Board Salute

Hannah Christie - Lemay Middle School

Submitted by: Anthony Hugelier & Cathy Park

Hannah cofacilitates our district MTSS committee. She has been instrumental in helping us develop systems, products, and comprehensive supports for students. Hannah is a visionary and servant leader, always putting student needs first. She is a dedicated professional and goes above and beyond the call of duty.

She is also an inspiring catalyst by empowering her staff as well as committee members to be leaders and experts in the area of MTSS. She wants everyone to own the learning, and MTSS supports so they in turn can lead others through the work the committee has accomplished.

She brings fun and joy to new learning and makes everyone feel supported in the process. We are so thankful for her leadership, drive, and passion.
