STUDENT FUND-RAISING ACTIVITIES

The Nye County Board of Trustees desires to cooperate with local fund raising drives of a non-sectarian nature when they are related to the general welfare of the community. However, the Superintendent/Designee shall take the necessary steps to insure that any contribution by students is voluntary and that solicitation of ~~pupils~~ **students** is not done on an individual basis within the schools.

Schools may prohibit fund-raising activities that involve students going door to door or any canvassing, including seeking pledges. No solicitation of funds or announcements regarding programs or other activities shall be made if they are of a commercial nature based on the motive of profit.
