Dear Ilandus:

Thank you for the opportunity to propose lease figures for your prospective technology acquisition. We have supported hundreds of schools including many in Illinois and I am a longstanding member of IASBO. I'm grateful for your previous business and I strive to deliver another cost effective and creative program. References have been provided.

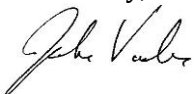

The below budgetary lease structures are based upon equipment costs as provided by you and the present spread over like term market indexes. The lease is also subject to tax exempt municipal lease documentation, the first payment in advance, a \$799 documentation fee and credit approval.

Structure	Equipment Cost	Term	Buyout	Annual Payments	Remarketing Rebate (est.)
Municipal Lease + Schedule 1 = 900 Lenovo T14 (Close and pay CDW April 2026)	\$1,026,225	4 years	\$1 buyout or return for Remarketing Rebate	\$276,804 Commence July 2026	\$80/unit Lenovo T14
Municipal Lease + Schedule 2 = 2300 Acer Travelmate (Close and pay CDW July 2026)	\$1,244,185	4 years	\$1 buyout or return for Remarketing Rebate	\$331,828 Commence July 2026	\$30/unit Acer Travelmate

Municipal Lease + is a favorable structure for many schools. The value of our Full Cycle Solution is found not only in the competitive lease rate but also our end of lease remarketing. **You own the equipment and when you are ready to retire the assets, we will:**

- Pick up the equipment.
- Audit the units by serial number.
- Provide a detailed condition report.
- Provide data erasure.
- Provide certificates of data erasure for your records.
- Maximize your return using multiple avenues of resale.

Sincerely,

John Vonder
