**INSURANCE PROGRAM - RISK MANAGEMENT**

The Nye County School District shall maintain an adequate insurance program to protect District property, including its fleet of school buses; to protect Board members and employees against general liability resulting from the discharge of their duties; and to offer protection against injury for all employees while acting within the scope of their duties. The Board may also authorize and participate in an accident insurance program for students.

The Superintendent/designee shall establish proper procedures for administering the insurance program.

The school district will make every effort to obtain insurance at the most economical cost, consistent with required coverage and service, through obtaining quotations or bids.

The Board is not responsible for loss or damage to any property owned by individuals even if such property is lost, stolen or damaged on school grounds. The Board is not the insurer of any such property. The Board further reiterates the policy that lockers are within the control of the Board of Trustees and that the utilization of lockers by students or teachers is to be used at the sole risk of the user.
