another district campus if the child has been the victim of sexual assault by another student assigned to the same campus, whether the assault occurred on or off campus, and that student has been convicted of or placed on deferred adjudication for the assault. In accordance with policy FDE, if the victim does not wish to transfer, the board will transfer the assailant.

Student Use of a Service/Assistance Animal

A parent of a student who uses a service/assistance animal because of the student's disability must submit a written request to the principal before bringing the service/assistance animal on campus. The district will try to accommodate a request as soon as possible but will do so within ten district business days.

A Student in the Conservatorship of the State (Foster Care)

In an effort to provide educational stability, the district will provide enrollment and registration assistance, as well as other educational services throughout the student's enrollment, to any

student who is currently placed or newly placed in foster care (temporary or permanent custody of the state, sometimes referred to as substitute care).

A student in the conservatorship (custody) of the state who enrolls in the district after the beginning of the school year will be allowed credit-by-examination opportunities at any point during the year.

The district will assess the student's available records to determine transfer of credit for subjects and courses taken before the student's enrollment in the district.

The district will award partial course credit when the student only passes one half of a two-half course.

A student in the conservatorship of the state who is moved outside the district's or school's attendance boundaries—or who is initially placed in the conservatorship of the state and moved outside the district's or school's boundaries—is entitled to remain at the school the student was attending prior to the placement or move until the student reaches the highest grade level at that particular school.

If a student in grade 11 or 12 transfers to another district but does not meet the graduation requirements of the receiving district, the student can request a diploma from the previous district if the student meets its graduation criteria.

For a student in the conservatorship of the state who is eligible for a tuition and fee exemption under state law and likely to be in care on the day preceding the student's 18th birthday, the district will:

- Assist the student with the completion of applications for admission or financial aid;
- Arrange and accompany the student on campus visits;
- Assist in researching and applying for private or institution-sponsored scholarships;
- Identify whether the student is a candidate for appointment to a military academy;
- Assist the student in registering and preparing for college entrance examinations, including (subject to the availability of funds) arranging for the payment of examination fees by the Texas Department of Family and Protective Services (DFPS); and
- Coordinate contact between the student and a liaison officer for students formerly in the conservatorship of the state.

If you have questions, please contact the district's foster care liaison, Rene Demaree, at 254-761-5610

[See **Credit by Examination for Advancement/Acceleration** in this document, **Course Credit** in this document, and **Students in Foster Care** in this document.]

A Student Who Is Homeless

A student who is homeless will be provided flexibility regarding certain district provisions, including:

- Proof of residency requirements;
- Immunization requirements;
- Educational program placement (if the student is unable to provide previous academic records or misses an application deadline during a period of homelessness);

- Credit-by-examination opportunities at any point during the year (if the student enrolled in the district after the beginning of the school year), per State Board of Education (SBOE) rules;
- Assessment of the student's available records to determine transfer of credit for subjects and courses taken before the student's enrollment in the district;
- Awarding partial credit when a student passes only one half of a two-half course;
- Eligibility requirements for participation in extracurricular activities; and
- Graduation requirements.

Federal law allows a student who is homeless to remain enrolled in the "school of origin" or to enroll in a new school in the attendance area where the student is currently residing.

If a student who is homeless in grade 11 or 12 transfers to another district but does not meet the graduation requirements of the receiving district, state law allows the student to request a diploma from the previous district if the student meets the criteria to graduate from the previous district.

A student or parent who is dissatisfied by the district's eligibility, school selection, or enrollment decision may appeal through policy FNG(LOCAL). The district will expedite local timelines, when possible, for prompt dispute resolution.

For more information on services for students who are homeless, contact the district's homeless education liaison, Rene Demaree, at 254-761-5610.

[See **Credit by Examination for Advancement/Acceleration** in this document, **Course Credit** in this document, and **Students who are Homeless** in this document.]

A Student Who Has Learning Difficulties or Who Needs Special Education or Section 504 Services

For those students who are having difficulty in the regular classroom, all school districts must consider tutorial, compensatory, and other academic or behavior support services that are available to all students, [through the district's multi-tiered system of academic and behavioral supports \(MTSS\). The provision of these intervention and support services, which might include \(RTI\) process, can have an impact on the ability of the district to meet the needs of all students.](#)

If a student is experiencing learning difficulties, his or her parent may contact the individuals listed below to learn about the school's overall general education referral or screening system for support services.

This system links students to a variety of support options, including making a referral for a special education evaluation or for a Section 504 evaluation to determine whether the student needs specific aids, accommodations, or services. A parent may request an evaluation for special education or Section 504 services at any time.

Special Education Referrals

If a parent makes a written request for an initial evaluation for special education services to the director of special education services or to a district administrative employee of the school district, the district must respond no later than 15 school days after receiving the request. At that time, the district must give the parent prior written notice of whether it agrees or refuses to evaluate the student, along with a copy of the [Notice of Procedural Safeguards](#). If the district

agrees to evaluate the student, it must also give the parent the opportunity to give written consent for the evaluation.

Note: A request for a special education evaluation may be made verbally; it does not need to be made in writing. Districts must still comply with all federal prior-written notices and procedural safeguard requirements as well as the requirements for identifying, locating, and evaluating children who are suspected of having a disability and in need of special education. However, a verbal request does not require the district to respond within the 15 school-day timeline.

If the district decides to evaluate the student, it must complete the student's initial evaluation and evaluation report no later than 45 school days from the day it receives a parent's written consent. However, if the student is absent from school during the evaluation period for three or more school days, the evaluation period will be extended by the number of school days equal to the number of school days that the student is absent.

There is an exception to the 45-school-day timeline. If the district receives a parent's consent for the initial evaluation at least 35 but less than 45 school days before the last instructional day of the school year, it must complete the written report and provide a copy of the report to the parent by June 30 of that year. However, if the student is absent from school for three or more days during the evaluation period, the June 30 due date no longer applies. Instead, the general timeline of 45 school days plus extensions for absences of three or more days will apply.

Upon completing the evaluation, the district must give the parent a copy of the evaluation report at no cost.

Additional information regarding special education is available from the school district in a companion document titled [Parent's Guide to the Admission, Review, and Dismissal Process](#).

Contact Person for Special Education Referrals

The designated contact person regarding options for a student experiencing learning difficulties or regarding a referral for evaluation for special education services is:

Lisa Cochran, Director of Special Education and 504 at 254-761-5625.

For questions regarding post-secondary transitions, including the transition from education to employment, for students receiving special education services, contact the district's transition and employment designee:

Kim Johnson, Transition Specialist at 761-5625.

Section 504 Referrals

Each school district must have standards and procedures in place for the evaluation and placement of students in the district's Section 504 program. Districts must also implement a system of procedural safeguards that includes:

- Notice,
- An opportunity for a parent or guardian to examine relevant records,
- An impartial hearing with an opportunity for participation by the parent or guardian and representation by counsel, and
- A review procedure.

Contact Person for Section 504 Referrals

The designated person to contact regarding options for a student experiencing learning difficulties or regarding a referral for evaluation for Section 504 services is:

Lisa Cochran, Director of Special Education and 504 at 761-5625.

[See **A Student with Physical or Mental Impairments Protected under Section 504** in this document.]

Visit these websites for information regarding students with disabilities and the family:

Notification to Parents of Intervention Strategies for Learning Difficulties Provided to Students in General Education

In accordance with state law, the district will annually notify parents if their child receives assistance for learning difficulties. Details of such assistance can include intervention strategies. This notice is not intended for those students already enrolled in a special education program.

Texas Driving with Disability Program

In accordance with state law, the district will provide notification of the Texas Driving with Disability Program to students who have a health condition or disability that may impede effective communication with a peace officer and receive special education or are covered by Section 504 of the Rehabilitation Act of 1973. This notification will be provided annually to an eligible student aged 16 years or older until the student's graduation or 21st birthday and to the student's parents.

The Texas Driving with Disability Program focuses on improving the interaction between law enforcement and drivers with disabilities that have unique communication needs.

A Student Who Receives Special Education Services with Other School-Aged Children in the Home

If a student is receiving special education services at a campus outside his or her attendance zone, state law permits the parent or guardian to request that other students residing in the household be transferred to the same campus—if the grade level for the transferring student is offered on that campus.

The student receiving special education services would be entitled to transportation; however, the district is not required to provide transportation to other children in the household.

The parent or guardian should contact the school principal regarding transportation needs prior to requesting a transfer for other children in the home. [See policy FDB(LOCAL) for more information.]

A Student Who Speaks a Primary Language Other than English

A student may be eligible to receive specialized support if his or her primary language is not English, and the student has difficulty performing ordinary class work in English.

If the student qualifies for these services, the Language Proficiency Assessment Committee (LPAC) will determine the types of services the student needs, including accommodations or modifications related to classroom instruction, local assessments, and state-mandated assessments.

[See **English Learners** in this document and **Special Programs** in this document.]

A Student with Physical or Mental Impairments Protected under Section 504

A student with a physical or mental impairment that substantially limits a major life activity, as defined by law—and who does not otherwise qualify for special education services—may qualify for protections under Section 504 of the Rehabilitation Act.

Section 504 is a federal law designed to prohibit discrimination against individuals with disabilities.

When an evaluation is requested, a committee will be formed to determine whether the student needs services and support under Section 504 in order to receive a free appropriate public education (FAPE), as defined in federal law.

[See **A Student Who Has Learning Difficulties or Who Needs Special Education or Section 504 Services** in this document and policy FB for more information.]

Section Two: Other Important Information for Parents and Students

This section contains important information on academics, school activities, and school operations and requirements.

It is organized alphabetically to serve as a quick-reference guide. Where applicable, the topics are further organized by grade level.

Parents and children should take a moment together to become familiar with the issues addressed in this section. For guidance on a particular topic, please contact the campus principal.

Absences/Attendance

Regular school attendance is essential. Absences from class may result in serious disruption of a student's education. The student and parent should avoid unnecessary absences.

Two important state laws—one dealing with compulsory attendance and the other with how attendance affects the award of a student's final grade or course credit—are discussed below.

Compulsory Attendance

Prekindergarten and Kindergarten

Students who enroll in prekindergarten and kindergarten are required to attend school and are subject to the compulsory attendance requirements as long as they remain enrolled.

Ages 6–18

State law requires that a student who is at least six years of age, or who is younger than six years of age and has previously been enrolled in first grade, and who has not yet reached their 19th birthday, shall attend school, as well as any applicable accelerated instruction program, extended-year program, or tutorial session, unless the student is otherwise excused from attendance or legally exempt.

A student will be required to attend any assigned accelerated instruction program before or after school or during the summer if the student does not meet the passing standards on an applicable subject area state assessment.

Age 19 and Older

A student who voluntarily attends or enrolls after his or her 19th birthday is required to attend each school day until the end of the school year. If the student incurs more than five unexcused absences in a semester, the district may revoke the student's enrollment. The student's presence on school property thereafter would be unauthorized and may be considered trespassing. [See policy FEA for more information.]

Compulsory Attendance—Exemptions

All Grade Levels

State law allows exemptions to the compulsory attendance requirements, as long as the student makes up all work, for the following activities and events:

- Religious holy days;
- Required court appearances;
- Appearing at a governmental office to obtain U.S. citizenship
- Taking part in a US naturalization oath ceremony
- Serving as an election clerk
- Documented health-care appointments for the student or a child of the student, including absences related to autism services and mental health appointments
- Absences resulting from a serious or life-threatening illness or related treatment that makes a student's attendance infeasible, with certification by a physician on the district's form
- Absences for attendance in a released time course in religious instruction
- For students in the conservatorship of the state,
 - An activity required under a court-ordered service plan; or
 - Any other court-ordered activity, provided it is not practicable to schedule the student's participation in the activity outside of school hours.

For children of military families, absences of up to five days will be excused for a student to visit a parent, stepparent, or legal guardian going to, on leave from, or returning from certain deployments. [See **Children of Military Families** in this document.]

Note that documented health-care appointments may include telehealth appointments. Students who are physically on campus will not be allowed to participate in telehealth or other online appointments without specific authorization from an appropriate administrator. Students should not use district-issued technology, including wifi or internet, for telehealth appointments because use of district-owned equipment and its network systems is not private and may be monitored by the district. For more information, see **Telecommunication and Other Electronic Devices** in this document.

Secondary Grade Levels

The district will allow a student who is 15 years of age or older to be absent for one day to obtain a learner license and one day to obtain a driver's license, provided that the board has authorized such excused absences under policy FEA(LOCAL). The student will be required to provide documentation of his or her visit to the driver's license office for each absence and must make up any work missed. [See **Driver License Attendance Verification** in this document.]

The district will allow junior and senior students to be absent for up to two days per year to visit a college or university, provided:

- The board has authorized such excused absences under policy FEA(LOCAL);
- The principal has approved the student's absence; and
- The student follows campus procedures to verify the visit and makes up any work missed.

The district will allow a student 17 years old or older to be absent for up to four days during the period the student is enrolled in high school to pursue enlistment in the U.S. armed services or Texas National Guard, provided the student verifies these activities to the district.

The district will allow a student to be absent for up to two days per school year to serve as:

- An early voting clerk, as provided in policy FEA(LOCAL), the student notifies his or her teachers, and the student receives approval from the principal prior to the absences; or
- An election clerk, if the student makes up any work missed.

The district will allow a student in grades 6–12 to be absent for the purpose of sounding “Taps” at a military honors funeral for a deceased veteran.

Compulsory Attendance—Failure to Comply

All Grade Levels

School employees must investigate and report violations of the compulsory attendance law.

A student absent without permission from school, any class, any required special program, or any required tutorial will be considered in violation of the compulsory attendance law and subject to disciplinary action.

Students with Disabilities

If a student with a disability is experiencing attendance issues, the student’s ARD or Section 504 committee will determine whether the attendance issues warrant an evaluation, a reevaluation, and/or modifications to the student’s individualized education program or Section 504 plan, as appropriate.

Ages 6–18

When a student ages 6–18 incurs three or more unexcused absences within a four-week period, the law requires the school to send notice to the parent.

The notice will:

- Remind the parent of his or her duty to monitor the student’s attendance and require the student to attend school;
- Request a conference between school administrators and the parent; and
- Inform the parent that the district will initiate truancy prevention measures, including a behavior improvement plan, school-based community service, referrals to counseling or other social services, or other appropriate measures.

The truancy prevention facilitator for the district is: Jay Fischer, 254-761-5677.

For any questions about student absences, parents should contact the facilitator or any other campus administrator.

A court of law may impose penalties against the parent if a school-aged student is deliberately not attending school. The district may file a complaint against the parent if the student incurs ten or more unexcused absences within a six-month period in the same school year.

If a student age 12–18 incurs ten or more unexcused absences within a six-month period in the same school year, the district, in most circumstances, will refer the student to truancy court.

[See policies FEA(LEGAL) and FED(LEGAL) for more information.]

Age 19 and Older

After a student age 19 or older incurs a third unexcused absence, the district is required by law to send the student a letter explaining that the district may revoke the student’s enrollment for the remainder of the school year if the student has more than five unexcused absences in a

semester. As an alternative to revoking a student's enrollment, the district may implement a behavior improvement plan.

Attendance for Credit or Final Grade (All Grade Levels)

To receive credit or a final grade in a class, a student must attend the class at least 90 percent of the days it is offered. A student who attends at least 75 percent but fewer than 90 percent of the days may receive credit or a final grade if he or she completes a plan, approved by the principal, that allows the student to fulfill the class's instructional requirements. If a student is involved in a criminal or juvenile court proceeding, the judge presiding over the case must also approve the plan before the student receives credit or a final grade.

If a student attends fewer than 75 percent of the class days or does not complete the principal-approved plan, then the attendance review committee will determine whether there are extenuating circumstances for the absences and how the student can regain credit or a final grade. [See policy FEC for more information.]

Except for absences due to serious or life-threatening illness or related treatment, all absences, excused or unexcused, may be held against a student's attendance requirement. To determine whether there were extenuating circumstances for any absences, the attendance committee will consider:

- Whether the student has mastered the essential knowledge and skills and maintained passing grades in the course or subject.
- If makeup work is completed, absences listed under **Compulsory Attendance—Exemptions** in this document will be considered extenuating circumstances.
- A transfer or migrant student incurs absences only after he or she has enrolled in the district.
- Absences incurred due to the student's participation in board-approved extracurricular activities will be considered by the attendance committee as extenuating circumstances if the student makes up the work missed in each class.
- The committee will consider the acceptability and authenticity of documented reasons for the student's absences.
- The committee will consider whether the student or student's parent had any control over the absences.
- The committee will consider the extent to which the student has completed all assignments, mastered the essential knowledge and skills, and maintained passing grades in the course or subject.
- The student or parent will be given an opportunity to present any information to the committee about the absences and discuss ways to earn or regain credit or a final grade.

The student or parent may appeal the committee's decision to the board by following policy FNG(LOCAL).

Official Attendance-Taking Time (All Grade Levels)

The district will take official attendance every day during the second hour of the school day for all MISD campuses.

A student absent for any portion of the day, should follow the procedures below to provide documentation of the absence.

Documentation after an Absence (All Grade Levels)

A parent must provide an explanation for any absence upon the student's arrival or return to school. The student must submit a note signed by the parent. The campus may accept a phone call from the parent but reserves the right to require a written note. *Notes will only be accepted within 5 days of the absence.*

A note signed by the student will not be accepted unless the student is age 18 or older or is an emancipated minor under state law.

The campus will document in its attendance records whether the absence is excused or unexcused. *Only three parent notes per semester will be considered excused.*

Note: The district is not required to excuse any absence, even if the parent provides a note explaining the absence, unless the absence is an exemption under compulsory attendance laws.

Doctor's Note after an Absence for Illness (All Grade Levels)

Within 3 days of returning to school, a student absent for more than 3 consecutive days because of a personal illness must bring a statement from a doctor or health clinic verifying the illness or condition that caused the absence. Otherwise, the absence may be considered unexcused and in violation of compulsory attendance laws.

Should the student develop a questionable pattern of absences, the principal or attendance committee may require a statement from a doctor or health clinic verifying the illness or condition that caused the absence to determine whether an absence will be excused or unexcused.

Certification of Absence Due to Severe Illness or Treatment

If a student is absent because of a serious or life-threatening illness or related treatment that makes a student's attendance infeasible, a parent must provide certification from a physician licensed to practice in Texas specifying the student's illness and the anticipated period of absence related to the illness or treatment on the district's form. A parent may access the required form by contacting Liz Shaw, Secondary Lead Nurse, at 254-761-5650.

Driver License Attendance Verification (Secondary Grade Levels Only)

A currently enrolled student seeking a driver's license shall submit the Texas Department of Public Safety Verification of Enrollment and Attendance Form (VOE), signed by the parent, to the campus central office at least 10 days before it is needed. The district will issue a VOE only if the student meets class credit or attendance requirements. The VOE form is available at: <https://www.tdlr.texas.gov/driver/forms/VOE.pdf>.

Further information may be found on the Texas Department of Public Safety website: <https://www.dps.texas.gov/section/driver-license/how-apply-texas-driver-license-teen>.

See **Compulsory Attendance—Exemptions for Secondary Grade Levels** in this document for information on excused absences for obtaining a learner license or driver's license.

Accountability under State and Federal Law (All Grade Levels)

MISD and each of its campuses are held to certain standards of accountability under state and federal law. A key component of accountability is the dissemination and publication of certain reports and information, including:

- The Texas Academic Performance Report (TAPR) for the district, compiled by the Texas Education Agency (TEA), based on academic factors and ratings;
- A School Report Card (SRC) for each campus in the district, compiled by TEA;
- The district's financial management report, which includes the financial accountability rating assigned to the district by TEA; and
- Information compiled by TEA for the submission of a federal report card that is required by federal law.

Accountability information can be found on the district's website at www.midwayisd.org. Hard copies of any reports are available upon request to the district's administration office.

TEA maintains additional accountability and accreditation information at [TEA Performance Reporting Division](#).

Armed Services Vocational Aptitude Battery Test (Grades 10–12)

A student in grades 10–12 will be offered an opportunity to take the Armed Services Vocational Aptitude Battery test and consult with a military recruiter.

The test shall be offered in the Distance Learning Center at the high school see the [2026-2027 District Assessment Calendar](#) for details.

You may also contact the assessment office for information about this opportunity.

Awards and Honors (All Grade Levels)

Awards and honors vary for each campus in Midway ISD. Student excellence in many different endeavors is awarded and honored. For specific information, contact the campus office.

Bullying (All Grade Levels)

The district strives to prevent bullying, in accordance with the district's policies, by promoting a respectful school climate; encouraging reporting of bullying incidents, including anonymous reporting; and investigating and addressing reported bullying incidents.

Bullying is defined in state law as a single significant act or a pattern of acts by one or more students directed at another student that exploits an imbalance of power and involves engaging in written or verbal expression, expression through electronic means, or physical conduct that:

- Has the effect or will have the effect of physically harming a student, damaging a student's property, or placing a student in reasonable fear of harm to the student's person or of damage to the student's property;
- Is sufficiently severe, persistent, or pervasive enough that the action or threat creates an intimidating, threatening, or abusive educational environment for a student;
- Materially and substantially disrupts the educational process or the orderly operation of a classroom or school; or
- Infringes on the rights of the victim at school.

Bullying includes cyberbullying. Cyberbullying is defined in state law as bullying that is done through the use of any electronic communication device, including through the use of:

- A cellular or other type of telephone
- A computer

- A camera
- Electronic mail
- Instant messaging
- Text messaging
- A social media application
- An internet website
- Any other internet-based communication tool.

Bullying is prohibited by the district and could include:

- Hazing
- Threats
- Taunting
- Teasing
- Confinement
- Assault
- Demands for money
- Destruction of property
- Theft of valued possessions
- Name-calling
- Rumor-spreading
- Ostracism.

The district will integrate into instruction research-based content designed to reduce bullying that is appropriate for students' age groups.

Students in elementary grades will participate in:

- Instruction designed so that students can recognize bullying behaviors and how to report them
- Age-appropriate discussions that encourage peers to intervene when they observe bullying occur
- Instruction that characterizes bullying as a behavior that results from the student's need to acquire more mature social or coping skills, not an unchangeable trait

Students in secondary grades will participate in:

- Instruction on the brain's ability to change and grow so the student recognizes bullying behavior can come from a developmental need to acquire more social skills, can change when the brain matures and learns better ways of coping, and is not an unchangeable trait
- Discussions that portray bullying as undesirable behavior and a means for attaining or maintaining social status at school, and that discourage students from using bullying as a tool for social status
- Instruction designed so that students recognize the role that reporting bullying behaviors plays in promoting a safe school community

The district will use an age-appropriate survey regarding school culture that includes relevant questions on bullying to identify and address student concerns.

Each campus has a committee that addresses bullying by focusing on prevention efforts and health and wellness initiatives. The committee will include parents and secondary students. For more information on this committee, including interest in serving on the committee, contact the campus principal.

If a student believes that he or she has experienced bullying or witnesses the bullying of another student, the student or parent should notify a teacher, school counselor, principal, or another district employee as soon as possible. Procedures for reporting allegations of bullying may be found on the district's website.

A student may anonymously report an alleged incident of bullying by 1) reporting to the assistant principal or counselor's office; 2) completing a [MISD Bullying Report](#) to email, send through mail, or hand-deliver to the campus; or 3) reporting to [WeTip](#).

The administration will investigate any allegations of bullying and related misconduct. The district will also provide notice to the parent of the alleged victim and the parent of the student alleged to have engaged in bullying.

If an investigation determines that bullying occurred, the administration will take appropriate disciplinary action and may, in certain circumstances, notify law enforcement. Disciplinary or other action may be taken even if the conduct did not meet the definition of bullying.

Available counseling options will be provided to the affected individuals, including any student who witnessed the bullying.

Any retaliation against a student who reports an incident of bullying is prohibited.

Upon recommendation of the administration, the board may transfer a student found to have engaged in bullying to another classroom at the campus. In consultation with the student's parent, the board may transfer the student to another campus in the district.

The parent of a student who has been determined to be a victim of bullying may request that the student be transferred to another classroom or campus within the district. [See **Safety Transfers/Assignments** in this document.]

A copy of the district's bullying policy is available in the principal's office, superintendent's office, and on the district's website, and is included at the end of this handbook as an appendix.

A student or parent who is dissatisfied with the outcome of an investigation may appeal through policy FNG(LOCAL).

[See **Safety Transfers/Assignments** in this document, **Dating Violence, Discrimination, Harassment, and Retaliation** in this document, **Hazing** in this document, policy FFI, the district's Student Code of Conduct, and the district improvement plan, a copy of which can be viewed in the campus office.]

Career and Technical Education (CTE) and Other Work-Based Programs (Secondary Grade Levels Only)

The district offers career and technical education programs in the following areas: agricultural and veterinary science, business education, engineering, graphics and AV, education and training, hospitality and tourism, human services, IT, law, and health science. Each programmatic area focuses on preparing students for careers after high school, which may lead directly to industry or further post-secondary educational opportunities by reinforcing local job market opportunities and real-world experiences to enrich the student experience.

Admission to these programs is based on student choice. Midway ISD does not discriminate on the basis of race, color, national origin, sex, or disability in its programs or activities and provides equal access to the Boy Scouts and other designated youth groups.

[See **Nondiscrimination Statement** in this document for the name and contact information for the Title IX coordinator and ADA/Section 504 coordinator.]

The district will take steps to assure that lack of English language skills will not be a barrier to admission or participation in all educational and vocational programs.

For information about your rights or grievance procedures, contact the Title IX coordinator and the ADA/Section 504 coordinator.

Celebrations (All Grade Levels)

Although a parent or grandparent may provide food to share for a school-designated function or for a student's birthday, please be aware that children in the school may have severe allergies to certain food products. Therefore, it is imperative to discuss any classroom allergies with the teacher before bringing food to share.

At the elementary level, you may send a treat with your child to share with his/her classmates. Birthday treats need to be ready to serve in individual portions such as a bag of cookies or a cupcake. Due to possible food allergies, all products must be store bought and have the attached ingredients list. For your convenience, MISD Food Services offers an [Ice Cream Party](#).

Occasionally, the school or a class may host functions or celebrations tied to the curriculum that involve food. The school or teacher will notify students and parents of any known food allergies when soliciting potential volunteers to provide food. [See **Food Allergies** in this document.]

Child Abuse, Neglect, School Staff Misconduct, Trafficking, and Other Maltreatment of Children (All Grade Levels)

The district has established a plan for addressing child abuse, neglect, [school staff misconduct](#), trafficking, and other maltreatment of children, [which may be initiated by contacting the Department of Family and Protective Services \(DFPS\)/Child Protective Services \(CPS\)](#). The plan is available at www.midwayisd.org. Abuse includes physical abuse, including sexual abuse, and psychological and emotional abuse. Trafficking includes both sex and labor trafficking.

Duty to Report

Anyone who suspects that a child has been or may be abused or neglected has a legal responsibility, under state law, to report the suspected abuse or neglect to law enforcement or to Child Protective Services (CPS). See below for information about how to report and respond to allegations of child abuse or neglect.

Possible Warning Signs of Child Abuse, Neglect, School Staff Misconduct, Trafficking, and Other Maltreatment of Children

Physical abuse

Possible warning signs of physical abuse include:

- Frequent injuries such as bruises, cuts, black eyes, or burns without adequate explanations
- Frequent complaints of pain without apparent injury
- Burns or bruises in unusual patterns that may indicate the use of an instrument or human bite; cigarette burns on any part of the body
- Lack of reaction to pain
- Extreme fear of going home or seeing parents

- Injuries that appear after a child has not been seen for several days
- Unseasonable clothing that may hide injuries to arms or legs

Sexual Abuse

Possible warning signs of sexual abuse include:

- Physical signs of sexually transmitted diseases
- Evidence of injury to the genital area
- Pregnancy in a young girl
- Difficulty in sitting or walking
- Extreme fear of being alone with adults of a certain sex
- Sexual comments, behaviors, or play beyond what is considered age-appropriate behavior
- Knowledge of sexual relations beyond what is expected for a child's age
- Sexual victimization of other children

Children and adolescents who have experienced dating violence may show similar physical, behavioral, and emotional warning signs. [See Dating Violence, Discrimination, Harassment, and Retaliation (All Grade Levels) and Consent to Instruction on Prevention of Child Abuse, Family Violence, Dating Violence, and Sex Trafficking.]

Emotional Abuse

Possible warning signs of emotional abuse include:

- Over-compliance or low self-esteem caused by scapegoating or verbal abuse by caregivers
- Severe depression, anxiety, or aggression
- Lag in physical, emotional, and intellectual development
- Indicators of a caregiver who belittles the child, withholds love, and seems unconcerned about the child's problems
- Significant changes to behavior, such as withdrawal or over-aggression
- Significant changes to weight, such as substantial weight gain or weight loss

Neglect

Possible warning signs of neglect include:

- Obvious malnourishment
- Consistent lack of personal hygiene that poses a health risk
- Stealing or begging for food
- Child unattended for long periods of time
- Unaddressed need for dental care or other medical attention

School Staff Misconduct

Possible warning signs of school staff misconduct include:

- Inappropriate boundaries or communications with a student, including inappropriate relationships
- Violating school or district communication policies, such as improper use of messaging apps or social media
- Showing favoritism toward certain students in a way that compromises fairness or student well being
- Creating, using, or sharing inappropriate AI-generated images involving students or staff
- Neglecting, abusing, or physically harming a student

- Providing alcohol or drugs to a student
- Being under the influence of alcohol or drugs while on school property or during school events
- Possessing a weapon on school property or during school activities
- Committing a felony
- Engaging in fraudulent or deceptive practices involving the school system or State Board of Education Certification (SBEC)

Description and Warning Signs of Trafficking

Child trafficking of any sort is prohibited by the Penal Code. Sex trafficking involves forcing a person, including a child, into sexual abuse, assault, indecency, prostitution, or pornography. Labor trafficking involves forcing a person, including a child, to engage in forced labor or services.

Traffickers are often trusted members of a child's community, such as friends, romantic partners, family members, mentors, and coaches, although traffickers frequently make contact with victims online.

Possible warning signs of sexual trafficking in children include:

- Changes in school attendance, habits, friend groups, vocabulary, demeanor, and attitude;
- Sudden appearance of expensive items (for example, manicures, designer clothes, purses, technology);
- Tattoos or branding;
- Refillable gift cards;
- Frequent runaway episodes;
- Multiple phones or social media accounts;
- Provocative pictures posted online or stored on the phone;
- Unexplained injuries;
- Isolation from family, friends, and community; and
- Older boyfriends or girlfriends.

Additional warning signs of labor trafficking in children include:

- Being unpaid, paid very little, or paid only through tips;
- Being employed but not having a school-authorized work permit;
- Being employed and having a work permit but clearly working outside the permitted hours for students;
- Owing a large debt and being unable to pay it off;
- Not being allowed breaks at work or being subjected to excessively long work hours;
- Being overly concerned with pleasing an employer and/or deferring personal or educational decisions to a boss;
- Not being in control of his or her own money;
- Living with an employer or having an employer listed as a student's caregiver; and
- A desire to quit a job but not being allowed to do so.

Reporting and Responding to Child Abuse, Neglect, Trafficking, and Other Maltreatment of Children

A child who has experienced any type of abuse or neglect should be encouraged to seek out a parent or trusted adult. Children may be reluctant to disclose abuse and may only disclose sexual abuse indirectly. As a parent or trusted adult, it is important to be calm and comforting if

your child or another child confides in you. Reassure the child that he or she did the right thing by telling you.

If your child is a victim of abuse, neglect, trafficking, or other maltreatment, the school counselor or principal will provide information on counseling options for you and your child available in your area. The Texas Department of Family and Protective Services (DFPS) also manages early intervention counseling programs.

To find out what services may be available in your county, see [Texas Department of Family and Protective Services, Programs Available in Your County](#).

Reports of abuse, trafficking, or neglect may be made to the CPS division of the DFPS at 1-800-252-5400 or on the web at [Texas Abuse Hotline Website](#).

Further Resources on Sexual Abuse, Trafficking, and Other Maltreatment of Children

The following websites might help you become more aware of child abuse and neglect, sexual abuse, trafficking, and other maltreatment of children:

- [Child Welfare Information Gateway](#)
- [KidsHealth, For Parents, Child Abuse](#)
- [Office of the Texas Governor's Child Sex Trafficking Team](#)
- [Human Trafficking of School-aged Children](#)
- [Child Sexual Abuse: A Parental Guide from the Texas Association Against Sexual Assault](#)
- [National Center of Safe Supportive Learning Environments: Child Labor Trafficking](#)

Class Rank/Highest-Ranking Student (Secondary Grade Levels Only)

The District shall include in the calculation of class rank semester grades earned in high school credit courses taken in grades 9–12 only, unless excluded below. The calculation shall include failing grades. The calculation of class rank shall exclude grades earned in pass/fail courses; college classes; distance learning courses; off-campus physical education courses; or through credit by examination, with or without prior instruction. Edgenuity is the district approved online curriculum and any courses taken via MISD Edgenuity do not count as correspondence courses and will be calculated in a student's GPA. The District shall categorize and weigh eligible courses as Level III, Level II, and Level I in accordance with provisions of this policy and as designated in the student handbook and other appropriate District publications.

Eligible Advanced Placement (AP) shall be categorized and weighted as Level III courses. Eligible Honors, as designated by MISD, and dual credit courses shall be categorized and weighted as Level II courses. All other eligible courses shall be categorized and weighted as Level I courses.

The District shall assign weights to semester grades and shall calculate a weighted numerical grade average in accordance with the following scale:

Category	Weight
Level III	Multiplied by 1.15

Level II	Multiplied by 1.10
Level I	Multiplied by 1.00

The District shall record unweighted numerical grades on student transcripts.

When a student transfers grades for properly documented courses and the District has accepted the credit, the District shall assign weight to those grades based on the categories and grade weight system used by the District if similar or equivalent courses are offered to the same class of students in the District. For the purpose of determining honors to be conferred during graduation activities, the District shall calculate class rank at the end of the spring semester of the senior year (i.e., the end of the final school year).

Grades received in May for dual credit courses shall also be included in the calculation. For the purpose of applications to institutions of higher education, the District shall also calculate class rank as required by state law. The District's eligibility criteria for local graduation honors shall apply only for local recognition and shall not restrict class rank for the purpose of automatic admission under state law.

The valedictorian and salutatorian shall be the eligible students with the highest and second highest rank, respectively. In case of a tie for valedictorian, the students involved in the tie shall be named covaldictorians, with no one being named salutatorian.

To determine rank for scholarship purposes between the covaldictorians, the student with the longest continuous enrollment in the District shall be ranked number one.

In the event of a tie still existing after attendance is considered, the tie shall be broken by a drawing for rank with the order of the draw being determined by alphabetical order according to last names.

In case of a tie existing for the position of salutatorian, the same tie-breaking process shall be followed as is prescribed for the position of valedictorian.

To be eligible for such recognition, a student must:

1. Have been continuously enrolled in the District high school for the two semesters immediately preceding graduation; and
2. Have completed the Foundation High School Program with an Endorsement and the Distinguished Level of Achievement.

The student meeting the local eligibility criteria for recognition as the valedictorian shall also be considered the highest-ranking graduate for purposes of receiving the honor graduate certificate from the state of Texas.

[See policy EIC for more information.]

Class Rank/GPA Exemption Form (Juniors and Seniors Only)

In an effort to encourage high-achieving students to continue participation in elective courses such as athletics, fine arts, and CTE during their junior and senior years, Midway ISD has

developed a policy allowing students to request certain courses be excluded from GPA/Class Rank calculations.

Students must complete the Course Exemption Request form and submit it to the MHS Counseling Office NO LATER THAN 11:59 p.m. on the first Friday in September.

If a student enrolls into the school district after the initial opportunity to submit an exemption request, they are eligible to submit an exemption request effective for the second semester. This request must be submitted by 4:00 p.m. on the 5th school day of the second semester.

Class Schedules (Secondary Grade Levels Only)

All students are expected to attend school for the entire school day and maintain a full class schedule. Exceptions may be made occasionally by the campus principal for students in grades 9–12 who meet specific criteria and receive parental consent to enroll in less than a full-day schedule.

[See **Schedule Changes** in this document for information related to student requests to revise their course schedule.]

College and University Admissions and Financial Aid (All Grade Levels)

For two school years following graduation, a district student who graduates as valedictorian or in the top ten percent of his or her class is eligible for automatic admission into four-year public universities and colleges in Texas if the student meets one of the following:

- Completes the distinguished level of achievement under the foundation graduation program (a student must graduate with at least one endorsement and must have taken Algebra II as one of the four required math courses); or
- Satisfies the ACT College Readiness Benchmarks or earns at least a 1500 out of 2400 on the SAT.
- Beginning in the fall of 2028, achieves a score set by the Texas Higher Education Coordinating Board on a college entrance examination designated by coordinating board rules.

The student is ultimately responsible for meeting the admission requirements of the university or college, including timely submission of a completed application.

If a college or university adopts an admissions policy that automatically accepts the top 25 percent of a graduating class, the provisions above will also apply to a student ranked in the top 25 percent of his or her class.

The University of Texas at Austin may limit the number of automatically admitted students to 75 percent of the University's enrollment capacity for incoming resident freshmen. From the summer/fall 2026 term through the spring 2027 term, the University will admit the top five percent of a high school's graduating class who meet the above requirements. Additional applicants will be considered by the University through a holistic review process.

As required by law, the district will provide written notice concerning:

- Automatic college admission
- Curriculum requirements for financial aid
- Benefits of completing the requirements for automatic admission and financial aid

- The Texas First Early High School Completion Program, which requires a student to provide an official copy of assessment results and transcripts, as applicable, to receive credit for the assessments and credits required for early graduation under the program
- The Texas First Scholarship Program
- The Future Texas Teachers Scholarship Program

Parents and students will be asked to sign an acknowledgment that they received this information.

Students and parents should contact the school counselor for further information about automatic admissions, the application process, and deadlines.

[See **Class Rank/Highest-Ranking Student** in this document for information specifically related to how the district calculates a student's rank in class, and requirements for **Graduation** in this document for information associated with the foundation graduation program.]

[See **Students in the Conservatorship of the State (Foster Care)** in this document for information on assistance in transitioning to higher education for students in foster care.]

College Credit Courses (Secondary Grade Levels Only)

Students in grades 9–12 may earn college credit through the following opportunities:

- Certain courses taught at the high school campus, which may include courses termed dual credit, On Ramps, Advanced Placement (AP)
- Enrollment in AP or dual credit courses through the virtual or hybrid courses offered by the district or another district or school
- Enrollment in courses taught in conjunction and in partnership with Baylor, MCC, and TSTC which may be offered on or off campus
- Enrollment in courses taught at other colleges or universities

All of these methods have eligibility requirements and must be approved prior to enrollment in the course. Please see the school counselor for more information. Depending on the student's grade level and the course, a state-mandated end-of-course assessment may be required for graduation.

Dual Credit Disability Services: In order to receive services from McLennan Community College Disability Services for Dual Credit Enrollment courses, students must follow the application process established for all McLennan Community College students. Students are responsible for providing McLennan Community College with all required documentation, and the documentation submitted will be reviewed by the McLennan Community College Disabilities Specialist to determine eligibility. The Midway High School Dual Credit Liaison will maintain documentation signed by students and parents indicating the student's intent to apply for accommodations through McLennan Community College. Students who receive accommodations through the college will be contacted throughout each semester by college staff to ensure accommodations are being followed. Additionally, the MHS Dual Credit Liaison will touch base with students throughout each semester who indicated intent to apply for accommodations in order to ensure accommodations are being met. Parents and/or students need to notify the MHS Dual Credit Liaison with any concerns regarding the implementation of accommodations in dual credit courses.

It is important to keep in mind that not all colleges and universities accept credit earned in all dual credit, OnRamps, or AP courses taken in high school for college credit. Students and

parents should check with the prospective college or university to determine if a particular course will count toward the student's desired degree plan.

Under the Financial Aid for Swift Transfer (FAST) program, a student may be eligible to enroll at no cost to the student in dual credit courses at a participating institution of higher education. The FAST program allows students who are or have been educationally disadvantaged at any time during the four years preceding the student's enrollment in a dual credit course to enroll at no cost to the student. The district will determine eligibility upon the student's enrollment in the dual credit course. Contact the high school counselor's office for more information.

A student may be eligible for subsidies based on financial need for AP or IB exam fees. See Fees (All Grade Levels) in this document for more information.

A student may also earn college credit for certain Career and Technical Education (CTE) courses. See Career and Technical Education (CTE) and Other Work-Based Programs (Secondary Grade Levels Only) in this document for information on CTE and other work-based programs.

Communications (All Grade Levels)

Parent Contact Information

A parent is legally required to provide in writing the parent's contact information, including address, phone number, and email address.

A parent must provide the contact information to the district upon enrollment and again within two weeks after the beginning of each following school year while the student is enrolled in the district.

If the parent's contact information changes during the school year, the parent must update the information in writing no more than two weeks after the date the information changes.

A parent may update contact information by contacting the campus office and completing an update form.

Automated Emergency Communications

The district will rely on contact information on file with the district to communicate with parents in an emergency situation, which may include real-time or automated messages. An emergency situation may include early dismissal, delayed opening, or restricted access to the campus due to severe weather, another emergency, or a security threat. It is crucial to notify your child's school when a phone number changes.

[See **Safety** in this document for information regarding contact with parents during an emergency situation.]

Automated Non Emergency Communications

Your child's school periodically sends information by automated or pre-recorded messages, text messages, or real-time phone or email communications that are closely related to the school's mission and specific to your child, your child's school, or the district.

Standard messaging rates of your wireless phone carrier may apply.

If you do not wish to receive such communications, please contact your child's principal. [See **Safety** in this document for information regarding contact with parents during an emergency.]

Complaints and Concerns (All Grade Levels)

Usually student or parent complaints or concerns can be addressed informally by a phone call or a conference with the teacher or principal.

For early resolution, always contact the appropriate personnel at the campus level.

- Classroom issues should first be addressed with the teacher, followed by the designated assistant principal and/or principal.
- Behavior or discipline issues should first be addressed to the designated assistant principal, followed by the principal.
- General issues should first be addressed to the principal.

For those complaints and concerns that cannot be resolved informally, the board has adopted a Student and Parent Complaints/Grievances policy FNG(LOCAL) in accordance with Education Code Chapter 26A. This policy describing the grievance process in detail is available in the district's online policy manual at <https://pol.tasb.org/Home/Index/860> and at the principal's or superintendent's office. To submit a grievance electronically, a parent may download the grievance/complaint form, complete the form, scan the form, and email it to AdministrativeServices@midwdaysd.org. Visit the [Administrative Services](#) website to access the forms.

In general, the written grievance form should be completed and submitted to the campus principal in a timely manner.

Grievances shall begin Level One with the superintendent's designee.

If the concern is not resolved, a parent or student may appeal to the superintendent or superintendent's designee.

If the concern is still unresolved, the district provides a process for parents and students to appeal to the board of trustees.

Hearings at each level will be conducted in accordance with the timelines established by law described in the district's policy at FNG(LOCAL).

Conduct (All Grade Levels)

Applicability of School Rules

The board has adopted a Student Code of Conduct that defines standards of acceptable behavior—on and off campus, during remote and in-person instruction, and on district vehicles—and outlines consequences for violation of these standards. The district has disciplinary authority over a student in accordance with the Student Code of Conduct. Students and parents should be familiar with the standards set out in the Student Code of Conduct, as well as campus and classroom rules.

During summer instruction, the Student Handbook and Student Code of Conduct in place for the school year immediately preceding the summer period shall apply, unless the district amends either or both documents for the purposes of summer instruction.

Campus Behavior Coordinator

Each campus principal serves as the campus behavior coordinator to apply discipline management techniques and administer consequences for certain student misconduct, as well as provide a point of contact for student misconduct. The contact information for each campus behavior coordinator is available on the district's website on each campus's page at www.midwayisd.org/schools. Campus Behavior Coordinators for each Midway ISD campus are listed below:

- Midway High School - Alison Smith
- Midway Middle School - Kayla Brown
- River Valley Middle School - Dr. Heather Metzgar
- Castleman Creek Elementary - Dr. Clint Glaesmann
- Chapel Park Elementary - Kim Hawkins
- Hewitt Elementary - Christy Watley
- Park Hill Elementary - Nicole Fanning
- South Bosque Elementary - Mandi Bronstad
- Spring Valley Elementary - Kristie Ingram
- Woodway Elementary - Dr. Nicole Grygar

Deliveries

Except in emergencies, delivery of messages or packages to students will not be allowed during instructional time. A parent may leave a message or a package, such as an occasional forgotten lunch from home, for the student to pick up from the front office during a passing period or lunch. Campuses do not accept and distribute restaurant items or food deliveries to students.

Demerits (Secondary Grade Levels Only)

In grades 6-12, the Midway Independent School District utilizes a Demerit System for dealing with major offenses that are not designated as expellable offenses in TEC 37.007. Demerits are cumulative over the course of the school year. Additional penalties may occur in addition to the issuance of demerits. Upon the issuance of a demerit, parents will be notified of the infraction(s) with a phone call and/or in writing. The administrator will conference with the student about the misbehavior that occurred and the consequences if further demerits are earned. When students move into the district, the discipline status for the current school year will be reviewed and aligned with Midway ISD standards and parents will be notified of that status.

Accrual of demerits **may** result in the following disciplinary actions:

- One Demerit - Student/Parent Conference
- Two Demerits - Student/Parent Conference, Out-of-school suspension or In-school suspension (ISS) as determined
- Three Demerits - Student/Parent conference, ISS assignment and/or up to three day OSS assignment
- Four Demerits - Student/Parent conference, DAEP Placement Conference with parent and student, ISS assignment and/or up to three day OSS assignment
- Five Demerits - Student/Parent conference, Recommended DAEP placement, ISS assignment and/or up to three day OSS assignment
- Six Demerits or More - Student/Parent conference, Additional demerits received while in DAEP may result in a student being recommended for expulsion.

Campus administrators and the campus behavior coordinator have the sole authority and discretion to assign disciplinary consequences for an accumulation of demerits.

Removal of Demerits Through Community Service – Community service at designated locations may be used to remove one demerit during the school year. Community Service information/packets can be obtained from the assistant principal's office. A demerit received for any of the following major offenses listed is not eligible for removal: drug/alcohol use or possession; possession of weapons; possession of pyrotechnics; possession or use of tobacco products; fighting; extortion, coercion or blackmail; or threats of physical violence. A middle school student must complete 12 hours of community service in order to have a demerit removed. A high school student must complete 24 hours of community service in order to have a demerit removed. While working off a demerit, the student must serve the disciplinary measures taken against the student (e.g. DAEP assignment, ISS, detentions).

Disruption of School Operations

Disruption of school operations is not tolerated and may constitute a misdemeanor offense. As identified by state law, disruptions include the following:

- Interference with the movement of people at an exit, entrance, or hallway of a district building without authorization from an administrator.
- Interference with an authorized activity by seizing control of all or part of a building.
- Use of force, violence, or threats in an attempt to prevent participation in an authorized assembly.
- Use of force, violence, or threats to cause disruption during an assembly.
- Interference with the movement of people at an exit or an entrance to district property.
- Use of force, violence, or threats in an attempt to prevent people from entering or leaving district property without authorization from an administrator.

Disruption of classes or other school activities while on or within 500 feet of district property includes:

- Making loud noises;
- Trying to entice a student away from, or to prevent a student from attending, a required class or activity; and
- Entering a classroom without authorization and disrupting the activity with loud or profane language or any misconduct.

Interference with the transportation of students in vehicles owned or operated by the district is also considered a disruption.

Social Events

School rules apply to all school social events. Guests attending these events are expected to observe the same rules as students, and a student inviting a guest will share responsibility for the conduct of his or her guest.

A parent interested in serving as a chaperone for any school social events should contact the campus principal.

Counseling

The district has a comprehensive school counseling program that includes:

- A guidance curriculum to help students develop their full educational potential, including the student's interests and career objectives;
- A responsive services component to intervene on behalf of any student whose immediate personal concerns or problems put the student's continued educational, career, personal, or social development at risk;
- An individual planning system to guide a student as the student plans, monitors, and manages the student's own educational, career, personal, and social development; and
- Systems to support the efforts of teachers, staff, parents, and other members of the community in promoting the educational, career, personal, and social development of students.

The district will make a preview of the program, including all materials and curriculum, available to parents to review during school hours.

Academic Counseling

Elementary and Middle/Junior High School Grade Levels

The school counselor will provide information to students and parents about college and university admissions and the importance of planning for postsecondary education, including appropriate coursework and financial aid availability and requirements.

In grade 8, each student will receive instruction on how best to prepare for high school, college, and a career.

High School Grade Levels

High school students and their parents are encouraged to talk with a school counselor, teacher, or principal to learn more about course offerings, graduation requirements, and early graduation procedures.

Each year, high school students will be provided information on anticipated course offerings for the next school year, how to make the most of academic and career and technical education (CTE) opportunities, and the importance of postsecondary education.

The school counselor will also provide information each year a student is enrolled in high school regarding:

- The importance of postsecondary education;
- The advantages of earning an endorsement and completing the foundation program with the distinguished level of achievement;
- The disadvantages of pursuing a high school equivalency exam (GED) as opposed to earning a high school diploma;
- Financial aid eligibility and how to apply for financial aid;
- Automatic admission to state-funded Texas colleges and universities;
- Eligibility requirements for the TEXAS Grant;
- Availability of district programs that allow students to earn college credit;

- Availability of tuition and fee assistance for postsecondary education for students in foster care; and
- Availability of college credit awarded by institutions of higher education to veterans and military service members for military experience, education, and training.

Additionally, the school counselor can provide information about workforce opportunities after graduation or technical and trade school opportunities, including opportunities to earn industry-recognized certificates and licenses.

Personal Counseling (All Grade Levels)

The school counselor is available to assist students with a wide range of personal, social, and family concerns, including emotional or mental health issues and substance abuse. A student who wishes to meet with the school counselor should make an appointment with the counseling office. As a parent, if you are concerned about your child's mental or emotional health, please speak with the school counselor for a list of resources that may be of assistance.

If your child has experienced trauma, contact the school counselor for more information.

[See **Mental Health Support** in this document, and **Child Sexual Abuse, Neglect, School Staff Misconduct, Trafficking, and Other Maltreatment of Children** in this document and **Dating Violence** in this document.]

Course Credit (Secondary Grade Levels Only)

A student at any grade level enrolled in a high school course will earn credit for the course only if the final grade is 70 or above. For a two-part (two-semester, 1-credit course), the student's grades from both halves (semesters) will be averaged and credit will be awarded if the combined average is 70 or above. If the student's combined average is less than 70, the student will be awarded credit only for the half (semester) with the passing grade.

Credit by Examination—If a Student Has Taken the Course/Subject (Grades 6–12)

A student who has previously taken a course or subject but did not receive credit or a final grade for it may, in circumstances determined by the principal or attendance committee, be permitted to earn credit or a final grade by passing an examination approved by the district's board of trustees on the essential knowledge and skills defined for that course or subject.

Examples of prior instruction include incomplete coursework due to a failed course or excessive absences, homeschooling, or coursework by a student transferring from a nonaccredited school. The opportunity to earn credit by examination after the student has had prior instruction is sometimes referred to as "credit recovery."

The attendance review committee may also offer a student with excessive absences an opportunity to earn credit for a course by passing an examination.

If a student is granted approval to take an examination for credit, the student must score at least 70 on the examination to receive credit for the course or subject.

[See the school counselor and policy EHDB(LOCAL) for more information.]

Credit by Examination for Advancement/Acceleration—If a Student Has Not Taken the Course/Subject

A student will be permitted to earn credit by examination for an academic course or subject area for which the student had no prior instruction for advancement or to accelerate to the next grade level.

The examinations offered by the district are approved by the district's board of trustees. Testing windows for these examinations will be published in district publications and on the district's website. A student may take a specific examination only once per testing window.

The only exceptions to the published testing windows will be for examinations administered by another entity or to accommodate a student experiencing homelessness or a student involved in the foster care system.

When another entity administers an examination, the student and the district must comply with the testing schedule of the other entity.

If a student plans to take an examination, the student or parent must register with the school counselor no later than 30 days prior to the scheduled testing date. [See policy EHDC for more information.]

Kindergarten Acceleration

In accordance with State Board rules, the Board shall approve procedures developed by the Superintendent or designee to allow a child who is five years old at the beginning of the school year to be assigned initially to grade 1 rather than kindergarten. Criteria for acceleration may include:

- Scores on readiness tests or achievement tests that may be administered by appropriate District personnel.
- Recommendation of the kindergarten or preschool the student has attended.
- Chronological age and observed social and emotional development of the student.
- Other criteria deemed appropriate by the principal and Superintendent.

Students in Grades 1–5

A student in elementary school is eligible to accelerate to the next grade level if the student meets all of the following requirements:

- The student scores at least an 80 on each examination in the subject areas of language arts, mathematics, science, and social studies;
- A district administrator recommends that the student be accelerated; and
- The student's parent gives written approval of the grade advancement.

Students in Grades 6–12

A student in grade 6 or above is eligible to earn course credit if the student meets one of the following criteria:

- A passing score of at least 80 on an examination approved by the board; or
- A scaled score of 50 or higher on an examination administered through the College Level Examination Program (CLEP), or
- A score of 3 or higher on an AP examination, as applicable.

A student may take an examination to earn high school course credit no more than twice. If a student fails to achieve the designated score on the applicable exam before the beginning of the

school year in which the student would need to enroll in the course according to the school's high school course sequence, the student must complete the course.

Dating Violence, Discrimination, Harassment, and Retaliation (All Grade Levels)

Students learn best, and their welfare is best served, in a school environment that is free from dating violence, discrimination, harassment, and retaliation.

Students are expected to treat peers and district employees with courtesy and respect, avoid offensive behaviors, and stop those behaviors as directed. District employees are likewise expected to treat students with courtesy and respect.

The board has established policies and procedures to prohibit and promptly address inappropriate and offensive behaviors that are based on a person's race, color, religion, sex, gender, national origin, age, disability, or any other basis prohibited by law. A copy of the district's policy is available in the principal's office and in the superintendent's office. [See policy FFH for more information.]

Dating Violence

Dating violence occurs when a person in a current or past dating relationship uses physical, sexual, verbal, or emotional abuse to harm, threaten, intimidate, or control the other person in the relationship or any of the person's past or subsequent partners. This type of conduct is considered harassment if it is so severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; or substantially interferes with the student's academic performance.

Examples of dating violence against a student may include, but are not limited to:

- Physical or sexual assaults;
- Name-calling;
- Put-downs;
- Threats to hurt the student, the student's family members, or members of the student's household;
- Destroying property belonging to the student;
- Threats to die by suicide or homicide if the student ends the relationship;
- Threats to harm a student's past or current dating partner;
- Attempts to isolate the student from friends and family;
- Stalking; or
- Encouraging others to engage in these behaviors.

A [flier](#) from the Texas Attorney General's office includes information on recognizing and responding to dating violence, including contact information for help. The counselor's office has additional information about the dangers of dating violence and resources for seeking help.

For more information on dating violence, see the CDC's [Preventing Teen Dating Violence](#).

Discrimination

Discrimination is defined as any conduct directed at a student on the basis of race, color, religion, sex, gender, national origin, age, disability, or any other basis prohibited by law that negatively affects the student.

Harassment

Harassment, in general terms, is conduct so severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; or substantially interferes with the student's academic performance.

Examples of harassment may include, but are not limited to:

- Offensive or derogatory language directed at a person's religious beliefs or practices, accent, skin color, or need for accommodation;
- Threatening, intimidating, or humiliating conduct;
- Offensive jokes, name-calling, slurs, or rumors;
- Physical aggression or assault;
- Graffiti or printed material promoting racial, ethnic, or other negative stereotypes; or
- Other kinds of aggressive conduct such as theft or damage to property.

Sexual Harassment and Sex-Based Harassment

Sexual harassment and sex-based harassment of a student by an employee, volunteer, or another student are prohibited.

Examples of sexual harassment may include, but are not limited to:

- Touching private body parts or coercing physical contact that is sexual in nature;
- Sexual advances;
- Jokes or conversations of a sexual nature; and
- Other sexually motivated conduct, communications, exchanges, or contact.

Sexual harassment of a student by an employee or volunteer does not include necessary or permissible physical contact that a reasonable person would not construe as sexual in nature, such as comforting a child with a hug or taking the child's hand. However, romantic, sexual, and other inappropriate social relationships between students and district employees are prohibited, even if consensual.

Pregnancy or Related Conditions

The district does not discriminate on the basis of pregnancy or a related condition. Please contact Joy Pfanner at 254-761-5677 for pregnancy related accommodations.

Retaliation

Retaliation against a person who makes a report or participates in an investigation of discrimination, harassment, or dating violence is prohibited.

Reporting Procedures

Any student who believes that he or she has experienced dating violence, discrimination, harassment, or retaliation should immediately report the problem to a teacher, school counselor, principal, or other district employee. The report may be made by the student's parent. [See policy FFH and FFH (EXHIBIT) for other appropriate district officials to whom to make a report.]

Upon receiving a report, the district will determine whether the allegations, if proven, constitute prohibited conduct as defined by policy FFH. If not, the district will refer to policy FFI to determine whether the allegations, if proven, constitute bullying, as defined by law and policy

FFI. If the alleged prohibited conduct also meets the statutory and policy definitions for bullying, an investigation of bullying will also be conducted. [See **Bullying** in this document]

The district will promptly notify the parent of any student alleged to have experienced prohibited conduct involving an adult associated with the district. In the event alleged prohibited conduct involves another student, the district will notify the parent of the student alleged to have experienced the prohibited conduct when the allegations, if proven, would constitute a violation as defined by policy FFH.

Investigation of Report

Allegations of prohibited conduct, which includes dating violence, discrimination, harassment, and retaliation, will be promptly investigated.

To the extent possible, the district will respect the privacy of the student. However, limited disclosures may be necessary to conduct a thorough investigation and comply with law.

If a law enforcement or other regulatory agency notifies the district that it is investigating the matter and requests that the district delay its investigation, the district will resume its investigation at the conclusion of the agency's investigation.

During an investigation and when appropriate, the district will take interim action to address the alleged prohibited conduct.

If the district's investigation indicates that prohibited conduct occurred, appropriate disciplinary action and, in some cases, corrective action will be taken to address the conduct. The district may take disciplinary and corrective action even if the conduct was not unlawful.

All involved parties will be notified of the outcome of the district investigation within the parameters and limits allowed under the Family Educational Rights and Privacy Act (FERPA).

A student or parent who is dissatisfied with the outcome of the investigation may appeal in accordance with policy FNG(LOCAL).

Discrimination

[See **Dating Violence, Discrimination, Harassment, and Retaliation** in this document.]

Distance Learning (All Grade Levels)

Distance learning and correspondence courses include courses that encompass the state-required essential knowledge and skills but are taught through multiple technologies and alternative methodologies such as mail, satellite, internet, video-conferencing, and instructional television.

Students may take up to two full credits of correspondence courses but must have prior approval from their counselor in order to begin correspondence courses that have been vetted by MISD. The calculation of class rank shall exclude grades earned in correspondence courses.

Edgenuity, identified as distance learning courses on the transcript, is the district approved online curriculum and any courses taken via MISD Edgenuity do not count as correspondence courses and will be calculated in a student's GPA.

[See **Remote Instruction**]

Virtual and Hybrid Instruction

A student has the option, with certain limitations, to enroll in virtual or hybrid instruction through virtual or hybrid courses offered by the district or by another district or school to earn course credit for graduation.

Depending on the virtual or hybrid course in which a student enrolls, the course may be subject to the “no pass, no play” rules. [See **Extracurricular Activities, Clubs, and Organizations** in this document.] In addition, a student who enrolls in a virtual or hybrid course for which an end-of-course (EOC) assessment is required must still take the corresponding EOC assessment.

A parent may ask questions or request that their child be enrolled in a virtual or hybrid course offered by the district by contacting the school counselor.

A copy of policy EHDE addressing distance learning will be distributed to parents of middle and high school students at least once each year. If you do not receive a copy or have questions about this policy, please contact the campus principal.

Distribution of Literature, Published Materials, or Other Documents (All Grade Levels)

School Materials

Publications prepared by and for the school may be posted or distributed, with the prior approval of the principal, sponsor, or teacher. Such items may include school posters, newspapers, yearbooks, brochures, flyers, etc.

All school publications are under the supervision of a teacher, sponsor, and the principal.

Non School Materials

From Students

Students must obtain prior approval from the principal before selling, posting, circulating, or distributing more than 10 copies of written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials that were not developed under the oversight of the school. To be considered, any nonschool material must include the name of the sponsoring person or organization. Approval will be granted or denied within two school days.

The principal has designated the “Make Available Area” as the location for approved nonschool materials to be placed for voluntary viewing or collection by students. [See policy FNAA for more information.]

A student may appeal a decision in accordance with policy FNG(LOCAL). Any student who sells, posts, circulates, or distributes nonschool material without prior approval will be subject to disciplinary action in accordance with the Student Code of Conduct. Materials displayed without approval will be removed.

[See policy FNG(LOCAL) for student complaint procedures.]

From Others

No person or group will sell, circulate, distribute, or post on any district premises written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials that is not sponsored by the district or by a district-affiliated school-support organization, except as permitted by policy GKDA.

Midway ISD's Limited Open Forum for voluntary viewing of non-school materials is hosted online at www.midwayisd.org/CommunityBoard.

Prior review will not be required for:

- Distribution of materials by an attendee to other attendees of a school-sponsored meeting intended for adults and held after school hours.
- Distribution of materials by an attendee to other attendees of a community group meeting held after school hours in accordance with policy GKD(LOCAL) or a non curriculum-related student group meeting held in accordance with policy FNAB(LOCAL).
- Distribution for electioneering purposes during the time a school facility is being used as a polling place, in accordance with state law.

All nonschool materials distributed under these circumstances must be removed from district property immediately following the event at which the materials are distributed.

Dress and Grooming (All Grade Levels)

The District's dress code is established to teach grooming and hygiene, prevent disruption, minimize safety hazards, prepare students for the workforce, and teach respect for the educational environment. School is a place of business, not a social club. Therefore, the dress and grooming of a student should reflect the serious intent of one who is going to work with an important job to do. Accordingly, dress and grooming standards should promote a businesslike atmosphere that is comfortable, but not too casual, free from disruption, easily enforced by teachers and administrators so as not to take away from instruction, and easily self-monitored so that students and parents can ensure that the standards are met prior to the student coming to school. The District prohibits any clothing or grooming that, in the principal's judgment, may reasonably be expected to cause disruption of or interference with normal school operations. Students and parents may determine a student's personal dress and grooming standards, provided that they comply with the following:

- Clothing should be worn for the purpose for which it was designed. Pajamas and sleepwear are not allowed.
- Articles of clothing with suggestive writing or pictures, or inappropriate advertising, slogans, or symbols are prohibited.
- Students will not wear or have in their possession items that are inappropriate for school.
- Any clothing which may relate to gang symbols is prohibited.
- Shoes must be worn at all times. House shoes, cleated shoes, or any shoes that mark or damage floor coverings, are not allowed.
- Caps, hats, visors, head coverings, and sunglasses are not to be worn inside school buildings.
- Hemlines on all dresses, skirts, and shorts must not be shorter than mid-thigh length (typically no shorter than 7" inseam).
- Pants may not have holes above mid-thigh length. No sagging pants are allowed.
- Tights, leggings, or spandex may only be worn with a shirt, skirt, dress, or shorts that cover both the front and the back (no sheer panels; no skin may show through).
- Jackets or coats must not be longer than mid-thigh length.
- Tank tops (less than two inches wide on the shoulder strap), halters, midriff tops, tube tops are not allowed. Open knit or unlined fishnet jerseys are not allowed unless they are worn over a T-shirt or blouse, or completely covered with a jacket. Shirts with sleeves cut out are not allowed.
- Excessively tight or baggy clothing is not allowed. All undergarments must be covered.

- Students' hair must be clean, neat, and well-groomed. Hairstyles must not obstruct the student's vision or a view of the student's face. Unnatural colors are not allowed.
- Piercing for the ear(s) and a single stud in the nose are allowed. Any other visible body piercings, including gauges, are not allowed.
- Visible tattoos or fake tattoos are not allowed. Tattoos or fake tattoos must be covered while attending school.
- No blankets may be brought to school.

SECONDARY-SPECIFIC GUIDELINES

- All secondary students must wear their MISD student ID at all times on their person and easily visible while on campus to comply with school regulations.
- All students must wear undergarments
- Tops which reveal cleavage or midriff are not allowed.
- Facial hair should be neat, clean, and closely trimmed.

If a campus administrator determines that a student's grooming or clothing violates the District's dress code, the student will be given an opportunity to correct the problem at school. If not corrected, the student may be assigned to in-school suspension for the remainder of the day, until the problem is corrected, or until a parent or designee brings an acceptable change of clothing to the school.

Repeated offenses may result in more serious disciplinary action in accordance with the Student Code of Conduct.

The Board of Trustees delegates to the campus principal the authority to make final determinations as to whether clothing or grooming is or is not within this Code. The ruling of the campus principal regarding compliance/noncompliance with this Code and corresponding consequences assigned for violation for the Code is final and may not be appealed to the Superintendent, his/her designee, or the Board.

Electronic Devices and Technology Resources (All Grade Levels)

Safe Use of Technology

The district is committed to ensuring that students use technology safely and will follow all federal and state requirements to protect students from excessive data collection or materials that are considered harmful to minors. The district considers parents as partners in cybersecurity and online safety.

In accordance with state and federal law, the district will:

- Install a filter that blocks and prohibits pornographic or obscene materials or applications, including from unsolicited pop-ups, installations, and downloads, before transferring an electronic device to a student to be used for an educational purpose.
- Block or filter students' internet access to pictures that are obscene, contain child pornography, or have been determined to be harmful to minors in accordance with the Children's Internet Protection Act (CIPA)
- Require direct and informed parental consent for a student's use of software, other than software excluded from the consent requirement by law [See Required State Testing and Standardized Testing.]
- Require direct and informed parental consent for a student's use of software that conducts mental health assessments or other assessments unrelated to education curricula that are intended to collect information about students [See Consent to Conduct a Psychological Evaluation.]

If you want to know more about partnering with the district regarding cybersecurity and online safety, or if you have complaints or concerns about student use of electronic devices please contact your student's campus principal.

[See **Textbooks, Electronic Textbooks, Technological Equipment, and Other Instructional Materials (All Grade Levels)**.]

Possession and Use of Personal Communications Devices, Including Cell Phones, and Other Electronic Devices

In accordance with state law, the district prohibits the use of a personal communication device (such as cell phones, tablets, and smartwatches) while on school property during the school day. For more information about permitted use in certain circumstances and disciplinary measures that apply to this prohibition, see the Student Code of Conduct and policy FNCE(LOCAL).

Personal Communication Device means a telephone, cell phone such as a smartphone or flip phone, tablet, smartwatch, radio device, paging device, or any other electronic device capable of telecommunication or digital communication.

The use of cell phones or any device capable of capturing images is strictly prohibited in locker rooms or restroom areas while at school or at a school-related or school-sponsored event.

Students shall not turn on, use, or remove a personal communication device from proper storage on school property during the school day. Students shall store personal communications devices in a proper storage site such as a backpack, purse, bag, or car.

The school day begins when a student enters the school building and ends at the last bell of the school's last instructional period of the day.

If a student uses a personal communications device without authorization during the school day, the student will be disciplined in accordance with the Student Code of Conduct.

Confiscated telecommunications devices that are not retrieved by the student or the student's parent will be disposed of after the notice required by law. [See policy FNCE for more information.]

In limited circumstances and in accordance with law, a student's personal communications device may be searched by authorized personnel. [See **Searches** in this document and policy FNF for more information.]

The district is not responsible for damaged, lost, or stolen communications devices.

Instructional Use of Personal Electronic Devices

Students must obtain prior approval to use personal electronic devices allowed by law for instructional purposes while on campus. The district may not permit use of a prohibited personal communication device except as required by law. See [**Possession and Use of Personal Communications Device, Including Cell Phones and Other Electronic Devices**]. Students must also sign a user agreement that contains applicable rules for use (separate from this handbook). Parents acknowledge understanding of these policies in the online enrollment process.

All personal devices must be turned off during the school day when not in use for approved instructional purposes. Violations of the user agreement may result in withdrawal of privileges and other disciplinary action.

Acceptable Use of District Technology Resources

To prepare students for an increasingly technological society, the district has made an investment in the use of district-owned technology resources for instructional purposes; specific resources may be issued individually to students. Use of these technological resources, which include the district's network systems and use of district equipment, is restricted to approved purposes only. Parents will verify their understanding of this user agreement in the online enrollment process. Violations of the user agreement may result in withdrawal of privileges and other disciplinary action.

Student Responsible Use Agreement

District Responsible Use Statement

With educational opportunity comes responsibility. It is important that you and your parent or guardian read the Student Responsible Use Agreement, ask questions if you need help understanding them, and sign the form. Inappropriate use of the District's technology resources may result in revocation or suspension of the privilege to use these resources, as well as other disciplinary or legal action, in accordance with the Student Code of Conduct and applicable laws.

Midway ISD provides computer, network, e-mail, and Internet access to individuals as part of the learning environment. The use of these resources is a privilege and not a right. While these systems have the power to deliver a vast number of resources to classrooms and enhance education, their effectiveness depends on the responsible and ethical use by every individual.

Policies

Users of the Midway ISD network are required to adhere to state and federal law as well as board policy. The following Student Responsible Use Agreement is based on district policy and regulations. For more information, refer to the following laws and Midway ISD documents.

- Federal and state mandates including the Family Education Rights and Privacy Act (FERPA), the Children's Internet Protection Act (CIPA), the Children's Online Privacy Protection Act (COPPA), the Individuals with Disabilities Act (IDEA), and the Health Insurance Portability and Accountability Act (HIPAA)
- Student Code of Conduct, Student Device Agreement
- Board Policy CQ (Technology Resources)
- Board Policy FNCE (Personal Telecommunications/Electronic Devices)
- Board Policy FFH (Freedom From Discrimination, Harassment, and Retaliation)
- Board Policy FFI (Freedom From Bullying)
- Other Associated Board Policies

If a violation of any of the policies, including this Student Responsible Use Agreement occurs, you must immediately report to a supervising teacher or district technology representative any known violation of the policies and guidelines. You must also report any requests for personally identifiable information (name, address, phone number, age, sex, race, etc.) or contact from unknown individuals, as well as any content or communication that is abusive, obscene, pornographic, sexually oriented, threatening, harassing, damaging to another's reputation, or illegal.

Access

You are being given access to the following technology resources:

- A district email account, including access to cloud-based (online) document storage and collaboration space
- District computer hardware, software, and printers on your school campus
- District networks, including file storage space
- Access to District-owned technology resources for use at home
- District-filtered Internet access, wired and wireless

The District permits use of personal telecommunications or other electronic devices by students for instructional purposes while on campus only as authorized by your teacher. When using the device for instructional purposes while on campus, you must join the District Wi-Fi network and are prohibited from using personal wireless service. When not using the device for instructional purposes while on campus, you must follow the rules and guidelines for non-instructional use as published in the student handbook.

Safety and Security

Midway ISD is committed to creating a safe and secure digital environment for you.

Please note that it is possible you may run across areas of adult content and some material you (or your parent) might find objectionable. While Midway ISD will use filtering technology to restrict access to such material, it is not possible to absolutely prevent such access. It will be your responsibility to follow the rules for responsible use. Parents and students should contact the school with concerns when objectionable content has been discovered.

Also know that all contents of email and online communications accessed through Midway ISD technology resources are the property of the District. Students should have no expectation of privacy on any information stored on Midway ISD's network, accessed from Midway ISD's network, or used within Midway ISD's network. Appropriate district and school officials may monitor a technology device or access its contents at any time in accordance with this agreement and applicable law.

Student Responsibility

Responsible Use Pledge

1. I AM RESPONSIBLE FOR HOW I TREAT OTHER PEOPLE. I will use email, social media, and other means of communications responsibly. I will not send or post hateful or harassing email, make discriminatory or derogatory remarks about others, or engage in bullying, harassment, or other antisocial behaviors while in school or out of school, whether on a school issued or personal device.
2. I AM RESPONSIBLE FOR USING SCHOOL-ISSUED TECHNOLOGY DEVICES PRIMARILY FOR EDUCATIONAL PURPOSES. I understand that Internet, bandwidth, and email usage at school should be related to school assignments during class time. I understand that websites, content, and media should be properly cited with respect to copyright. I will also report any suspicious behavior or other misuse of technology to my teacher or other campus administrator.
3. I AM RESPONSIBLE FOR USING MY PERSONAL DEVICE ACCORDING TO DISTRICT GUIDELINES AND IN AN ETHICAL MANNER. I understand that personal devices must remain turned off during all testing and cannot be used in the classroom unless they are approved by the teacher for instructional purposes.
4. I AM RESPONSIBLE FOR MAINTAINING MY DISTRICT ISSUED DEVICES AND ACCOUNTS. I understand that I will be provided network and email accounts and that I must not share this information with anyone. I will only use my school email address for

teacher directed accounts. I will not allow others to use my account name and password. I will also not download or sign up for any online resource or application without prior approval from my teacher or other District administrator.

5. I AM RESPONSIBLE FOR MY PERSONAL INFORMATION. I understand I must always keep my personal information and the personal information of others private. I know this includes names, ID numbers, addresses, photographs, or any other personally identifiable or private information.

Inappropriate and Irresponsible Use

The following are examples of inappropriate and irresponsible use of technology resources.

1. Searching, sending, possessing, or posting electronic messages, videos, audio recordings, or images that are abusive, obscene, sexually oriented, harassing, threatening, intimidating, illegal, or that cause a material or substantial disruption at school, including cyberbullying
2. Using any device or technology to copy or capture an image or the content of any District materials (such as tests or exams) without permission of a teacher or administrator
3. Making, participating in the making of, transmitting to another via an electronic device, or posting to the Internet a digital, video, or audio recording or image of an actual or simulated act that involves a crime or conduct prohibited by the Student Code of Conduct
4. Using any device or technology to record the voice or image of another in any way that disrupts the educational environment, invades the privacy of others, or without the prior consent of the individual being recorded
5. Using any device or technology to record the voice or image of another to take, disseminate, transfer, circulate, exhibit, present, or share audio, images, video, or photos that reveal private parts of the body that are normally covered by clothing (aka sexting)
6. Using the name, persona, or image of a student, District employee, or volunteer to create a web page or post one or more messages on a website without the other person's consent for purposes of harassing, intimidating, embarrassing, or threatening another
7. Using email, websites, or electronic devices to engage in or encourage illegal conduct, violations of the Student Code of Conduct, or to threaten school safety
8. Attempting to or successfully accessing or circumventing content filters, passwords or other security-related information of the District, officials, volunteers, employees, or other students by any means
9. Attempting to or successfully altering, destroying, interrupting, intercepting, or disabling District technology equipment, District data, the data of other users of the District's computer system, or other networks connected to the District's system, including uploading or creating computer viruses, worms, or other harmful material
10. Copying, downloading, reproducing, distributing, retransmitting, redisplaying, or modifying items from the District's website
11. Using someone else's network, email, or any other digital service's account information
12. Storing non-educational files on school provided resources

Consequences

One or more of the following consequences may be imposed:

- Suspension of access to the system
- Revocation of the network or online account(s)
- Removal of device access
- Other action, including disciplinary action, in accordance with Board policy and/or the Student Code of Conduct (as applicable)

NOTE: Students will not be disciplined for technological misconduct related to possessing items described above so long as the student (1) did not contribute to creation of the item in any way, (2) possessed it only after receiving the item unsolicited from another, (3) either promptly destroyed the item or reported it to a school employee as soon as possible, and (4) did not provide a copy, forward, or re-post the item to anyone other than law enforcement, a school employee, or the student's parent/guardian.

Any person taking, disseminating, transferring, possessing, or sharing obscene, sexually oriented, lewd, or otherwise illegal images or other content, commonly referred to as "sexting," will be disciplined according to the Student Code of Conduct, may be required to complete an educational program related to the dangers of this type of behavior, and, in certain circumstances, may be reported to law enforcement.

Return of Technology Equipment

- Upon leaving the District, or upon request from campus administration, you must return any District-owned equipment or resources in your possession.
- A fine will be assessed for any District-owned equipment that is either not returned, or returned in a damaged condition.
- The schedule for iPad fines can be found [here](#).

Digital Citizenship

Technology allows unlimited resources to enhance our education with vast collaborative partnerships. Learning to be a good digital citizen allows us to utilize technology in safe, responsible, and productive ways. Below are specific topics Midway ISD will address with you, the student, to develop trustworthy digital citizens.

Relationships/Communication

- Social Media
- Email
- Commenting & Responsibility

Self-Image and Identity

- Over-sharing
- Digital Footprint
- "Sexting"
- Self-worth - be your authentic self

Cyberbullying

- Awareness
- Prevention and Intervention
- Reporting

Information Literacy

- Plagiarism
- Copyright
- Reliable sources

Safety, Privacy, & Security

- Sharing Personal Information
- Mutual Consent Before Sharing or Posting
- Awareness of Online Exploitation

Unacceptable and Inappropriate Use of Technology Resources

Students are prohibited from possessing, sending, forwarding, posting, accessing, or displaying electronic messages that are abusive, obscene, sexually oriented, threatening, harassing, damaging to another's reputation, or illegal. This prohibition also applies to conduct off school property, whether on district-owned or personally owned equipment, if it results in a substantial disruption to the educational environment.

Any person taking, disseminating, transferring, possessing, or sharing obscene, sexually oriented, lewd, or otherwise illegal images or other content—commonly referred to as “sexting”—will be disciplined in accordance with the Student Code of Conduct, may be required to complete an educational program related to the dangers of this type of behavior, and, in certain circumstances, may be reported to law enforcement.

This type of behavior may constitute bullying or harassment, as well as impede future endeavors of a student. We encourage parents to review with their child the ["Before You Text" Sexting Prevention Course](#), a state-developed program that addresses the consequences of sexting.

In accordance with state law, the district prohibits the installation or use of TikTok or any successor application or service on a district device, along with any other social media application or service determined by the governor.

A student who engages in conduct that results in a breach of the district's computer security will be disciplined in accordance with the Student Code of Conduct. In some cases, the consequence may be expulsion.

End-of-Course (EOC) Assessments

[See **Graduation** in this document and **Standardized Testing** in this document.]

Emergent Bilingual Students (All Grade Levels)

A student who is an emergent bilingual is entitled to receive specialized services from the district. A Language Proficiency Assessment Committee (LPAC), consisting of both district personnel and at least one parent representative, will determine whether the student qualifies for services. The student's parent must consent to any services recommended by the LPAC. However, pending the receipt of parental consent or denial of services, an eligible student will receive the services to which the student is entitled and eligible.

To determine a student's level of proficiency in English, the LPAC will use information from a variety of assessments. If the student qualifies for services, and once a level of proficiency has been established, the LPAC will designate instructional accommodations or additional special programs that the student will require to eventually become proficient at grade level work in English. Ongoing assessments will be conducted to determine a student's continued eligibility for the program.

The LPAC will also determine whether certain accommodations are necessary for any state-mandated assessments. The STAAR Spanish, as mentioned at **Standardized Testing** in this document, may be administered to an emergent bilingual up to grade 5. In limited circumstances, a student's LPAC may exempt the student from an otherwise required

state-mandated assessment or may waive certain graduation requirements related to the English I end-of-course (EOC) assessment. The Texas English Language Proficiency Assessment System (TELPAS) will also be administered to English learners who qualify for services.

If a student is considered an emergent bilingual and receives special education services because of a qualifying disability, the student's ARD committee will make instructional and assessment decisions in conjunction with the LPAC.

Extracurricular Activities, Clubs, and Organizations (All Grade Levels)

Participation in school-sponsored activities is an excellent way for a student to develop talents, receive individual recognition, and build strong friendships.

State law requires the district to obtain written parental consent before a student may participate in a student club that is authorized or sponsored by the district. A parent may obtain consent forms for student clubs. Each campus will distribute club consent forms electronically or via paper copy to obtain parent consent for participation.

Some extracurricular activities may include off-campus events. Students are required to use transportation provided by the district to and from the events. Exceptions may only be made with the approval of the activity's coach or sponsor. [See **Transportation** in this document.]

Eligibility for many of these activities is governed by state law and the rules of the University Interscholastic League (UIL), a statewide association overseeing interdistrict competition. If a student is involved in an academic, athletic, or music activity governed by UIL, the student and parent are expected to know and follow all rules of the UIL organization. Students and parents can access the UIL Parent Information Manual at [UIL Parent Information Manual](#). A hard copy can be provided by the coach or sponsor of the activity on request.

To report alleged noncompliance with required safety training or an alleged violation of safety rules required by law and the UIL, please contact the curriculum division of TEA at (512) 463-9581 or curriculum@tea.texas.gov.

[See [UIL Texas](#) for additional information on all UIL-governed activities.]

Student safety in extracurricular activities is a priority of the district. The equipment used in football is no exception. As a parent, you are entitled to review the district's records regarding the age of each football helmet used by the campus, including when a helmet has been reconditioned.

Generally, a student who receives a grade below 70 at the end of a grading period in any academic class may not participate in extracurricular activities for at least three school weeks.

However, if a student receives a grade below 70 at the end of a grading period in an Advanced Placement (AP) or International Baccalaureate (IB) course, or an honors or dual credit course in English language arts, mathematics, science, social studies, economics, or languages other than English, the student remains eligible for participation in all extracurricular activities.

If a student is enrolled in a state-approved course music course that participates in UIL Concert and Sightreading Evaluation, and the student receives a grade below 70 at the end of a grading period, the student may, at the discretion of the director, perform with the ensemble during the UIL evaluation performance, but is ineligible for other extracurricular activities for at least three weeks.

In addition, the following applies to all extracurricular activities:

- A student who receives special education services and who fails to meet the standards in the individualized education program (IEP) may not participate for at least three school weeks.
- An ineligible student may practice or rehearse but may not participate in any competitive activity.
- A student is allowed in a school year up to 15 absences for extracurricular activities. All extracurricular activities and public performances, whether UIL activities or other activities approved by the board, are subject to these restrictions.
- An absence for participation in an activity that has not been approved will be considered an unexcused absence.

Standards of Behavior

Sponsors of student clubs and performing groups such as the band, choir, and drill and athletic teams may establish standards of behavior—including consequences for misbehavior—that are stricter than those for students in general. If a violation is also a violation of school rules, the consequences specified by the Student Code of Conduct or by board policy will apply in addition to any consequences specified by the organization’s standards of behavior.

Extracurricular Behavior Management Plan (EBMP): Midway Independent School District recognizes that participation in extracurricular activities is a privilege, not a right. Students participating in extracurricular events represent the school district and the community at all times. The students are role models; therefore, they are held to a high standard of conduct. All students scheduled to be on a team or in an organization or any student currently a member of a school recognized extracurricular program (U.I.L., clubs, student organizations) shall be governed by the EBMP. It is important to note that because the plan specifically includes conduct that occurs away from school and away from school functions, activities, or events, the plan literally applies 24 hours a day, 7 days a week, and 365 days a year for all MISD students participating or scheduled to participate in these activities.

Offices and Elections

Certain clubs, organizations, and performing groups will hold elections for student officers. Student council and class officers will be elected positions. The exact date for elections will be determined by the principal. To be eligible for election/selection, a student must have passed all courses at the end of the previous semester and be eligible according to standards for participation in extracurricular activities.

Fees (All Grade Levels)

Basic educational program materials are provided at no charge to a student. However, a student is expected to provide his or her own supplies, such as pencils, paper, erasers, and notebooks. A student may also be required to pay certain other costs, fees, or deposits, including:

- Materials for a class project that the student will keep.
- Membership dues in voluntary clubs or student organizations.
- Admission fees to extracurricular activities.
- Security deposits.
- Personal physical education and athletic equipment and apparel.
- Voluntarily purchased pictures, publications, class rings, yearbooks, graduation announcements, and the like.
- Voluntarily purchased student health and accident insurance.

- Musical instrument rental and uniform maintenance when uniforms are provided by the district.
- Personal apparel used in extracurricular activities that becomes the property of the student.
- Parking fees and student identification cards.
- Fees for lost, damaged, or overdue library books.
- Fees for driver training courses.
- Fees for optional courses offered for credit that require use of facilities not available on district premises.
- Summer school for courses that are offered tuition-free during the regular school year.
- A reasonable fee for providing transportation to a student who lives within two miles of the school. [See **Buses and Other School Vehicles** in this document.]
- A fee not to exceed \$50 for an educational program outside of regular school hours for a student who has lost credit or has not been awarded a final grade because of absences and whose parent chooses the program for the student to meet the 90 percent attendance requirement. The fee will be charged only if the parent or guardian signs a district-provided request form.
- In some cases, a fee for a virtual or hybrid course

Any required fee or deposit may be waived if the student and parent are unable to pay. Application for such a waiver may be made to the principal. [See policy FP for more information.]

Fundraising (All Grade Levels)

Student groups or classes and/or parent groups may be permitted to conduct fundraising drives for approved school purposes in accordance with administrative regulations. [See policies FJ and GE for more information.]

Gang-Free Zones (All Grade Levels)

Certain criminal offenses, including gang-related crimes, will be enhanced to the next-highest category of offense if they are committed in a gang-free zone. Gang-free zones include a school bus and any location in, on, or within 1,000 feet of any district-owned or leased property or campus playground.

Grade-Level Classification (Grades 9–12 Only)

After the ninth grade, students are classified according to the number of credits earned toward graduation.

Credits Earned	Classification
5	Grade 10 (Sophomore)
10	Grade 11 (Junior)
15	Grade 12 (Senior)

Grading Guidelines (All Grade Levels)

Grading guidelines for each grade level or course will be communicated and distributed to students and their parents by the classroom teacher. These guidelines have been reviewed by

each applicable curriculum department and have been approved by the campus principal. These guidelines establish

- The minimum number of assignments, projects, and examinations required for each grading period
- How the student's mastery of concepts and achievement will be communicated (for example, letter grades, numerical averages, checklist of required skills, and the like)
- Circumstances under which a student will be allowed to redo an assignment or retake an examination for which the student originally made a failing grade
- Procedures for a student to follow after an absence will also be addressed

New students who have been in attendance for less than two-thirds of the grading period will receive:

- A combination of the sending school's grade, if available, and the grade based upon classroom performance at Midway;
- Or the Midway grade exclusively if all work, including any makeup work required by the teacher, is completed satisfactorily.

[See **Report Cards/Progress Reports and Conferences** in this document for additional information on grading guidelines.]

Elementary Guidelines

Students in PreK, Kindergarten, First, and Second Grade

Kindergarten, first grade, and second grade students are assessed relative to their level of proficiency on the Texas Essential Knowledge and Skills (TEKS) for the correlating grade level. By using standards-based reporting, Midway seeks to offer meaningful communication to parents concerning the learning objectives of the school year and how their student is progressing toward mastery of these objectives, or TEKS. By reporting which standards a student is addressing and how the student performs on these standards, the parent has powerful information to understand and assist in strengthening a student's skills.

Standards-based reporting involves determining each student's proficiency on the skills students should learn in each subject area of each grade level. In kindergarten, first grade, and second grade, students receive marks that indicate their progress toward meeting the performance standards given by the Texas Education Agency (TEA).

Kindergarten, first grade, and second grade students receive a standards-based report card at the end of each six weeks grading period.

The content grading system has three levels of proficiency.

- 1-Developing: The student is not making consistent progress toward assigned grade level standards. A student receiving a "1" is showing academic delays according to district goals. Interventions and additional practice may be needed to develop student learning to stay on track with district expectations.

- 2- Approaches: The student is making progress toward assigned grade level standards. A student receiving a “2” is making adequate progress toward full mastery of the assigned concepts. A “2” could indicate additional time is needed to master the assigned concept. In either case, the “2” indicates a positive move toward mastery of grade level standards.

- 3-Mastery: The student is meeting assigned grade level standards. The district goal is that all students will reach level “3” by the end of the school year. A student receiving a “3” is on track with district grade level expectations for a given six weeks grading period.

There are three levels of proficiency for student responsibilities and work habits.

- S-Satisfactory: A student earning an “S” is consistently demonstrating the behavioral expectation listed.

- N- Needs Improvement: A student earning an “N” is consistently struggling with the indicated behavior and might need reminders and/or behavioral intervention.

- U-Unsatisfactory: A student earning a “U” is consistently demonstrating that he/she does not meet the indicated behavioral goal and may need intervention and support.

Standards-Based Assessment

Teachers determine student proficiency levels by using performance indicators based upon the standards. Each teacher has access to a variety of assessment tools that provide consistency among classes and campuses. These assessment tools outline the expected performance of students who show mastery of assigned grade level expectations. Additionally, the district provides scope and sequence documents that show the assigned expectations by each six weeks. When a student’s progress falls behind the expected pace of proficiency, additional time for help or practice is needed. Throughout a six week grading period, the teacher will assess students multiple times in a variety of ways. The district assessment tools are one aspect of evaluation of student progress. As teachers work with students in large groups, small groups, and individually, the teacher will keep in mind the assigned standards for that grading period. The teachers will observe:

- Student Knowledge: How does the student learn best? How does the student communicate knowledge?
- Student Performance: What evidence is there of the student’s proficiency level (work samples, performance tasks, conversations with student, anecdotal notes)?
- Student Proficiency Level: Based on assigned grade level content, at what level does the student consistently perform?

Students in Third, Fourth, and Fifth Grade will receive report cards with numeric grades in the areas of reading, language arts, math, science and social studies.

Grades will not be assigned for activities related to the following: bringing classroom/office supplies to school; returning signed papers or forms to school; attitude, behavior, or responsibility; and formative assessments such as STAAR benchmarks.

All numeric grades will be recorded in one of two categories:

Application of Learning- Accounts for **60%** of the overall subject area grade in Reading Language Arts, Math, Science, and Social Studies.

Evaluation of Learning- Accounts for **40%** of the overall subject area grade in Reading, Language Arts, Math, Science, and Social Studies.

Number of Grades (Per Six Week Grading Period)

Content	Application 60%	Evaluation 40%
Reading Language Arts (RLA)	≥ 6 grades	≥ 2 grades
Math	≥ 6 grades	≥ 2 grades
Science	≥ 6 grades	≥ 2 grades
Social Studies	≥ 6 grades	≥ 2 grades

Minimum Number of Grades

A minimum of 2 grades will be recorded in the Evaluation category. At least one grade in this category must be recorded prior to the distribution of progress reports at the 3-week point in the grading period. It is also expected that grades be evenly distributed throughout the grading period to give students and parents/guardians an understanding of a student’s progress in a content area over time.

Reteaching - It is expected that MISD teachers will reteach material when students do not demonstrate mastery of academic content. This may occur individually or in a group setting depending on the number of students in need of reteaching. Reteaching may take place before school, during school, or after school.

Opportunities to Re-Do Assignments - When a student receives a grade below 70, the following guidelines exist for his/her opportunity to redo the assignment:

Application Category - Students may receive an opportunity to redo an assignment in which they receive a grade below 70 in the application category. Campus-level guidelines will be developed to ensure consistent practice with respect to whether or not students are allowed to redo assignments in the application category.

Evaluation Category - A student may receive an opportunity to be re-evaluated on any grade below 70 in the evaluation category if the student has received reteaching of the evaluated content. In order for re-evaluation to occur, the student will participate in the re-teaching process as determined by the teacher. The re-evaluation score will replace the original score with a maximum grade of 70%.

Late Work - The teacher is not required to accept late work more than three days after the due date. Late work may receive a deduction of up to 30 points when received after the due date (not to exceed a total deduction of 30 points). Assignments not graded on a scale of 100 may be reduced to up 30% when received after the due date.

Progress Reports - Progress Reports will be sent home to students at the 3 week point of each six-week grading period in accordance with MISD Policy EIA(LOCAL). This timely understanding of progress is important should academic intervention be needed.

Secondary Guidelines

Grades are a teacher's evaluation of a student's level of academic development and accomplishment. Grades also provide for communication between the teacher and his/her students as well as students' parents. Grades are not punitive and should not be assigned for anything other than academic content. For each academic subject area, grades will be assigned in three different categories (Practice, Application, Evaluation). Grades will not be assigned for activities related to the following: bringing classroom/office supplies to school, returning signed papers or forms to school, formative assessments such as local checkpoints/benchmarks, screeners, behavior, attitude or responsibility; however, grades may be assigned for activities aligned with standards involving state or industry process skills.

All numeric grades will be recorded in one of three categories:

Practice toward Learning – Accounts for 30% of the overall subject area grade

Application of Learning - Accounts for 30% of the overall subject area grade

Evaluation of Learning - Accounts for 40% of the overall subject area grade

- The district will provide guidance regarding appropriate usage of the grading categories.
- The category weights listed above will be used in all regular courses.
- MHS Honors courses will use the same three grading categories, but the weights associated with each category will be 25% - Practice, 25% - Application, and 50% Evaluation.
- MHS Advanced Placement courses will use the same three grading categories, but the weights associated with each category may vary due to individual course characteristics in accordance with the expectations of the College Board.

Minimum Number of Grades Per Six Weeks Grading Period:

- A minimum of 3 grades will be recorded in the Practice category.
- A minimum of 3 grades will be recorded in the Application category.
- A minimum of 2 grades will be recorded in the Evaluation category. At least one grade in this category must be recorded prior to the distribution of progress reports at the 3-week point in the grading period.

It is expected that grades be distributed evenly throughout the grading period in order to give students and parents a clear understanding of a student's progress in a course over time. This timely understanding of progress is important should a need for academic intervention arise.

Special circumstances exist in some grading periods (for example - the beginning of school or STAAR administration) that make it difficult to evenly distribute evaluation grades in each half of the grading period. When this is the case, principals may authorize teachers to give both evaluation grades in the same half of the grading period with the understanding that parents will be notified of progress in a timely fashion after the first evaluation. Under no circumstances will such a situation be grounds for a student's six-week average being figured using only one evaluation grade.

Grading Scale

Letter Grade	A	B	C	F
Grade Range	90 - 100	80 - 89	70 - 79	0 - 69

Additional Grading Expectations

Teachers will adhere to the following additional guidelines with respect to assessing student performance and assigning grades:

Re-Teaching - It is expected that MISD teachers re-teach material when students do not demonstrate mastery of academic content. This may occur individually or in group settings depending on the number of students needing re-teaching.

Opportunities to Re-Do Assignments - When a student receives a grade below 70, the following guidelines exist for his/her opportunity to re-do the assignment:

- **Practice and Application Categories** - It is not required that students be allowed to re-do assignments for which they receive a grade below 70 in either the practice or application category. Campus-level guidelines will be developed to ensure consistent practice with respect to whether or not students are allowed to re-do assignments in these categories.
- **Evaluation Category** - A student will receive an opportunity to be re-evaluated when he/she receives a grade below 70% in the evaluation category (excluding evaluation grades received on projects/assignments that extend over a period of 5 days). In order for re-evaluation to occur, the student will participate in the re-teaching process as determined by the teacher. The re-evaluation score will replace the original score with a maximum grade of 70%. The re-evaluation process must take place within 5 school days of receiving the initial grade below 70.

Progress Reports - Parents and guardians have access at all times to current grades for their student in Home Access Center (HAC). Progress reports will be issued to students at the 3 week point of the 6 weeks grading period for students falling below 75% in accordance with MISD policy EIA local. This may occur electronically or by other means.

Late Work / Zeros - When students do not turn in assignments on the due date, they will have the opportunity to turn them in as late work before receiving a zero. Specific guidelines have been developed at each level with related to the grading of late work:

- **Midway High School** - The teacher is not required to accept late work more than one day after the due date. Late work may receive a deduction of up to 30 points when received after the due date (not to exceed a total deduction of 30 points). Assignments not graded on a 100- point scale may be reduced up to 30% when received after the due date.
- **Advanced Placement Courses** - Students enrolled in Advanced Placement (AP) courses have the opportunity to obtain college credit upon successful completion of the AP exam. For this reason, teachers may alter re-teaching, re-doing

assignments, and late work guidelines in AP courses with the approval of the principal.

- Dual Credit Courses - Students enrolled in Dual Credit courses have the opportunity to obtain both high school and college credit upon successful completion of the course. The dual credit professors have discretion over final grading procedures for the course.

Calculation of Semester and Yearly Averages

Midway High School: The final examination will count no more than one-seventh of the total grade. For grade averaging, the following formula will be used.

$$\text{Semester Grade Average} = \frac{(S_1 + S_2 + S_3) \times 2 + E}{7}$$

S_1 = First Six Weeks' Grade

S_2 = Second Six Weeks' Grade

S_3 = Third Six Weeks' Grade

E = Final Semester Examination Grade

Calculation of a yearly average at the high school level is for credit purposes only, and does not impact GPA.

Grades 6-8 Grading Procedures

Grades are a teacher's evaluation of a student's level of academic development and accomplishment. Grades also provide for communication between the teacher and his/her students as well as students' parents. Grades are not punitive and should not be assigned for anything other than academic content. For each academic subject area, grades will be assigned in three different categories (Practice, Application, Evaluation). Grades will not be assigned for activities related to the following: bringing classroom/office supplies to school, returning signed papers or forms to school, formative assessments such as local checkpoints/benchmarks, screeners, behavior, attitude or responsibility; however, grades may be assigned for activities aligned with standards involving state or industry process skills.

All numeric grades will be recorded in one of three categories:

Practice toward Learning – Accounts for 30% of the overall subject area grade

Application of Learning - Accounts for 30% of the overall subject area grade

Evaluation of Learning - Accounts for 40% of the overall subject area grade

- The district will provide guidance regarding appropriate usage of the grading categories.
- The category weights listed above will be used in all regular courses.
- MHS Honors courses will use the same three grading categories, but the weights associated with each category will be 25% - Practice, 25% - Application, and 50% Evaluation.
- MHS Advanced Placement courses will use the same three grading categories, but the weights associated with each category may vary due to individual course characteristics in accordance with the expectations of the College Board.

Minimum Number of Grades Per Six Weeks Grading Period:

- A minimum of 3 grades will be recorded in the Practice category.
- A minimum of 3 grades will be recorded in the Application category.
- A minimum of 2 grades will be recorded in the Evaluation category. At least one grade in this category must be recorded prior to the distribution of progress reports at the 3-week point in the grading period.

It is expected that grades be distributed evenly throughout the grading period in order to give students and parents a clear understanding of a student's progress in a course over time. This timely understanding of progress is important should a need for academic intervention arise.

Special circumstances exist in some grading periods (for example - the beginning of school or STAAR administration) that make it difficult to evenly distribute evaluation grades in each half of the grading period. When this is the case, principals may authorize teachers to give both evaluation grades in the same half of the grading period with the understanding that parents will be notified of progress in a timely fashion after the first evaluation. Under no circumstances will such a situation be grounds for a student's six-week average being figured using only one evaluation grade.

Grading Scale

Letter Grade	A	B	C	F
Grade Range	90 - 100	80 - 89	70 - 79	0 - 69

Additional Grading Expectations

Teachers will adhere to the following additional guidelines with respect to assessing student performance and assigning grades:

Re-Teaching - It is expected that MISD teachers re-teach material when students do not demonstrate mastery of academic content. This may occur individually or in group settings depending on the number of students needing re-teaching.

Opportunities to Re-Do Assignments - When a student receives a grade below 70, the following guidelines exist for his/her opportunity to re-do the assignment:

- Practice and Application Categories - It is not required that students be allowed to re-do assignments for which they receive a grade below 70 in either the practice or application category. Campus-level guidelines will be developed to ensure consistent practice with respect to whether or not students are allowed to re-do assignments in these categories.
- Evaluation Category - A student will receive an opportunity to be re-evaluated when he/she receives a grade below 70% in the evaluation category (excluding evaluation grades received on projects/assignments that extend over a period of 5 days). In order for re-evaluation to occur, the student will participate in the re-teaching process as determined by the teacher. The re-evaluation score will replace the original score with a maximum grade of 70%. The re-evaluation process must take place within 5 school days of receiving the initial grade below 70.

Progress Reports - Parents and guardians have access at all times to current grades for their student in Home Access Center (HAC). Progress reports will be issued to students at the 3 week point of the 6 weeks grading period for students falling below 75% in accordance with MISD policy EIA local. This may occur electronically or by other means.

Late Work / Zeros - The teacher is not required to accept late work more than two days after the due date. Late work may receive a deduction of up to 30 points when received after the due date (not to exceed a total deduction of 30 points). Assignments not graded on a 100-point scale may be reduced up to 30% when received after the due date.

Calculation of Semester and Yearly Averages

River Valley and Midway Middle Schools: Students do not take final examinations*, but may have a final unit test for the semester that is averaged in the Evaluation of Learning category described above for the Third Six Weeks. For grade averaging, the following formulas will be used:

$$\text{First Semester Grade Average} = \frac{(S_1 + S_2 + S_3)}{3}$$

$$\text{Second Semester Grade Average} = \frac{(S_4 + S_5 + S_6)}{3}$$

$$\text{Yearly Grade Average} = \frac{\text{Semester}_1 + \text{Semester}_2}{2}$$

S₁ = First Six Weeks' Grade

S₄ = Fourth Six Weeks' Grade

S₂ = Second Six Weeks' Grade

S₅ = Fifth Six Weeks' Grade

S₃ = Third Six Weeks' Grade

S₆ = Sixth Six Weeks' Grade

*Middle school courses receiving high school credit will follow the Midway High School grading calculation for each semester, with a yearly average granted per the middle school formula for Yearly Grade Average.

Graduation (Secondary Grade Levels Only)

Requirements for a Diploma

A student must meet the following requirements to receive a high school diploma from the district:

- Achieve passing scores on certain end-of-course (EOC) assessments or approved substitute assessments, unless specifically waived as permitted by state law;
- Complete the required number of credits established by the state and any additional credits required by the district;
- Complete any locally required courses in addition to the courses mandated by the state;
- Demonstrate proficiency, as determined by the district, in the specific communication skills required by the State Board of Education (SBOE); and
- Complete and submit a free application for federal student aid (FAFSA) or a Texas application for state financial aid (TASFA).

Testing Requirements for Graduation

Students are required, with limited exceptions and regardless of graduation program, to perform satisfactorily on the following EOC assessments:

- English I
- English II
- Algebra I
- Biology
- U.S. History

A student who does not achieve a sufficient score will have opportunities to retake an assessment.

State law allows a student to meet EOC requirements by substituting satisfactory performance on approved national standardized assessments or on the state-developed assessment used for entrance into Texas public universities. [See the school counselor for more information on the state testing requirements for graduation.]

If a student fails to perform satisfactorily on an EOC assessment, the district will provide remediation in the applicable content area. This may require the student's participation outside normal school operating times.

In limited circumstances, a student who fails to demonstrate proficiency on two or fewer of the required assessments may still be eligible to graduate if an individual graduation committee, formed in accordance with state law, unanimously determines that the student is eligible to graduate.

[See **Standardized Testing** in this document.]

Foundation Graduation Program

Every Texas public school student will graduate under the foundation graduation program. The foundation graduation program features endorsements, which are paths of interest that include:

- Science, Technology, Engineering, and Mathematics (STEM)
- Business and Industry
- Public Service
- Arts and Humanities
- Multidisciplinary Studies

Endorsements earned by a student will be noted on the student's transcript.

A student can complete the foundation graduation program with a "distinguished level of achievement," which reflects the completion of at least one endorsement and Algebra II as one of the required advanced mathematics credits.

A **Personal Graduation Plan** will be completed for each high school student, as described in this document.

State law prohibits a student from graduating solely under the foundation graduation program without an endorsement unless, after the student's sophomore year, the student and student's parent are advised of the specific benefits of graduating with an endorsement and submit written permission to the school counselor for the student to graduate without an endorsement. A student who wishes to attend a four-year university or college after graduation must carefully consider whether graduation under the foundation program without an endorsement will satisfy the admission requirements of the student's desired college or university.

A student graduating under the foundation graduation program can also earn performance acknowledgments on his or her transcript. Performance acknowledgments are available for outstanding performance in bilingualism and biliteracy, in a dual credit course, on an AP or IB examination, on certain national college preparatory and readiness or college entrance examinations, or for earning a license or certificate recognized at the state, national, or international level. The school counselor can provide more information about these acknowledgments.

A student is not required to complete an Algebra II course to graduate under the foundation graduation program, and the district will annually notify a student's parent of this fact. However, not taking Algebra II will make a student ineligible for automatic admission to four-year public universities and colleges in Texas and for certain financial aid and grants while attending those institutions.

A school district will permit a student to satisfy the curriculum requirements for graduation under the foundation program with the distinguished level of achievement, including an endorsement, by successfully completing courses in the core curriculum of a public Texas institution of higher education. Please see your counselor for more information.

Credits Required

The foundation graduation program requires completion of the following credits:

Course Area	Number of Credits: Foundation Graduation Program	Number of Credits: Foundation Graduation Program with an Endorsement
English/Language Arts	4	4
Mathematics	3	4
Science	3	4
Social Studies	3	3
Physical Education	1	1
Languages other than English	2	2
Fine Arts	1	1
Locally required courses	1 CTE credit .5 Speech .5 Health/Wellness	1 CTE credit .5 Speech .5 Health/Wellness
Electives	5	7
Total	24 credits	28 credits

Additional considerations apply in some course areas, including:

- **Mathematics.** To obtain the distinguished level of achievement under the foundation graduation program, a student must complete an endorsement and take Algebra II as one of the 4 mathematics credits. A student's completion of the distinguished level of achievement is a requirement to be considered for automatic admission to a Texas four-year college or university and will be included on a student's transcript.
- **Physical education.** A student who is unable to participate in physical activity due to a disability or illness may be able to substitute a course in English language arts, mathematics, science, social studies, or another locally determined credit-bearing course for the required credit of physical education. This determination will be made by the student's ARD committee, Section 504 committee, or other campus committee, as applicable.
- **Languages other than English.** Students are required to earn 2 credits in the same language other than English to graduate. Any student may substitute computer programming languages for these credits.
 - A student may satisfy one of the two required credits by successfully completing in elementary school a dual language immersion program or a course in American Sign Language.
 - In limited circumstances, a student may be able to substitute this requirement with other courses, as determined by a district committee authorized by law to make these decisions for the student.

Available Endorsements

A student must specify upon entering grade 9 which endorsement he or she wishes to pursue.

Financial Aid Application Requirement

Before graduating from high school, each student must complete and submit a free application for federal student aid (FAFSA) or a Texas application for state financial aid (TASFA).

Throughout the school year Financial Aid meetings with professional financial aid advisors will be offered to parents and students. All juniors and seniors will have access to the FAFSA app on their school iPad. FAFSA presentations will be provided in all English 4 classes.

A student is not required to complete and submit a FAFSA or TASFA if:

- The student's parent submits a form provided by the district indicating that the parent authorizes the student to opt out;
- A student who is 18 years of age or older or a legally independent minor submits a form provided by the district indicating that the student opts out; or
- A school counselor authorizes the student to opt out for a good cause.

Please contact the school counselor for more information.

The district will confirm that a student has completed and submitted a FAFSA in accordance with TEA guidance. *The counseling office will oversee the process for verification of completion.*

Personal Graduation Plans

A personal graduation plan will be developed for each high school student.

The district encourages all students to pursue a personal graduation plan that includes the completion of at least one endorsement and to graduate with the distinguished level of

achievement. Attainment of the distinguished level of achievement entitles a student to be considered for automatic admission to a public four-year college or university in Texas, depending on his or her rank in class.

The school will review personal graduation plan options with each student entering grade 9 and his or her parent. Before the end of grade 9, a student and his or her parent will be required to sign off on a personal graduation plan that promotes college and workforce readiness, promotes career placement and advancement, and facilitates the transition from secondary to postsecondary education.

The student's personal graduation plan will outline an appropriate course sequence based on the student's choice of endorsement.

Please review [TEA's Graduation Toolkit](#).

A student may, with parental permission, amend his or her personal graduation plan after the initial confirmation.

Available Course Options for All Graduation Programs

Each spring, the district will update students on the courses required or offered in each curriculum area so students can enroll for the upcoming school year.

Note: The district may require the completion of certain courses for graduation even if these courses are not required by the state for graduation.

Not all courses are offered at every secondary campus in the district. A student who wants to take a course not offered at his or her regular campus should contact the school counselor about a transfer or other alternatives. If the parents of at least 22 students request a transfer for a course in the required curriculum other than fine arts or career and technical education (CTE), the district will offer the course the following year either by teleconference or at the school from which the transfers were requested.

Certificates of Coursework Completion

A certificate of coursework completion will not be issued to a student who has successfully completed state and local credit requirements for graduation but has not yet demonstrated satisfactory performance on the state-mandated tests required for graduation.

Students with Disabilities

Admission, review, and dismissal (ARD) committees will make instructional and assessment decisions for students with disabilities who receive special education services in accordance with state law.

Upon the recommendation of the ARD committee, a student with a disability who receives special education services may be permitted to graduate under the provisions of his or her individualized education program (IEP) and in accordance with state rules.

A student who receives special education services may earn the distinguished level of achievement or an endorsement under the foundation program. If the student's curriculum requirements for the endorsement were modified, the student's ARD committee will determine whether the modified curriculum is sufficiently rigorous to earn the distinguished level of achievement or endorsement. The ARD committee must also determine whether the student must perform satisfactorily on any end-of-course assessment to earn an endorsement.

A student who receives special education services and has completed four years of high school but has not met the requirements of his or her IEP may participate in graduation ceremonies and receive a certificate of attendance. The student may then remain enrolled to complete the IEP and earn his or her high school diploma but will only be allowed to participate in one graduation ceremony.

[See policy FMH(LEGAL) for more information.]

Graduation Activities

Graduation activities will include:

- Graduation practice
- Graduation ceremony

Students who are eligible to graduate but are assigned to a disciplinary alternative education program at the end of the school year may be allowed to participate in the graduation ceremony and related graduation activities.

Graduation Speakers

Certain graduating students will be given an opportunity to speak at graduation ceremonies.

A student must meet local eligibility criteria, which may include requirements related to student conduct, to have a speaking role. Students eligible for speaking roles will be notified by the principal and given an opportunity to volunteer.

[See the Student Code of Conduct and policy FNA(LOCAL) for more information.]

[See **Student Speakers** in this document for student speakers at other school events.]

Graduation Expenses

Because students and parents will incur expenses to participate in the traditions of graduation—such as the purchase of invitations, senior ring, cap and gown, and senior picture—both the student and parent should monitor progress toward completion of all requirements for graduation. The expenses often are incurred in the junior year or first semester of the senior year. [See **Fees** in this document.]

Scholarships and Grants

Students who have a financial need according to federal criteria and who complete the foundation graduation program may be eligible under the TEXAS Grant Program and the Teach for Texas Grant Program for scholarships and grants toward tuition and fees to Texas public universities, community colleges, and technical schools, as well as to private institutions. Certain students who graduate early may also be eligible for the Texas First Scholarship Program.

Contact the school counselor for information about other scholarships and grants available to students.

Harassment

[See **Dating Violence, Discrimination, Harassment, and Retaliation** in this document.]

Hazing (All Grade Levels)

Hazing is defined as an intentional, knowing, or reckless act, on or off campus, by one person alone or acting with others, directed against a student for the purpose of pledging, initiation into,

affiliation with, holding office in, or maintaining membership in a student organization if the act meets the elements in Education Code 37.151, including:

- Any type of physical brutality;
- An activity that subjects the student to an unreasonable risk of harm or that adversely affects the student's mental or physical health, such as sleep deprivation, exposure to the elements, confinement to small spaces, calisthenics, or consumption of food, liquids, drugs, or other substances;
- An activity that induces, causes, or requires the student to perform a duty or task that violates the Penal Code; and
- Coercing a student to consume a drug or alcoholic beverage in an amount that would lead a reasonable person to believe the student is intoxicated.

The district will not tolerate hazing. Disciplinary consequences for hazing will be in accordance with the Student Code of Conduct. It is a criminal offense if a person engages in hazing; solicits, encourages, directs, aids, or attempts to aid another in hazing; or has firsthand knowledge of an incident of hazing being planned or having occurred and fails to report this to the principal or superintendent.

[See **Bullying** in this document and policies FFI and FNCC for more information.]

Health—Physical and Mental

Health-Related Services

The district is required to provide notice of each health-related service offered at a student's campus. A parent may withhold consent for or decline a health-related service.

The following health-related services offered by district campuses may include but are not limited to:

- First Aid (Examples including but not limited to: Bandages, Ice Packs)
- State-Mandated Screenings such as Hearing and Vision Screenings for required grade levels
- Medication Administration: Administering both prescribed and over-the-counter medications as per physician's orders and with parental consent
- Health Education/Wellness Promotion Education
- Scoliosis Screenings for required grade levels
- Nutrition Education
- Physical Activity Education and Promotion
- Use of peppermint for soothing of sore throat, cough, or stomachache
- Under the influence assessment
- Nursing assessment and intervention of presenting medical conditions, including chronic or acute conditions/illnesses (Examples: School Nurse office visits requiring the nurse to obtain vital signs or temperature, Asthma care, Diabetic care)
- Referrals to Community Resources: Connecting students and families with community healthcare providers and social services.

Note: Regardless of parental authorization for the District to provide Health-care or Health-related services, District employees will contact emergency medical services and/or provide emergency care when required by law or when deemed necessary, such as to address a life-threatening situation.

Illness (All Grade Levels)

When your child is ill, please contact the school to let us know he or she will not be attending that day.

State rules require schools to exclude students with certain illnesses from school for certain periods of time. For example, if a child has a fever over 100 degrees, he or she must stay out of school until fever-free for 24 hours without use of fever-reducing medications. Students with diarrheal illnesses must stay home until they are diarrhea-free without use of diarrhea-suppressing medications for 24 hours.

A full list of conditions for which the school must exclude children can be obtained from the school nurse.

If a student becomes ill during the school day, and the school nurse determines that the child should go home, the nurse will contact the parent.

The district is required to report certain contagious (communicable) diseases or illnesses to the Department of State Health Services (DSHS) or our local/regional health authority. The school nurse can provide information from DSHS on these notifiable conditions. More information on School Communicable Diseases can be found on the [Department of State Health Services](#) website.

The school nurse is available to answer any questions for parents who are concerned about whether or not their child should stay home.

Immunization (All Grade Levels)

A student must be fully immunized against certain diseases or must present a certificate or statement that, for medical reasons or reasons of conscience, including a religious belief, the student will not be immunized.

For exemptions based on reasons of conscience, only official forms issued by the Texas Department of State Health Services (DSHS), Immunization Branch, can be honored by the district. This form may be obtained online at [Affidavit Request for Exemption from Immunization](#) or by writing to this address:

Texas Department of State Health Services
DSHS Immunization Branch (MC 1946)
P.O. Box 149347
Austin, Texas 78714-9347

The form must be notarized and submitted to the principal or school nurse within 90 days of notarization. If the parent is seeking an exemption for more than one student in the family, a separate form must be provided for each student.

The immunizations required are:

- Diphtheria, tetanus, and pertussis
- Polio
- Measles, mumps, and rubella
- Hepatitis B
- Varicella (chicken pox)
- Meningococcal
- Hepatitis A

The school nurse can provide information on immunization requirements. Proof of immunization may be established by personal records from a licensed physician or public health clinic with a signature or rubber-stamp validation.

If a student should not be immunized for medical reasons, the student or parent must present a certificate signed by a U.S. registered and licensed physician stating that, in the doctor's opinion, the immunization required is medically contraindicated or poses a significant risk to the health and well-being of the student or a member of the student's family or household. This certificate must be renewed yearly unless the physician specifies a lifelong condition.

As noted at **Bacterial Meningitis** in this document, entering college students must also, with limited exception, furnish evidence of having received a bacterial meningitis vaccination within the five years prior to enrolling in and attending classes at an institution of higher education. A student wanting to enroll in a dual credit course taken off campus may be subject to this or other vaccination requirements.

[See the DSHS website: [Texas School & Child Care Facility Immunization Requirements](#) and policy FFAB(LEGAL) for more information.]

Lice (All Grade Levels)

Head lice is very common among children. Although not an illness or a disease, it spreads easily through head-to-head contact during play, sports, nap time, and when children share things like brushes, combs, hats, and headphones.

The district does not require or recommend that students be removed from school because of lice or nits.

If careful observation indicates that a student has head lice, the school nurse will contact the student's parent to discuss a treatment plan using an FDA-approved medicated shampoo or cream rinse that may be purchased from any drug or grocery store. After the student undergoes one treatment, the parent should contact the school nurse to discuss the treatment used. The nurse can also offer additional recommendations, including subsequent treatments, how best to get rid of lice, and how to prevent lice from returning.

The district will provide notice to parents of elementary school students in an affected classroom without identifying the student with lice.

More information on head lice can be obtained from the DSHS website [Managing Head Lice in School Settings and at Home](#).

[See policy FFAA for more information.]

Medicine at School (All Grade Levels)

If a student must take medication during school hours, the student's parent must provide the medication. All medication, whether prescription or nonprescription, must be kept in the nurse's office and be administered by the nurse or another authorized district employee. A student may be authorized to possess his or her own medication because of asthma or a severe allergy as described below or as otherwise allowed by law.

The district will not purchase nonprescription medication to give to a student.

In accordance with policy FFAC, authorized employees may administer:

- Prescription medication in the original, properly labeled container, provided by the parent, along with a written request.

- Prescription medication from a properly labeled unit dosage container filled by a registered nurse or another qualified district employee from the original, properly labeled container.
- Nonprescription medication in the original, properly labeled container, provided by the parent along with a written request. **Note:** Insect repellent is considered a nonprescription medication.
- Herbal or dietary supplements provided by the parent only if required by the student's individualized education program (IEP) or Section 504 plan for a student with disabilities.

Students whose schedules provide for regular time spent outdoors, including for recess and physical education classes, should apply sunscreen before coming to school.

At the elementary level, a student's teacher or other district personnel will apply sunscreen to the student's exposed skin if the student brings the sunscreen to school and asks for help applying it. A student at this level may apply his or her own sunscreen if the student is able to do so.

At the secondary level, a student may possess and apply sunscreen when necessary. If the student needs assistance with sunscreen application, please address the need with the school nurse.

Whether a student is at the elementary or secondary level, if sunscreen needs to be administered to treat any type of medical condition, this should be handled through communication with the school nurse so that the district is made aware of any safety and medical issues.

Asthma and Severe Allergic Reactions

A student with asthma or severe allergic reaction (anaphylaxis) may possess and use prescribed asthma or anaphylaxis medication at school or school-related events only if he or she has written authorization from his or her parent and a physician or other licensed health-care provider. The student must also demonstrate to his or her health-care provider and the school nurse the ability to use the prescribed medication, including any device required to administer the medication.

If the student has been prescribed asthma or anaphylaxis medication for use during the school day, the student and parents should discuss this with the school nurse or principal.

See also **Food Allergies** in this document.

Unassigned Epinephrine Delivery Systems

In accordance with Chapter 38, Subchapter E of the Education Code, the board has adopted a policy to allow authorized school personnel who have agreed in writing and been adequately trained to administer an unassigned epinephrine delivery system, such as an auto-injector or nasal spray, in accordance with law and this policy. Administration of epinephrine shall only be permitted when an authorized and trained individual reasonably believes a person is experiencing anaphylaxis.

Authorized and trained individuals may administer an unassigned epinephrine delivery system at any time to a person experiencing anaphylaxis on a school campus.

Unassigned Opioid Antagonists (All Grade Levels)

In accordance with Chapter 38, Subchapter E of the Education Code, the board has adopted a policy to allow authorized and trained school personnel at each campus to administer an opioid

antagonist, such as Narcan or Naloxone, to an individual who is reasonably believed to be experiencing an opioid-related drug overdose.

Each campus will have at least one authorized and trained individual to administer an opioid antagonist present during regular school hours.

Steroids (Secondary Grade Levels Only)

State law prohibits students from possessing, dispensing, delivering, or administering an anabolic steroid. Anabolic steroids are for physician-prescribed medical use only.

Body building, muscle enhancement, or the increase of muscle bulk or strength through the use of an anabolic steroid or human growth hormone by a healthy student is not a valid medical use and is a criminal offense.

Mental Health Support (All Grade Levels)

The district has implemented programs to address the following mental health, behavioral health, and substance abuse concerns:

- Mental health promotion and early intervention;
- Building skills to manage emotions, establish and maintain positive relationships, and engage in responsible decision-making;
- Substance abuse prevention and intervention;
- Suicide prevention, intervention, and postvention (interventions after a suicide in a community);
- Grief, trauma, and trauma-informed care;
- Positive behavior interventions and supports;
- Positive youth development; and
- Safe, supportive, and positive school climates.
- Character Strong and Purposeful People curriculum- related lessons and activities.
- Leader in Me

If a student has been hospitalized or placed in residential treatment for a mental health condition or substance abuse, the district has procedures to support the student's return to school. Please contact the campus counselor or district mental health liaison for further information.

Teachers and other district employees may discuss a student's academic progress or behavior with the student's parents or another employee as appropriate; however, they are not permitted to recommend use of psychotropic drugs. A psychotropic drug is a substance used in the diagnosis, treatment, or prevention of a disease or as a component of a medication that is intended to alter perception, emotion, mood, or behavior.

A district employee who is a registered nurse, an advanced nurse practitioner, a physician, or a certified or credentialed mental health professional can recommend that a student be evaluated by an appropriate medical practitioner, if appropriate. [See policy FFEB for more information.]

For related information, see:

- **Consent to Conduct a Psychological Evaluation** in this document and **Consent to Provide a Mental Health Care Service** in this document for the district's procedures for recommending a mental health intervention and the mental health liaison's contact information;
- **Counseling** in this document for the district's comprehensive school counseling program;

- **Physical and Mental Health Resources** in this document for campus and community mental and physical health resources; and
- **Policies and Procedures that Promote Student Physical and Mental Health** in this document for board-adopted policies and administrative procedures that promote student health.

Physical Activity Requirements

Elementary School

The district will ensure that students in full-day prekindergarten–grade 5 engage in moderate or vigorous physical activity for at least 30 minutes per day or 135 minutes per week, in accordance with policies at EHAB, EHAC, EHBG, and FFA.

For additional information on the district's elementary school student physical activity programs and requirements, please see the principal.

Middle School

The district will ensure that students in middle or junior high school will engage in at least 225 minutes of moderate or vigorous physical activity within each two-week period for at least four semesters in accordance with policies at EHAB, EHAC, EHBG, and FFA.

For additional information on the district's junior high and middle school student physical activity programs and requirements, please see the principal.

Temporary Restriction from Participation in Physical Education

Students who are temporarily restricted from participation in physical education will not actively participate in skill demonstration but will remain in class to learn the concepts of the lessons.

Physical Fitness Assessment (Grades 3–12)

Annually, the district will conduct a physical fitness assessment of students in grades 3–12 who are enrolled in a physical education course or a course for which physical education credit is awarded. At the end of the school year, a parent may submit a written request to obtain the results of his or her child's physical fitness assessment conducted during the school year by contacting the campus principal.

Physical Health Screenings/Examinations

Athletics Participation (Secondary Grade Levels Only)

For certain extracurricular activities, a student must submit certification from an authorized health-care provider. The certification must state that the student has been examined and is physically able to participate in the relevant program, including:

- A district athletics program
- District marching band
- Any district extracurricular program identified by the superintendent

This examination is required to be submitted annually to the district.

Students should be aware of the rare possibility of sudden cardiac arrest, which in athletes is usually caused by a previously unsuspected heart disease or disorder. A student may request an electrocardiogram (ECG or EKG) to screen for such disorders, in addition to his or her required physical examination.

See the UIL's explanation of [sudden cardiac arrest](#) for more information.

Spinal Screening Program

School-based spinal screening helps identify adolescents with abnormal spinal curvature at an early stage, when the curve is mild and may go unnoticed. Early detection is key to controlling spinal deformities. Spinal screening is non-invasive and conducted in accordance with the most recent, nationally accepted and peer-reviewed standards.

All students who meet the Texas Department of State Health Services criteria will be screened for abnormal spinal curvature before the end of the school year. As appropriate, students will be referred for follow-up with their physician.

For information on spinal screening by an outside professional or exemption from spinal screening based on religious beliefs, contact the superintendent or see policy FFAA(LEGAL).

[See policy FFAA for more information.]

Special Health Concerns (All Grade Levels)

Bacterial Meningitis (All Grade Levels)

Please see the district's website at www.midwayisd.org for information regarding meningitis.

Note: Entering college students must show, with limited exception, evidence of receiving a bacterial meningitis vaccination within the five-year period prior to enrolling in and taking courses at an institution of higher education. Please see the school nurse for more information, as this may affect a student who wishes to enroll in a dual credit course taken off campus.

[See **Immunization** in this document.]

Diabetes

In accordance with a student's individual health plan for management of diabetes, a student with diabetes will be permitted to possess and use monitoring and treatment supplies and equipment while at school or at a school-related activity. See the school nurse or principal for information.

[See policy FFAF(LEGAL) for more information.]

Food Allergies (All Grade Levels)

Parents should notify the district when a student has been diagnosed with a food allergy, especially an allergy that could result in dangerous or life-threatening reactions either by inhalation, ingestion, or skin contact with the particular food. It is important to disclose the food to which the student is allergic as well as the nature of the allergic reaction. Please contact the school nurse or campus principal if your child has a known food allergy or as soon as possible after any diagnosis of a food allergy.

The district has developed and annually reviews a food allergy management plan, based on the Texas Department of State Health Services' (DSHS) "Guidelines for the Care of Students with Food Allergies At-Risk for Anaphylaxis" found on the DSHS website at [Allergies and Anaphylaxis](#).

When the district receives information that a student has a food allergy that puts the student at risk for anaphylaxis, an individual care plan will be developed to assist the student in safely accessing the school environment. The district's food allergy management plan can be accessed at www.midwayisd.org.

[See **Celebrations** in this document and policy FFAF for more information.]

Seizures (All Grade Levels)

To address the care of a student with a seizure disorder while at school or participating in a school activity, a parent may submit a seizure management and treatment plan to the district before the beginning of the school year, upon enrollment of the student, or as soon as practicable following diagnosis of a seizure disorder. A parent who submits a plan must use the [Seizure Management and Treatment Plan Form](#) developed by the Texas Education Agency.

[See **A Student with Physical or Mental Impairments Protected under Section 504** in this document and contact the school nurse for more information.]

Tobacco, E-Cigarettes, and Nicotine Products Prohibited (All Grade Levels and All Others on School Property)

Students are prohibited from possessing or using any type of tobacco product, electronic cigarette (e-cigarette), or any other electronic vaporizing device while on school property or while attending an off-campus school-related activity. With limited exceptions for medication, **[see Medicine at School (All Grade Levels)]** students are also prohibited from possessing or using any type of nicotine product, including nicotine pouches, regardless of whether the product contains tobacco, while on school property or while attending an off-campus school-related activity.

The district and its staff strictly enforce prohibitions against the use of all tobacco products, e-cigarettes, or any other electronic vaporizing device by students and all others on school property and at school-sponsored and school-related activities. [See the Student Code of Conduct and policies FNCD and GKA for more information.]

Health-Related Resources, Policies, and Procedures

Physical and Mental Health Resources (All Grade Levels)

Parents and students in need of assistance with physical and mental health concerns may contact the following campus and community resources:

- The Secondary Lead Nurse, Liz Shaw at 254-761-5650.
- The Elementary Lead Nurse, Erin Dethrow at 254-761-5720
- The Director of Support Services, Kim Buth, at 254-761-5610.
- The local public health authority, *Waco McLennan County Public Health District*. At 254-750-5400.
- The local mental health authority, Heart of Texas MHMR Klaras Center for Families, may be contacted at 254-752-7889.

Policies and Procedures that Promote Student Physical and Mental Health (All Grade Levels)

The district has adopted board policies that promote student physical and mental health. Local policies on the topics below can be found in the district's policy manual, available at <https://pol.tasb.org/Home/Index/860>.

- Food and nutrition management: CO, COA, COB
- Wellness and Health Services: FFA
- Physical Examinations: FFAA
- Immunizations: FFAB

- Medical Treatment: FFAC
- Communicable Diseases: FFAD
- School-Based Health Centers: FFAE
- Care Plans: FFAF
- Crisis Intervention: FFB
- Trauma-informed Care: FFBA
- Student Support Services: FFC
- Student Safety: FFF
- Child Abuse and Neglect: FFG
- Freedom from Discrimination, Harassment, and Retaliation: FFH
- Freedom from Bullying: FFI

In addition, the District Improvement Plan details the district's strategies to improve student performance through evidence-based practices that address physical and mental health.

The district has developed administrative procedures as necessary to implement the above policies and plans.

For further information regarding these procedures and access to the District Improvement Plan, please contact: Paul Offill, Assistant Superintendent for Administrative Services at 254-761-5610.

School Health Advisory Council (SHAC) (All Grade Levels)

During the preceding school year, the district's School Health Advisory Council (SHAC) held four meetings. Additional information regarding the district's SHAC is available from the Director of Support Services, Kim Buth, 254-761-5610.

Notification of upcoming SHAC meetings will be posted at each campus administrative office at least 72 hours before the meeting. Notification of upcoming SHAC meetings, meeting minutes, and a recording of each meeting will be posted on the district website www.midwayisd.org.

[See **Consent to Human Sexuality Instruction** in this document and policies BDF and EHAA. for more information.]

Student Wellness Policy/Wellness Plan (All Grade Levels)

To encourage healthy habits in our students, the district has developed a board-adopted wellness policy at FFA (LOCAL) and corresponding plans and procedures to implement it. For questions about the content or implementation of the district's wellness policy and plan, please contact the Director of Support Services, Kim Buth, at 254-761-5610.

Homework (All Grade Levels)

Homework is an integral part of the learning process to support, enrich or reinforce topics covered in class. Students will be able to see the purpose of homework and clearly understand requirements.

The teacher's responsibility is to assign effective, well-planned homework assignments that aid the student in the mastery of the course's essential knowledge and skills. This includes providing the student with ample notice of impending homework assignments.

The student's responsibility is to complete assignments on time and to schedule after school activities so that they do not interfere with the completion of assignments. The student assumes the responsibility for making up work when absent from class.

Parents are responsible for ensuring that their child does the homework assigned on any given day. Regular monitoring of the homework provides a good overview of how and what the student is doing in various subjects. Homework provides a regular channel of communication between the parent and the teacher.

Law Enforcement Agencies (All Grade Levels)

Questioning of Students

When law enforcement officers or other lawful authorities wish to question or interview a student at school, the principal will cooperate fully regarding the conditions of the interview, including without parental consent, if necessary, if it is part of a child abuse investigation. In other circumstances, the principal will:

- Verify and record the identity of the officer or other authority and ask for an explanation of the need to question the student at school.
- Ordinarily make reasonable efforts to notify the parents, unless the interviewer raises what the principal considers to be a valid objection.
- Ordinarily be present for the questioning or interview, unless the interviewer raises what the principal considers to be a valid objection.

Students Taken into Custody

State law requires the district to permit a student to be taken into legal custody:

- To comply with an order of the juvenile court.
- To comply with the laws of arrest.
- By a law enforcement officer if there is probable cause to believe the student has engaged in delinquent conduct or conduct in need of supervision.
- By a law enforcement officer to obtain fingerprints or photographs for comparison in an investigation.
- By a law enforcement officer to obtain fingerprints or photographs to establish a student's identity where the child may have engaged in conduct indicating a need for supervision, such as running away.
- By a probation officer if there is probable cause to believe the student has violated a condition of probation imposed by the juvenile court.
- By an authorized representative of Child Protective Services (CPS), Texas Department of Family and Protective Services (DFPS), a law enforcement officer, or a juvenile probation officer, without a court order, under the conditions set out in the Family Code relating to the student's physical health or safety.
- To comply with a properly issued directive from a juvenile court to take a student into custody.

Before a student is released to a legally authorized person, the principal will verify the person's identity and, to the best of his or her ability, will verify the person's authority to take custody of the student.

The principal will immediately notify the superintendent and will attempt to notify the parent, unless the legally authorized person raises what the principal considers to be a valid objection to notifying the parents. Because the principal does not have the authority to prevent or delay a student's release to a legally authorized person, any notification will most likely be after the fact.

Notification of Law Violations

The district is required by state law to notify:

- All instructional and support personnel who have responsibility for supervising a student who has been taken into custody, arrested, or referred to the juvenile court for any felony offense or for certain misdemeanors.
- All instructional and support personnel who have regular contact with a student who has been convicted, received deferred prosecution, received deferred adjudication, or was adjudicated for delinquent conduct for any felony offense or certain misdemeanors that occur in school, on school property, or at a school-sponsored or school-related activity on or off school property. These personnel will also be notified if the principal has reasonable grounds to believe the student has engaged in certain conduct.
- All appropriate district personnel regarding a student who is required to register as a sex offender.

[See policy GRAA(LEGAL) for more information.]

Leaving Campus (All Grade Levels)

Remember that student attendance is crucial. Appointments should be scheduled outside of school hours if possible. Absent extenuating circumstances, students will not regularly be released before the end of the school day.

State rules require parental consent before any student leaves campus for any part of the school day.

For students in elementary and middle school, a parent or authorized adult must come to the office and show identification to sign the student out. A campus representative will ask the student to report to the office. For safety purposes and stability of the learning environment, we cannot allow any unescorted adult to go to the classroom or other area to pick up the student. If the student returns to campus the same day, the parent or authorized adult must sign the student back in through the main office upon the student's return. Documentation regarding the reason for the absence will also be required.

The same process applies to students in high school if a parent picks the student up from campus. If the student's parent authorizes the student to leave campus unaccompanied, a note provided by the parent must be submitted to the main office no later than two hours prior to the student's need to leave campus. A phone call from the parent may be accepted, but the school may ultimately require a note for documentation purposes. The student must sign out through the main office and sign in upon his or her return, if the student returns the same day.

If a student becomes ill during the school day and the school nurse or other district personnel determines that the student should go home, the nurse will contact the student's parent and document the parent's wishes regarding release from school.

Unless the parent directs district personnel to release the student unaccompanied, the parent or other authorized adult must follow the sign-out procedures listed above. If a student is permitted by his or her parent to leave campus unaccompanied, the nurse will document the time of day the student was released. Under no circumstances will a student in elementary or middle school be released unaccompanied.

If a student is 18 years of age or is an emancipated minor, the student may sign him- or herself out of school. Documentation regarding the reason for the absence will be required.

During Lunch

All students are to remain on campus during lunch. Violators will be considered truant. An exception to this policy is when an upperclassman in high school has an approved lunch release for a class such as PALS.

At Any Other Time during the School Day

Students are not authorized to leave campus during regular school hours for any other reason, except with the permission of the principal.

Students who leave campus in violation of these rules will be subject to disciplinary action in accordance with the Student Code of Conduct.

Lost and Found (All Grade Levels)

A lost and found collection box is located in the campus office. A student who loses an item should check the lost and found box. The district discourages bringing personal items of high monetary value to school, as the district is not responsible for lost or stolen items. The campus will dispose of lost and found items at the end of each semester.

Makeup Work

Makeup Work Because of Absence (All Grade Levels)

A teacher may assign makeup work to a student who misses class based on instructional objectives and the needs of the student in mastering the essential knowledge and skills or meeting subject or course requirements.

The student will be responsible for obtaining and completing the makeup work within the time specified by the teacher. A student who does not make up assigned work within the time allotted by the teacher will receive a grade of zero for the assignment.

The student is encouraged to speak with his or her teacher if the student knows of an absence ahead of time so that the teacher and student may plan any makeup work. Please remember the importance of student attendance at school and that, even though absences may be excused or unexcused, all absences account for the 90 percent threshold regarding the state laws surrounding “attendance for credit or final grade.” [See **Attendance for Credit or Final Grade** in this document.]

A student involved in an extracurricular activity must notify his or her teachers ahead of time about any absences.

A student will be permitted to make up tests and turn in projects due in any class missed because of absence. Teachers may assign a late penalty to any long-term project in accordance with timelines approved by the principal and previously communicated to students.

Makeup Work after Absences: Students have three days after any absence to make up work missed during the absence. If parents and students feel that extenuating circumstances will not allow the work to be made up in that amount of time, it is their responsibility to contact the teacher and make arrangements for extending the make up deadline.

Makeup Work for Long Term Projects after Absences: Sometimes, teachers assign projects that take a number of days to complete. A project that is due three or more school days after it is assigned is considered a long-term project. Students who are absent on the date that a long-term project is due will be expected to turn in the completed project when they return to school. No extra time will be given unless students bring the portion of the project that has been

completed to school on the same day they return and can show that they have done a reasonable amount of work on the project, taking into account the reason for their absence. The purpose of this policy is to discourage students from procrastinating on projects.

INCOMPLETE GRADE (I)

A student who does not complete course work by the end of a marking period will receive an incomplete grade (I). The student has ten days to complete his/her course work. The incomplete grade (I) is changed to 50 on the eleventh (11th) day following the end of a marking period by Student Services. A student's teacher-of-record may change the 50 to a higher grade if extenuating circumstances warrant, such as extended illness, once the course work is completed. A Grade Change Form signed by the teacher-of-record must be submitted to Student Services. Student Services will provide an updated report card upon request by the student or parent.

DAEP Makeup Work

Grades 9–12

If a high school student is enrolled in a foundation curriculum course at the time of removal to a disciplinary alternative education program (DAEP), he or she will have an opportunity to complete the course before the beginning of the next school year. The district may provide the opportunity to complete the course through an alternative method, including a correspondence course, another distance learning option, or summer school. The district will not charge the student for any method of completion provided by the district. [See policy FOCA(LEGAL) for more information.]

In-School Suspension (ISS) and Out-of-School Suspension (OSS) Makeup Work (All Grade Levels)

Alternative Means to Receive Coursework

While a student is in ISS or OSS, the district will provide the student with all course work for the student's foundation curriculum classes that the student misses as a result of the suspension.

Opportunity to Complete Courses

A student removed from the regular classroom to ISS or another setting, other than a DAEP, will have an opportunity to complete before the beginning of the next school year each course the student was enrolled in at the time of removal from the regular classroom. The district may provide the opportunity by any method available, including a correspondence course, another distance learning option, or summer school. The district will not charge the student for any method of completion provided by the district. [See policy FO(LEGAL) for more information.]

Nondiscrimination Statement (All Grade Levels)

In its efforts to promote nondiscrimination and as required by law, the district does not discriminate on the basis of race, religion, color, national origin, gender, sex, age, disability, or any other basis prohibited by law in providing education services, activities, and programs, including Career and Technical Education (CTE) programs. The district provides equal access to the Boy Scouts and other designated youth groups.

In accordance with Title IX, the district does not and is required not to discriminate on the basis of sex and prohibits sex discrimination in its educational programs or activities. The requirement not to discriminate extends employment. Inquiries about the application of Title IX may be

referred to the district's Title IX Coordinator (see below), to the U.S. Department of Education's Office for Civil Rights, or both.

Other federal laws that prohibit discrimination include Title VI, Section 504, the Age Discrimination Act, the Boy Scouts Act, and Title II.

The district's nondiscrimination policy and grievance procedures are in policy FFH in the district's policy manual available at <https://pol.tasb.org/PolicyOnline?key=860>

The district has designated and authorized the following employee as the Title IX Coordinator to address concerns or inquiries regarding discrimination on the basis of sex, including sexual harassment, sexual assault, dating violence, domestic violence, stalking, or sex-based harassment:

Paul Offill, Assistant Superintendent for Administrative Services
13885 Woodway Drive
Woodway, Texas 76712
254-761-5610, paul.offill@midwayisd.org

Reports can be made at any time and by any person, including during non-business hours, by mail, phone, or email. During district business hours, reports may also be made in person. Upon the district receiving notice or an allegation of sex-based harassment, the Title IX Coordinator will promptly respond in accordance with the process described in policy FFH.

The following district representatives have been designated to address concerns or inquiries about other kinds of discrimination:

- For concerns regarding discrimination on the basis of disability, see the ADA/Section 504 Coordinator: Lisa Cochran, Director of Special Education and 504, 254-761-5625.
- For all other concerns regarding discrimination: Paul Offill, Assistant Superintendent for Administrative Services, 254-761-5610.

[See policies FB, FFH, and GKD for more information.]

Nontraditional Academic Programs (All Grade Levels)

Midway High School provides the following options to gain credit for a semester of a course:

- Credit Recovery
- Correspondence Course
- Credit by Exam
- Summer School

Parent and Family Engagement (All Grade Levels)

Parental Rights and Options

State law provides that a parent has the right to direct the moral and religious training of the parent's child, make decisions concerning the child's education, and consent to medical, psychiatric, and psychological treatment of the child without obstruction or interference from a governmental entity of Texas, including a school district.

In addition to referring to the rights of parents, including the right to withhold consent for or exempt the parent's child from certain activities and instruction specified throughout this handbook, parents may access additional information regarding parental rights at the district's website at www.midwayisd.org/families.

Working Together

Experience and research tell us that a child succeeds in education with good communication and a strong partnership between home and school. A parent's involvement and engagement in this partnership may include:

- Encouraging your child to put a high priority on education and working with your child every day to make the most of the educational opportunities the school provides.
- Ensuring that your child completes all homework assignments and special projects and comes to school each day prepared, rested, and ready to learn.
- Becoming familiar with all your child's school activities and with the academic programs, including special programs, offered in the district.
- Discussing with the school counselor or principal any questions you may have about the options and opportunities available to your child.
- Reviewing the requirements and options for graduation with your child in middle school and again while your child is enrolled in high school.
- Monitoring your child's academic progress and contacting teachers as needed. [See **Academic Counseling** in this document.]
- Attending scheduled conferences and requesting additional conferences as needed. The district will provide at least two opportunities for in-person conferences during each school year for each parent of a child enrolled in the district with the child's teachers. To schedule a telephone or in-person conference with a teacher, school counselor, or principal, please call the school office for an appointment. The teacher will usually return your call or meet with you during his or her conference period or before or after school. [See **Report Cards/Progress Reports and Conferences** in this document.]
- Becoming a school volunteer. [See **Volunteers** in this document and policy GKG for more information.]
- Participating in campus parent organizations.
- Serving as a parent representative on the district-level or campus-level planning committees that develop educational goals and plans to improve student achievement. For more information, see policies BQA and BQB and contact: Dr. Becky Odajima, Assistant Superintendent for Teaching and Learning at 761-5613.
- Serving on the School Health Advisory Council (SHAC) and assisting the district in aligning local community values with health education instruction and other wellness issues. [See **School Health Advisory Council (SHAC)** in this document and policies BDF, EHAA, FFA for more information.]
- Being aware of the school's ongoing bullying and harassment prevention efforts.
- Contacting school officials if you are concerned with your child's emotional or mental well-being.
- Attending board meetings to learn more about district operations. Regular board meetings are held on the third Tuesday of each month at 7:00 p. m. at the MISD Administration Building. An agenda for a regular or special meeting is posted no later than 3 business days before each meeting at the administration building and online at www.midwayisd.org [See policies BE and BED for more information.]

Parking and Parking Permits (Secondary Grade Levels Only)

A student must present a valid driver's license and proof of insurance to be eligible for a parking permit.

Students must request a parking permit and pay a fee to park in a school parking lot. So long as space is available, parking permits may be issued throughout the year.

Students will not be permitted to:

- Speed.
- Double-park.
- Park across a white or yellow line.
- Park in a fire lane.
- Sit in parked cars during school hours.

Students may be subject to disciplinary action for violation of these rules. The district may tow cars that are parked in violation of these rules. Additionally, MISD has a policy for random, mandatory drug testing of students in extracurricular programs and students who request a parking permit to park a vehicle on school property.

Pledges of Allegiance and a Minute of Silence (All Grade Levels)

Each school day, students will recite the Pledge of Allegiance to the U.S. flag and the Pledge of Allegiance to the Texas flag. Parents may submit a written request to the principal to excuse their child from reciting a pledge. [See **Reciting the Pledges to the U.S. and Texas Flags** in this document.]

State law requires that one minute of silence follow recitation of the pledges. Each student may choose to reflect, pray, meditate, or engage in any other silent activity during that minute so long as the silent activity does not interfere with or distract others.

In addition, state law requires that each campus provide for the observance of one minute of silence in remembrance of those who lost their lives on September 11, 2001, at the beginning of the first class period when September 11 falls on a regular school day.

[See policy EC for more information.]

Prayer (All Grade Levels)

Each student has a right to pray individually, voluntarily, and silently or to meditate in school in a manner that does not disrupt school activities. The school will not encourage, require, or coerce a student to engage in or refrain from such prayer or meditation during any school activity.

Private Spaces

In accordance with law, the district shall designate each multiple-occupancy private space in a building the district owns, operates, or controls for use only by individuals of one sex.

Multiple-occupancy private space means a facility designed or designated for simultaneous use by more than one individual and in which an individual may be in a state of undress in the presence of another individual, regardless whether the facility provides curtains or partial walls for privacy. The term includes a restroom, locker room, changing room, or shower room.

Promotion and Retention

A student will be promoted only on the basis of academic achievement or proficiency. In making promotion decisions, the district will consider:

- Teacher recommendation,
- Grades,
- Scores on criterion-referenced or state-mandated assessments, and
- Any other necessary academic information as determined by the district.

[See Standards of Mastery in policy [EIE\(LOCAL\)](#)]

Retention

Retention occurs when a student does not meet grade-level requirements. The policy determines the grade level retention of a student. The Grade Level Placement Committee and the school principal will assess if retention is warranted when further consideration is necessary. Parental input is crucial to the decision, but the parent does not have the final say on whether a child passes or fails. Ultimately, the decision belongs to the school's principal.

Retention is a significant intervention and should be thoroughly considered when a child is at risk of failing. It is the decision made when the school has exhausted all other options and retaining the student has potential benefits that outweigh the negative consequences. Retention should be used judiciously, weighing the benefits against the possible adverse impact on the child's social-emotional and academic well-being (both immediately and in the future).

A child can be retained if either are true:

- The student does not meet the standards set for academic mastery in the current grade level
- The student does not meet the requirements for Texas's compulsory laws for attendance (90%/10% rule).

In either case, the school's Grade Level Placement Committee and principal must agree that retention is the best option. In some situations, a school may choose to create a Principal's Plan of Action that does not include retention. A plan of action might include extended day school, summer school, or another type of intervention approved by the principal. Students assigned an intervention under a Principal's Plan of Action do not meet requirements for grade-level promotion. Thus, even if the student successfully fulfills the terms of the plan, they will not be promoted to the next grade level. Instead, the student will be placed.

Parental Option to Retain

[See Parental Option to Retain in policy [EIE\(LEGAL\)](#)]

Release of Students from School

[See **Leaving Campus** in this document.]

Report Cards/Progress Reports and Conferences (All Grade Levels)

Report cards with each student's performance and absences in each class or subject are issued at least once every 6 weeks.

At the end of the first three weeks of a grading period, parents will receive a progress report if their child's performance in any course/subject area is near or below 75 or is below the expected level of performance. If a student receives a grade lower than 70 in any class or subject at the end of a grading period, the parent will be asked to schedule a conference with the teacher. [See **Working Together** in this document for how to schedule a conference.]

Teachers follow grading guidelines that have been approved by the principal pursuant to the board-adopted policy. Grading guidelines are designed to reflect each student's relative mastery of each assignment. State law provides that a test or course grade issued by a teacher cannot be changed unless the board determines that the grade was arbitrary or contains an error, or that the teacher did not follow the district's grading policy. [See **Grading Guidelines** in this document and policy EIA(LOCAL) for more information.]

Questions about grade calculation should first be discussed with the teacher. If the question is not resolved, the student or parent may request a conference with the principal in accordance with FNG(LOCAL).

The report card or unsatisfactory progress report will state whether tutorials are required for a student who receives a grade lower than 70.

Report cards and unsatisfactory progress reports must be signed by the parent and returned to the school within 3 days. The district may communicate academic information about a student electronically, including for progress reporting purposes. An electronic signature will be accepted by the district, but parents are entitled to request a handwritten signature of acknowledgment instead.

The District utilizes the following scale for translating grades of S, N, and U on a report card:

S – 79.5-100

N – 69.5-79

U – 69.4 and below

Midway High School Semester Exam Exemption Policy

Students in grades 9-12 may be eligible for semester examination exemptions based on grades, attendance, and exemption eligibility criteria.

- Students may qualify for exemption through one of the following criteria:
 - Semester grade of 80 to 84 and no more than one absence
 - Semester grade of 85 to 89 and no more that two absences
 - Semester grade of 90 to 100 and no more than three absences
- 9th grade students may exempt one exam
- 10th grade students may exempt two exams
- 11th grade students may exempt three exams
- 12th grade students may exempt all exams

For ALL exemptions, (both semester grades 9-12), the following criteria must be met:

- The student must be present on the exam day(s) for the duration of the exam period(s) for which the exemption is received. If a student failed to attend, the exemption will be voided and the student will receive an exam grade of 0 until they take the exam on a date arranged through the MHS Administration.
- The student must have no discipline infractions which lead to DAEP or higher consequences
- The student must owe no fines or fees at the time of finals

- For second semester final exam, the student must have returned or paid for course materials, including textbooks and district issued technology at the time of the exam

Please note the following explanations and exceptions to exemption criteria:

- No exemptions will be granted for students taking course aligned with a STAAR EOC test for the first semester
- Classes are independent of one another for attendance, tardies and grades
- Three tardies to a class will equal one absence for that class
- Absences that do not affect exemption status are:
 - Funeral for immediate family members
 - School related Absences;
 - Religious holy days (a tenet of the faith that all members are required to attend);
 - Military deployment of an immediate family member;
 - Required court dates; and,
 - With prior approval from High School Administration, students may take four college days (two during Junior year, two during Senior year) as an exception to this policy
- Students with extenuating circumstances may submit a request to the campus exemption committee to have their attendance reviewed for eligibility prior to final exams. Midway High School will make an Exemption Request Form available to students the last two weeks of the semester.

Middle Schools Exemption Policy

For high school credit courses exemptions, students will follow the Midway High School Semester Exam Exemption Policy

Retaliation

[See **Dating Violence, Discrimination, Harassment, and Retaliation** in this document.]

Required State Assessments

STAAR (State of Texas Assessments of Academic Readiness)

Grades 3–8

In addition to routine tests and other measures of achievement, students at certain grade levels are required to take the state assessment, called STAAR, in the following subjects:

- Mathematics, annually in grades 3–8
- Reading, annually in grades 3–8
- Science in grades 5 and 8
- Social Studies in grade 8

STAAR Alternate 2 is available for eligible students receiving special education services who meet certain state-established criteria as determined by the student's ARD committee.

STAAR Spanish is available for eligible students for whom a Spanish version of STAAR is the most appropriate measure of their academic progress.

Standardized Testing for a Student Enrolled Above Grade Level

If a student in grades 3–8 is enrolled in a class or course intended for students above his or her current grade level in which the student will be administered a state-mandated assessment, the

student will be required to take an applicable state-mandated assessment only for the course in which he or she is enrolled, unless otherwise required to do so by federal law.

A student in grades 3–8 shall be assessed at least once in high school with the ACT or the SAT if the student completes the high school end-of-course assessments in mathematics, reading/language arts, or science prior to high school.

High School Courses End-of-Course (EOC) Assessments

STAAR end-of-course (EOC) assessments are administered for the following courses:

- Algebra I
- English I and English II
- Biology
- U.S. History

Satisfactory performance on the applicable assessments is required for graduation, unless waived or substituted as allowed by state law and rules.

There are three testing windows during the year in which a student may take an EOC assessment. The windows occur in the fall, spring, and summer months. If a student does not meet satisfactory performance, the student will have opportunities to retake the assessment.

STAAR Alternate 2 is available for eligible students receiving special education services who meet certain criteria established by the state as determined by the student’s ARD committee.

An admission, review, and dismissal (ARD) committee for a student receiving special education services will determine whether successful performance on the EOC assessments will be required for graduation within the parameters identified in state rules and the student’s personal graduation plan (PGP).

[See **Graduation** in this document.]

Requesting Administration of STAAR/EOC in paper format

STAAR and EOC assessments are administered electronically. A parent or teacher may request that a STAAR or EOC be administered to a student in paper format. The district may grant this request for any single administration for up to three percent of the number of students enrolled in the district. Requests will be granted in the order in which they are received. Requests for paper format for a fall administration of a STAAR or EOC must be submitted no later than September 15 each school year. Requests for paper format for a spring administration of a STAAR or EOC must be submitted no later than December 1 each school year.

Standardized Testing for a Student in Special Programs

Certain students—some with disabilities and some classified as English learners—may be eligible for exemptions, accommodations, or deferred testing. For more information, see the principal, school counselor, or special education director.

Failure to Perform Satisfactorily on STAAR Reading or Math

If a student does not meet expectations on STAAR 3-8 or EOC, the district will provide accelerated instruction for the student. Hours are required for a maximum of two subjects failed with reading and math being the priority. This could include:

- Supplemental instruction in addition to instruction typically provided to students in the grade levels in which they are enrolled.
- Assigned a TIA-designated teacher for the subsequent school year in the applicable subject area.

For a student who fails two or more consecutive school years in the same subject area, an Accelerated Education Plan (AEP) will be developed by the district.

Failure to Perform Satisfactorily on an EOC

If a student does not perform satisfactorily on an EOC, the district will provide accelerated instruction.

Failure of a student to attend accelerated instruction may result in violations of required school attendance.

Personal Graduation Plans - Middle School Students

For a middle school student who does not perform satisfactorily on a state-mandated examination, a school official will prepare a personal graduation plan (PGP).

School officials will also develop a PGP for a middle school student who is determined by the district to be unlikely to earn a high school diploma within five years of high school enrollment. The plan will, among other items;

- Identify the student's educational goals,
- Address the parent's educational expectations for the student, and
- Outline an intensive instruction program for the student.

[See the principal and policy EIF(LEGAL) for more information.]

For a student receiving special education services, the student's IEP may serve as the student's PGP and would therefore be developed by the student's ARD committee.

[See **Personal Graduation Plans** in this document for information related to the development of personal graduation plans for high school students.]

Safe Storage of Firearms

A firearm should be stored unloaded in a safe or locked container, with ammunition stored elsewhere.

It is unlawful to store, transport, or abandon an unsecured firearm in a place where children are likely to be and can obtain access to the firearm. Under the Penal Code, a person commits the offense of making a firearm accessible to a child if the child gains access to a readily dischargeable firearm, and the person with criminal negligence:

- Failed to secure the firearm; or
- Left the firearm in a place to which the person knew or should have known the child would gain access

The penalty for allowing a child access to a firearm can range from a Class C misdemeanor (punishable by a \$500 fine) to a Class A misdemeanor (punishable by a \$4,000 fine, a year in jail, or a combination of the two).

Safety (All Grade Levels)

Student safety on campus, at school-related events, and in district vehicles is a high priority of the district. The cooperation of students is essential to ensuring school safety. A student is expected to:

- Avoid conduct that is likely to put the student or others at risk.
- Follow all behavioral standards in this handbook and the Student Code of Conduct or set by district employees.
- Help secure the campus by keeping all exterior doors closed, latched, and locked unless the door is actively monitored by a district employee.
- Remain alert to any safety hazards, such as intruders on campus or threats made by any person toward a student or staff member, and promptly report any incidents to a district employee. A student may make anonymous reports about safety concerns using [WeTip](#).
- Know emergency evacuation routes and signals.
- Follow immediately the instructions of teachers, bus drivers, and other district employees who are overseeing the welfare of students.

Accident Insurance

Soon after the school year begins, parents will have the opportunity to purchase low-cost accident insurance that would help meet medical expenses in the event of injury to their child.

Insurance for Career and Technical Education (CTE) Programs

The district may purchase accident, liability, or automobile insurance coverage for students and businesses involved in the district's CTE programs.

Preparedness Drills: Evacuation, Severe Weather, and Other Emergencies

With a structured frequency outlined by the District's *Emergency Operations Plan*, all campuses will conduct preparedness drills of emergency procedures. When the command is given or alarm is sounded, students need to follow the direction of teachers or others in charge quickly, quietly, and in an orderly manner.

Preparedness Training: CPR and Stop the Bleed

The district will annually offer instruction in CPR at least once to students enrolled in grades 7–12. The instruction can be provided as part of any course and is not required to result in CPR certification.

The district will annually offer students in grades 7–12 instruction on the use of bleeding control stations to respond to traumatic injury. For more information, see [Homeland Security's Stop the Bleed](#) and [Stop the Bleed Texas](#).

Emergency Medical Treatment and Information

All parents are asked each year to complete a medical care authorization form, providing written parental consent to obtain emergency treatment and information about allergies to medications or drugs. Parents should contact the school nurse to update emergency care information (name of doctor, emergency phone numbers, allergies, etc.).

The district may consent to medical treatment, which includes dental treatment, if necessary, for a student if all of the following are met:

- The district has received written authorization from a person having the right to consent;
- That person cannot be contacted; and
- That person has not given the district actual notice to the contrary.

The emergency care authorization form will be used by the district when a student's parent or authorized designee is unable to be contacted. A student may provide consent if authorized by law or court order.

Regardless of parental authorization for the district to consent to medical treatment, district employees will contact emergency medical services to provide emergency care when required by law or when deemed necessary, such as to avoid a life-threatening situation.

Emergency School Closing Information

Each year, parents are asked to complete an emergency release form to provide contact information if the district needs to notify parents of early dismissal, delayed opening, or restricted access to a campus because of severe weather, a security threat, or another emergency cause.

The district will rely on contact information on file with the district to communicate with parents in an emergency situation, which may include real-time or automated messages. It is crucial to notify your child's school when a phone number changes. State law requires parents to update contact information within two weeks after the date the information changes.

If the campus must close, delay opening, or restrict access to the building because of an emergency, the district will also alert the community in the following ways: local radio and TV stations, school email messages, phone calls, and/or text messages, social media posts, and the District website at www.midwayisd.org.

[See **Automated Emergency Communications** in this document.]

SAT, ACT, and Other Standardized Tests

[See **Standardized Testing** in this document.]

Schedule Changes (Middle and High School Grade Levels)

Student-initiated requests for schedule adjustments, commonly referred to as the add/drop period, must be made through the counseling office. The add/drop period is defined as the first ten (10) days of the fall semester. For the spring semester, the add/drop period is defined as the five (5) days prior to and including mid-term exam days in the fall and first five (5) days of the spring semester.

Teacher assignments and schedule considerations will not allow the school to accommodate requests based on such factors as preferred lunch periods or teacher preference.

Student-initiated schedule change requests will be considered only under the following circumstances:

- A new student enrolls at the beginning of the school year and is not placed in appropriate classes
- Senior not enrolled in a class required for graduation
- Student is scheduled into a class for which the student does not have the prerequisite, did not apply, or did not try out
- Student is scheduled in a class for which they have already been awarded credit
- Student not enrolled in an application/audition course for which they were approved

- Balancing class sizes
- Student needs to add a course to be a full-time student/has an incomplete schedule
- Student is cut from athletic program
- Student with a medical reason documented by a physician
- Honors/AP changes (according to the change timeline only, which is listed below)
- Changes for Special Education student based on ARD decision

Students are strongly encouraged to consider carefully all course requests and subsequent requests for schedule changes. Exceptions to the described guidelines will be made only in extraordinary circumstances with the approval of the High School Administration.

Deadlines for Honors/AP Changes:

- For changes to and from Honors/AP classes within the same subject, the deadline will be within the first 10 days of semester one, at the end of the first six weeks, or within the first 5 days of semester two. For students moving into Honors/AP after the first day of class, any missed work must be made up according to the guidelines of the Honors/AP teacher. Additionally, the grade from the dropped class will transfer to the new class.
- For Honors/AP classes with no comparable, regular level course, changes will **only** be made within the first 10 days of school or at the end of semester one. Examples of Honors/AP classes with no comparable, regular course are: any level 3, 4, or 5 foreign language course, AP Calculus, AP Statistics, AP Biology, AP Chemistry, AP Physics 2, AP Physics C, AP Environmental Science, and AP European History.

Transfers – Student transfer - pupil-movement from one level of a subject to another (ex. AP English to Regular English) - will be allowed only with the approval of the administration within the first 10 class days, at the end of the 1st six week grading period, or at semester. Transfers will be considered only when a significant academic need is shown.

School Facilities

Asbestos Management Plan (All Grade Levels)

The district works diligently to maintain compliance with federal and state law governing asbestos in school buildings. A copy of the district's asbestos management plan is available in the central administrative office. If you have any questions or would like to examine the district's plan in more detail, please contact the district's designated asbestos coordinator: Jimmy Bennett at 254-761-5620.

Food and Nutrition Services (All Grade Levels)

The district participates in the School Breakfast Program and National School Lunch Program and offers students nutritionally balanced meals daily in accordance with standards set forth in state and federal law.

Some students are eligible for free and reduced-price meals based on financial need. Information about a student's participation is confidential. The district may share information such as a student's name and eligibility status to help enroll eligible children in Medicaid or the state children's health insurance program (CHIP) unless the student's parent requests the student's information not be disclosed.

Participating students will be offered the same meal options as their peers and will not be treated differently from their peers.

To apply for free or reduced-price meal services, see <https://www.nlappscloud.com> or inquire in the campus office.

[See policy COB for more information.]

Parents should continually monitor their child's meal account balance. When a student's meal account is exhausted or insufficient, the district will notify the parent. The student may continue to purchase meals according to the grace period set by the school board. The district will present the parent with a schedule of repayment for any outstanding account balance and an application for free or reduced meals. [See policy COB for more information]

If the district is unable to work out an agreement with the student's parent on replenishment of the meal account and payment of any outstanding balance, the student will receive a meal. The district will make every effort to avoid bringing attention to the student.

The following information is published as required by the USDA for participation in the National School Lunch Program:

"In accordance with federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, this institution is prohibited from discriminating on the basis of race, color, national origin, sex, disability, age, or reprisal or retaliation for prior civil rights activity.

"Program information may be made available in languages other than English. Persons with disabilities who require alternative means of communication to obtain program information (e.g., Braille, large print, audiotape, American Sign Language), should contact the responsible state or local agency that administers the program or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339.

"To file a program discrimination complaint, a Complainant should complete a Form AD-3027, USDA Program Discrimination Complaint Form which can be obtained online at: <https://www.usda.gov/sites/default/files/documents/ad-3027.pdf>, from any USDA office, by calling (866) 632-9992, or by writing a letter addressed to USDA. The letter must contain the complainant's name, address, telephone number, and a written description of the alleged discriminatory action in sufficient detail to inform the Assistant Secretary for Civil Rights (ASCR) about the nature and date of an alleged civil rights violation. The completed AD-3027 form or letter must be submitted to USDA by:

1. Mail:

U.S. Department of Agriculture
Office of the Assistant Secretary for Civil Rights
1400 Independence Avenue, SW
Washington, D.C. 20250-9410; or

2. Fax:

(833) 256-1665 or (202) 690-7442; or

3. Email:

Program.Intake@usda.gov

"This institution is an equal opportunity provider."

The responsible state agency that administers the program is the [Texas Department of Agriculture](https://www.texasagriculture.gov/Home/Contact-Us) (<https://www.texasagriculture.gov/Home/Contact-Us>), which can be reached at (800) TELL-TDA (835-5832) or (800) 735-2989 (TTY).

The local agency that administers the program is the district. See **Nondiscrimination Statement** on page for the name and contact information for the Title IX coordinator, ADA/Section 504 coordinator, and superintendent for other concerns about discrimination.[See Policy COB for more information]

Vending Machines (All Grade Levels)

The district has adopted and implemented the state and federal policies for food service, including guidelines to restrict student access to vending machines. For more information regarding these policies and guidelines, see policy FFA or contact your child's campus.

Pest Management Plan (All Grade Levels)

The district is required to follow integrated pest management (IPM) procedures to control pests on school grounds. Although the district strives to use the safest and most effective methods to manage pests, including a variety of non-chemical control measures, periodic indoor and outdoor pesticide use is sometimes necessary to ensure a safe, pest-free school environment.

All pesticides used are registered for their intended use by the U.S. Environmental Protection Agency and are applied only by certified pesticide applicators. Except in an emergency, signs will be posted 48 hours before indoor application. All outdoor applications will be posted at the time of treatment, and signs will remain until it is safe to enter the area.

Parents who have questions or who want to be notified of the times and types of applications prior to pesticide application inside their child's school assignment area may contact the district's IPM coordinator: Jimmy Bennett at 254-761-5620.

Conduct Before and After School (All Grade Levels)

Teachers and administrators have full authority over student conduct at before- or after-school activities. Whether a school activity is on or off district premises, students are subject to the same rules of conduct that apply during the instructional day. Misbehavior will be subject to consequences established by the Student Code of Conduct or any stricter standards of behavior established by the sponsor for extracurricular participants.

Library (All Grade Levels)

Campus libraries are open for independent student use during various times before, during, and after school. Library hours for specific campuses can be found by contacting the campus librarian or campus principal. All other library information can be found by contacting the campus librarian.

The district provides a wide range of library materials for students and faculty that support student achievement and present varying levels of difficulty, diversity of appeal, and a variety of points of view. The district follows the Texas State Library and Archive Commission's standards for school library collection development.

Parents are the primary decision makers regarding their student's access to library material. The district encourages parental involvement in library acquisition, maintenance, and campus activities. Parents are encouraged to communicate with the campus librarian and their child's teacher about special considerations regarding library materials self-selected by their student. A parent may submit to the district a list of library materials that their child may not be allowed to check out or otherwise access for use outside of the school library. Visit the Library Services site

on the MISD webpage for more information.

<https://www.midwayisd.org/programs-services/library-services>

The district will provide to parents a record of each time the parent's child checks out a library material that includes the title, author, genre, and return date of the library material. Visit the Library Services site on the MISD webpage for more information.

<https://www.midwayisd.org/programs-services/library-services>

A parent may access the school's library or any available online catalog. For information on accessing a school's library or available online catalog visit the Library Services site on the MISD webpage. <https://www.midwayisd.org/programs-services/library-services>

The district welcomes student and parent feedback on library materials and services; parents may contact their campus principal with questions or comments about their child's campus library. A district employee, parent, or person residing in the district may submit a written challenge to the inclusion of any library material in the catalog of the school library by visiting the Library Services site on the MISD webpage for more information.

<https://www.midwayisd.org/programs-services/library-services>

For more information, see EFB (Local)

Use of Hallways during Class Time (All Grade Levels)

During class times, loitering or standing in the halls is not permitted, and a student must have a hall pass to be outside the classroom for any purpose. Failure to obtain a pass will result in disciplinary action in accordance with the Student Code of Conduct.

Use by Students Before and After School (All Grade Levels)

Certain areas of the school will be accessible to students before and after school for specific purposes. Students are required to remain in the area where their activity is scheduled to take place.

Unless the teacher or sponsor overseeing an activity gives permission, a student will not be permitted to go to another area of the building or campus.

Students must leave campus immediately after dismissal of school in the afternoon, unless the student is involved in an activity under the supervision of a teacher or other authorized employee or adult.

Meetings of Non Curriculum-Related Groups (Secondary Grade Levels Only)

Student-organized, student-led non curriculum-related groups are permitted to meet during the hours designated by the principal before and after school. These groups must comply with the requirements of policy FNAB(LOCAL). A list of these groups is available in the principal's office.

Parental consent is required before a student may participate in a student club that is authorized or sponsored by the district. [See **Extracurricular Activities, Clubs, and Organizations (All Grade Levels)**].

School-Sponsored Field Trips (All Grade Levels)

The district periodically takes students on field trips for educational purposes.

A parent must provide permission for a student to participate in a field trip.

The district may ask the parent to provide information about a student's medical provider and insurance coverage and may also ask the parent to sign a waiver allowing for emergency medical treatment in the case of a student accident or illness during the field trip.

The district may require a fee for student participation in a field trip that is not required as part of a basic educational program or course to cover expenses such as transportation, admission, and meals; however, a student will not be denied participation because of financial need. The district is not responsible for refunding fees paid directly to a third-party vendor.

Searches and Investigations

Searches in General (All Grade Levels)

In the interest of promoting student safety and drug-free schools, district officials may occasionally conduct searches and investigations.

District officials may conduct investigations in accordance with law and district policy and may question students regarding a student's own conduct or the conduct of others. **[For questioning of students by law enforcement officials, see Law Enforcement Agencies (All Grade Levels).]**

District officials may search students, their belongings, and their vehicles in accordance with law and district policy. Searches of students will be conducted without discrimination, based on, for example, reasonable suspicion or voluntary consent or pursuant to district policy providing for suspicionless security procedures, including the use of metal detectors.

In accordance with the Student Code of Conduct, students are responsible for prohibited items found in their possession, including items in their personal belongings or in vehicles parked on district property.

If there is reasonable suspicion to believe that searching a student's person, belongings, or vehicle will reveal evidence of a violation of the Student Code of Conduct, a district official may conduct a search in accordance with law and district regulations.

District Property (All Grade Levels)

Desks, lockers, district-provided technology, and similar items are the property of the district and are provided for student use as a matter of convenience. District property is subject to search or inspection at any time without notice. Students have no expectation of privacy in district property.

Students are responsible for any item found in district property provided to the student that is prohibited by law, district policy, or the Student Code of Conduct.

Metal Detectors (All Grade Levels)

To maintain a safe and disciplined learning environment, the district reserves the right to subject students to metal detector searches when entering a district campus and at off-campus, school-sponsored activities.

Personal Communications and Other Electronic Devices (All Grade Levels)

Use of district-owned equipment and its network systems is not private and will be monitored by the district. [See policy CQ for more information.]

Any searches of personal electronic devices will be conducted in accordance with law, and the device may be confiscated to perform a lawful search. A confiscated device may be turned over to law enforcement to determine whether a crime has been committed.

[See **Electronic Devices and Technology Resources** in this document and policy FNF(LEGAL) for more information.]

Trained Dogs (All Grade Levels)

The district may use trained dogs to screen for concealed, prohibited items, including drugs and alcohol. Screenings conducted by trained dogs will not be announced in advance. The dogs will not be used with students, but students may be asked to leave personal belongings in an area that is going to be screened, such as a classroom, a locker, or a vehicle. If a dog alerts to an item or an area, it may be searched by district officials.

Drug Testing (Secondary Grade Levels Only)

MISD has a policy for random, mandatory drug testing of students in extracurricular programs and students who request a parking permit to park a vehicle on school property. [For further information, see policy FNF(LOCAL).]

[See **Steroids** in this document.]

Vehicles on Campus (Secondary Grade Levels Only)

If a vehicle subject to search is locked, the student will be asked to unlock the vehicle. If the student refuses, the district will contact the student's parents. If the parents also refuse to permit the vehicle to be searched, the district may turn the matter over to law enforcement. The district may contact law enforcement even if permission to search is granted.

Sexual Harassment

[See **Dating Violence, Discrimination, Harassment, and Retaliation** in this document.]

Special Programs (All Grade Levels)

The district provides special programs for gifted and talented students, students who are homeless, students in foster care, bilingual students, migrant students, English learners, students diagnosed with dyslexia, and students with disabilities. The coordinator of each program can answer questions about eligibility requirements, as well as programs and services offered in the district or by other organizations. A student or parent with questions about these programs should contact: Dr. Becky Odajima, Assistant Superintendent for Curriculum & Instruction at 761-5613.

The Texas State Library and Archives Commission's [Talking Book Program](#) provides audiobooks free of charge to qualifying Texans, including students with visual, physical, or reading disabilities such as dyslexia.

Standardized Testing

Secondary Grade Levels

SAT/ACT (Scholastic Aptitude Test and American College Test)

Many colleges require either the American College Test (ACT) or the Scholastic Aptitude Test (SAT) for admission. These assessments are usually taken at the end of the junior year. Students are encouraged to talk with the school counselor early during their junior year to learn about these assessments and determine the appropriate examination to take. The Preliminary

SAT (PSAT) and Pre-ACT are the corresponding preparatory and readiness assessments for the SAT and ACT.

Note: These assessments may qualify a student to receive a performance acknowledgment on the student's transcript under the foundation graduation program and may qualify as a substitute for an end-of-course testing requirement in certain circumstances. A student's performance at a certain level on the SAT or ACT also makes the student eligible for automatic admission to a Texas public institution of higher education.

TSI (Texas Success Initiative) Assessment

Prior to enrollment in a Texas public college or university, most students must take a standardized test called the Texas Success Initiative (TSI) assessment. The TSI assesses the reading, mathematics, and writing skills that freshmen-level students need to perform effectively as undergraduates in Texas public colleges and universities. This assessment may also be required before a student enrolls in a dual credit course offered through the district. Achieving certain benchmark scores on this assessment may also waive certain end-of-course assessment requirements in limited circumstances.

Student Speakers

The district provides students the opportunity to introduce/speak at the graduation ceremony. If a student meets the eligibility criteria and wishes to introduce one of the school events listed above, the student should submit his or her name in accordance with policy FNA(LOCAL).

[See **Graduation** in this document for information related to student speakers at graduation ceremonies and policy FNA(LOCAL) regarding other speaking opportunities.]

Summer School (All Grade Levels)

HIGH SCHOOL STUDENTS: Midway ISD operates a summer school program each year. Courses for credit are offered based on student request. A student who did not graduate with his/her class may enroll in summer school to complete credits required for graduation.

MIDDLE SCHOOL STUDENTS: For some grade levels, Midway ISD will offer summer camps in certain subjects for students who do not meet the minimum score on state assessments. The campus principal will communicate with families of students who meet eligibility for these camps.

ELEMENTARY STUDENTS: For fifth grade Midway ISD will offer summer camps in certain subjects for students who do not meet the minimum score on state assessments. The campus principal will communicate with families of students who meet eligibility for these camps.

Tardies (All Grade Levels)

A student who is tardy to class may be assigned to detention hall or given another appropriate consequence. Repeated instances of tardiness will result in more severe disciplinary action, in accordance with the Student Code of Conduct. Tardies may also impact attendance and truancy rules, as MISD considers three tardies as equivalent to one absence.

Textbooks, Electronic Textbooks, Technological Equipment, and Other Instructional Materials (All Grade Levels)

The district provides textbooks and other approved instructional materials to students free of charge for each subject or class. Students must treat any books with care. The district may also

provide electronic textbooks and technological equipment to students, depending on course objectives.

A student who is issued a damaged item should report the damage to the teacher.

Any student who does not return an item or returns an item in an unacceptable condition loses the right to free textbooks and technological equipment until the item is returned or the damage is paid for by the parent. However, the student will be provided the necessary instructional resources and equipment for use at school during the school day.

Transfers (All Grade Levels)

The principal is authorized to transfer a student from one classroom to another.

The superintendent is authorized to investigate and approve transfers between schools.

[See **Safety Transfers/Assignments** in this document, **Bullying** in this document, and **A Student Who Has Learning Difficulties or Who Needs Special Education or Section 504 Services** in this document, for other transfer options.]

Transportation (All Grade Levels)

School-Sponsored Trips

Students who participate in school-sponsored trips are required to use school-provided transportation to and from the event. However, in accordance with campus procedures, a parent may provide written consent for his or her child to ride with or be released after the event to the parent or another adult designated by the parent. [See **School-Sponsored Field Trips** in this document.]

Buses and Other School Vehicles

The district makes school bus transportation available to all students living two or more miles from school and to any eligible students who are experiencing homelessness. This service is provided at no cost to students.

Bus routes and stops will be designated annually, and any subsequent changes will be posted at the school and on the district's website. For the safety of the operator of the vehicle and all passengers, students must board buses or other vehicles only at authorized stops, and drivers must unload passengers only at authorized stops.

The district has identified the following areas where hazardous conditions exist for students who live within two miles of the campus: Highway 84 for all school age children, Hewitt Drive for Castleman Creek Elementary students crossing Hewitt Drive where there is no crossing guard available or walkway available, and the Middle Bosque River bridge on Speegleville Road for River Valley Middle School students residing north of the river.

Because students in these areas might encounter hazardous conditions when traveling to and from school independently, the district will provide transportation to these students. Please contact the Transportation offices at 761-5620 for additional information.

A parent may also designate a child-care facility or grandparent's residence as the regular pickup and drop-off location for his or her child. The designated facility or residence must be on an approved stop on an approved route. For information on bus routes and stops or to designate an alternate pickup or drop-off location, you may contact Transportation offices at 254-761-5620.

Students are expected to assist district staff in ensuring that buses and other district vehicles remain in good condition and that transportation is provided safely. When riding in district vehicles, including buses, students are held to behavioral standards established in this handbook and the Student Code of Conduct. Students must:

- Follow the driver’s directions at all times.
- Enter and leave the vehicle in an orderly manner at the designated stop.
- Keep feet, books, instrument cases, and other objects out of the aisle.
- Not deface the vehicle or its equipment.
- Not put head, hands, arms, or legs out of the window, hold any object out of the window, or throw objects within or out of the vehicle.
- Not possess or use any form of tobacco or e-cigarettes in any district vehicle.
- Observe all usual classroom rules.
- Be seated while the vehicle is moving.
- Fasten their seat belts, if available.
- Wait for the driver’s signal upon leaving the vehicle and before crossing in front of the vehicle.
- Follow any other rules established by the operator of the vehicle.

Misconduct will be punished in accordance with the Student Code of Conduct; the privilege to ride in a district vehicle, including a school bus, may be suspended or revoked. See below for specific rules/policies and possible consequences of misbehavior. The bus driver must watch the road at all times to ensure the safety of riders, pedestrians and other motorists; therefore, any actions by students that distract the driver creates unsafe driving conditions. Midway ISD has developed a progressive discipline structure to help maintain a safe bus environment for all students. The Midway ISD Student Code of Conduct applies at all times. These guidelines are designed to emphasize safety for all students and provide a progressive set of consequences for inappropriate behavior.

Minor Offenses (examples)		Major Offenses (examples)
<ul style="list-style-type: none"> ● Chewing gum ● Horse play ● Not sitting in assigned seat ● Not sitting properly in seat ● Arms, legs or feet in aisle ● Throwing items inside/out of bus (minor, low risk) ● Eating/drinking on the bus ● Standing or changing seats when bus is in motion ● Possession of inappropriate items on the bus (not illegal) ● Any behavior that distracts the driver 		<ul style="list-style-type: none"> ● Profanity ● Fighting ● Opening emergency exit unnecessarily ● Throwing items inside/out of bus (dangerous, high risk) ● Inappropriate talk or touching of a sexual nature ● Behavior resulting in an emergency stop by the driver ● Insubordination towards driver ● Threats toward driver or another student ● Smoking ● Possession of any weapon ● Possession of any illegal items (drugs, cigarettes, lighter, etc....) ● Vandalism of bus or student property

Consequences

Violations of the Student Code of Conduct by a student being transported on a school bus may result in disciplinary action at the campus and/or suspension of riding privileges. The campus principal or assistant principal will determine the severity of the offense based on information provided by the bus driver. On all referrals the campus administrator will conference with the student and attempt to contact a parent/guardian. The principal or assistant principal will use his or her professional judgment and discretion in applying consequences for behavior that occurs while students are riding district-provided transportation. Referrals and their accompanying progressive consequence will be considered separately between Minor and Major offenses.

Minor Offenses

Consequences for Minor Offenses may be applied using the following table:

Minor Referrals	Consequence
1 st	Warning, Parent Contact
2 nd	Campus-level discipline, Parent Contact
3 rd	Bus suspension for 5 days
4 th	Bus suspension for 10 days
5 th	Bus suspension for the remainder of the semester (20 day minimum) *
6 th	Bus suspension for remainder of the second semester (20 day minimum) *

*Suspensions on 5th & 6th referrals occurring with fewer than 20 school days to the end of the semester or the end of the school year will carry over to the next semester or the following school year.

Major Offenses

Major offenses may result in the automatic suspension of bus riding privileges. Principals, upon their determination of severity, have the authority to suspend bus riding privileges for the remainder of the semester or year at any time. Major offenses are addressed using the following table:

Major Referrals	Consequence
1 st	Bus suspension for 5 days
2 nd	Bus suspension for 10 days
3 rd	Bus suspension for the remainder of the semester (20 day minimum) *
4 th	Bus suspension for remainder of the second semester (20 day minimum) *

*Suspensions on 3rd & 4th referrals occurring with fewer than 20 school days to the end of the semester or the end of the school year will carry over to the next semester or the following school year.

The following rules shall also apply to students provided school transportation:

1. Students ride only one "home" address eligible bus.
2. Pickup is generally at corner intersections (driver has authority to designate stops).
3. Students are not allowed to ride alternate buses unless the principal or designee determines the need based on an emergency situation.
4. Students will not be allowed to ride the bus to and from babysitters (unless on an approved route).

5. Students should be picked up and let off at the same stop unless the driver is notified beforehand.
6. No guest riders allowed without signatures from parents and principal.

Vandalism (All Grade Levels)

Littering, defacing, or damaging school property is not tolerated. Students will be required to pay for damages they cause and will be subject to criminal proceedings as well as disciplinary consequences in accordance with the Student Code of Conduct.

Video Cameras (All Grade Levels)

For safety purposes, the district uses video and audio recording equipment to monitor student behavior, including on buses and in common areas on campus. Students will not be told when the equipment is being used.

The principal will review the video and audio recordings as needed and document student misconduct. Discipline will be in accordance with the Student Code of Conduct.

In accordance with state law, a parent of a student who receives special education services, a staff member (as this term is defined by law), a principal or assistant principal, or the board may make a written request for the district to place video and audio recording equipment in certain special education classrooms. The district will provide notice before placing a video camera in a classroom or other setting in which a child receives special education services. For more information or to request the installation and operation of this equipment, speak with the principal or Lisa Cochran at 761-5625 who the district has designated to coordinate the implementation of and compliance with this law.

[See policy EHBAF(LOCAL) for more information.]

[See **Consent to Video or Audio Record a Student when Not Already Permitted by Law** in this document for video and other recordings by parents or visitors to virtual or in-person classrooms.]

Visitors to the School (All Grade Levels)

General Visitors

For the safety of those within the school and to avoid disruption of instructional time, all visitors must first report to the main office and comply with all applicable district policies and procedures. All visitors should be prepared to show identification.

Individuals may visit classrooms or observe virtual instruction during instructional time only with approval of the principal and teacher. Visitors may not interfere with instruction or disrupt the normal school environment.

All visitors are expected to demonstrate the highest standards of courtesy and conduct. Disruptive behavior or violations of student privacy will not be permitted.

[See **Consent to Video or Audio Record a Student when Not Already Permitted by Law** in this document for video and other recording by parents or visitors to virtual or in-person classrooms.]

Unauthorized Persons

In accordance with Education Code 37.105, a school administrator, school resource officer (SRO), or district police officer has the authority to refuse entry to or eject a person from district property if the person refuses to leave peaceably on request and either of the following applies:

- The person poses a substantial risk of harm to any person
- The person behaves in a manner that is inappropriate for a school setting and persists in the behavior after being given a verbal warning that the behavior is inappropriate and may result in refusal of entry or ejection.

A verbal warning and persistent inappropriate behavior are not required for a person serving as a referee, judge, or other official of an extracurricular athletic activity or competition sponsored or sanctioned by the school district or UIL to eject a spectator.

Appeals regarding refusal of entry or ejection from district property may be filed in accordance with policies FNG(LOCAL) or GF(LOCAL).

[See the Student Code of Conduct.]

Visitors Participating in Special Programs for Students

Business, Civic, and Youth Groups

The district may invite representatives from patriotic societies listed in Title 36 of the United States Code to present information to interested students about membership in the society.

Career Day

From time to time, the district invites representatives from colleges and universities and other higher education institutions, prospective employers, and military recruiters to present information to interested students.

Volunteers (All Grade Levels)

The district invites and appreciates the efforts of volunteers who are willing to serve our district and students.

If you are interested in volunteering, please contact your child's campus office.

Subject to exceptions in accordance with state law and district procedures, the district requires a state criminal history background check for each volunteer, including parents, guardians, or grandparents of a child enrolled in the district. The volunteer must pay all costs for the background check.

Voter Registration (Secondary Grade Levels Only)

A student who is eligible to vote in any local, state, or federal election may obtain a voter registration application at the main campus office.

Withdrawing from School (All Grade Levels)

To withdraw a student under age 18 from school, the parent or guardian must submit a written request to the principal specifying the reasons for withdrawal and the final day the student will be in attendance. Withdrawal forms are available from the principal's office.

A student who is age 18 or older, who is married, or who has been declared by a court to be an emancipated minor may withdraw without parental signature.

Please provide the school at least three days' notice of withdrawal so that records and documents may be prepared.

Glossary

Accelerated instruction, also referred to as **supplemental instruction**, is an intensive supplemental program designed to help an individual student acquire the knowledge and skills required at his or her grade level. It is required when a student does not meet the passing standard on a state-mandated assessment.

ACT, or the American College Test, is one of the two most frequently used college or university admissions examinations. The test may be required for admission to certain colleges or universities.

ACT-Aspire is designed as a preparatory and readiness assessment for the ACT. This is usually taken by students in grade 10.

ARD stands for admission, review, and dismissal. The ARD committee convenes for each student who is identified as needing a full and individual evaluation for special education services. The eligible student and his or her parents are members of the committee.

Attendance review committee is responsible for reviewing a student's absences when the student's attendance drops below 90 percent, or in some cases 75 percent, of the days the class is offered. Under guidelines adopted by the board, the committee will determine whether there were extenuating circumstances for the absences and whether the student needs to complete certain conditions to master the course and regain credit or a final grade lost because of absences.

CPS stands for Child Protective Services.

DAEP stands for disciplinary alternative education program, a placement for students who have violated certain provisions of the Student Code of Conduct.

DFPS stands for the Texas Department of Family and Protective Services.

DPS stands for the Texas Department of Public Safety.

DSHS stands for the Texas Department of State Health Services.

ED stands for the U.S. Department of Education.

EOC (end-of-course) assessments are state-mandated and are part of the STAAR program. Successful performance on EOC assessments are required for graduation. These examinations will be given in English I, English II, Algebra I, Biology, and U.S. History.

ESSA is the federal Every Student Succeeds Act.

FERPA refers to the federal Family Educational Rights and Privacy Act, which grants specific privacy protections to student records. The law contains certain exceptions, such as for directory information, unless a student's parent or a student 18 years of age or older directs the school not to release directory information.

IEP stands for individualized education program and is the written record prepared by the ARD committee for a student with disabilities who is eligible for special education services.

IGC is the individual graduation committee, formed in accordance with state law, to determine a student's eligibility to graduate when the student has failed to demonstrate satisfactory performance on no more than two of the required state assessments.

ISS refers to in-school suspension, a disciplinary technique for misconduct found in the Student Code of Conduct. Although different from out-of-school suspension and placement in a DAEP, ISS removes the student from the regular classroom.

PGP stands for personal graduation plan, which is required for high school students and for any student in middle school who fails a section on a state-mandated test or is identified by the district as not likely to earn a high school diploma before the fifth school year after he or she begins grade 9.

PSAT is the preparatory and readiness assessment for the SAT. It also serves as the basis for the awarding of National Merit Scholarships.

Safe and Supportive School Team is a team established at each campus that is responsible for conducting a threat assessment regarding individuals who make threats of violence or exhibit harmful, threatening, or violent behavior and determining appropriate intervention, and providing guidance to students and school employees on recognizing harmful, threatening, or violent behavior that may pose a threat to the community, school, or individual.

SAT refers to the Scholastic Aptitude Test, one of the two most frequently used college or university admissions examinations. The test may be required for admissions to certain colleges or universities.

SHAC stands for School Health Advisory Council, a group of at least five members, a majority of whom must be parents, appointed by the school board to help ensure that local community values and health issues are reflected in the district's health education instruction, as well as assist with other student and employee wellness issues.

Section 504 is the federal law that prohibits discrimination against a student with a disability, requiring schools to provide opportunities for equal services, programs, and participation in activities. Unless the student is determined to be eligible for special education services under the Individuals with Disabilities Education Act (IDEA), general education with appropriate instructional accommodations will be provided.

STAAR is the State of Texas Assessments of Academic Readiness, the state's system of standardized academic achievement assessments.

STAAR Alternate 2 is an alternative state-mandated assessment designed for students with severe cognitive disabilities receiving special education services who meet the participation requirements, as determined by the student's ARD committee.

STAAR Spanish is an alternative state-mandated assessment administered to eligible students for whom a Spanish version of STAAR is the most appropriate measure of their academic progress.

State-mandated assessments are required of students at certain grade levels and in specified subjects. Except under limited circumstances, students must pass the STAAR EOC assessments to graduate. Students have multiple opportunities to take the tests, if necessary, for graduation.

Student Code of Conduct is developed with the advice of the district-level committee and adopted by the board and identifies the circumstances, consistent with law, when a student may be removed from a classroom, campus, or district vehicle; sets out the conditions that authorize or require the principal or another administrator to place the student in a DAEP; and outlines conditions for out-of-school suspension and for expulsion. The Student Code of Conduct also addresses notice to the parent regarding a student's violation of one of its provisions.

TAC stands for the Texas Administrative Code.

TEA stands for the Texas Education Agency, which oversees primary and secondary public education in Texas.

TEC stands for the Texas Education Code.

TELPAS stands for the Texas English Language Proficiency Assessment System, which assesses the progress that English learners make in learning the English language and is administered for those who meet the participation requirements in kindergarten–grade 12.

TSI stands for the Texas Success Initiative, an assessment designed to measure the reading, mathematics, and writing skills that entering college-level freshmen students should have if they are to be successful in undergraduate programs in Texas public colleges and universities.

UIL refers to the University Interscholastic League, the statewide, voluntary nonprofit organization that oversees educational extracurricular academic, athletic, and music contests.
