WEB SITE

The purpose of the District web site is to make parents/**legal guardians**, students and the community aware of school, classroom and student activities and to foster communication among the District's stakeholders.

The District's web site will be the official site for all school sites/departments. All information included on the web site will serve to inform the public and will reflect a positive image of the District. All subject matter posted on the web site should relate to curriculum, instruction, school-authorized activities, school or District news or general information that relates to the District's mission.
