### ***BPS Summer Activities Goals***

The goal of the BPS Summer Activities programs is to provide all students with an opportunity to get back into an in person learning environment that will give them the time and space to become full time, in person, on campus learners once again. Students will have the opportunity to be engaged in holistic learning from 9am-9pm on a daily basis. The summer activities program is committed to re-engaging the mental, spiritual, emotional, & physical aspects of the students in learning while being in a structured learning environment. Students and families are encouraged to choose the activity that best fits the educational experience they want.
