Nye County School District (NCSD) will empower students to learn at their highest level in an environment of mutual respect.

The NCSD BOT Goals are as follows:

Culture

Improve and sustain a culture of learning for all through:

- ◆ Recruiting, selecting, inducting, supporting, evaluating, and developing staff.
- ◆ Fostering a safe and respectful learning and working environment.
- ◆ Promoting ongoing family and community engagement in pursuit of our vision.

Academic

Elevate achievement and support lifelong learning for all through:

- ◆ Creating and sustaining a results-focused learning environment; establishing measurable goals for all.
- ◆ Creating and sustaining an instructional framework and common language to ensure essential content standards drive instruction.

The notice for this posting was posted on the NCSD Website (<https://www.nye.k12.nv.us>), Nevada’s Notice Website (<https://notice.nv.gov/>), at the main physical location of the meeting, and has also been provided to all persons who have made a specific request of a copy of the Agenda by US Mail or electronic mail. A Public Binder will be available for viewing at the scheduled location at the time of the Meeting.

NYE COUNTY SCHOOL DISTRICT NOTICE OF NONDISCRIMINATION

Nye County School District (NCSD) does not discriminate on the basis of race, color, religion, national origin, ancestry, disability, age, marital status, sex, sexual orientation, gender identity or expression, or any other category protected by applicable state or federal law in its program and activity, including employment. In keeping with requirements of federal and state law, NCSD strives to remove any vestige of discrimination in accommodating the public at public meetings.

The Nye County School District is pleased to provide reasonable accommodations for the disabled. Members of the public who are physically handicapped and require special accommodations or assistance to attend the meeting are requested to notify the Executive Assistant to the Superintendent and Board of Trustees in writing at 484 S West Street, Pahrump, NV 89048, email Iliana Garcia at igarcia@nyeschools.org, or call 775-727-7743, ext. 239 at least one week before the meeting.

Guests: Al Daniels, Great Basin College; Joni Eastley and Gary Hollis, Nye County Commission; Mary Baldasano, Pahrump Valley Times; Susan Paprocki, Tonopah; Lina Sharp, Blue Eagle; Dennis Floto, Manhattan; and Larry Lackey, Pahrump.

1. Call to Order

The meeting was called to order at 10:02 a.m. in the Pahrump boardroom with a videoconference link to the Tonopah boardroom. Board members, administrators and guests recited the Pledge of Allegiance.

2. Adoption of Agenda

Mrs. Ward moved adoption of the agenda. Mr. Keating seconded, and a unanimous vote was recorded.

3a. Approval of May 26, 2006 Regular Meeting Minutes

3b. Approval of May 26, 2006 Executive Session Minutes

3c. Approval of June 6, 2006 Regular Meeting Minutes

3d. Approval of Warrants

Mrs. Ward made the motion to approve the consent calendar. Mr. Keating seconded, and a unanimous vote was cast.

4a. Superintendent's Report

Dr. Roberts was not present.

4b. Administrator Reports

Mr. Pekarek announced 24.5 vacancies, of which 12.5 were new allocations.

4c. Board Reports

Mr. Keating attended the Pahrump High graduation. Mrs. Ward attended the first Pathways and adult education graduation and said one veteran received his diploma. Mrs. Forsgren attended graduation at Tonopah High and Round Mountain. Mrs. Genet attended Beatty High graduation. Mrs. Murphy attended academic awards and graduation at Pahrump High. Mrs. Wescoatt attended Beatty High graduation as well as academic awards, senior night and graduation at Pahrump High.

4d. Board Committee Reports

Mrs. Wescoatt said the budget committee met and hoped that the enrollment grows at least eight percent in order to fund other things. The policy committee met before the board meeting. The legislative committee is about to wind down. The committee on career and technical education will propose a bill draft request to fund career and technical schools. More information will be given on June 30. The grand opening of the Boys and Girls Club has been postponed until August 14.

5. Public Input

Al Daniels commended Dr. Roberts for the great partnerships between schools and the community college. He offered to answer any questions regarding the move from CCSN to Great Basin College. Joni Eastley said a comprehensive public lands bill will be presented to Congress, and she requested the school district's input on any lands it would like to acquire such as the complex the District Office sits on. There will be numerous stakeholder meetings. Mrs. Wescoatt asked if a board member could join the team.

6. Board Appointments

7. Change of Date/Location of Future Board Meetings

Items withdrawn.

8. Decision Regarding Subdivision Maps

Mr. Whimpey discussed a map with four lots on Bell Vista. Another map was for condos near Clarke Middle School, and the contractor has promised to do something for the school district. He suggested the need for a flood wall.

9. Approval of Grants

10. Recognitions

Items withdrawn.

11. Discussion/Possible Decision Regarding School Construction

Mr. Whimpey said he expected the re-bid for Floyd Elementary would go out mid-July with projected bid opening on August 15 and start of construction September 1. The alternate would be the modular units.

12. Decision Regarding Reimbursement of Educational Travel Funds to Three Tonopah Middle School Students

Mrs. Wescoatt read a letter sent by Mr. and Mrs. Jim Dunn. Mrs. Paprocki said they filled out all forms required for reimbursement, which came to over \$2000 per student. In the past this is all that was required. Due to the timing, the trip had to be taken prior to the District receiving the funds. The parents have provided more receipts than were required of anyone in the past. The policy clearly states the students will be reimbursed \$1000 if the cost is over \$2000. She asked that they be treated fairly and equally. Mr. Ritchie said this trip brought to light a problem in that auditors will look for backup, and the District would be written up for non-compliance. Mrs. Forsgren felt the students were entitled to \$1000 each. Mrs. Murphy agreed, and suggested the policy be changed for future requests. Mrs. Ward felt they should follow Mr. Ritchie's advice. Mr. Keating said they should stay with the decision made at a previous meeting.

Mrs. Paprocki read Dr. Roberts' statements in the March 21 County Commission minutes. Mrs. Eastley said the Commissioners never looked at whether a family could afford to pay. Their intent was to level the playing field and allow students to take advantage of opportunities. Mr. Ritchie said the District tries to write the checks directly to the organization sponsoring the trip whenever possible. The first two applicants had to prove what they raised. This particular situation brought to light the problem. In this case, he took the total cost based on receipts, subtracted what they raised, and the difference was what parents actually incurred. Mrs. Paprocki testified the trip cost well over \$2000, but they didn't save every receipt. They did it in good faith based on past actions of the school board. Mrs. Murphy made the motion to reimburse each child \$1000. Mrs. Forsgren seconded, and a unanimous vote was cast.

13. Discussion/Decision on Possible Changes to Administrative Regulation 5372 – Travel Study

Mr. Ritchie recommended going back to matching what was raised. Mrs. Wescoatt felt all trips should be approved prior to taking the trip. Mr. Keating said the problem is that they can't come before the board before the funds are obtained from the Commissioners. Mrs. Wescoatt said they should find out if the Commissioners are going to place a line item on their budget. Mr. Ritchie said he's already requested that for the next Commissioners' meeting. Mrs. Eastley said the Commissioners made it very easy by reimbursing up to \$1000 for room and registration, and the student was responsible for all other expenses. She also suggested paying for books if they are separate from registration. A lot of organizations include room and board in the registration, and that way the District doesn't place itself in the position of writing a check to the parent. She suggested working through Booster Clubs to get the information out there.

Mrs. Wescoatt said the regulation needs to become a policy, and she wanted it to be simple. Mr. Keating suggested "the District will match 50% of the cost of the registration up to \$1000." Mrs. Forsgren thought they should just pay the registration. Mrs. Wescoatt wanted it stressed "when funds are available." Mrs. Eastley suggested paying the tuition, course materials, and room and board up to \$1000. Mrs. Wescoatt said parents have to take responsibility to go online to research opportunities. Mrs. Wescoatt said they want to set up a school foundation and hoped funds would become available for more students to take advantage of these trips. She asked that the policy be brought for first reading June 30. Mrs. Forsgren said that teachers nominate the students, and they should have some responsibility in seeing that paperwork is done by the parents. Mrs. Wescoatt agreed and said teachers should make parents aware they are nominating their children and make the information available. She asked that Dr. Roberts be informed so that he could send a memo about teachers' responsibilities.

Mr. Ritchie said he would remove the expense form from the regulation. Mrs. Wescoatt said she prefers students make written reports because they need to be in class and requested the word "verbal" be removed. She would like reports to be sent within two weeks of the student's return.

14. Approval of Resolution Declaring Necessity of Incurring Bonded Indebtedness

Mrs. Ward made the motion to approve the resolution. Mrs. Murphy seconded, and a unanimous vote was cast.

15. Development & Approval of 2006-07 Board Meeting Calendar

Mr. Keating proposed developing a six month calendar since there were so many board seats up for election, and Mrs. Forsgren agreed. Mrs. Wescoatt said the entire year can be set in place, and it could be changed in January or February. The following meeting dates were proposed: July 28, August 11, August 25, September 8, September 22, October 6, October 20, November 3, December 1, December 15, January 5, January 19, February 2, February 16, March 9, March 23, April 6, April 20, May 4, May 16 (night), May 18, June 1 and June 15. Mrs. Murphy made the motion to approve these meeting dates. Mrs. Genet seconded, and a unanimous vote was registered. A copy of the calendar is attached.

16. Report on Preliminary AYP Designations

The following preliminary data from Nevada Department of Education was presented by Mrs. Olson (AYP=Adequate Yearly Progress; NI=Needs Improvement with year indicated):

17. Approval of 2006-07 Student/Parent Handbook

Mrs. Ward moved approval of the handbook. Mr. Keating seconded, and a unanimous vote was recorded. Mrs. Wescoatt said she appreciated the smaller size and commended Mrs. Olson for saving a significant amount in printing.

18. Acceptance of Appraisal on Manse Property

Mr. Ritchie said the appraiser does a lot of work in Pahrump. He appraised the property at \$3,080,000 including the buildings. The appraisal cost about \$45,000. Mrs. Wescoatt said she thought the appraisal was low considering that he appraised the buildings at only

\$80,000. Mrs. Ward made the motion to not take action at this time. Mr. Keating seconded, and a unanimous vote was recorded.

19. Approval of Second Reading, Policy 8212 – Staff Identification System

Mrs. Murphy moved approval of the second reading, and Mrs. Ward seconded. Mrs. Wescoatt asked for a regulation that would list the penalty for not displaying the card at all times. It would be vital in a crisis situation. Some substitutes are using them in places the District would prefer them not to, and there have been complaints from businesses. Mr. Keating said if an airport employee shows up for work without ID badge, he is sent home and not paid for that day. If the badge is lost, the employee is off work until he can replace it. Mrs. Wescoatt said she would like the regulation to address concerns if an employee fails to display his badge during duty hours. The vote to approve the policy was unanimous. A copy is attached.

20. Approval of First Reading, Policy 0212 – Prevention of Sexual Misconduct toward Students

Mrs. Murphy made the motion to approve the first reading. Mrs. Ward seconded, and a unanimous vote was registered. A copy of this policy is included in these minutes.

21. Approval of 2006-07 Goals

Tabled until June 30.

- 22a. Discussion Regarding Possible Students Rights Violations
- 22b. Discussion Regarding Results of Student Disciplinary Hearings
- 22c. Discussion Regarding Legal Items
- 22d. Discussion Regarding Personnel Items
- 22e. Discussion Regarding Negotiations
- 22f. Discussion Regarding Superintendent's Contract

Discussion is reflected in Executive Session minutes.

23. Approval of Superintendent's Contract

Tabled until June 30.

24. Regarding Possible Student Rights Violations

Item withdrawn.

25. Adjournment

Mrs. Murphy moved to adjourn at 12:52 p.m. Mrs. Ward seconded, and a unanimous vote was recorded.

SCHEDULE OF MEETING

The meeting was called to order at 10:02 a.m. Mrs. Ward made the motion to go into Executive Session at 12:05 p.m. Mr. Keating seconded, and a unanimous vote was cast. The regular session resumed at 12:52 p.m. and immediately adjourned.

RE: Report to Board of Trustees

DATE: July 20, 2006 – for Board Meeting July 28, 2006

JERRY HILL:

- Wrote and submitted Carl Perkins Reserve Grant (competitive) for beginning Nursing program at PVHS/Great Basin College.
 - ♦ Grant would buy equipment for biology lab at GBC (Pahrump Valley Center) to be used for two prerequisite courses for the Nursing Program to be instituted in 2007-2008 for PVHS students.
 - ♦ Instructor will be hired by GBC and the facility may be used by PVHS when not used for the two courses above.
 - ♦ Grant was approved by State Ed. on 7/18/06!
- Attended Model Schools Conference in Orlando, FLA. (June).
 - ♦ Excellent conference with many programs and "best practices" that will be useful to district planning for student achievement.
 - ♦ District team attended this conference.
- Attended Advanced Placement National Conference in Orlando, FLA (July 12-16) with 8 member AP Vertical Team from RCMS and PVHS.
 - ♦ Funded by AP Grant. 4 PVHS teachers also attended 1 week Silver State AP workshop (June) for specific content information.

MEMORANDUM

July 20, 2006

Page -2-

- ♦ Information gained was crucial to this program as well as contacts made with other districts and schools as well as presenters at the conference.
- ♦ AP Vertical Team will continue to meet and implement Pre-AP at RCMS (4 core subjects) and two (2) new AP courses (Biology and U.S. History) at PVHS in Fall 2006.
- ♦ Plans call for continued expansion of AP courses at PVHS as staffing permits.

KAREN LIBERTY:

- 6/24-6/25 Attended Mountain Educator's Conference in Park City, UT
 - ♦ Emphasis on... Reading and Math "Reading First, Math Now, What Next?"
- 6/25-6/28 Attended the Model School Conference in Orlando, FL
 - ♦ Emphasis on...Raising the Level of Rigor and Relevance
- 7/05 Meeting with Rick Evans regarding Pilot Gifted and Talented program, discussed Pitsco equipment
- 7/07 Meeting with Sharyn Peal, NV Dept of Education, regarding E-Page
- 7/10 I attended a meeting with Jerry Hill, Dr. Roberts, and Kent Roberts reflecting on materials received from the Model School Conference
- 7/27 Will be interviewing candidates for the new TOSA position housed in Pahrump
- 7/28 Will be attending the Title III directors meeting in Reno. Will be discussing LAS-Link results, annual language acquisition assessment

PRESS RELEASE

EXCITING NEW PROGRAM FOR PVHS

Pahrump Valley High School in coordination with the Pahrump Valley Center of Great Basin College will begin offering pre-nursing courses this fall. The courses to be offered are biology and anatomy/physiology which are the prerequisites for the nursing program to be initiated at the Pahrump Valley Center for the 2007-2008 school year. The two classes will be offered during the day at Pahrump Valley Center and, like all Pahrump Valley Center/GBC classes, will carry both college and high school credit. Additional good news is that the "Dollars for Scholars" program will substantially defray the tuition costs for the classes as is the case with all dual credit classes.

The classes will be open to all students at Pahrump Valley High School, but preference will be given to students who are seriously considering a career in nursing or other allied health professions. Students who have already taken high school biology and who are sophomores or older may take these classes as well as students who have not yet taken high school biology. The introduction of these courses and the intent of the Pahrump Valley Center, now a branch of Great Basin College, to offer classes and a degree program in nursing and allied health professions gives Pahrump Valley High School its first "career pathway," meaning that high school students can begin preparation for a career in nursing or other health professions while still in high school.

There is a well-documented shortage of nurses and other health professionals in Southern Nevada as well as the rest of the United States; the recent opening of a hospital in Pahrump means that positions will be available locally as well as in Las Vegas. According to a national salary research service, the median salary for registered nurses in Nevada is nearly \$48,000 with many hospitals and other health care facilities offering a signing bonus of as much as \$14,000.

The new courses will be offered during the next school year at Pahrump Valley High School. Due to the fact that the courses could only be offered through a grant received by the Nye County School District from the State Education Department's Career and Technical Education office, the courses were not listed in the course selection handbook and students were not able to pre-register for them. Class size is limited; therefore interested students should call Pahrump Valley High School at 727-7737 (extension 230) to be placed on a list to see their guidance counselor during the week prior to the opening of school.

Classrooms On Wheels

A Non-Profit Preschool, Youth Clinic and Computer Literacy Lab

June 2, 2006

Kay Decker
Nye County School District
484 S.W. Street
Pahrump, NV 89048

Dear Ms. Decker,

Several weeks ago, Clinic On Wheels had the opportunity for the first time to provide immunizations at students at several Nye County School District schools. During the current school year Clinic has provided vision and hearing testing for Nye County school children on numerous occasions.

On each visit the Clinic staff is always impressed with the effort that has been put forth in order for us to provide our services. There is a great deal of documentation required for both the School District and Clinic. On every visit this has been done impeccably.

Immunizations services require a different set of forms which are much more complicated, requiring more time and effort to complete. Clinic On Wheels provides this service to nearly 100 Clark County School District schools each year. Invariably we spend a great deal of time on issues not addressed by the school nurse or first aide safety assistant.

It is a pleasure to report the administrative effort described above is handled completely and effectively by Pam Petersen and her staff. While it is a longer trip to Pahrump it is consistently a unique pleasure due to the collaboration and professionalism exhibited by your personnel.

I personally wanted to share these impressions that have made my job easier and much more enjoyable. Thanks again to Pam and her staff.

Sincerely,

Wendy Dahl

*Mt. Charleston was appealed because the special education teacher was absent from September until April. It was reasoned that because the students had a series of substitutes they did not receive a high quality education. The Department of Education did not concur because appeals are not granted based on the quality of instruction.

**Pathways Middle School's appeal was for English Language Arts (ELA) participation. The appeal was granted. However, the school also failed to make AYP in Math proficiency so they are Needs Improvement Year 1 for Math.

Designations for Exemplary and High Achieving are to be determined by the State using data from all tests in grades 3-8. This information will be presented when received.

Re: Auto Shop Teacher for Pahrump Valley High School

Background:

During the 2005-2006 school year, an auto shop class was re-instituted at Pahrump Valley High School utilizing the facilities at PVHS and an instructor to be hired by CCSN. The facility was re-equipped with the use of Perkins Basic Grant funds. Unfortunately, the CCSN instructor left the program at mid-year and CCSN was unable to find a replacement prior to the beginning of the second semester of classes; enrollees were dispersed to other second semester classes.

Current Situation:

This year we asked for and received Perkins funding for an auto shop teacher for 2 class periods or .33 FTE, thus making the auto shop teacher a NCSD employee. I am requesting permission to post this position for Kent Roberts at Pahrump Valley High School to hire. We have an outstanding local candidate in Scott Loeschel, a young man who is fully ASE certified and is working on a teaching degree.

Recommendation:

That we post this position as soon as possible identifying that this is a grant position for one year only. The grant listed the hours at 2.5 per day at \$24.30 per hour for 183 days at \$11,115, but this can be altered depending upon how we choose to post this.

RE: Educational Biometric Technology

I had the opportunity to meet with Mr. Ken Hamm, the Nevada Representative for Educational Biometric Technology. He gave me a demonstration on how this process works. This new form of identification uses the line pattern on the finger to uniquely identify the person. It does this by scanning and converting an image of the line pattern into a unique mathematical formula called an algorithm. This system does not store the fingerprint image; it stores the mathematical formula for this image. The line pattern is saved not the fingerprint and the algorithm cannot convert the line pattern back to a fingerprint. It simply confirms the pattern of the original scan, thereby, making a positive identification.

I have provided you with the packet that I received. It is very interesting and very inexpensive. This reliable biometric technology not only protects students from identify fraud, but also ensures that the money you earmark for your child is spent only on your child.

I would like to implement this on a trial basis. Let's meet to discuss.

BioConnect™

Universal Finger Identification

✓ *Lower the Identification cost,*

No need to make individual ID cards or remake them when they are lost. With a one time purchase of our system at very low educational rates you can add finger ID throughout your school.

Our database is networkable so you can add more fingerprint devices with more applications without having to re-register prints. You also can have multiple ID numbers controlled with this system

✓ *Improve the speed, ✓ Improve the accuracy,*

Even very small schools where identification is not a problem are adding finger ID systems to improve speed and accuracy.

Add finger identification to any of your Windows® compatible software with BioConnect™. With our seamless interface, any time your program prompts for ID number, Password, PIN, First or Last name, replace this entry with the touch of your finger.

✓ *Protect the identification of your students.*

This form of identification cannot be lost or stolen! This is one of the safest forms of identification, in that once registered, only the individual students can identify themselves in your applications throughout your school, and only when they place their finger on the reader, can they be identified. This puts control of their identity in their own hands.

✓ *Avoid sensitive privacy issues!*

Our system *DOES NOT* store the fingerprint image!

This keeps privacy rights in check. There is no need to allow sensitive ID numbers to be used.

Applications: If you have an application idea not listed, we would be happy to discuss customization!

Here
a few ways our ID accessory can be used with other systems:

Food Service Applications - We have built BioConnect™ to

 work with most of the common food service systems found in schools today. Once installed you can expect food service line speed and efficiency to improve up to 100%. We also have added the ability to insert additional key presses to save the operator time from redundant key presses for each student.

Attendance Applications - You may wish to add our finger identification system to improve the accuracy and speed of positive ID attendance. BioConnect™ can be adjusted to insert the identification your attendance program is expecting.

Medication Distribution - (Med Tracker) School Nurses enjoy the quick identification, the display of medication prescription, and the fully automatic documentation of the medication administered.

Resource Room Attendance - (Room Tracker) - If keeping track of resource usage has become a chore, replace your sign in sheets with Room Tracker. This product will finger ID each student, then display a customizable menu, so that they select the resource they will use, then the entire transaction ID, resource, and date & time stamp, are all entered into a database. You can easily generate all sorts of reports for review of room usage.

Front Door Visitor/Volunteer/Student tracking - (KeepnTrack™) Our finger ID system has been successfully implemented with front door tracking software. This system is an excellent tool to control and identify the traffic going in and out of your school. With our finger identification added, the control of volunteers and students will be more accurate and speed enhanced.

Educational Price:

1- BioConnect™ system \$995

Quantity discount schedule available upon request.

1 - BioConnect™ System includes 1 finger scanning device, enrollment software, database capable of up to 5000 IDs, and the BioConnect™ software needed to seamlessly interface finger IDs to any Windows® applications.

Library Circulation Software - Let BioConnect™ improve the speed and accuracy of your library circulation. Students quickly become accustomed to automatically identifying themselves as they approach the circulation desk. This of course saves time in the circulation process which can be a real value. Also you may wish to allow full self-checkout with this positive ID system.

Staff Time and Attendance - Add the BioConnect™ system to time clock software, or use Room Tracker for keeping track of staff time and attendance. This is accurate, with no ability to buddy punch in or out.

Door Entry Systems - A very viable use of the BioConnect™ system is to authorize door entry. Add this to automated doors and save cost in re-keying for lost badges or keys. Both indoor and outdoor options available.

Special Event Attendance - BioConnect™ can be used with software designed for event attendance or to gather IDs or names in a text or word processor file.

Bus Loading Systems - The sometimes complicated and difficult task of quickly making sure each student gets on the correct bus can be greatly simplified with BioConnect™.

Portable ID Needs - There are many applications that lend themselves to portability of finger ID. Let us help you set up a system on either a portable system or a semi-portable system with wireless access.

We are also very receptive to customizing for unique requirements!

System Requirements

- Pentium or better processor, Pentium IV or better Processor recommended for speed sensitive applications, such as lunch lines.
- Windows 98, Windows 2000, Windows NT, or Windows XP
- VGA, SVGA Display
- USB Port (Universal Serial Bus)

Educational Biometric Technology or EBT. Is the oldest company and leader in the development, integration and marketing of biometric fingerprint identification solutions for the education. EBT from Caledonia, MN has been implementing systems for Education for nearly a decade. Our system is designed to be an accessory to software your school has already implemented. Our *Universal Finger Identification System* allows a school to enroll their students just once, and that identification can be used in the Lunch Line, Library, Classroom Attendance, Medication Distribution, Bus loading, Special Event Attendance, Front Door Security, Internal and External Door access, Staff Time and Attendance, and more. Anywhere people in a school need immediate identification. EBT, 1-800-248-7460.

"The education market continues to look for new ways to save money and reduce administrative tasks which, in turn, enables a greater percentage of their people and resources to focus on educating students. For example, schools are saving money by accurately tracking and allocating federal lunch program dollars as students are credited each time they scan their finger at the lunch counter. There is also added safety as school nurses use finger-based biometrics to correctly identify students before administering medications".

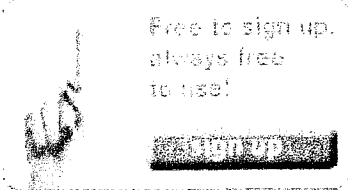

"Biometrics is streamlining many of the processes required when moving large numbers of students through lines at the cafeteria, library and media center in a very short period of time. Through integration with existing installed systems, it is also reducing manual reporting processes. Educators would much rather be working on term papers than completing paperwork. The specific solutions we developed for schools allow them to pursue their first priority - education."

Credit-card security developer buys stake in LV company

By JOHN F. EDWARDS

Las Vegas Review-Journal

Solidus Networks, the San Francisco-based developer of a system that reads fingerprints for credit and bank card transactions, on Monday announced an agreement to buy a 19 percent investment stake in Win Win Gaming of Las Vegas.

Win Win is a Las Vegas-based developer of lottery games and games for mobile phones in China. Dan Matsui, a stakeholder

for the company, said he did not know the deal price being paid, but a statement he posted last part of the purchase price was paid through termination of a \$25 million bond that Solidus made to Win Win.

The agreement allows Solidus to buy up to 50 percent of Win Win's capital stock.

Win Win agreed to help Solidus market its biometric payment service, Solidus, which does business as Pay By Touch, provides a technology that

identifies consumers by reading their fingerprints.

"We feel that Win Win's footprint and planned expansion of lottery and mobile gaming in China and other regions will contribute to increasing visibility and development of Pay By Touch," Solidus Networks Chief Executive John Rogers said in a statement.

The Pay By Touch next-generation biometric payment system provides security and convenience for game play-

ers," said Patrick Pagan, chief executive officer of Win Win Gaming. The companies said Patrick and John Rogers are not related.

Solidus will pay \$7.91 for preferred shares in Win Win. Each preferred share can be converted into 10 shares of common stock in Win Win.

Shares of Win Win opened 15 cents to close at 78 cents Monday on the over-the-counter Bulletin Board. Solidus is privately held.

Sample letter to parents.

To whom it may concern:

Our school is about to take advantage of state of the art identification equipment.

We want to simplify and streamline the school lunch program for students, by utilizing *innovative security technology developed by Bio-Key International*. This reliable biometric technology not only protects your son or daughter from identity fraud, but also ensures that the money you earmark for your child is spent only on your child.

This new form of identification uses the line pattern on the finger to uniquely identify the person. It does this by scanning...and converting... an image of the line pattern, into a unique mathematical formula called an algorithm. *The system does not store the fingerprint image; it stores the mathematical formula for this image. The line pattern is saved not the fingerprint and the algorithm cannot convert the line pattern back to a fingerprint.* It simply confirms the pattern of the original scan, thereby, making a positive identification.

Once the system is in service *your son or daughter is in complete control of his or her own identity*. By placing their finger on a reader he or she can be positively identified.

Re: Mountain Falls North Development Agreement

Dear Rob,

This letter is to follow up with our July 10, 2006 meeting regarding the above referenced Development Agreement. After several topics were discussed, we were requested to submit a proposal to assist the School District's needs. Our proposal is as follows:

William Lyon Homes shall contribute \$450,000 to the School District.

The above proposal is based on similar contributions from the development projects in the area, including the following:

American West - Donated a 12 acre school site with an approximate value of \$1,800,000 for 5,160 homes. (Mountain Falls North will have approximately 25% of the amount of homes which equates to \$450,000).

Concordia & Beazer - Combined, these two developments are approximately equal in unit count to Mountain Falls North. The School District received approximately 30 acre feet of water rights valued at approximately \$450,000.

Based on the above, the size and location of our proposed development, and the golf course benefits we are already providing the School District, we believe our proposed contribution for the School District's needs is fair and commensurate with other developments. Our Development Agreement is scheduled to be heard on the August 1, 2006 Board of County Commissioners agenda.

Any questions or comments you may have would be appreciated by July 28, 2006.

Sincerely,

Terry Connelly
Senior Vice President of Operations
