Date: 2/9/26

Buyboard Contract No. 737-24

Organization: **Waelder ISD**  
Attn: **Erin Suhr**  
Phone:  
Email: **erinsuhr@waelderisd.org**

### Scope of Work:

| Description  | Area (sq. ft.) | Price      |
|--|----------------|------------|
| <b>Waelder HS Gym</b> – Buff floor with 220 grit sand dollar disks. Apply 1 coat of 50% solids oil based gym finish. | 7,920          | \$2,064.00 |

**TAPE SHOULD NEVER BE APPLIED TO THE WOOD FLOOR. NO TAPE MANUFACTURER WILL GUARANTEE THEIR TAPE WILL NOT PEEL THE FINISH OFF A GYM FLOOR OR PAY FOR ANY REPAIRS WHEN IT DOES.**

## Customer Requirements

### Buff and Coat Refinishing

- Ensure that all equipment, mats, tables, chairs, etc. have been removed and the floor is clear of obstructions.
- Ensure bleachers are pushed in to the upright position.
- Ensure all temporary game line tape is removed from the floor.
- This re-finishing work will not hide previous or current areas of finish peeling.
- Floors with excessive finish bubbling or peeling will need to be evaluated and may require additional work and fee to ensure new finish coat will adhere properly.
- **Quality Hardwood Floors, inc. will not be held responsible for finish peeling due to tape removal.**
- **Ensure that the finished product can cure untouched for 72 hours after it is applied. If the finish is not allowed to cure properly there is a high probability of scratching and/or scuffing.**

## Scheduling

- Submit desired schedule in writing to [justin@QHFsports.com](mailto:justin@QHFsports.com) at least 3 weeks prior to start date. Due to high volume of work during the summer months, please allow a 3 to 4 day time window around the desired start date. **We will not reserve start dates until purchase order is received.**

## 1 Year Limited Warranty

- HVAC must be set to maintain humidity between 35 and 50 percent. Humidity fluctuations of more than 15% may cause finish and paint to peel, boards to warp or gap, and void warranty.
- Excessive moisture, abusive activities, or excessive weight due to lifts may void warranty.
- Excessive loading like those resulting from the use of high point load scissor lifts can lead to surface degradation and/or weaken structural components leading to system failure. Always use multi-layer protection when loading a flooring system with any size lift to protect the integrity of the system and quality of the surface finish.
- Cleaning chemicals that are not specifically for use on gym floors or not compatible with the applied finish will void warranty.

Proposal is valid for (30) days. After that time, we will need to reevaluate the scope of work to verify conditions have not changed.

**\*To accept this proposal, please email purchase order to [justin@QHFsports.com](mailto:justin@QHFsports.com).**
