

**Henderson ISD
Board Background**

Subject: Consider approval of ice and water dispensers for the High School

Presented for: **Action** X **Report Only**

Background Information

During the course of the high school project, child nutrition identified the need for additional ice and water dispensers to adequately serve students and staff in the cafeteria and serving areas. While serving lines were previously approved by the Board, the ice and water dispensing equipment was not included in those prior approvals.

The addition of these units will enhance operational efficiency, improve access to drinking water, and support meal service operations during peak serving times. The equipment is designed to meet the daily needs of the campus and complement the functionality of the newly installed serving lines.

Administration has reviewed the proposed equipment and pricing and determined that the purchase is necessary to ensure the high school cafeteria is fully equipped and operational. Funding for this purchase is available within the budget.

Recommendation

Approve the purchase of ice and water dispensers for the high school cafeteria from Singer NC, LLC, in the amount of \$31,253.72.
