APPROVED BY: Dr. Janet Vinson, Acting Superintendent

DATE: May 13, 2025

AGENDA ITEM: 5B

Vote to Approve or Not Approve Stillwater Public School Long-Range Facility Planning Executive Committee recommendation for the current Stillwater High School feasibility study.

BOARD ACTION REQUESTED:

Vote to Approve or Not Approve Stillwater Public School Long-Range Facility Planning Executive Committee recommendation for the demolition of the current Stillwater High School building.

BACKGROUND INFORMATION:

Stillwater Public Schools has embarked on a thorough planning process in collaboration with 505 Architects to identify needs and budgetary spending of the existing high school building. SPS aims to determine the next steps for the existing SHS while keeping operational and maintenance costs front of mind through the process. The SPS Long-Range Facility Planning Executive Committee reviewed possible feasibility scenarios for the current Stillwater High School facility - these scenarios are centered on the cost feasibility of potential updates and use of the current facility. After reviewing and considering all scenarios, the committee is presenting this recommendation for consideration to the SPS Board of Education.
