SUBJECT: Consider approval of the Certification of Provision of Instructional Materials for 2026-2027

RATIONALE: In accordance with Texas Education Code (TEC) §31.1011 local school systems are required to annually certify to the State Board of Education (SBOE) and TEA commissioner that students have access to instructional materials covering all Texas Essential Knowledge and Skills (TEKS) for all required subjects, except physical education.

Additionally, school systems are required to certify that they protect against access to obscene or harmful content in compliance with the requirements for certification under the (i) the Children's Internet Protection Act (Pub. L. No. 106-554); (ii) TEC, Section 28.0022; (iii) Section 43.22, Penal Code; and (iv) any other law or regulation that protects students from obscene or harmful content. The Certification 2026–27 Survey includes a section for school systems to certify they meet this requirement.

RECOMMENDATION: It is recommended that the Board approves of the Certification of Provision of Instructional Materials for 2026-2027 and that the Board signs off on the information gathered that will be submitted to TEA.
