

***Killeen Independent School District
Board Agenda Item Information Sheet***

Date: May 19, 2026

Agenda Item Caption: Discussion of Draft of Proposed District Goals and Objectives

Purpose of Agenda Item: Information Item

Administrative Recommendation: Discussion

Background Information: During the Lone Star Governance training, the Board of Trustees began the process of reviewing and discussing the district's goals for the upcoming school year. Board member feedback and input were collected and used to develop the initial draft framework for the proposed goals.

Following the training, the District collaborated with the Executive Director for State and Federal Programs to ensure the proposed goals align with requirements outlined in the Texas Education Code and other applicable accountability measures.

The combined input from the Board and district leadership provided the foundation and structure for the proposed draft goals being presented today. This item is intended for discussion and feedback. Any recommended revisions will be incorporated, and the goals will be shared with the Board for consideration and approval at the next scheduled board meeting.

Once approved, the district goals will serve as the roadmap for the development of the District Improvement Plan and Campus Improvement Plans during the summer planning process.

Fiscal Analysis: None

Regulatory Requirement: None
