

OPERATIONAL SERVICES

4:100 Insurance Management

The Superintendent shall recommend and maintain all insurance programs that provide the broadest and most complete coverage available at the most economical cost, consistent with sound insurance principles.

The insurance program shall include:

1. Liability coverage to insure against any loss or liability of the School District and the listed individuals against civil rights damage claims and suits, constitutional rights damage claims and suits, and death and bodily injury and property damage claims and suits, including defense costs, when damages are sought for negligent or wrongful acts allegedly committed in the scope of employment or under the Board's direction or related to any mentoring services provided to the District's licensed staff members; Board members; employees; volunteer personnel authorized by [105 ILCS 5/10-22.34](#), [5/10-22.34a](#), and [5/10-22.34b](#); mentors of licensed staff members authorized in [105 ILCS 5/21A-5 et seq.](#) (new teacher), [105 ILCS 5/2-3.53a](#) (new principal), and [2-3.53b](#) (new superintendents); and student teachers.
2. Catastrophic accident insurance at the mandated benefit level for student athletes in grades 9 through 12 who sustain an accidental injury while participating in school-sponsored or school-supervised interscholastic athletic events sanctioned by the Ill. High School Association that results in medical expenses in excess of \$50,000.
3. Comprehensive property insurance covering a broad range of causes of loss involving building and personal property. The coverage amount shall normally be for the replacement cost or the insurable value.
4. Workers' Compensation to protect the individual employees against financial loss in case of a work-related injury, certain types of disease, or death incurred in an employee-related situation.
5. Employee insurance programs.

Student Insurance

The Board shall annually designate a company to offer student accident insurance coverage. The Board does not endorse the plan nor recommend that parents/guardians secure the coverage, and any contract is between the parents/guardians and the company.

OPERATIONAL SERVICES

4:110 Transportation

The District shall provide free transportation for all students in the District: (1) residing at a distance of one and one-half miles or more from their assigned schools, unless the Board has certified to the Ill. State Board of Education that adequate public transportation is available or (2) if adequate public transportation is not available, residing within one and one-half miles from his or her assigned school where walking to or from school or to or from a pick-up point or bus stop would constitute a *serious safety hazard* due to either (a) vehicular traffic or rail crossing or (b) *a course or pattern of criminal activity*, as defined in the Ill. Street Gang Terrorism Omnibus Prevention Act, [740 ILCS 147/](#). The District may provide transportation for other students residing within one and one-half miles from their assigned school. A student's parent(s)/guardian(s) may file a petition with the Board of Education requesting transportation due to the existence of a serious safety hazard. Free transportation services and vehicle adaptation for special education students shall be provided if included in the students' individualized educational programs. The District may provide transportation to and from school-sponsored activities. Non-public school students shall be transported in accordance with State law. Homeless students shall be transported in accordance with [Section 45/1-15](#) of the Education for Homeless Children Act. Foster care students shall be transported in accordance with [Section 6312\(c\)\(5\)\(B\)](#) of the Elementary and Secondary Education Act.

If a student is at a location within the District, other than his or her residence, for childcare purposes at the time for transportation to and/or from school, that location may be considered for purposes of determining the 1½ miles from the school attended. Unless the Superintendent or designee establishes new routes, pick-up and drop-off locations for students in day care must be along the District's regular routes. The District will not discriminate among types of locations where day care is provided, which may include the premises of licensed providers, relatives' homes, or neighbors' homes.

Bus schedules and routes shall be determined by the Superintendent or designee and shall be altered only with the Superintendent or designee's approval and direction. In setting the routes, the pick-up and discharge points should be as safe for students as possible.

No school employee may transport students in school or private vehicles unless authorized by the administration.

Every vehicle regularly used for the transportation of students must pass safety inspections in accordance with State law and Ill. Dept. of Transportation regulations. The strobe light on a school bus may be illuminated only when the bus is actually being used as a school bus and (1) is stopping or stopped for loading or discharging students on a highway outside an urban area, or (2) is bearing one or more students. The Superintendent shall implement procedures in accordance with State law for accepting comment calls about school bus driving.

All contracts for charter bus services must contain the clause prescribed by State law regarding criminal background checks for bus drivers.

Pre-Trip and Post-Trip Vehicle Inspection

The Superintendent or designee shall develop and implement a pre-trip and post-trip inspection procedure to ensure that the school bus driver: (1) tests the two-way radio or cellular radio telecommunication device and ensures that it is functioning properly before the bus is operated, and (2) walks to the rear of the bus before leaving the bus at the end of each route, work shift, or work day, to check the bus for children or other passengers in the bus.

OPERATIONAL SERVICES

4:120 Food Services

Good nutrition shall be promoted in the District's meal programs and in other food and beverages that are sold to students during the school day. The Superintendent shall manage a food service program that complies with this policy and is in alignment with School Board policy 6:50, *School Wellness*.

Food or beverage items sold to students as part of a reimbursable meal under federal law must follow the nutrition standards specified in the U.S. Dept. of Agriculture rules that implement the National School Lunch and Child Nutrition Acts. Schools being reimbursed for meals under these laws are *participating schools*.

The food service program in participating schools shall comply with the nutrition standards specified in the U.S. Dept. of Agriculture's *Smart Snacks rules* when it offers competitive foods to students on the school campus during the school day. *Competitive foods* are all food and beverages that are offered by any person, organization or entity for sale to students on the school campus during the school day that are not reimbursed under programs authorized by federal law. The food service programs in participating schools shall also comply with any applicable mandates in the Illinois State Board of Education's School Food Service rules implementing these federal laws and the Ill. School Breakfast and Lunch Program Act.

All revenue from the sale of any food or beverages sold in competition with the School Breakfast Program or National School Lunch Program to students in food service areas during the meal period shall accrue to the nonprofit school lunch program account.

OPERATIONAL SERVICES

4:130 Free and Reduced-Price Food Services

Notice

The Superintendent shall be responsible for implementing the District's free and reduced-price food services policy and all applicable programs.

If State funding is available for the Healthy School Meals for All Program, the Board will annually determine if it will participate in the program.

Eligibility Criteria and Selection of Children

A student's eligibility for free and reduced-price food services shall be determined by the income eligibility guidelines, family-size income standards, set annually by the U.S. Department of Agriculture and distributed by the Illinois State Board of Education. From time to time, the income eligibility guidelines and standards may not be necessary when reimbursements for students' free breakfasts and lunches are claimed through the U.S. Depts. of Agriculture and Education's Community Eligibility Provision (CEP). When claiming the CEP, the District will follow its requirements.

Notification

At the beginning of each school year, by letter, the District shall notify students and their parents/guardians of: (1) eligibility requirements for free and reduced-price food service; (2) the application process (3) the name and telephone number of a contact person for the program; and (4) other information required by federal law. The Superintendent shall provide the same information to: (1) informational media, the local unemployment office, and any major area employers contemplating layoffs; and (2) the District's website (if applicable), all school newsletters, or students' registration materials. Parents/guardians enrolling a child in the District for the first time, any time during the school year, shall receive the eligibility information.

Nondiscrimination Assurance

The District shall avoid publicly identifying students receiving free or reduced-price meals and shall use methods for collecting meal payments that prevent identification of children receiving assistance.

Appeal

A family may appeal the District's decision to deny an application for free and reduced-price food services or to terminate such services as outlined by the U.S. Department of Agriculture in [7 C.F.R. §245.7](#), Determining Eligibility for Free and Reduced-Price Meals and Free Milk in Schools. The Superintendent shall establish a hearing procedure for adverse eligibility decisions and provide by mail a copy of them to the family. The District may also use these procedures to challenge a child's continued eligibility for free or reduced-price meals or milk.

During an appeal, students previously receiving food service benefits shall not have their benefits terminated. Students who were denied benefits shall not receive benefits during the appeal.

The Superintendent shall keep on file for a period of three years a record of any appeals made and the hearing record. The District shall also maintain accurate and complete records showing the data and method used to determine the number of eligible students served free and reduced-price food services. These records shall be maintained for three years.

Free and Reduced-Price Food Services

4:130-E Exhibit - Free and Reduced-Price Food Services; Meal Charge Notifications

On District letterhead, website, in student handbook, newsletters, bulletins, and/or calendars

Date:

To: Parents/Guardians, Students, and Staff

Re: Eligibility and Meal Charge Notifications

The following notification is provided to all households of students at the beginning of each school year as federally required notification regarding eligibility requirements and the application process for the free and reduced-price food services that are listed in Board policy 4:130, *Free and Reduced-Price Food Services*, and 4:140, *Waiver of Student Fees*. This notification is also provided to households of students transferring to the District during the school year. For more information, see www.fns.usda.gov/school-meals/unpaid-meal-charges, and/or contact the Building Principal or designee.

Free and Reduced-Price Food Services Eligibility

When the parents/guardians of students are unable to pay for their child(ren)'s meal services, meal charges will apply per a student's eligibility category and will be processed by the District accordingly.

A student's eligibility for free and reduced-price food services shall be determined by the income eligibility guidelines, family-size income standards, set annually by the U.S. Dept. of Agriculture, and distributed by the Ill. State Board of Education.

Meal Charges for Meals Provided by the District

The Building Principal and District staff will work jointly to prevent meal charges from accumulating. Every effort to collect all funds due to the District will be made on a regular basis and before the end of the school year. Contact your Building Principal or designee about whether your child(ren)'s charges may be carried over at the end of the school year, i.e., beyond June 30th.

Unpaid meal charges are considered delinquent debt when payment is overdue as defined by Board policy 4:45, *Insufficient Fund Checks and Debt Recovery* and the Hunger-Free Students' Bill of Rights Act ([105 ILCS 123/](#)). The District will make reasonable efforts to collect charges classified as delinquent debt, including repeated contacts to collect the amounts and, when necessary, requesting that the student's parent(s)/guardian(s) apply for meal benefits to determine if the student qualifies for such benefits under Board policy 4:130, *Free and Reduced-Price Food Services*. The District will provide a federally reimbursable meal or snack to a student who requests one, regardless of the student's ability to pay or negative account balance.

When a student's funds are low and when there is a negative balance, reminders will be provided to the staff, students, and their parent(s)/guardian(s) at regular intervals during the school year. State law allows the Building Principal to contact parent(s)/guardian(s) to attempt collection of the owed money when the amount owed is more than the amount of five lunches. If a parent/guardian regularly fails to provide meal money for the child(ren) that he/she is responsible for in the District and does not qualify for free meal benefits or refuses to apply for such benefits, the Building Principal or designee will direct the next course of action. Continual failure to provide meal money may require the District to

notify the Ill. Dept. of Children and Family Services (DCFS) and/or take legal steps to recover the unpaid meal charges, up to and including seeking an offset under the State Comptroller Act, if applicable.

Hinckley-Big Rock Community Unit School District 429

OPERATIONAL SERVICES

4:140 Waiver of Student Fees

The Superintendent will recommend to the Board of Education a schedule of fees, if any, to be charged students for the use of textbooks, consumable materials, extracurricular activities, and other school student fees. Students must also pay fines for the loss of or damage to school books or other school-owned materials.

Fees for textbooks , other instructional materials , and driver education, as well as fines for the loss or damage of school property are waived for students who meet the eligibility criteria for a waiver as described in this policy. In order that no student is denied educational services or academic credit due to the inability of parents/guardians to pay student fees and fines, the Superintendent will recommend to the Board which additional fees and fines, if any, the District will waive for students who meet the eligibility criteria for a waiver.

Notification

The Superintendent shall ensure that a notice of waiver applicability is provided to parents/guardians with every bill for fees and/or fines, and that applications for waivers are widely available and distributed according to State law and Ill. State Board of Education (ISBE) rule and that provisions for assisting parents/guardians in completing the application are available.

Eligibility Criteria

A student shall be eligible for a fee and fine waiver when:

1. The student currently lives in a household that meets the same income guidelines, with the same limits based on household size, that are used for the federal free meals program;
2. The student's parents/guardians are veterans or active-duty military personnel with income at or below 200% of the federal poverty line; or
3. The student is homeless, as defined in the McKinney-Vento Homeless Assistance Act ([42 U.S.C. §11434a](#)).

The Superintendent or designee will give additional consideration when one or more of the following factors are present:

- Illness in the family;
- Unusual expenses such as fire, flood, storm damage, etc.;
- Unemployment;
- Emergency situations;
- When one or more of the parents/guardians are involved in a work stoppage.

Verification

The Superintendent or designee shall establish a process for determining a student's eligibility for a waiver of fees and fines in accordance with State law requirements.

If a student receiving a waiver is found to be no longer eligible during the school year, the Superintendent or designee shall notify the student's parent/guardian and charge the student a prorated amount based upon the number of school days remaining in the school year.

Determination and Appeal

Within 30 calendar days after the receipt of a waiver request, the Superintendent or designee shall

mail a notice to the parent/guardian whenever a waiver request is denied. The denial notice shall include: (1) the reason for the denial, (2) the process and timelines for making an appeal, and (3) a statement that the parent/guardian may reapply for a waiver any time during the school year if circumstances change. If the denial is appealed, the District shall follow the procedures for the resolution of appeals as provided in the ISBE rule on waiver of fees.

OPERATIONAL SERVICES

4:150 Facility Management and Building Programs

The Superintendent shall manage the District's facilities and grounds as well as facility construction and building programs in accordance the law, the standards set forth in this policy, and other applicable Board policies. The Superintendent or designee shall cooperate with and facilitate: (1) inspections of schools by the Regional Superintendent and State Fire Marshal or designee, (2) review of plans and specifications for future construction or alterations of a school if requested by the relevant municipality, county (if applicable), or fire protection district, and (3) compliance with the 10-year safety survey process required by the School Code.

Standards for Managing Buildings and Grounds

All District buildings and grounds shall be adequately maintained in order to provide an appropriate, safe, and energy efficient physical environment for learning and teaching. The Superintendent or designee shall provide the Board with periodic reports on maintenance data and projected maintenance needs that include cost analysis. Prior Board of Education approval is needed for all renovations or permanent alterations to buildings or grounds when the total cost will exceed \$17,500, including the cost equivalent of staff time. This policy is not intended to discourage efforts to improve the appearance of buildings or grounds that are consistent with the designated use of those buildings and grounds.

Standards for Green Cleaning

For each District school with 50 or more students, the Superintendent or designee shall establish and supervise a green cleaning program that complies with the guidelines established by the Illinois Green Government Coordinating Council.

Standards for Facility Construction and Building Programs

As appropriate, the Board of Education will authorize the production of a comprehensive study to determine the need for facility construction and expansion. On an annual basis, the Superintendent or designee shall provide the Board with projected facility needs, enrollment trends, and other data impacting facility use. Board of Education approval is needed for all new facility construction and expansion.

When making decisions pertaining to design and construction of school facilities, the Board of Education will confer with members of the staff and community, the Ill. State Board of Education, and educational and architectural consultants, as it deems appropriate. The Board's facility goals are to:

1. Integrate facilities planning with other aspects of planning and goal-setting.
2. Base educational specifications for school buildings on identifiable student needs.
3. Design buildings for sufficient flexibility to permit new or modified programs.
4. Design buildings for maximum potential for community use.
5. Meet or exceed all safety requirements.
6. Meet requirements on the accessibility of school facilities to disabled persons as specified in State or federal law.
7. Provide for low maintenance costs, energy efficiency, and minimal environmental impact.

Naming Buildings, Facilities, and other locations

Recognizing that the name for a school building, facility, or ground or field reflects on its public image, the Board's primary consideration will be to select a name that enhances the credibility and stature of the school or facility. Any request to name or rename an existing facility should be submitted to the Board of Education. When a facility is to be named or renamed, the Board President will appoint a special committee to consider nominations and make a recommendation, along with supporting rationale, to the Board. The Board will make the final selection. The committee shall operate under the following guideline that the name will not duplicate or cause confusion with the names of existing facilities in the District.

4:160 Environmental Quality of Buildings and Grounds

The Superintendent shall take all reasonable measures to protect: (1) the safety of District personnel, students, and visitors on District premises from risks associated with hazardous materials and (2) the environmental quality of the District's buildings and grounds.

Pesticides

Pesticides will not be applied on the paved surfaces, playgrounds, or playing fields of any school serving grades K-8 during a school day or partial school day when students are in attendance for instructional purposes. Additionally, the application of any restricted use pesticides is prohibited on or within 500 feet of school property during normal school hours. Before pesticides are used on District premises, the Superintendent or designee shall notify employees and parents/guardians of students as required by the Structural Pest Control Act, [225 ILCS 235/](#), and the Lawn Care Products Application and Notice Act, [415 ILCS 65/](#).
