The Board read several letters of gratitude from students across the district.

9. SUPERINTENDENT REPORT: Opportunity for Superintendent to report items of interest
Superintendent Workman announced the 2 hour delay for school tomorrow, Wednesday, January 27th.

10. PUBLIC PARTICIPATION: The public is invited to address the Board on items not listed on the agenda. No action may be taken on any subject raised during public comment until the matter has been properly placed on an agenda for a properly noticed meeting pursuant to NRS 241 (Nevada's Open Meeting Law).
Public comment is to be emailed to boardmeeting@lyoncsd.org in order to comply with capacity restrictions.
Although this Board does not restrict comments based upon viewpoint, comments will be prohibited if the contents are willfully disruptive, slanderous, amount to personal attacks or interfere with the rights of other speakers. Comments made during this time will be monitored by the Board Chairperson.
Mr. Don Lattin spoke regarding an email submitted to the Board in reference to the 2 hour delay. It will be removed from the record due to inappropriate comments regarding an employee.
Clerk Cowee read the email from Tamara Rosberry regarding the Fernley STEM Festival. It will be attached to the minutes.

11. CONSENT AGENDA (FOR POSSIBLE ACTION): All matters listed under the consent agenda are considered routine and may be acted upon by the Board of School Trustees with one action and without an extensive hearing. Any member of the Board or any citizen may request that an item be taken from the consent agenda, discussed, and acted upon separately, during this meeting.

Trustee Peterson made a motion to remove item 11. C. Personnel Reports from the consent agenda to be voted on separately. This was seconded by Clerk Cowee and passed, 7-0.

A. Requests for Exemption from Immunization. (confidential)
B. Request for Leave (confidential)

12. END OF CONSENT AGENDA: MOTION TO APPROVE

Trustee Peterson made a motion that the Board of Trustees approve the Consent Agenda as presented. (Personnel reports removed and voted on separately.) This motion was seconded by Trustee Jones and passed, 7-0.

13. ACCEPTANCE OF DONATIONS

Trustee Peterson commented on the many donations and generous donors. She read each of them and made a motion to accept them. Trustee McIntyre seconded and it passed, 7-0.

14. **(For Possible Action)** Discussion and possible action regarding the June 30, 2020 Certified Annual Financial Audit. This item is being presented by Director of Business Services, Harman Bains, Finance Manager/Comptroller, Spencer Winward.

Mr. Winward spoke on the audit, saying we are ahead of where we were last year and spoke on the findings from the auditors. The ending fund balance is $8.6 million.
Clerk Cowee commended the business team for the unmodified opinion and made a motion to accept the audit as presented. It was seconded by Trustee McIntyre and passed, 7-0.

15. **(For Possible Action)** Discussion and possible action regarding a letter to be sent to the Department of Taxation about the corrective action plan for possible violations of NRS 354.626. This item is being presented by Director of Business Services, Harman Bains and Finance Manager/Comptroller, Spencer Winward.

Mr. Winward spoke on the unmodified opinion which is the goal in the audit.
Mr. Bains shared that the past Chart of Accounts was inefficient. They are deconstructing it and putting it back together, with the auditor and Mr. Jeff Zander to make a smooth budget process in the future.
Mr. Winward spoke on the finding which highlighted 4 areas of improvements and actions to be taken: the organization of the Chart of Accounts, the Capital Assets register, Federal and State grants quarterly reports and the Self Insured Medical Plan. Each of these items are being addressed. He reminded the Board that this is a snapshot as of June 30, 2020, not the current state of the District finances.

Trustee Peterson expressed her favor to hear that Mr. Zander will be assisting the district in this area. She spoke on his qualifications and experience.
Trustee Peterson made a motion that the Board of Trustees approve the letter to be sent to the Department of Taxation about the corrective action plan. It was seconded by Trustee McIntyre and passed, 7-0.

16. **(For Possible Action)** Discussion and possible action regarding the reappointment of Silva, Sceirine & Associates, LLC (formerly Rife Silva & Co., LLC) for the fiscal year 2020 Certified Financial Audit in the amount not to exceed $67,080.00 to be paid from the general fund. This item is being presented by Director of Business Services, Harman Bains and Finance Manager/Comptroller, Spencer Winward.

    Clerk Cowee made a motion that the Board of Trustees approve the reappointment of Silva, Sceirine & Associates, LLC (formerly Rife Silva & Co., LLC) for the fiscal year 2020 Certified Financial Audit in the amount not to exceed $67,080.00 to be paid from the general fund. It was seconded by Trustee Jones and passed, 7-0.
    After the motion to approve the item, Mr. Winward spoke with appreciation on the positive relationship the district has had over the years with David Silva and his company.

17. **(For Possible Action)** Discussion and possible action regarding a resolution designated as the "2021 School Improvement and Refunding Bond Resolution"; declaring the necessity of incurring a bonded indebtedness on behalf of the Lyon County School District for the purpose of acquiring, constructing, improving and equipping school facilities and refunding, paying and discharging certain outstanding bonds of the District; authorizing the issuance of the Lyon County School District, Nevada, General Obligation (Limited Tax) School Improvement and Refunding Bonds, Series 2021, in the maximum aggregate principal amount of $33,000,000; providing the terms, conditions and forms of the bonds; and providing the effective date. This item is being presented by Director of Business Services, Harman Bains, Finance Manager/Comptroller, Spencer Winward.

    Mr. Marty Johnson was present via speaker phone. Mr. Bains spoke on the $33 million to go toward bonding to allow refunding, saving the district about $1 million, along with resolution for $15 million in new money designated to the District's Capital Projects. To capture the current rates, Mr. Johnson has advised that we do both at the same time.
    Trustee Peterson spoke to clarify that the district has not voted to build a gymnasium at this time. She reminded the Board that in September of 2019 a prioritized list of projects was discussed, including options for a core space design in Fernley. The Board is structuring the bonding in anticipation for the future plan.
    Mr. Bains confirmed that it is only in anticipation and they are looking at a feasibility plan at this time.
    Trustee Peterson commented on the long process ahead and that the district is simply getting the funding ready by refunding the bonds while there are good rates.
    They discussed the historically low rates for the refunding. The refinancing of last year's bank loan for this low rate is where the savings will come from.
    Mr. Johnson commented that this resolution for new money and refunding bonds is an opportunity to generate more savings. He said the rate last year was very good, but we can

do it again for even more savings. He added that the resolution will not tie the funds to a particular project. The Board could decide on other projects, improvements or building with the $15 million.
Clerk Cowee commended the work and made a motion to approve the resolution designated as the "2021 School Improvement and Refunding Bond Resolution"; declaring the necessity of incurring a bonded indebtedness on behalf of the Lyon County School District for the purpose of acquiring, constructing, improving and equipping school facilities and refunding, paying and discharging certain outstanding bonds of the District; authorizing the issuance of the Lyon County School District, Nevada, General Obligation (Limited Tax) School Improvement and Refunding Bonds, Series 2021, in the maximum aggregate principal amount of $33,000,000; providing the terms, conditions and forms of the bonds; and providing the effective date.
It was seconded by Trustee Peterson.
There was more discussion on the funds to make improvements and build within the district, with the stability in the market at this time.
This money is separate from the bank loan discussed last year.
Upon calling for a vote, the motion passed, 7-0.

18. **(For Possible Action)** Discussion and possible action regarding an update on the FY21 Budget. This item is being presented by Director of Business Services, Harman Bains and Finance Manager/Comptroller, Spencer Winward.

Mr. Winward thanked Mr. Johnson for being available to the Board via phone.
He spoke on the general fund as being the only item that changed from what was approved last month on the budget. The change was due to the medical premiums expense and balancing salaries and benefits across the board. He reminded the Board of the tendency to budget for everything that we're allowed to, according to statute, in order to have the 4% ending fund balance. This year's actual ending fund balance this year 12.8%. For comparison, last year the ending fund balance was budgeted for $3.4 million, right at the 4% allowed, but the actual ending fund balance came to $8.6 million.
Clerk Cowee commended the work on the budget and made a motion to approve the update on the FY21 Budget.
It was seconded by Trustee Peterson.
There was discussion on the past budgeted ending fund balances and the actual ending fund balances. In summary, we budget to the 4% amount in order to have it available in case we need it. It is a means to move through the budget without having to come to the Board to make changes if needed. We do not not anticipate expenditures bringing us to the budgeted 4%. This method prevents audit findings at the end of the year.
Upon calling for the vote, the motion passed, 7-0.

19. **(For Possible Action)** Discussion and possible action regarding a report from the Nutrition Services Department in the Lyon County School District. This item is being presented by Director of Business Services, Harman Bains and Nutrition Services Supervisor, Akiko Miyagi.

Mr. Bains gave a brief update on this year's changes with Chartwells, and changes due to COVID.
Akiko Miyagi, Chartwells Nutrition Director, thanked the Board for choosing Chartwells to provide meals for the students, adding that she knew it was not an easy decision. She hoped the Board could see improvements made to the Nutrition Services Department. She introduced Jackie Walters, Head Chef, and commended her for her work.
She referred to the presentation, speaking on the 350,000 meals served with over 87% increase in student participation. She announced that the program allows for local dairy to be used. They have gone through 22,000 gallons of milk to date. She said there has been an increase in breakfast participation, due in part because it is served in the classroom. She gave a shout out to the teachers and administrators who have worked to make adjustments and communicate to keep the meals served smoothly.
She spoke on the "Grab N Go" system for breakfast and lunch, keeping the flow of students moving.
She commended the drivers, saying the bus route drivers are making it happen. She gave a shout out to Bonita Stevens, Transportation Supervisor, for her ability to provide the means to feed the distance learners and children in the community right from the beginning of the pandemic. They get it done rain or shine, and snow.
She reported that the kitchens cater meals for Board meetings, school activities, teacher appreciations and community events.
They were awarded $53,000 from an NDA equipment grant to be used for specific improvements. She is hoping to use this for food processor machines, warming cabinets, mixers and more, depending on specific site needs. This will help to incorporate fresh ingredients and maintain food quality, which increases food appeal for the kids. "Kids eat with their eyes" she said. Some new foods are the Chicken and Waffles and the Watermelon Avocado Salad. The Pizza Bagel Fun Lunch is a favorite, where they build their own lunch with the ingredients.
Staff trainings include COVID compassion training, where they are not just washing, rinsing and cleaning up, but sanitizing and disinfecting too.
They have virtual meetings to talk about what works, what doesn't work, and communicate in a safe space for team building. The goal is to maximize kitchen capabilities and improve the process.
There are plans for a travel kitchen with the focus on training and identifying the needs of each particular school area, to identify areas of improvement.
There are free meals on no school days for students going to Boys and Girls Club. Headstart kids have meals for free. The summer food service program led into the community service for the kids. They hope to continue this.
Regional marketing is ongoing, to include pictures of schools, improved signage and letting the kids see the food better with improved service lines. They want to let kids walk in and have a good impression.
There is work with the USDA and the state to keep the community meals served over summer time. One option is the CACFP Supper program, "Eat Well After the Bell", to provide meals before and after school, before getting on the bus or starting activities.
Mr. Bains spoke on the permissions needed for some of these programs, from USDA and NDA. Once approval comes they will let the Board know.

DRAFT

The 2 hour delay because of weather creates changes in when the kids get their meals. They will serve breakfast and lunch at same time.
Trustee Peterson was pleased to see how proactive the program is. She highlighted that federal funds have helped increase the participation but she feels this has increased because the kids love the food. She shared that her children really like the food and she was surprised to hear the kitchens cater events.
Trustee Jones commented on the home cooked style meals noting that many kids don't often have that. She asked if students get desserts.
Ms. Miyagi explained that they don't do desserts but they do provide seasonal treats that always have some nutritious content.
Trustee McIntyre complimented them on the food.
Trustee Crabtree asked about the end of the USDA's free meal program. Ms. Miyagi said the USDA will make an announcment, and she is hoping they will extend this benefit. For now they are set until June 30, 2021.
Clerk Cowee commented that his kids also loved the meals. He was happy the Board made the Chartwells decision.
Trustee Peterson made a motion to approve the update, seconded by Trustee Jones. It passed, 7-0.

20. **(For Possible Action)** Discussion and possible action regarding a review of select LCSD Board policies relating to Board governance administration. Policies to review to include, but may not be limited to BBA, BBAA, BBBB, BBF, BBFA, BCD, BDD and BG. This item is being presented by Board Member, Bridget Peterson.

Trustee Peterson explained that it is good practice to periodically review the governance policies and give the new trustee an opportunity to ask questions.
Trustee Peterson made a motion to approve the review of these policies. It was seconded by Trustee McIntyre.
Trustee Cowee stated, for the record, that he had read through them.
Trustee Peterson added that she will be bringing more governance policies forward for review as she finds changes that need to be addressed.
Upon voting, the motion passed, 7-0.

21. **(For Possible Action)** Discussion and possible action regarding revisions to LCSD Policy BA: Board Goals as a first reading. This item is being presented by Board Member, Bridget Peterson.

Trustee Peterson explained that the policy states that the Board will review their goals annually. This revision is to update the policy.
Trustee Cowee made a motion to approve it as a first reading.
Trustee McIntyre seconded it.
Trustee Crabtree shared that she learned at a training that there could be talking meetings or workshops for Board members. She feels it is critical to do this and would like to have one or two a year to talk about things.
Trustee Peterson responded that she will ask for a workshop to be scheduled, during the last

item of the current agenda.
Trustee Crabtree suggested adding this to the policy.
They determined that they will be discuss this at a later time.
Upon voting, the motion passed, 7-0.

22. **(For Possible Action)** Discussion and possible action regarding revisions to LCSD Policy BDA: Board Meetings/Regular Meetings as a first reading. This item is being presented by Board Member Bridget Peterson.

Trustee Peterson explained that this is to update the policy for accuracy.
Trustee Cowee made a motion to approve the policy as a first reading.
Trustee Jones seconded it. The motion passed, 7-0.

23. **(For Possible Action)** Discussion and possible action regarding a progress update of the 2020-2021 Lyon County School District Performance Plan. The item is being presented by Deputy Superintendent, Tim Logan and Public Information Officer, Erika Cowger.

Mr. Logan explained that this was the opportunity to revisit the District Performance Plan and check on progress. He spoke on the different environment and new dynamics in the schools due to COVID, noting that it is difficult to gauge students' experiences when some are not attending school in the classroom. He explained that the goal of providing a high quality learning experience in a safe, positive, and culturally responsive environment will be measured by the Nevada School Climate/Social Emotional Learning Survey to be taken in March. This survey will rate the increased improvments in the culture and climate of the classrooms. He explained that the action steps to improve the classroom environment begins with implementing teacher efficacy training, implement social emotional learning (SEL) in the curriculum, continue the Positive Behavior Interventions and Supports (PBIS) curently in place at all schools, and continue the equity and diversity training that has already begun. The principals review Policy AD with teachers and teachers in turn review it with students. COVID has limited the opportunity to hold the annual student summit where middle and high school students have a voice to share what is going well or what needs improvement. There is a plan to hold this summit in March. Each school holds their own focus group, and sends in reports on what the kids say regarding what is going well and what is not. They cover many student driven topics.
The second goal is to provide a healthy and physically safe school for students and staff. This is ongoing while continuing and improving operations, keeping the schools clean and as safe as possible. The weekly COVID updates are evidence that this is being done. School is still in session, when some thought facilities would close this winter and cases of COVID in the District community is minimal. The action steps are in the LCSD Implementation plan, updated weekly, driven by the state directives. It is communicated weekly to staff and is very comprehensive in its plan.
There was discussion about the old STAR survey required by the state. The STAR is not the climate survey to be administered this March. There will be creative ways to administer the survey when students are not coming in to the classrooms. The categories in the survey will probably remain the same, but it is unknown if Distance Ed students will take the survey.
Trustee Crabtree commented that the student summit should be held in person. She

commented that distance learning has been done well, although COVID may have left the kids behind in some ways. She thinks the survey will show if this is the case.
There was more discussion on the survey, knowing it is difficult to anticipate what the state will do.
Trustee Parsons read in the report that our ratings dropped and asked how big the study was. Mr. Logan explained that the Climate Survey is a state wide survey, and results vary from school to school. He noted that the results are public on the state website.
Results will be sent to the trustees as an information item.
Trustee Peterson made a motion to approve the progress update of the 2020-2021 Lyon County School District Performance Plan.
It was seconded by Trustee Jones.
Trustee Cowee commended the District for everything that has been done, including the bus drivers, food service staff, teachers and all, taking a difficult situation and doing the best that can be done.
Upon calling for the vote, the motion passed, 7-0.

24. **(For Possible Action)** Discussion and possible action regarding extra-curricular activities and community use of LCSD facilities during the Nevada State of Emergency. This item is being presented by Board President, Neal McIntyre and Superintendent, Wayne Workman.

Trustee McIntyre began the discussion, predicting that the students will not have sports this year.
Superintendent Workman explained that the winter season sports, basketball and wrestling, will not be competed. They are holding modified practices, which is a positive thing for students. The fall season sports lined up will be volleyball, soccer, track and cross country. Football will not be competed. They will be modified, regulations will be put into place and spectators who are allowed to attend, will have restrictions.
Superintendent Workman went over the Board's past decision to prohibit outside entities from using District facilities. District Administration would like to move forward with the allowed sports and extra curricular activities and therefore need decisions regarding travel. Currently there is a limit of one student per seat on buses. Competitions can be scheduled for Friday afternoons and Saturdays but there is a limit on how many kids can be transported. He suggested lifing the travel ban to allow students and staff to attend extracurricular activities. Another decision needs to be made for spectators. Will they now be allowed, and how many? This will be more of an issue for indoor sports like volleyball, then for outdoor sports like cross country or track. Band, choir, forensics, CTSOs, are extracurricular activities that are also included in the conversation. Some clubs are meeting virtually, as are conferences for staff to attend, but not all. District administration recommends lifting the ban on student travel but wait on staff travel.
Middle school volleyball has been a pilot program, allowing kids to compete on Saturdays within the district in the next few weeks. Superintendent Workman recommended prioritizing varsity athletics and activities while giving administration authority to allow as much participation as possible, based on transportation and other requirements.

Trustee McIntyre made a motion to lift the band on transportation for students on extracurricullar activities; allow varsity teams first and prioritizing JVs and freshman teams

to compete as they are able and as transportation will allow; limit spectators to 2 persons per student athlete at an event, with face coverings and distancing requirements, depending on capacity limitations on groups.
There was discussion on potential problems regarding capacity limits in various competion areas and group sizes. Our principals have already established capacity limits in each of the rooms of their facilities, including gyms and multipurpose rooms.
Superintendent Workman proposed the wording, "up to 2 people" in the motion so that it could be reduced if needed. He also recommended including in the motion that administration have the authority to make decisions regarding any unforseen matters.

Trustee McIntyre restated the motion that the Board lift the ban on student travel; start with varsity teams first, as far as transportation allows and then junior varsity and on to freshman; allow up to 2 people per athlete and give District administration the authority to address any unforseen circumstances.

Clerk Cowee seconded the motion. He added that with legislation in session the District may be granted some liability protection to help in the next phase of decisions.

The middle school volleyball pilot program required that students play within the District. By lifting the travel ban, teams will be allowed to travel outside the District for games. Superintendent Workman stressed that District Administration does not recommend allowing overnight travel. He added the District is waiting for a solid statement from PoolPact to follow regarding students traveling with parents.

Trustee Parsons suggested 4 people rather than 2 per student. There was more discussion regarding the capacity limits in the facilities and how coaches will decide how many spectators would attend and how families will work out who of them will attend.

Trustee McIntyre amended his motion to add that there would be no overnight stays. The second was amended by Clerk Cowee.

Trustee Jones pointed out that the capacity numbers will change with every event. She questioned how people will know if they can attend? She sees that 1 person might be better. Superintendent Workman explained that it will be by invitation only, so people will know in advance who is permitted to come. He said Principals are in favor of allowing up to 2 people per student to attend, regulating that requirement, and also livestreaming for spectators to be able to watch competitions from home or elsewhere.

Upon calling for the vote, the motion passed, 7-0.

25. **(For Possible Action)** Discussion and possible action on agenda items for future Board meetings and/or information item requests, including a summary by the superintendent. This item is being presented by Board President, Neal McIntyre and Superintendent, Wayne Workman.

Next Board Meeting will be February 23, 2021 at the PLC
Trustee McIntyre requested an item on the FHS gym.
There will be an update on the progress of planning for FHS potential gym, a facilities update on EVES and projects, and include the residential construction tax, CIP as a whole.

FROM THE FERNLEY STEM COUNCIL: The 2021 Fernley STEM Festival is being reimagined to fit inside a virtual platform. The event is planned for the end of May. More information will be provided in the future, but we hope to still have an Expo highlighting local businesses, the STEM fair displaying student work, and a fun challenge for some friendly STEM competition. The virtual platform will allow us to open the festival to all of Lyon County. If you would like to be part of planning this awesome event, join us on the 2nd and 4th Tuesdays at 4:00pm via Zoom. Email Brandolyn to get on the mailing list: bhthran@gmail.com. The Fernley STEM Council appreciates the continued support of the Lyon County School District!!!

DRAFT

Good evening Board Members,
I have serious concerns about having teachers and employees show up to school tomorrow when the weather conditions are of major concern. I do not live locally and fear the drive is going to be very dangerous. We have snow days built into our school calendar and we shouldn't have to lose a sick day because of this. Reconsider for all employees this decision to have us be physically present given the weather warnings.
Respectfully,

Good evening Board Members:

I know that you are all meeting tonight to continue the work of running our district despite crazy weather conditions, political storms, and unprecedented health safety concerns. Because of this I know that education and the members of the Lyon County School District, from our youngest pre-k students to our 30-plus year veteran teachers, are important to you all. However, requiring teachers to present themselves to a campus, after travel has been deemed unsafe, to the point that school has been canceled, gives the impression that our lives and well-being are not valued.

I have no objection to performing my duties to the best of my ability and am routinely on campus working beyond contract hours—this is not a bid to have a paid "play day." At this point, I know that my students are equipped to work from home and I am able to contact them from home as easily as from work, without having to risk my personal safety. Additionally, it is my understanding that our calendar includes a built-in "snow day" each year. Why is use of this day not an option?

Please affirm the value of all Lyon CSD members and reconsider the decision to require teacher presence on campus despite a—possible—cancellation of classes.

Respectfully,

Elisa Martínez

Lyon County School District
Board Memo

Date: February 23, 2021

To: Board of School Trustees

From: Wayne Workman, Superintendent

Re: Donations

Recommendation
That the Board of School Trustees accepts the generous donations from the following:

- A donation from Robert and Joyce Amato of $5000 for student Chromebooks and hotspots, $10,000 toward scholarships to DHS seniors, and a DES Booster Club "Books for Teachers" fund.
- A donation from Mr. and Mrs. James Huckaby in the amount of $300 to EVES' students in need.
- A donation from the Schweitzer Engineering Laboratories in the amount of $100 to FES' STEAM program.
- A donation from the Department of Vocational Rehabilitation to build a PAES Lab (Practical Assessment Exploration System). VR donated two HP Pro Book computers valued at $399 each. This was initially for DHS but has now been extended to all of our LCSD high schools. It's an amazing lab that will provide access to pre-employment training skills along with job exploration in multiple areas of employment.
- A donation from Apex Cyber Systems, Inc. to YHS valued at $3,260 as a contribution to school safety.

Respectfully Submitted,
Wayne Workman, Superintendent

Re: Donation - Robert and Joyce Amato

Dear Lyon County School Board,

The District has received a very generous 3-fold donation from Dayton residents, Robert and Joyce Amato. They have gifted $5000 designated for Chromebooks and Hotspots to benefit students. $10,000 is set aside for future DHS scholarships. Lastly, DES Booster Club will receive a "Books for Teachers" fund.

Mr. Amato was once at the heart of education as an elementary school teacher and we are grateful for his support and contributions to, not only the District's technology needs, but to the individual DHS seniors who will benefit from the scholarships, and the teachers who will acquire needed books for themselves and their students.

Respectfully Submitted,

Re: Vocational Rehabilitation Donation of 2 HP laptops

Dear Lyon County School Board,

We have been working with the Department of Vocational Rehabilitation (VR) building the PAES Lab (Practical Assessment Exploration System) at Dayton High School. This system requires the usage of two computers to operate the PAES Lab for clocking in and running the associated software reports, allowing us to progress monitor our students for a variety of purposes. VR has donated two 2018 HP Pro Book x 360 computers for our students and staff to operate the PAES Lab. Approximate value- $399.00 each or $798 in total.

Re: Potential violations of LCSD Policies BBAA, BBBB, BBD, BBF, BBFA, BCD, BG, and BHB by Board Member Kimber Crabtree relating to text communications with a LCSD employee

---

Recommendation
At the discretion of the Board of Trustees.

Background Information
In early November 2020 while investigating a separate LCSD employee issue, it was discovered that Member Crabtree allegedly regularly communicated through text with this employee. This is an opportunity for the LCSD Board of Trustees to determine if these actions violated any LCSD policies and what actions, if any, they wish to take.

Budget Considerations

I'm happy to work from home and I only live a half mile from the office anyway, so if I have to lay hands on something it's not a big deal. I am going in tomorrow to build some services so remote workers will have more access, and I'm still ironing out bugs with the Gmail transfer... always something

Hi, I when I was listening to the owl hoot last night, I thought of something that I should have typed to you. I just want you to know that you and all of your IT associates can be joyful and happy at work accomplish what you can, and wait for the next day. There will always be a tomorrow. I can't tell you why I say this. But I can tell you that I do not lie or exaggerate as you know. You can spread this around the virtual office lol lol lol and I hope morale increases!!! Just do as you do. Have a blessed, day sorry for being vague but I am restrained!

That you have been professionally marginalized, incorrectly labeled is wrong. You are the expert, and because of work place bias, you are no longer seen as an expert or as a professional. This is namely because you are in a vacuum of a label that your voice or not heard. This is one of the reasons that moral and work culture has suffered. He is reasonable for the culture and climate. Explain how you have not been able to use proper channels. I would not bring up Amber West Morlind as when the culture and climate are fixed and you are restored to being seen as a professional that will go away, its part of the bleed. Also, tell him about Oasis, let him know their big talk, HIDES their inaction. Tell him about Ben, and how those work tickets were solved by your own guys. Tell him that you love Dawn but she was not able to help you with proper chain answering you. And tell him that Harman Baine is insulting and belittling, that you deserve to be managed better because of your long time commitment to the LCSD.

Yes let's water the gorgeous flower bed out of the stagnant pond reference is a fantastic one!! I am sorry that you have to deal with such ineptness, and I am proud of you , self care as much as you can! Ohh, yes Ken told me a lot about meeting his girl and his life. It was very interesting to me! He explained also how truly brilliant you are. He is correct. I just had to check in, it had been too long and I hope you are more than awesome as well!! There have been so many gorgeous days.

That's sounds good. Friday, that way I do not have to rush away . My job is amazing but absolutely daunting . I thought about you and was with you in my heart on Sunday night. How did that go, for the people that actually loved him? Not for the sensational clinger onners.

Friday is perfect, Sunday was rough but nice. I finally had to leave shortly after the service, I had been there 12 hours helping and was emotionally drained. His family was very nice but it was heart breaking

I don't have it in me anymore, I'm exhausted and drained they win, they can have the I.T. department. By the time they figure it out it'll be to late anyway. A teacher just the other day called us incompetent and said he'd have his friends from Washoe come fix it. We were blindsided by the thousands of devices brought up last night. So much death, so much despair and for what... i tried, I can't anymore

I've dropped 30 pounds, i sleep two hours a night. There is no way to get away from this, the more I try and stay away the worse it is when I eventually have to come back. Then haman starts back up, then dan.. it just keeps going. I try and do something about it but I stand alone, I get hope that finally something is going to get better but it doesn't. It's futile, sorry I shouldn't be dumping all this on you

Lyon County School District
Board Memo

Date: February 23, 2021

To: Board of School Trustees

From: Wayne Workman, Superintendent

Re: Parcel of LCSD property requested by the Boys & Girls Club next to Yerington High School

---

Recommendation

That the Board of Trustees approve the Boys & Girls Club of Mason Valley to go through the legal process of acquiring an 8,000 square foot (80 feet x 100 feet) [0.18-acre] portion of property (APN 001-095-08) owned by the Lyon County School District at 26 Pearl Street next to Yerington High School as long as there is no cost to the LCSD.

Background Information

The Boys & Girls Club of Mason Valley have secured a parcel of land and a grant to build an early learning center or daycare center at 230 N. Main Street (APN 001-095-05) in Yerington. Directly adjacent to and east of this property is a small parcel of land (8,000 square foot [0.18-acres]) that is a portion of APN 001-095-08 (0.81 acres as shown on the current assessor's map) owned by the Lyon County School District that is currently not in use and has no foreseen functional use in the future. In January 2021, the BGCMV approached LCSD leadership asking to acquire the property in an effort to expand the playground and parking area of their future facility.

The LCSD has always enjoyed a great partnership with the BGCMV as we service the same youth/students, and soon to be future students when this facility is complete. In order to extend this partnership, the BGCMV has extended an invitation for our Yerington High School students to work in the new facility by means of earning credit and extending learning outside the traditional classroom. In a sense, the facility can become a learning lab for YHS students. Additionally, the BGCMV has agreed that LCSD employees may receive priority registration should they wish to place their young children in this new facility.

This is an opportunity for the LCSD Board of Trustees to discuss the advantages and possible disadvantages of allowing this property acquisition. For reference, there are no future plans for this small parcel of property nor is there a foreseeable need for the LCSD to develop it.

Budget Considerations

None, but there could be a small savings as there would be less property to maintain.

Lyon County School District
Board Memo

Date: February 23, 2021

To: Board of School Trustees

From: Wayne Workman, Superintendent

Re: Facilities Projects Update

Requested by:
Harman Bains, Director of Business Services
Jim Gleason, Operations and Maintenance Supervisor
Kirk McCallum, Operations and Maintenance Supervisor
Darrell Bluhm, Projects Facilitator

Recommendation
An update item for the Board of Trustees regarding the Facilities Projects throughout Lyon County School District (LCSD).

Background Information
East Valley Elementary School

- EVES's expansion progressing per schedule despite a few weather impacts. CORE has managed to work around the weather completing work in the existing building and new addition. All precast panels have been tilted and now have progressed into the corridor and roof framing. The project is scheduled to have the roof framing completed soon which would allow to dry-in the roof and open up the building for insulation, plumbing and interior framing. Please see attached progress pictures.

FHS Master Plan

- Since summer 2020 Lumos and Paul Cavin have been working with LCSD facilities team have put together a FHS site master plan along with potential locations for a gymnasium venue to seat approximately 2,000 people. Current population growth within the Fernley area has created the need for a new gymnasium building.
- After review with the Lumos/Paul Cavin and discussion with the District Facilities Committee it was determined that the FHS Gymnasium was best suited on the south side of the FHS campus along side the current English/library building. A number of changes were requested by the District Facilities Committee and are being made to the current layout. The district is hopeful to bring this project to the March board meeting as a stand alone item for discussion and additional approvals necessary to continue moving forward.

Anticipated Summer 2021 Projects approved by the District Facilities Committee:

- DHS and FHS Football Fields and Lighting
- DHS, FHS, SSHS and YHS Tracks
- DHS and FHS Outdoor Bleachers
- DIS Indoor Bleachers
- Silver Stage Middle School Re-roof
- Silver Springs Transportation Yard (breaking ground)
- District Wide Family Style Restrooms
- FIS Parking Lot

Bond Funded projects approved by the District Facilities Committee:

Project	Estimated Cost
East Valley Addition	7,844,038
DES Septic	7,920
District Wide Roofs	2,889,613
Mechanical - HVAC/Boiler	1,000,000

Board Memo

To: Board of School Trustees

From: Wayne Workman, Superintendent

Re: A report on the Western Nevada College (WNC) Jump Start Dual Enrollment program results for the Fall 2020 semester.

Recommendation
That the Board of Trustees approve a report on the Western Nevada College (WNC) Jump Start Dual Enrollment program results for the Fall 2020 semester.

Background Information
Lyon County School District (LCSD) had a total of 647 enrollments for coursework at Western Nevada College (WNC) during the fall semester of 2020. Additionally, LCSD had 121 students participate in the Jump Start Program.

One will find a number of graphs attached, indicating the data for Jump Start pulled by WNC for Semester 1. One graph illustrates the number of enrollments in courses by school in Lyon County. An additional graph displays the grades earned by students enrolled in those classes with A's, B's, C's, D's and F's. What must be highlighted here is the fact that 316 scores of the 570 enrollments for Jump Start received an A for their coursework. That is 55% of the courses taken received an A. 127 B's were attained for coursework and 69 classes were scored as C's for coursework. Altogether, 512 of the 570 (90%) courses taken received an A, B, or C. Clearly, LCSD demonstrates that our students can participate and succeed in college coursework as high school students.

The next few illustrations are from WNC and display data regarding our Jump Start students. The graphs illustrate Student Course Success Rates and Student Success Overall for Jump Start. Following those there is a breakdown of grades earned and then a look at the demographics of our Jump Start Students. When one looks at the historical data provided by WNC, it is clear that historically there has been a great deal of success from our students in the Jump Start Program. Demographically, it is a positive that we also see the diversity of our subpopulations participating in the program.

A total of 47 students in LCSD are on track to obtain an Associates (AA or AS) this year, which says a great deal about the talent of our students and the opportunities that await those who earn them.

Lyon County School District
Board Memo

Date: February 23, 2021

To: Board of School Trustees

From: Wayne Workman, Superintendent

Re: A report on the initial academic results of student achievement for the Fall 2020 semester.

Recommendation

That the Board of Trustees approve a report on the initial academic results of student achievement for the Fall 2020 semester.

Background Information

The fall semester of 2020 presented a great number of challenges due to the coronavirus pandemic. While the district wrestled with providing options for students and their families educationally, parents struggled to determine the best path for their students while keeping them safe and healthy.

Students were enrolled in one of the options offered families, full in-person education, a hybrid model with one week of in-person instruction and a week of distance education, full distance education attached to teacher(s) at the site or full distance education through the LyOnline program. As of January 21st, the Lyon county school district experienced a higher than usual failure rate in grades 6-12, and similar experiences have been communicated throughout the state and nation as a whole.

While the news is not positive at first glance, there are a number of things that need to be brought to the surface. The first is that as we look at the data, students that attended school in-person had the lowest failure rate of 11% while students that attended school in a hybrid model had a failure rate of 24% and those that were full distance had the highest failure rate of 45%. Clearly, we can demonstrate that students need to be in school and interact with their teachers face to face to gain the greatest benefit.

Data is difficult to compare as we have a number of differences across the district with schedules and school's abilities to accommodate more students based on populations and capacities. We would be remiss if we did not acknowledge the incredible challenges posed and steps taken to do what we can for our students. In reviewing this data with all of the site principals, they have all taken steps to assist students through tutoring, second shots, schedule changes, bringing students into the classroom from a full distance model, home visits, and the list goes on. Our principals, teachers and counseling staff have been attentive and are taking steps to assist students that are struggling.

The bottom line is that nothing takes the place of an effective teacher in a classroom, working closely with students to ensure their success.

Re: 2021 State of the District Report

Recommendation
That the Board of Trustees approve the Lyon County School District 2021 State of the District Report.

Background Information
LCSD Policy: BN State of the District requires District administration to prepare a *State of the District* report annually and present it to the Board of Trustees before the last day of February. This document serves as a communication tool for District administration and Trustees to the students, staff, families and community members of Lyon County. District administration will produce multiple copies for Trustees to share and disseminate with community leaders and others as needed.

Response to COVID-19 School Reporting Data

***In accordance with the U.S. Department of Education ESEA waiver to suspend accountability requirements in response to the COVID 19 pandemic, some reporting was carried over from the 2018-19 School Year.*

Welcome from Superintendent and Board President

On behalf of the Lyon County School District Board of Trustees and District Leadership Team, it is with great pleasure President Holly Villines and I present the 2021 State of the District Report. This annual report is designed to give stakeholders a review of District highlights, operations, initiatives, and results. In addition, this document represents our commitment to the vision and mission of LCSD, as well as the need for continuous improvement as we strive to achieve our goals.

Lyon County School District, with over 8,800 students and 1,500 staff members is the fourth largest school district in Nevada. LCSD is comprised of 18 schools in 5 unique attendance areas including Dayton, Fernley, Silver Springs, Smith Valley and Yerington. LCSD also includes LyOnline, which is a full-distance education option for LCSD students. Each school boasts highly qualified, dedicated and caring instructional leaders and staff who work tirelessly to ensure the learning needs of each student are realized. The District motto of "Every Student… Every Classroom… Every Day" comes to life when you step into the classroom and see students engaged in rigorous learning opportunities.

We invite all families, citizens and community leaders to visit our schools and participate in the education of our students. We know that our students will achieve their learning goals and life-long dreams through the collective work of all adults in Lyon County and the great state of Nevada. Thank you for your continued commitment to our future.

Safety and Security

The Lyon County School District recognizes that the safety and security of students, staff and guests is the number one priority. The safety of these groups is prominent to the educational success of students. Therefore, all LCSD schools participate in ongoing safety training procedures, including lockdown, fire, earthquake and other safety drills on a regular basis. A positive partnership between LCSD and the local law enforcement and other first respondent agencies has been developed to support these efforts. LCSD administrators, with the help of the schools' maintenance supervisors, the District's Operations and Maintenance Supervisor and the District's Risk, Benefits and School Safety Manager continually seek opportunities to improve both student and staff safety. To support these efforts Audio Enhancement Safety Alert For Education (SAFE) system which is enabled with a silent alarm in addition to educational features has been installed in every classroom. Furthermore, the LCSD Board of Trustees and District administration have completed safety and security upgrades for existing middle and elementary school facilities through the implementation of controlled single point of entry.

East Valley Elementary School (EVES) Addition

East Valley Elementary School (EVES) in Fernley, NV has been undergoing a renovation that will add eight classrooms and a new parking lot to its campus.

Lyon County School District Assessment Information for Parents/Guardians

The Nevada Department of Education Testing Program consists of different state prescribed tests. All students enrolled in public schools, at a grade level where a mandated test is administered statewide, will participate in test administration per
Nevada Revised Statute (NRS 390).
Federal and state requirements have been aligned so that all students must participate fully and meaningfully in the state assessments. Students with disabilities and students classified as English Learners (EL) must also participate and may use accommodations and/or designated supports, as appropriate.

Appendix B: District Performance Plan

Lyon County School District

District Performance Plan One Page Summary

2020-21

Goal 1: Provide a high quality learning experience for all students in a safe, equitable, inclusive, respectful, positive, and culturally responsive environment.

Measurable objectives:

1) From Spring 2019 to Spring 2021 Lyon CSD will increase the District Relationship score from 337 to 364, Emotional Safety score from 323 to 356, Physical Safety score from 340 to 369, Cultural and Linguistic Competence score from 349 to 377 as indicated through the NV-SCSEL Survey.
2) From Fall 2019 to Spring 2021, Lyon CSD will increase by 5% the District Relationship score (Q6, Q7, Q12, Q16) currently at 85.54%, the District Emotional Safety score (Q11, Q14) currently at 70.44%, the District Physical Safety score (Q9, Q13, Q16) currently at 75.26% and the District Cultural and Linguistic Competence score (Q8, Q10) currently at 94.22% as indicated through the Districts 3rd/4th grade Climate Survey.

Action Steps:

1.1) Develop and personalize to LCSD the collective teacher efficacy training modules

1.2.1) Implement social emotional learning (SEL) curriculum K-12

1.2.2) Continue training and implementation of PBIS/MTSS at all schools

1.3.1) Continue equity and diversity policy training/student bill of rights at the District and school sites

1.3.2) One LCSD student summit

1.3.3) School student focus group meetings

Goal 2: Providing healthy and physically safe schools in which our students can be educated throughout the year using three learning models: 1) In-Person, 2) Distance and 3) Hybrid

Measurable objective: From July 2020 to June 2021, LCSD will create, implement and communicate a comprehensive plan that provides ongoing learning opportunities while meeting current restrictions during the pandemic as measured by continuous operations

Action Steps:

2.1) Create, monitor and adjust the LCSD Reopening Schools Implementation Plan

2.2) When adjustments are made, communicate the LCSD Reopening Schools Implementation Plan to applicable staff

Appendix C: Implementation Plan Preview

2020-2021 Reopening Schools Overview

Delivery Models

Full In Person with Precautions: K-2 students and other special populations will attend in person full time using blended learning.

Hybrid Model: Students split into two cohorts, A & B. One week they will attend school in person using blended learning and the following week they will participate in distance learning.

Full Distance Learning: Families can select to participate through LyOnline or through individual schools with the support of a typical classroom teacher.

Learning Materials

K-6: District Adopted Curriculum with Supplemental Support through Edgenuity Pathblazer

7-12: Edgenuity Courseware will be the materials used for most courses. Yearlong courses will be competed in one semester and each student will be enrolled in four courses each semester. Remediation and acceleration can be supplemented with Edgenuity My Path

Technology & Access

Students will bring their own devices to school to participate in blended learning. Those students that do not have access to a personal device will be issued a school district device to use both during in person learning and distance learning. Students that don't have access to the internet may need paper correspondence.

Communication

Communication during distance learning will be conducted daily through Edgenuity and/or Infinite Campus. All communication will documented in Infinite Campus. Learning progress will provided weekly.

Professional Learning

Teachers will return to work on 8/14/20. Professional learning will be delivered between 8/14/20-8/31/20. Topics will include blended learning, Edgenuity, distance learning, social emotional learning, health and safety guidelines to prevent the spread of COVID-19, and support for families . Students return on 9/1/20, with hybrid learning cohort A in person and cohort B in distance learning.

Every student... Every classroom... Every day.

Re: Safety Resolution for US-50A & US-95A in front of FHS

Recommendation
That the Board of Trustees approve a Public Safety Resolution for US-50A & US-95A in front of Fernley High School.

Background Information
US-50A & US-95A in front of Fernley High School is a major road through Lyon County. As progressive development of the Fernley area has increased over the years, it is time to ensure that the speed limits along the highway are reflective of the needs. Currently there is a 55 MPH zone on this road. As there are housing developments on either side of the highway and FHS has new and young drivers constantly trying to navigate this high-speed area, it is proposed that the Board of Trustees adopt this resolution to encourage NDOT to put in a school zone of 25 MPH during the beginning and ending hour of the school day. The safety of our students, staff and families is of paramount importance. This action will help ensure that safety during the designated times. If adopted, this resolution will be sent to NDOT for future action.

LYON COUNTY SCHOOL DISTRICT
BOARD RESOLUTION

A Resolution of the Board of Trustees of the Lyon County School District affirming their commitment to providing safe travel to students at Fernley High School

WHEREAS, the Lyon County School District Board of Trustees are committed to making sound policy and financial decisions that enable the school district to provide the safest travel and transportation services to the school-age children of our community; and

WHERAS, recognizing the essential need of a safe travel environment, the Lyon County School District Board of Trustees supports funding from taxes and other sources for the cost of public streets, roads, thoroughfares, highways, and the like; and

WHEREAS, in an effort to remove the dangers of the current road adjacent to Fernley High School, specifically US-50A & US-95A, the Lyon County School Board desires to designate the Fernley High School area as a school crossing zone; and

WHEREAS, in order to designate the Fernley High School area as a crossing zone, the governing body of the local government or the Department of Transportation must designate a school crossing zone pursuant to NRS Chapter 484B(5); and

WHEREAS, under the proposed school crossing zone a new speed limit would be established of 25 miles per hour on days in which school is in session and during the times when students are arriving to school and leaving school pursuant to NRS Chapter 484B(2); and

WHEREAS, under the proposed school crossing zone, the Superintendent of Schools for the Lyon County School District or his or her designee, in conjunction with the Department of Transportation and the local governing body shall designate the hours when the speed limit is in effect pursuant to NRS Chapter 484B(7); and

WHEREAS, such local governing body and the Department of Transportation shall provide signs to mark the beginning and end of the school crossing zone pursuant to NRS Chapter 484B(6); and

WHEREAS, in January, 2021, through email correspondence the Lyon County School Board presented this draft resolution pertaining to the proposed crossing zone to the Department of Transportation and the local governing body; and

WHEREAS, if the Lyon County School Board's proposed speed limit during the time listed above is adopted, Fernley High School would become a safer area for new student drivers and students crossing the highway and would decrease the risk of accidents; and

WHEREAS, if the proposed speed limit during the time listed above is not adopted, Fernley High School would continue to be an area where student drivers and students are at risk due to the high speed of oncoming traffic; and

NOW, BE IT RESOLVED that the Lyon County School District Board of Trustees is for the adoption of the proposed crossing zone and speed limit as stated above; and

NOW, BE IT FURTHER RESOLVED that the Lyon County School District Board of Trustees calls on the Department of Transportation to adopt a school crossing zone that will create a safer environment for student drivers; and

NOW, BE IT FURTHER RESOLVED that the Lyon County School District Board of Trustees calls on such local government and the Department of Transportation to provide signs marking the beginning and end of the school crossing zone.

APPROVED, this 23rd day of February, 2021.

BOARD MEMBER CODE OF CONDUCT

As a member of my local school board, I will strive to improve public education and to that end I will:

1. Attend all regularly scheduled Board meetings insofar as possible and devote time, thought and study to become informed concerning the issues to be considered at those meetings so that I may render effective and creditable service;

2. Recognize that I should work with other Board members to establish effective policies only after full discussion at publicly held Board meetings and uphold board policies, administrative regulations, and state and federal laws;

3. Render all decisions based on the available facts and my independent judgment and refuse to surrender that judgment to individuals, special interest groups, agencies, or outside pressures;

4. Encourage the free expression of opinion by all Board members and will participate in board discussions in an open, honest and respectful manner, honoring differences of opinion or perspective. I will be diligent in following Roberts Rules of Order to ensure that my behavior in an open and public meeting will contribute positively to running a successful meeting.

5. Delegate authority for administration of the schools to the superintendent. I recognize that it is not my responsibility to run the schools but to see that they are well run; to understand that the basic function of a trustee is policymaking and not administration;

6. Communicate to other Board members and the superintendent expressions of public reaction to Board policies and school programs;

7. Model continuous learning and work to ensure good governance by taking advantage of board member development opportunities, such as those sponsored by my state and national school board associations, and encourage my fellow board members to do the same;

8. Support the employment of those persons best qualified to serve as school staff and insist on a regular and impartial evaluation of all staff;

9. Avoid being placed in a position of conflict of interest and refrain from using my Board position for personal or partisan gain;

10. Take no private action that will compromise the Board or administration and respect the confidentiality of information relating to district employees or students that is privileged under applicable law and maintain the confidentiality of all matters discussed in executive/closed session;

11. Remember always that my first and greatest concern must be the educational welfare of the students attending the public schools;

12. Respectfully listen to those who communicate with the board, seeking to understand their views, while recognizing my responsibility to represent the interests of the entire community. I will also direct complaints to the superintendent and other appropriate staff members;

13. Strive for a positive working relationship with the superintendent, respecting the superintendent's authority to advise the board, implement board policy, and administer the district. I will strive to contact the superintendent before board meetings for more information on agenda items or to address concerns;

14. Present personal criticism of district operations to the superintendent, not to district staff or to the board in open meeting;

15. Remember that as an individual I have no legal authority outside the meeting of the board and I will conduct myself on the basis of this fact. I will develop professional relationships with the school staff, the community, and communication media as an individual.

Financial Reports for the Board of School Trustees

Financial Report Policy

The Lyon County Board of School Trustees requires periodic financial reports in order to make informed decisions.

The goal of this policy is to ~~have timely information available to the Lyon County Board of School Trustees on a monthly basis in order~~ provide necessary information to the Lyon County Board of School Trustees to facilitate decision making and to provide an overview of the financial status of the district.

Financial Report Procedures

It is the responsibility of the Superintendent to provide financial reports to the Board ~~on the second meeting every month. The balances should reflect the ending balances from the previous month as closely as possible.~~

The ~~reports~~ financial information shall be submitted in a format acceptable to the Board. Information includes monthly paybill reports with details of all District expenditures. Additional information pertinent to Board decisions will be provided with corresponding agenda items in order for the Board to make informed decisions. ~~This format will represent an Income and Expense report and a Balance Sheet and any other reports needed by the Board to make decisions~~. The Board and or the Superintendent may recommend changes to the reports ~~every month~~ in an effort to improve the reports usefulness.

The Board or Superintendent may also request additional financial information deemed necessary to assist in managing responsibilities in fulfilling the mission of Lyon County School District.

~~Individual Board members may request Electronic copies of the report. Ideally electronic copies would be in Microsoft Excel format in addition to PDF format.~~

~~Every effort will be made by the Superintendent and her staff to automate the production of the monthly reports so as to minimize the staff time required.~~

~~These reports are in addition to any one time reports required for specific projects or decisions that may be requested by the Board from time to time.~~

BOARD MEMBER DEVELOPMENT

The complexity of Board membership demands opportunities for development, study and training for Board members. The Board places a high priority on the importance of a planned and continuing program of in-service education for its members.

In order to develop leadership capabilities, become informed about current issues in education, and improve their skills as members of a policy-making body, Board members will participate in opportunities for development that may include, but not be limited to, the following:

- In-service activities planned by the Board and by the administration for staff members, as appropriate;
- Participation in conferences, workshops and conventions held by state and national school boards associations and other educational organizations;
- Subscriptions to publications addressing Board member concerns.

Recognizing the need for continuing training and development of its members, the Board encourages the participation of all members in appropriate conferences, conventions and workshops. To control both the investment of time and funds necessary to implement this policy, the Board establishes these principles and procedures for its guidance:

1. The ~~superintendent~~ Board Administrative Assistant will inform Board members, in a timely manner, of upcoming conferences, conventions and workshops that will benefit the Lyon County School District and Board members. The Board will decide which meetings appear to be most likely to produce the greatest benefit to the Board and the district;

2. Funds for participation at such meetings will be budgeted. When funds are limited, the Board will designate which members would be most appropriate to participate at a given meeting;

3. If authorized to attend, and reimbursement is approved by the Board, Board members will be reimbursed, ~~upon request, for reasonable and necessary expenses actually incurred;~~ at the rate established by the US General Services Administration (GSA). Reimbursements cover meals not already paid for through conference attendance and travel to and from the conference site, excluding extra outings not associated with the conference. Reimbursements will only cover the cost for the trustee. No reimbursements will be provided for room services or extra fees charged to the hotel room.

4. When a conference, convention or workshop is not attended by the full Board, those who do participate will be requested to share, by means of written or oral reports, information, recommendations and materials acquired at the meeting.

Lyon County School Board members will meet the training requirements as stated in NRS 386 (AB451).

1. Each person who is elected or appointed to serve as a member of the board of trustees of a school district shall complete training for professional development during the first and third year of the term of the member which must include not less than 6 hours of instruction.
2. A member of the board of trustees of a school district shall provide written certification of completion of the training required by this section to the clerk of the board of trustees.
3. If a member fails to complete the training or to provide the written certification of completion which is required by this section, the clerk must post notice of such noncompliance in a conspicuous manner on the Internet website of the board of trustees. The clerk must also provide written notice of the noncompliance to the other members of the board of trustees.
4. The clerk of the board of trustees shall assist each member of the board as necessary to complete the training required.

BOARD POLICY BHD

BOARD MEMBER COMPENSATION, TRAVEL AND EXPENSE REIMBURSEMENT

Board members will receive compensation for services other than reimbursement for approved expenses on district business pursuant to NRS 386.320. Such expenses may include the cost of attendance at meetings, conferences or visitations when such attendance has been approved by the Board.

Reimbursement includes, but is not limited to, transportation, meals, lodging and miscellaneous expenses at the approved state rate.

The District will reimburse board members for all reasonable and necessary travel expenses, which are directly related to the performance of their assigned duties.

The District will not reimburse or otherwise pay any expenses that violate commonly accepted standards of sound judgment.

Reimbursement shall be made only for expenses actually incurred, paid, and authorized under this policy and related procedures.

In addition to reimbursement of eligible expenses and pursuant to NRS 287.010, board members will be considered as members of the staff for health insurance purposes and therefore are eligible to participate in the District's group health, dental, vision, and life insurance benefits. Board trustees do not meet the minimum requirement of working 25 hours per week to qualify for paid health insurance. As a result, board trustees who wish to enroll will be responsible for paying the full premiums for themselves and enrolled dependents for any elected benefits.

In order to perform their duties effectively and efficiently, board members will receive a computing device of their choice (laptop or iPad) and a MIFI mobile Internet device to be used during their service. Use of the devices is subject to all applicable District policies and board members must return the devices upon completing their service. The devices allow board members to access applicable information, including board meeting documentation. The proper use of the devices allows the District to save money on expendable resources such as excessive paper and printing costs.

BOARD MEMBER COMPENSATION, TRAVEL AND EXPENSE REIMBURSEMENT – ADMINISTRATIVE GUIDELINES

Travel – Overnight

1. Advance Payment of Expenses

a. Only airfare, lodging and conference registration fees are eligible for payment prior to traveling.

200-474-3d1-Airfare costs in excess of the basic least expensive unrestricted accommodations class offered by commercial airlines are unallowable except when such accommodations would require prolonged travel during unreasonable hours.

b. All other costs incurred are reimbursed after the travel is completed.

2. Lodging Expenses

a. 200.474 Lodging reimbursement will be at a rate established by the US General Services Administration (GSA) for both In-State and Out-of-State.

http://www.gsa.gov/portal/category/21287

b. To be reimbursed for lodging that was not paid for in advance, board members must provide receipts.

c. Exceptions to the rate of reimbursement for lodging can be made for the following conditions:

1. Lodging is procured at a prearranged place such as a hotel where a meeting, conference or training session is held or

2. Costs have escalated because of special events; lodging within prescribed allowances cannot be obtained nearby; and costs to commute to/from the nearby location exceed the cost savings from occupying less expensive lodging.

3. Lodging will only be covered for the dates of the conference. Lodging before and/or after the conference will not be reimbursed.

3. Meal Expenses

a. Breakfast, lunch, dinner, and incidentals are reimbursed on a per diem basis. The District will pay the GSA per diem rate as allowed for State employees and officials when board members are on authorized travel. No receipts are required for these reimbursements.

http://www.gsa.gov/portal/category/21287

b. No reimbursement shall be allowed for any meal, which is provided or made available to a board member as part of the cost of a meeting, class, or other function, regardless of whether the board member partakes of the provided.

c. In order to be reimbursed for meals, travel must begin or end as follows:

i. Breakfast: Leave before 7:00 a.m.

ii. Lunch: Leave before 11:00 a.m. or return after 1:00 p.m.

iii. Dinner: Return after 6:00 p.m.

4. Mileage Expenses

a. Mileage is reimbursed at the per mile rate set by the GSA.

b. Mileage to and from board meetings will be reimbursed.

c. Only actual miles driven will be reimbursed. If board members travel to school related functions other than a scheduled board meeting, they must inform the board administrative assistant so that the mileage can be logged and set for reimbursement.

d. Mileage begins and ends at the home of board members.

e. When the cost of mileage for a board member to attend a conference exceeds the cost of airline transportation, the District will provide reimbursement for the lesser amount.

5. Rental Car Expenses

a. Rental cars must be approved in advance by the Board President. Board members must use the vehicle for board related business only and have receipts to be reimbursed for the rental car.

b. Rental insurance should be declined from the rental company as board members are covered under the District insurance policies.

6. Other Expenses

a. Necessary business expenses will be reimbursed with valid receipts. Examples of other expenses can include, but is not limited, to the following:

i. Telephone calls at a meeting or training site,

ii. Parking charges,

iii. Internet charges if required for business purposes,

iv. Ground transportation/Taxi,

v. Baggage fees for airline flights

7. Incidental Expenses

a. Incidental expenses are reimbursed with the daily per diem rate set by GSA as defined by the Federal Travel Regulations. Examples include the following:

i. Fees and tips given to porters, baggage carriers, bellhops, and hotel maids.

ii. Transportation between places of lodging or business and places where meals are taken, if suitable meals cannot be obtained at the site.

8. Unallowable Expenses

a. The District will not reimburse for fines or parking tickets, towing or impounding fees, traffic violations, alcoholic beverages, personal entertainment, tobacco, room service or extravagant costs of any kind.

b. The District discourages combining personal travel with business travel due to the public's perception regarding use of District funds. Board members must clearly disclose any personal travel and/or vacation time to be taken in conjunction with District travel. A board member's family may accompany the board member on District business provided travel is not in a District vehicle. The District will not, however, pay any additional expenses so incurred. 200-474-2- Travel costs for dependents are unallowable.

9. Reimbursement

a. Board members should submit travel expenses as soon as feasible, but not later than twenty (20) working days following any trip.

Travel – Same Day

1. Meal Expenses – same rates as set for overnight travel
a. Meals will only be reimbursed if same day travel exceeds 100 miles from the board member's home or if board members are away from their home longer than 12 hours on approved district related business.
b. In order to be reimbursed for meals, travel must begin or end as follows:
   i. Breakfast: Leave before 7:00 a.m.
   ii. Lunch: Leave before 11:00 a.m. or return after 1:00 p.m.
   iii. Dinner: Return after 6:00 p.m.

2. Mileage Expenses – same rates and conditions set for overnight travel

3. Other Expenses – same rates and conditions set for overnight travel

4. Reimbursement – same requirements set for overnight travel

Board President Exceptions

1. The Board President may purchase and receive reimbursement for reasonable materials for individual board members in order to enhance their performance and learning.
2. The Board President may purchase and receive reimbursement for reasonable materials that will enhance the efficient operation of board meetings.
3. When individual board members attend school board related meetings that conclude after 8:00pm and resume the next morning by 8:00am or earlier, the Board President may authorize overnight lodging.

For information regarding current GSA reimbursements amounts, please visit its website at http://www.gsa.gov.

BOARD POLICY _____BA

BOARD GOALS

The Board is responsible to the people for whose benefit the district has been established. Further, the Board's current decisions will influence the future course of education in the district's schools. By virtue of this responsibility, the Board and each of its members must look to the future and to the needs of all district citizens. This requires a comprehensive perspective and long-range plan in addition to addressing immediate problems.

The Board's primary responsibility is to establish policies, purposes and programs, and procedures which will best produce educational achievement. The Board is charged with accomplishing this while also being responsible for wise management of available resources. The Board must fulfill these responsibilities by functioning primarily as a legislative body which formulates and adopts policy. Further, it must carry out its functions openly and seek the involvement of students, staff, and the public during its decision-making processes.

In accordance with these principles, the Board, through its operations, will seek to achieve the following goals to:

1. Concentrate the Board's collective effort on policy-making and planning responsibilities;
2. Formulate Board policies that best serve each student's educational interests;
3. Provide the superintendent with sufficient and adequate guidelines for implementing Board policies;
4. Maintain effective communication with the students, staff and the public to maintain awareness of attitudes, opinions, desires and ideas;
5. Conduct Board business openly, soliciting and encouraging broad-based involvement of the students, staff and the public in the Board's decision-making processes;
6. Review and update Board goals every ~~second meeting in February~~ year.

BOARD MEETINGS/REGULAR BOARD MEETINGS

"Meeting" means the convening of the Board as the district's governing body to make a decision or to deliberate toward a decision on any matter. The Board has the authority to act only when a quorum is present at a duly called regular or special meeting. Communications between and among a quorum of members convening on electronically linked personal computers or by telephone conference call are subject to the Nevada Open Meetings Law.

1. Regular Meetings
   All regular and special meetings of the Board will be open to the public except as provided by law. All meetings will be conducted in compliance with state and federal statutes. All Board meetings will be held with district boundaries. No meeting will be held at any place where discrimination on the basis of disability, race, creed, color, sex, age, or national origin is practiced.

   If requested to do so at least 48-hours before a meeting held in public, the Board shall provide an interpreter for hearing-impaired persons. Other appropriate auxiliary aids and services will be provided upon request and appropriate advance notice. Communications with all qualified individuals with disabilities shall be as effective as communications with others.

   The first regular meeting after January 1 of each year will be an organizational meeting to elect Board officers for the coming year and to establish the year's schedule of Board meetings.

   ~~When possible, two regular Board meetings will be held on the second and fourth Tuesday of each month with the exception of those meeting times mandated by state statute.~~ Board meetings will be held monthly with the exception of those meeting times mandated by state statute. The meeting schedule will be established at the organizational meeting in January but may be changed by the Board with proper notice. The purpose of these monthly meetings will be to conduct the regular Board business. The Board President will conduct the meeting, or in his/her absence, the Clerk will conduct the meeting. In the absence of the Clerk, the past President will conduct the meeting.

2. Private or Social Meetings
   Private or social meetings of a quorum of the Board for the purpose of making a decision or to deliberate toward a decision on any matter is prohibited by the Nevada Open Meeting Law.

3. Adjourned Meetings

A Board meeting shall be adjourned to another time if a quorum is not present or if additional business needs to be conducted at the regular time of adjournment. The time, date, and place of the adjourned meeting will be specified and appropriate notice given.

Re: Activities and Community use of LCSD Facilities During the Nevada State of Emergency

---

Recommendation
At the discretion of the Board of Trustees.

Background Information
The global pandemic from COVID-19 necessitating the Nevada State of Emergency in March 2020 has had a lasting and significant impact on everyone. The Lyon County School District has been required to make very difficult decisions that have altered operations significantly. During the special legislative session of 2020 legislators made the decision-making process even more difficult for districts when law makers intentionally excluded school districts from COVID-19 liability protections that were given to essentially every other institution in the state through SB4. In short, anyone who can prove that they contracted COVID-19 while on district property, regardless of the implementation of precautions and restrictions, may sue the LCSD. This is a precarious and dangerous situation for all school districts in the state. In fact, this board and district administration have already taken a huge risk in reopening schools for in-person instruction because of this law. However, it was determined that the risk was worth it because it was the best thing to do for our students and families.

With the Governor's decisions at the beginning of October to relax gathering restrictions as well as youth/adult activities, there are now even more questions that need answered regarding how the district should proceed with our own extra-curricular activities along with community use of our facilities. Once again, SB4 exacerbates this issue. The current "extended pause" also creates new dynamics with decisions in this area. Currently for NIAA sanctioned athletics, football, basketball and wrestling are not permitted to be contested. The following are some questions that must be answered in order to provide direction to district administration for future operations during the pandemic:

1) Should the LCSD allow school organizations (clubs, student groups, Boosters/PTA, etc.) to use district facilities outside of the regular school day? If the answer is yes, should there be restrictions placed on that use to limit capacity and gatherings?
2) Should the LCSD maintain current travel restrictions which essentially does not allow travel to any school/district sanctioned events? If the answer is yes, should this change in January when the NIAA has stated that their sanctioned events will resume?
3) Should spectators be allowed to attend LCSD events? Would this be a conflict with not allowing outside groups to use our facilities? If the answer is yes, should there be specific restrictions with this?
4) Are there other questions that need to be answered or considered?

These and other questions must be answered in a manner that best protects the LCSD from potential litigation, but also balances our mission of educating the whole student. The LCSD recognizes the importance of extra-curricular activities in achieving this mission. We must also consider that this conversation is fluid and will likely

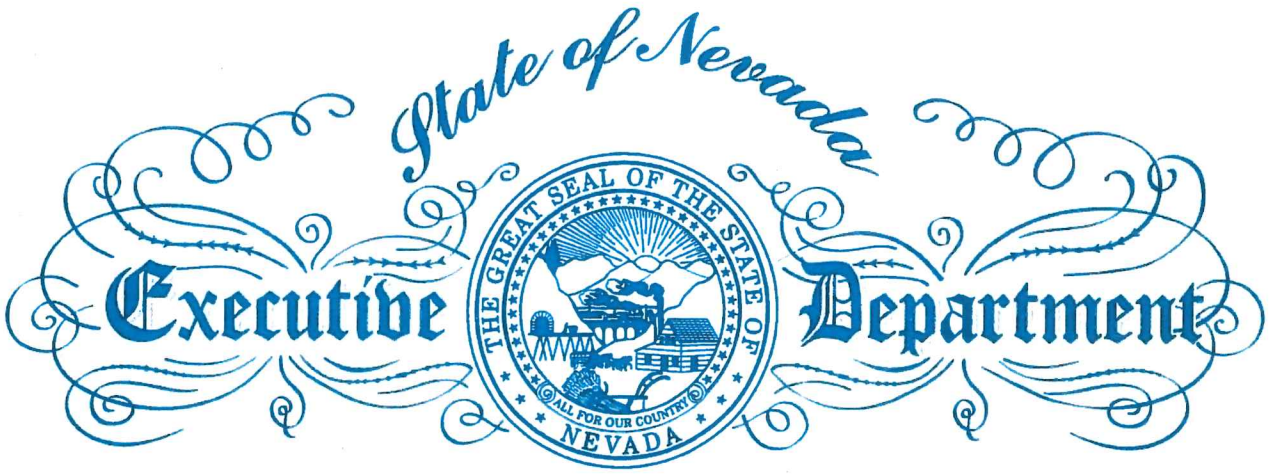

be on-going as circumstances continually change with the pandemic and state of emergency. Additionally, any decisions made may be subject to change due to new directives.

Budget Considerations
Unknown, but possibly extreme depending on potential litigation.

WHEREAS, the World Health Organization advises that contact transmission occurs by direct contact with infected people or indirect contact with surfaces contaminated by the novel coronavirus; and

WHEREAS, on March 5, 2020, Clark County and Washoe County both reported the first known cases of COVID-19 in the State of Nevada; and

WHEREAS, on March 11, 2020, the World Health Organization declared COVID-19 a pandemic; and

WHEREAS, on March 12, 2020, I, Steve Sisolak, Governor of the State of Nevada issued a Declaration of Emergency to facilitate the State's response to the COVID-19 pandemic; and

WHEREAS, on March 13, 2020, Donald J. Trump, President of the United States declared a nationwide emergency pursuant to Sec. 501(b) of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. 5121-5207 (the "Stafford Act"); and

WHEREAS, on March 14, 2020, I formed a medical advisory team to provide medical guidance and scientifically based recommendations on measures Nevada could implement to better contain and mitigate the spread of COVID-19; and

WHEREAS, infectious disease and public health experts advised that minimizing interpersonal contact slows the rate at which the disease spreads, and is necessary to avoid overwhelming healthcare systems, commonly referred to as "flattening the curve"; and

WHEREAS, since the March 12, 2020 Declaration of Emergency, I have issued 32 Directives pursuant to that order to provide for the safety, wellbeing, and public health of Nevadans and the administration of the State of Nevada; and

WHEREAS, these Directives were promulgated to reduce interpersonal contact and promote social distancing to flatten the curve; and

WHEREAS, Nevada's hospitalization rate for suspected and confirmed COVID-19 cases has trended downward since the beginning of August 2020; and

WHEREAS, NRS 414.060 outlines powers and duties delegated to the Governor during the existence of a state of emergency, including without limitation, directing and controlling the conduct of the general public and the movement and cessation of movement of pedestrians and vehicular traffic during, before and after exercises or an emergency or disaster, public meetings or gatherings; and

WHEREAS, NRS 414.070 outlines additional powers delegated to the Governor during the existence of a state of emergency, including without limitation, enforcing all laws and regulations relating to emergency management and assuming direct operational control of any or all forces, including, without limitation, volunteers and auxiliary staff for emergency management in the State; providing for and compelling the evacuation of all or part of the population from any stricken or threatened area or areas within the State and to take such steps as are necessary for the receipt and care of those persons; and performing and exercising such other functions, powers and duties as are necessary to promote and secure the safety and protection of the civilian population; and

WHEREAS, NRS 414.060(3)(f) provides the administrative authority vested to the Governor in times of emergency may be delegated; and

WHEREAS, Article 5, Section 1 of the Nevada Constitution provides: "The supreme executive power of this State, shall be vested in a Chief Magistrate who shall be Governor of the State of Nevada;" and

NOW THEREFORE, by the authority vested in me as Governor by the Constitution and the laws of the State of Nevada and the United States, and pursuant to the March 12, 2020, Emergency Declaration,

IT IS HEREBY ORDERED THAT:

SECTION 1: The limitations imposed by previous Directives or regulations are hereby superseded by the explicit provisions of this Directive. Any provisions not addressed by this Directive shall remain in force

as provided by previous Directives or regulations promulgated pursuant to the March 12, 2020 Declaration of Emergency.

SECTION 2: For the purposes of this Directive and enforcement thereof, a gathering shall be defined as an activity that draws persons to (1) the same space, (2) at the same time, (3) for the same purpose, and (4) for the same duration.

SECTION 3: For the purposes of this Directive and enforcement thereof, a gathering space shall be defined as a discrete area with defined boundaries separate and apart from adjacent spaces. Such boundaries shall be characterized by rigid wall structures, separate ownership or property interests, separate ventilation systems, or sufficient distance between adjacent occupied spaces that precludes the intermingling of users in a manner that exceeds the gathering limits in this Directive.

A unique indoor gathering space shall additionally be defined by its listed fire code capacity. Spaces lacking a unique maximum capacity may not be deemed a distinct gathering space.

SECTION 4: The phrase "social distancing" references guidance promulgated by the United States Centers for Disease Control and Prevention, including without limitation, maintaining at least six feet of physical distancing from other individuals.

SECTION 5: Effective 12:01 am on October 1, 2020, capacity limitations at venues and events shall not include staff, workers, performers, broadcast personnel, or other personnel necessary to conduct business, perform services, or host events.

SECTION 6: All restrictions imposed by this and any other Directive still in effect shall be deemed statewide baseline mitigation standards. The COVID-19 Mitigation and Management Task Force ("Mitigation Task Force") established by Directive 030 may continue to impose additional restrictions on counties with elevated COVID-19 risks pursuant to Directive 030.

SECTION 7 Section 11 of Directive 021 is hereby terminated. Effective 12:01 am on October 1, 2020, houses of worship, including without limitation, churches, synagogues, mosques, and temples, may conduct indoor in-person services in a manner so that occupancy shall not exceed the lesser of 50% of the listed fire code capacity or 250 persons, and all social distancing requirements are satisfied. This limitation shall not apply to houses of worship offering drive-up services pursuant to Section 10 of Directive 016 which imposes no limitations on number of participants.

Houses of worship offering indoor, in-person services are encouraged to follow the guidelines promulgated by the Nevada Department of Business and Industry or its constituent agencies, as well as the following provisions that are consistent with other Directives on public gatherings:

1. Seating must be arranged to ensure a minimum of six feet of separation between congregants who do not reside in the same household.
2. Participants, including leaders and staff, must wear face coverings as required by Directive 024.
3. Houses of worship are encouraged to stagger services so that the entrance and egress of congregants for different services do not result in a gathering exceeding the lesser of 250 persons or 50% of the listed fire code capacity, and to provide proper sanitation between services.

4. Houses of worship are strongly encouraged to offer online and drive-up services to the greatest extent possible.

Houses of worship with a listed fire code capacity of fewer than 100 persons may conduct indoor services for up to 50 persons if they are able to do so in a manner consistent with social distancing guidelines promulgated by the Nevada Department of Business and Industry, but in no instance may houses of worship exceed their listed fire code capacity.

SECTION 8: Effective 12:01 a.m. on October 5, 2020, all businesses and venues subject to capacity limitations shall post signs at public entrances identifying their COVID-19-adjusted capacity based on the occupancy limitations imposed by this and other Directives. These signs shall conform to guidelines which shall be promulgated by the Nevada Department of Business and Industry or its constituent agencies.

SECTION 9: Section 1 of Directive 007, Section 7 of Directive 018, and Section 10 of Directive 021 are hereby terminated. Effective 12:01 a.m. on October 1, 2020, unless otherwise provided by other Sections of this Directive, public gatherings are restricted to the lesser of 250 persons, or 50% of the listed fire code capacity of the area in which such gathering shall occur. This restriction shall not apply to any area with a listed fire code capacity of less than 100 persons, which may allow up to 50 persons to gather, provided that this may occur without violating social distancing requirements.

This provision shall apply to any area, whether publicly owned or privately owned where the public has access by right or invitation, express or implied, whether by payment of money or not, including without limitation, parks, basketball courts, volleyball courts, baseball fields, football fields, rivers, lakes, beaches, streets, convention centers, libraries, parking lots, and private clubs. This provision shall not be construed to apply to the gathering of persons working at or patronizing businesses operating pursuant to this Directive or providing emergency or medical services to the public.

SECTION 10: Section 20 and Section 21 of Directive 021 are hereby terminated. Effective 12:01 a.m. on October 1, 2020, non-retail indoor and outdoor venues, including without limitation, bowling alleys, arcades, miniature golf facilities, amusement parks, and theme parks may allow access to the public so that occupancy shall not exceed 50% of the listed fire code capacity, and all social distancing requirements are satisfied. Businesses operating pursuant to this Section shall limit food and beverage sales to prepackaged products only.

Businesses operating pursuant to this Section with a listed fire code capacity of fewer than 100 persons may allow access to up to 50 persons if they are able to do so in a manner consistent with social distancing guidelines promulgated by the Nevada Department of Business and Industry or its constituent agencies, but in no instance may they exceed their listed fire code capacity.

SECTION 11: Section 22 of Directive 021 is hereby terminated. Effective 12:01 a.m. on October 1, 2020, musical performances, live entertainment, concerts, competitions, sporting events, and any events with live performances may permit public attendance subject to the provisions of this Directive.

For the purposes of this Directive, fixed seating capacity shall be defined as seats which are not portable or stackable, but which are secured to the floor in some fashion, such as by bolts. Facilities with fixed seating without dividing arms shall calculate seating capacity based on occupant load, but in no instance shall such calculation be based on less than one person for each 18 inches (457 mm) of seating length.

Venues with fixed seating capacity of 2,500 or greater may permit public attendance at live events subject to the following provisions:

1. Attendance by the public may not exceed 10% of fixed seating capacity.
2. All attendees must be assigned seats pursuant to the other provisions of this section. "Standing room only" and "general admission" attendance is prohibited.
3. Venues must clearly delineate discrete sections and assign seating so that the number of attendees in that section do not exceed the lesser of 250 attendees, or 50% of that section's total seating capacity.
4. Event staff may not provide services to more than one section delineated pursuant to subsection 3, above.
5. Each section must be separated from adjacent sections by a minimum of 25 feet.
6. All social distancing requirements shall be maintained. This provision shall not apply to attendees within a single party. No more than six persons may be seated together in a single party.
7. To the greatest extent practicable, attendees in each section should be isolated from attendees in other sections by utilizing separate entrances, exits, and facilities, or staggering entrance and egress by section.
8. Plans for events at facilities regulated by the Gaming Control Board ("GCB") must be submitted to and approved by the GCB prior to the event, pursuant to guidelines that shall be promulgated by the GCB. Prior to submission, plans must be reviewed by the local health authority for confirmation that it complies with all applicable health and safety standards and will not place an unacceptable burden on the local health infrastructure.
9. Plans for events regulated by the Nevada State Athletic Commission ("NSAC") must be submitted to and approved by the NSAC prior to the event, pursuant to guidelines that shall be promulgated by the NSAC. Prior to submission, plans must be reviewed by the applicable local health authority for confirmation that it complies with all applicable health and safety standards and will not place an unacceptable burden on the local health infrastructure.
10. All other events at venues with fixed seating capacity of 2,500 or greater must be submitted to and approved by the Nevada Division of Business and Industry ("B&I") prior to the event, pursuant to guidelines that shall be promulgated by the Division. Prior to submission to the Division, plans must be reviewed by the applicable local health authority for confirmation that it complies with all applicable health and safety standards and will not place an unacceptable burden on the local health infrastructure.

Venues with a listed fire code capacity of fewer than 2,500 may permit public attendance at live events subject to the following provisions:

1. Attendance by the public may not exceed the lesser of 250 attendees or 50% of that gathering space's listed fire code capacity.
2. Attendance by the public at live entertainment performances shall require all attendees to be seated. "Standing room only" attendance is prohibited. Venues hosting live entertainment performances shall maintain a minimum separation of at least 25 feet between the artists and the audience. This provision is applicable to performances subject to live entertainment taxes

pursuant to NRS 368A and shall not extend to ambient music to create or enhance a mood or atmosphere that is incidental or ancillary to the activity or location.

3. For all other events other than live entertainment performances, seating is not required, but social distancing requirements must be maintained at all times.

SECTION 12: Section 10 and Section11 of Directive 30 are hereby terminated. Effective 12:01 a.m. on October 1, 2020, restaurants, food establishments, breweries, distilleries, and wineries may utilize tables and serve patrons within the bar area. Establishments operating under this provision shall abide by the following provisions:

1. The maximum occupancy of these establishments shall not exceed 50% of the listed fire code capacity at any given time.
2. Tables, booths, or seats must be spaced, or customers seated a minimum of six feet apart from other customers not in the same party. Parties larger than six persons may not be seated together for onsite dining.
3. All standing and open congregation areas that are not necessary for the preparation and service of food or beverages shall be closed, including but not limited to billiards, card playing, pinball games, arcade games, darts, dancing, and standing.
4. Customers sitting at a table or booth must only be served via table service and may not order from the bar top area.
5. Customers may sit at and be served at bar tops only if bar top seating is limited such that barstools are spaced a minimum of six feet apart from other barstools of other customers not in the same party. Establishments are encouraged to limit bar top parties to no more than two persons per party.
6. Customers waiting to dine onsite must wait outside the establishment until they can be seated and must practice social distancing by maintaining a minimum of six feet of separation between customers not residing in the same household or in the same party.
7. Establishments shall require employees to wear face coverings and abide by all other face covering provisions of Directive 024. Patrons must wear face coverings when not seated at tables, booths, or bar tops.
8. Buffets, cafeterias, and self-serve dining facilities shall remain closed until further notice.

SECTION 13: Effective 12:01 a.m. on October 1, 2020, conventions, trade shows, conferences, professional or educational seminars, large business meetings or corporate retreats, and other similar event activities may resume, subject to the limitations of this Section. Events pursuant to this Section are limited to no more than 1,000 attendees per venue or site. Events with greater than 250 attendees are subject to the following additional provisions:

1. Events hosting greater than 250 attendees must provide distinct gathering spaces whereby the occupancy per gathering space shall not exceed the lesser of 250 attendees or 50% of that gathering space's listed fire code capacity.

2. Event planners hosting events at facilities regulated by the Gaming Control Board ("GCB") must submit Preparedness and Safety plans to the GCB for approval prior to the event, pursuant to guidelines and criteria that shall be promulgated by the GCB. Prior to submission to the GCB, plans must be reviewed by the applicable local health authority for confirmation

that it complies with all applicable health and safety standards and will not place an unacceptable burden on the local health infrastructure.

3. Event planners hosting events at facilities not regulated by the GCB must submit Preparedness and Safety plans to the Nevada Department of Business and Industry ("B&I") for approval prior to the event, pursuant to guidelines and criteria that shall be promulgated by B&I. Prior to submission to B&I, plans must be reviewed by the applicable local health authority for confirmation that it complies with all applicable health and safety standards and will not place an unacceptable burden on the local health infrastructure.

4. The guidelines promulgated by the GCB and B&I shall include, at minimum, protocols for arrival procedures, floor plan restrictions, food and beverage limitations, staffing procedures, sanitation procedures, face covering requirements, and signage requirements.

SECTION 14: Section 32 of Directive 021 is hereby terminated. Effective 12:01 a.m. on October 1, 2020, occupancy in classrooms and instructional areas at trade schools, and technical schools operating pursuant to this Section shall be limited to the lesser of 250 persons or 50% of maximum occupancy of based on listed fire code capacity and must abide by all guidelines promulgated by the Nevada Division of Business and Industry or its constituent agencies. These provisions shall not be construed to limit the operation plans of Nevada System of Higher Education institutions, schools under county school districts, charter schools, and the University School for Profoundly Gifted Students.

SECTION 15: Section 32 of Directive 021 is hereby terminated. Effective 12:01 a.m. on October 1, 2020, museums, art galleries, zoos, and aquariums operating pursuant to this Section shall be subjects to the limitations provided in Section 10 of this Directive. Interactive exhibits which encourage touching must remain closed and inaccessible to the public.

SECTION 16: Section 33 of Directive 021 is hereby terminated.

SECTION 17: Section 7 of Directive 30 is hereby amended to strike the provision that the Mitigation Task Force meet on a weekly basis. Effective 12:01 a.m. on October 1, 2020, the Mitigation Task Force shall meet at the call of the Chair. All other duties charged to the Mitigation Task Force shall remain in effect as provided by this Directive and by Directive 030.

SECTION 18: Section 3 of Directive 007 is hereby terminated. Effective 12:01 a.m. on October 1, 2020, local governments may allow public access to playground equipment if, in consultation with their local health authority, they determine it is safe to do so.

SECTION 19: Section 6 of Directive 013 is hereby terminated. Effective 12:01 a.m. on October 1, 2020, in-person showings and open houses of single family and multi-family residences currently occupied and on the market for sale, may resume, subject to the limitations set forth in this Section:

1. Showings and open houses of properties may not take place with the occupant present.
2. Showings of properties are limited to one prospective buyer and one real estate professional for both the seller and prospective buyer at a time. For the purposes of this provision, "a prospective buyer" includes the buyer and the buyer's spouse, domestic partner, business partner, or family members.

3. Sellers conducting an open house are responsible for ensuring that there will not be more than one prospective buyer viewing a property at any given time. This may require having an individual present to properly meter prospective buyers entering an open house.
4. Sellers are encouraged to utilize appointments for in-person showings and open houses to the greatest extent practicable.
5. Real estate professionals are encouraged to utilize three-dimensional interactive property scans, virtual tours, and virtual staging to the greatest extent possible.
6. Real estate professionals are encouraged to avoid in-person transactions and services to the greatest extent practicable.
7. Real estate professionals must require all participants at in-person showings and open houses to wear face coverings at all times pursuant to Directive 024 and must follow CDC guidelines for in-person showings and open houses.

SECTION 20: This Directive shall remain in effect until terminated by a subsequent Directive promulgated pursuant to the March 12, 2020 Declaration of Emergency to facilitate the State's response to the COVID-19 pandemic or upon dissolution or lifting of the Declaration of Emergency.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Great Seal of the State of Nevada to be affixed at the State Capitol in Carson City, this 30th day of September, in the year two thousand twenty.

WHEREAS, Article 5, Section 1 of the Nevada Constitution provides: "The supreme executive power of this State, shall be vested in a Chief Magistrate who shall be Governor of the State of Nevada;" and

NOW THEREFORE, by the authority vested in me as Governor by the Constitution and the laws of the State of Nevada and the United States, and pursuant to the March 12, 2020, Emergency Declaration,

IT IS HEREBY ORDERED THAT:

SECTION 1: The limitations imposed by previous Directives or regulations are hereby superseded by the explicit provisions of this Directive. Any provisions not addressed by this Directive shall remain in force as provided by previous Directives or regulations promulgated pursuant to the March 12, 2020 Declaration of Emergency.

SECTION 2: The provisions of this Directive shall not be construed to apply to sporting events and activities regulated by professional sports leagues or associations, including without limitation, the National Football League, the National Hockey League, Major League Baseball, or the National Basketball Association.

SECTION 3: The provisions of this Directive shall not be construed to apply to sporting events regulated by the Nevada State Athletic Commission.

SECTION 4: The provisions of this Directive shall not be construed to apply to sporting events regulated by the National Collegiate Athletic Association.

SECTION 5: For the purposes of this Directive, sporting activities shall be categorized as follows:

(1) **Full-contact and close-contact sports**: Sports that require or are likely to have routine or sustained close proximity or physical contact between participants, and including without limitation, football, rugby, wrestling, cheerleading, basketball, hockey, group dance, group cheer, water polo, lacrosse, boxing, and martial arts.

(2) **Minimal-contact sports**: Sports that are characterized by some close, sustained contact, but with protective equipment in place between participants, characterized by intermittent close contact, or characterized by its use of equipment that cannot be cleaned between participants, including without limitation, softball, baseball, soccer, volleyball, and flag football.

(3) **Non-contact sports**: Sports that can be done individually, do not involve person-to-person contact and do not routinely entail individuals interacting within six feet of one another, including without limitation, tennis, pickle ball, swimming, golf, cross-country, track and field, sideline or no-contact cheer and dance, snow skiing, snowboarding, cycling, swimming, diving, disc golf, horseback riding, and figure skating.

SECTION 6: Section 3 and Section 4 of Directive 023 are hereby terminated. Youth and non-professional adult organized minimal-contact and non-contact sporting activities may resume, subject to the limitations set forth in this Directive.

SECTION 7: Full-contact sports may resume only on a limited basis for athletic conditioning, drills, and practices in which dummy players, sleds, punching bags, and similar equipment are used, but athletes do not come into contact with other players.

SECTION 8: Sporting events operating pursuant to this Directive are subject to the gathering restrictions set forth in Section 11 of Directive 033.

SECTION 9: Event organizers shall ensure that all spectators maintain social distancing, as defined by Section 4 of Directive 033.

SECTION 10: Event organizers are subject to Section 6 and Section 9 of Directive 024 and shall ensure that all spectators comply with the facial covering requirements of Directive 024.

SECTION 11: Leagues and associations beginning competition, games, matches, or league play or facilities and venues intending to host games, matches, leagues, or tournaments pursuant to this Directive must adopt a Preparedness and Safety Plan that conforms to guidelines that will be promulgated pursuant to this Directive. Such plans must be approved by the Nevada Department of Business and Industry ("B&I") or a constituent agency prior to the resumption of sporting activities pursuant to this Directive. Teams, coaches and athletes are responsible for abiding by the rules and requirements set forth in their applicable Preparedness and Safety Plan.

SECTION 12: Organized teams are strongly encouraged to adopt their own team specific Preparedness and Safety Plan that conforms to their applicable league Preparedness and Safety Plan and the guidelines that will be promulgated pursuant to this Directive.

SECTION 13: Section 7 of Directive 028 is hereby amended to allow county school districts, charter schools, and private schools to permit the use of their athletic fields, facilities, and sporting venues as determinized by their governing authority. Student athletics training, practices, and competition may reopen in accordance with guidance promulgated by the NIAA and any applicable conditions set forth by this and subsequent Directives regarding allowable sports and athletic events.

SECTION 14: This Directive shall become effective 12:01 a.m. on October 3, 2020, and remain in effect until terminated by a subsequent Directive promulgated pursuant to the March 12, 2020 Declaration of Emergency to facilitate the State's response to the COVID-19 pandemic or upon dissolution or lifting of the Declaration of Emergency.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Great Seal of the State of Nevada to be affixed at the State Capitol in Carson City, this 2nd day of October, in the year two thousand twenty.

WHEREAS, infectious disease and public health experts advised that a major source of new infections are gatherings, bars, and restaurants, especially those where people remove their masks and interact with others who are not part of their household; and

WHEREAS, NRS 414.060 outlines powers and duties delegated to the Governor during the existence of a state of emergency, including without limitation, directing and controlling the conduct of the general public and the movement and cessation of movement of pedestrians and vehicular traffic during, before and after exercises or an emergency or disaster, public meetings or gatherings; and

WHEREAS, NRS 414.070 outlines additional powers delegated to the Governor during the existence of a state of emergency, including without limitation, enforcing all laws and regulations relating to emergency management and assuming direct operational control of any or all forces, including, without limitation, volunteers and auxiliary staff for emergency management in the State; providing for and compelling the evacuation of all or part of the population from any stricken or threatened area or areas within the State and to take such steps as are necessary for the receipt and care of those persons; and performing and exercising such other functions, powers and duties as are necessary to promote and secure the safety and protection of the civilian population; and

WHEREAS, NRS 414.060(3)(f) provides the administrative authority vested to the Governor in times of emergency may be delegated; and

WHEREAS, Article 5, Section 1 of the Nevada Constitution provides: "The supreme executive power of this State, shall be vested in a Chief Magistrate who shall be Governor of the State of Nevada;" and

NOW, THEREFORE by the authority vested in me as Governor by the Constitution and the laws of the State of Nevada and the United States, and pursuant to the March 12, 2020, Emergency Declaration,

IT IS HEREBY ORDERED THAT:

SECTION 1:	The limitations imposed by previous Directives or regulations are hereby superseded by the explicit provisions of this Directive. Any provisions not addressed by this Directive shall remain in force as provided by previous Directives or regulations promulgated pursuant to the March 12, 2020 Declaration of Emergency.
SECTION 2:	For the purposes of this Directive and enforcement thereof, a gathering shall be defined as ·an activity that draws persons to (1) the same space, (2) at substantially the same time, (3) for the same purpose, and (4) for substantially the same duration.
SECTION 3:	For the purposes of this Directive and enforcement thereof, a gathering space shall be defined as a discrete area with defined boundaries separate and apart from adjacent spaces. Such boundaries shall be characterized by rigid wall structures, separate ownership or property interests, separate ventilation systems, or sufficient distance between adjacent occupied spaces that precludes the intermingling of users in a manner that exceeds the gathering limits in this Directive. A unique indoor gathering space shall additionally be defined by its listed fire code capacity. Spaces lacking a unique maximum capacity may not be deemed a distinct gathering space.
SECTION 4:	The phrase "social distancing" references guidance promulgated by the United States Centers for Disease Control and Prevention, including without limitation, maintaining at least six feet of physical distancing from other individuals.
SECTION 5:	Capacity limitations at venues and events shall not include staff, workers,

SECTION 5:	performers, broadcast personnel, or other personnel necessary to conduct business, perform services, or host events.
SECTION 6:	All restrictions imposed by this and any other Directive still in effect shall be deemed statewide baseline mitigation standards. The COVID-19 Mitigation and Management Task Force ("Mitigation Task Force") established by Directive 030 may continue to impose additional restrictions on counties with elevated COVID-19 risks pursuant to Directive 030.
SECTION 7:	Section 7 of Directive 033 is hereby terminated. Effective 12:01 am on November 24, 2020, houses of worship, including without limitation, churches, synagogues, mosques, and temples, may conduct indoor in-person services in a manner so that occupancy shall not exceed the lesser of 25% of the listed fire code capacity or 50 persons, and all social distancing requirements are satisfied. This limitation shall not apply to houses of worship offering drive-up services pursuant to Section 10 of Directive 016 which imposes no limitations on number of participants. Houses of worship offering indoor, in-person services must follow the following provisions, which are consistent with this and other Directives on public gatherings: 1. Seating must be arranged to ensure a minimum of six feet of separation between congregants who do not reside in the same household. 2. Participants, including leaders and staff, must wear face coverings as required by Directive 024. 3. Houses of worship are encouraged to stagger services so that the entrance and egress of congregants for different services do not result in a gathering exceeding the lesser of 50 persons or 25% of the listed fire code capacity, and to provide proper sanitation between services. 4. Houses of worship are strongly encouraged to offer online and drive-up services to the greatest extent possible. 5. Houses of worship offering indoor, in-person services are encouraged to follow the guidelines promulgated by the Nevada Department of Business and Industry or its constituent agencies. Houses of worship with a listed fire code capacity of fewer than 200 persons may conduct indoor services for up to 50 persons if they are able to do so in a manner consistent with social distancing guidelines promulgated by the Nevada Department of Business and Industry, but in no instance may houses of worship exceed their listed fire code capacity.
SECTION 8:	Section 9 of Directive 033, is hereby terminated. Effective 12:01 a.m. on November 24, 2020 unless otherwise provided by other Sections of this Directive, public gatherings are restricted to the lesser of 50 persons, or 25% of the listed fire code capacity of the area in which such gathering shall occur. This restriction shall not apply to any area with a listed fire code capacity of less than 200 persons, which may allow up to 50 persons to gather, if it is done in a manner consistent with social distancing guidelines promulgated by the Nevada Department of Business and Industry, but in no instance may the number of attendees exceed the area's listed fire code capacity. This provision shall apply to any area, whether publicly owned or privately owned where the public has access by right or invitation, express or implied, whether by payment of money or not, including without limitation, parks, basketball courts, volleyball courts, baseball fields, football fields, rivers, lakes, beaches, streets, convention centers, libraries, parking lots, and private clubs. This provision shall not be construed to apply to the gathering of persons working at or patronizing businesses operating pursuant to this Directive or providing emergency or medical services to the public.
SECTION 9:	Effective 12:01 a.m. on November 24, unless otherwise provided by other Sections of this Directive, private residential gatherings are restricted to 10 or fewer persons from no more than 2 households, whether indoors or outdoors. This provision shall not be construed to apply to the gathering of persons living within the same household. Individuals not exempted by Directive 024 or guidance issued by the Nevada Health Response shall be required to cover their nose and mouth with a mask or face covering when attending private residential gatherings with people outside of their household, even when social distancing is being observed. This section does not apply to persons experiencing homelessness or to

	This section does not apply to persons experiencing homelessness or to organizations providing shelter for persons experiencing homelessness. Such individuals and organizations are encouraged to take protective measures to the greatest extent practicable.
SECTION 10:	Section 10 of Directive 033 is hereby terminated. Effective 12:01 a.m. on November 24, 2020, non-retail indoor and outdoor venues, including without limitation, bowling alleys, arcades, miniature golf facilities, amusement parks, and theme parks may allow access to the public so that occupancy shall not exceed 25% of the listed fire code capacity, and all social distancing requirements are satisfied. Businesses operating pursuant to this Section shall limit food and beverage sales to prepackaged products only. Businesses operating pursuant to this Section with a listed fire code capacity of fewer than 200 persons may allow access to up to 50 persons if they are able to do so in a manner consistent with social distancing guidelines promulgated by the Nevada Department of Business and Industry or its constituent agencies, but in no instance may they exceed their listed fire code capacity.
SECTION 11:	Retail and grocery stores with over 50,000 square feet in retail floor area that is accessible to the public shall, during business hours, station employee(s) at all public entrances to monitor and manage capacity. These retailers are encouraged to conduct individual health screenings, including temperature checks, of customers before entry and shall, at a minimum, have health screening signage posted at all public entrances.
SECTION 12:	All businesses and venues subject to capacity limitations shall post signs at public entrances identifying their COVID-19-adjusted capacity based on the occupancy limitations imposed by this and other Directives. These signs shall conform to guidelines which shall be promulgated by the Nevada Department of Business and Industry or its constituent agencies.
SECTION 13:	Gaming properties shall limit occupancy in gaming areas to no more than 25% of the occupancy limit assigned to each gaming area of the property by local building and fire codes. Provisions of this and other Directives still in effect that apply to non-gaming businesses including but not limited to retail stores, restaurants and bars, non-retail venues, and pools and aquatic facilities, shall apply to those businesses, including those located on gaming properties.
SECTION 14:	Section 11 of Directive 033 is hereby terminated. Effective 12:01 a.m. on November 24, 2020, musical performances, live entertainment, concerts, competitions, sporting events, and any events with live performances may permit public attendance subject to the provisions of this Directive. For the purposes of this Directive, fixed seating capacity shall be defined as seats which are not portable or stackable, but which are secured to the floor in some fashion, such as by bolts. Facilities with fixed seating without dividing arms shall calculate seating capacity based on occupant load, but in no instance shall such calculation be based on less than one person for each 18 inches (457 mm) of seating length. Public attendance may be allowed, subject to the following provisions: 1. Attendance by the public may not exceed the lesser of 50 attendees or 25% of that gathering space's listed fire code capacity. 2. Attendance by the public at live entertainment performances shall require all attendees to be seated. "Standing room only" attendance is prohibited. Venues hosting live entertainment performances shall maintain a minimum separation of at least 25 feet between the artists and the audience. This provision is applicable to performances subject to live entertainment taxes pursuant to NRS 368A and shall not extend to ambient music to create or enhance a mood or atmosphere that is incidental or ancillary to the activity or location. 3. For all other events other than live entertainment performances, seating is not required, but social distancing requirements must be maintained at all times.
	Section 13 of Directive 033 is hereby terminated. Effective 12:01 a.m. on

SECTION 15:	November 24, 2020, conventions, trade shows, conferences, professional or educational seminars, business meetings or corporate retreats, and other similar event activities are permitted, subject to the limitations of this Section. Events pursuant to this Section are limited to the lesser of 50 attendees or 25% of that gathering space's listed fire code capacity.
SECTION 16:	Section 12 of Directive 33 is hereby terminated. Effective 12:01 a.m. on November 24, 2020, restaurants, food establishments, breweries, distilleries, and wineries may utilize tables and serve patrons within the bar area. Establishments operating under this provision shall abide by the following provisions: 1. Reservations are required for all dining, whether indoors or outdoors, except for in-person dining at limited service restaurants and other establishments under this provision that do not offer table service, including but not limited to, food courts, fast food restaurants, or fast casual restaurants. 2. The maximum occupancy of these establishments shall not exceed 25% of the listed fire code capacity at any given time. 3. Tables, booths, or seats must be spaced, or customers seated a minimum of six feet apart from other customers not in the same party. Parties larger than four persons may not be seated together for onsite dining. 4. All standing and open congregation areas that are not necessary for the preparation and service of food or beverages shall be closed, including but not limited to billiards, card playing, pinball games, arcade games, darts, dancing, and standing. 5. Customers sitting at a table or booth must only be served via table service and may not order from the bar top area. 6. Customers may sit at and be served at bar tops only if bar top seating is limited such that barstools are spaced a minimum of six feet apart from other barstools of other customers not in the same party. Establishments are encouraged to limit bar top parties to no more than two persons per party. 7. Customers waiting to dine onsite must wait outside the establishment until they can be seated and must practice social distancing by maintaining a minimum of six feet of separation between customers not residing in the same household or in the same party. 8. Establishments shall require employees to wear face coverings and abide by all other face covering provisions of Directive 024. Patrons must wear face coverings at all times, except when actively eating or drinking. 9. Buffets, cafeterias, and self-serve dining facilities shall remain closed until further notice.
SECTION 17:	Section 15 of Directive 033 is hereby terminated. Effective 12:01 a.m. on November 24, 2020, museums, art galleries, zoos, and aquariums operating pursuant to this Section shall be subjects to the limitations provided in Section 10 of this Directive. Interactive exhibits which encourage touching must remain closed and inaccessible to the public.
	Section 28 of Directive 021 is hereby terminated. Effective 12:01 a.m. on November 24, gyms, fitness facilities, and fitness studios, including but not limited to dance and yoga studios, may allow access to the public so that occupancy shall not exceed 25% of the listed fire code capacity, and all social distancing requirements are satisfied. Gyms, fitness facilities, and fitness studios that provide services to ten or fewer people at a time may reopen only if they are able to provide services in a manner that does not violate social distancing protocols. Establishments providing services to more than ten patrons at a time shall limit customer access so as not to exceed a maximum occupancy of 25% based on listed fire code capacity. All gyms, fitness facilities, and fitness studios must, without exception, abide by all protocols promulgated by the Nevada Department of Business and Industry and are encouraged to follow guidance issued by the Nevada Health Response, including sanitation protocols. In addition to the protocols promulgated by the Nevada Department of Business and Industry, all gyms, fitness facilities, and fitness studios must abide by the following provisions: 1. Employees, trainers, instructors, and patrons must wear face coverings at all times. 2. Regardless of listed fire code capacity, facilities must limit access to patrons to ensure that occupancy at any given time does become sufficiently dense

SECTION 18:	so as to violate social distancing protocols. 3. Equipment must be regulated to ensure a minimum of six feet of social distancing between users, and equipment should be moved, designated inoperable, or turned off to ensure that social distancing standards are maintained. 4. Group fitness classes must be limited to ensure at least six feet of separation between participants. 5. Contact sports, including without limitation, martial arts, basketball, wrestling, and boxing may only be offered in a manner where participants do not physically contact other participants, or activities that require participants to perform within six feet of each other. 6. Locker rooms, showers, steam rooms, saunas, portable saunas, vapor baths, salt therapy rooms, hot tubs, and other communal facilities, not to include restrooms, shall remain closed to the public. 7. Pools may open to patrons, but all pool usage is subject to the provisions of Section 29 of Directive 021; 8. Child care facilities may operate in compliance with all applicable regulations and protocols promulgated by the Nevada Department of Health and Human Services, the Nevada Department of Business and Industry, and any applicable local authorities.
SECTION 19:	Section 11 of Directive 034 is hereby amended to strike the provision relating to tournaments. Effective 12:01 a.m. on November 24, 2020, tournaments are prohibited. For the purposes of this provision, a tournament is defined as a series of games or contests that make up a single unit of competition, playoffs, or an invitational event.
SECTION 20:	This Directive shall remain in effect until terminated by a subsequent Directive promulgated pursuant to the March 12, 2020 Declaration of Emergency to facilitate the State's response to the COVID-19 pandemic or upon dissolution or lifting of the Declaration of Emergency.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Great Seal of the State of Nevada to be affixed at the State Capitol in Carson City, this 23rd day of November, in the year two thousand twenty.

Senate Bill No. 4–Committee of the Whole

CHAPTER.....

AN ACT relating to public health; providing certain powers and duties in certain circumstances to a district health department in certain larger counties relating to public health in licensed gaming establishments; requiring the Department of Health and Human Services to establish minimum standards for cleaning in public accommodation facilities in certain counties; requiring the Department to adopt regulations requiring such a facility to adopt protocols and plans concerning the prevention of and response to SARS-CoV-2; providing for inspection of such facilities for compliance with such requirements; limiting the civil liability of certain businesses conducted for profit, governmental entities and private nonprofit organizations for personal injury or death resulting from exposure to COVID-19; authorizing the Secretary of State to suspend the state business license of a person that does not comply with certain health standards related to COVID-19; requiring the transfer of certain money to certain health districts for enforcement purposes; making an appropriation; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law: (1) creates a health district in a county whose population is 700,000 or more (currently only Clark County); and (2) authorizes the board of county commissioners and the governing bodies of any towns or cities in a smaller county to create a health district. (NRS 439.361, 439.362, 439.370) Existing law provides for the creation of a district health department in a health district. (NRS 439.362, 439.370) **Sections 1 and 2** of this bill: (1) require a district health department in a county whose population is 100,000 or more (currently Clark and Washoe Counties), upon the request of the Nevada Gaming Control Board, to advise the Board concerning public health matters relating to licensed gaming establishments in the health district; and (2) authorize such a district health department, upon the request of the Board, to enforce regulations adopted by the Board concerning matters of public health against such an establishment.

Sections 3-15 of this bill generally: (1) require the Director of the Department of Health and Human Services and district boards of health in a county whose population is 100,000 or more (currently Clark and Washoe Counties) to adopt by regulation requirements to reduce and prevent the transmission of SARS-CoV-2 in public accommodation facilities in those counties which apply only during the duration of a declaration of a public health emergency due to SARS-CoV-2 and during other periods in which conditions concerning the prevalence of SARS-CoV-2 exist; and (2) provide for the enforcement of those regulations.

Section 11 of this bill requires the Director to adopt regulations requiring a public accommodation facility to establish standards for the cleaning of public accommodation facilities that are designed to reduce the transmission of SARS-CoV-2. **Section 12** of this bill requires the Director to adopt regulations requiring each

public accommodation facility to establish protocols to: (1) limit the transmission of SARS-CoV-2; and (2) train staff concerning the prevention and mitigation of SARS-CoV-2 transmission.

Section 13 of this bill requires the Director to adopt regulations requiring each public accommodation facility to establish, implement and maintain a written SARS-CoV-2 response plan that provides testing and time off for employees who have been exposed to SARS-CoV-2 or are experiencing the symptoms of COVID-19. **Section 13** authorizes: (1) the Nevada Gaming Control Board to require a public accommodation facility under its jurisdiction to submit a copy of its written SARS-CoV-2 response plan to the Board; and (2) the health authority to require a public accommodation facility that is not under the jurisdiction of the Board to submit a copy of its written SARS-CoV-2 response plan to the health authority. **Sections 13, 32 and 33** of this bill provide for the confidentiality of those plans. **Section 14** of this bill requires the Director to adopt regulations prohibiting a public accommodation facility from retaliating against an employee for participating in proceedings related to **sections 3-15** or seeking enforcement of those provisions.

Section 31 of this bill exempts the regulations that the Director is required to adopt in **sections 11-14** from the requirements of the Nevada Administrative Procedure Act concerning the adoption, amendment or repeal of regulations. However, **section 10** of this bill requires the Director to allow any interested person to comment on the adoption, amendment or repeal of those regulations. **Section 10** also prohibits the Director from adopting regulations more stringent than necessary to carry out the requirements of this bill. **Section 15** of this bill requires a district board of health of a health district in a county whose population is 100,000 or more to adopt regulations that are substantively identical to the regulations adopted by the Director in **sections 11-14** and to subsequently amend or repeal its regulations in a conforming manner. **Section 14** provides for the enforcement by the health authority and the Nevada Gaming Control Board of the regulations adopted pursuant to and other provisions of **sections 11-15**. **Sections 16-22** of this bill make conforming changes.

Section 29 of this bill provides that certain businesses conducted for profit, governmental entities and private nonprofit organizations are immune from civil liability for personal injury or death resulting from exposure to COVID-19, if the business, governmental entity or private nonprofit organization substantially complied with controlling health standards. **Section 29** also: (1) requires the complaint in any such civil action to be pled with particularity; and (2) provides that such immunity does not apply if the business, governmental entity or private nonprofit organization violated controlling health standards with gross negligence and the gross negligence was the proximate cause of the personal injury or death. **Section 29** requires the court, as a matter of law, to determine substantial compliance with controlling health standards. **Section 34** of this bill provides that these procedures apply to any cause of action or claim that accrues before, on or after the effective date of this bill and before the later of: (1) the date on which the Governor terminates the emergency described in the Declaration of Emergency for COVID-19 issued on March 12, 2020; or (2) July 1, 2023.

Section 30 of this bill authorizes the Secretary of State to suspend the state business license of a person holding a state business license who does not comply with controlling health standards. **Section 30** requires the Secretary of State to provide notice of the suspension to the person. **Section 39** of this bill provides that the authority to suspend a state business license expires by limitation on the later of the following dates: (1) the date on which the Governor terminates the emergency described in the Declaration of Emergency issued on March 12, 2020; or (2) July 1, 2023.

Section 33.5 of this bill makes an appropriation from the State General Fund to the Legislative Fund for the costs of the 32nd Special Session.

Section 35 of this bill transfers certain money to the applicable health districts to enforce **sections 3-15** and the regulations adopted pursuant thereto. **Section 36** of this bill requires the Director and applicable district boards of health to adopt the regulations required by **sections 11-15** by a prescribed date.

EXPLANATION – Matter in ***bolded italics*** is new; matter between brackets [~~omitted material~~] is material to be omitted.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 439.366 is hereby amended to read as follows:

439.366 1. The district board of health has the powers, duties and authority of a county board of health in the health district.

2. The district health department has jurisdiction over all public health matters in the health district.

3. ***The district health department:***

(a) Shall, upon the request of the Nevada Gaming Control Board, advise and make recommendations to the Board on public health matters related to an establishment that possesses a nonrestricted gaming license as described in NRS 463.0177 or a restricted gaming license as described in NRS 463.0189 in the health district.

(b) May, upon the request of the Nevada Gaming Control Board, enforce regulations adopted by the Board concerning matters of public health against an establishment that possesses a nonrestricted gaming license as described in NRS 463.0177 or a restricted gaming license as described in NRS 463.0189 in the health district.

4. In addition to any other powers, duties and authority conferred on a district board of health by this section, the district board of health may by affirmative vote of a majority of all the members of the board adopt regulations consistent with law, which must take effect immediately on their approval by the State Board of Health, to:

(a) Prevent and control nuisances;

(b) Regulate sanitation and sanitary practices in the interests of the public health;

(c) Provide for the sanitary protection of water and food supplies;

(d) Protect and promote the public health generally in the geographical area subject to the jurisdiction of the health district; and

(e) Improve the quality of health care services for members of minority groups and medically underserved populations.

~~[4.]~~ ***5.*** Before the adoption, amendment or repeal of a regulation, the district board of health must give at least 30 days' notice of its intended action. The notice must:

(a) Include a statement of either the terms or substance of the proposal or a description of the subjects and issues involved, and of the time when, the place where and the manner in which interested persons may present their views thereon;

(b) State each address at which the text of the proposal may be inspected and copied; and

(c) Be mailed to all persons who have requested in writing that they be placed on a mailing list, which must be kept by the board for such purpose.

~~[5.]~~ ***6.*** All interested persons must be afforded a reasonable opportunity to submit data, views or arguments, orally or in writing, on the intended action to adopt, amend or repeal the regulation. With respect to substantive regulations, the district board of health shall set a time and place for an oral public hearing, but if no one appears who will be directly affected by the proposal and requests an oral hearing, the district board of health may proceed immediately to act upon any written submissions. The district board of health shall consider fully all written and oral submissions respecting the proposal.

~~[6.]~~ ***7.*** The district board of health shall file a copy of all of its adopted regulations with the county clerk.

Sec. 2. NRS 439.410 is hereby amended to read as follows:

439.410 1. The district board of health has the powers, duties and authority of a county board of health in the health district.

2. The district health department has jurisdiction over all public health matters in the health district, except in matters concerning emergency medical services pursuant to the provisions of chapter 450B of NRS.

3. ***The district health department in a county whose population is 100,000 or more but less than 700,000:***

(a) Shall, upon the request of the Nevada Gaming Control Board, advise and make recommendations to the Board on public health matters related to an establishment that possesses a nonrestricted gaming license as described in NRS 463.0177 or a restricted gaming license as described in NRS 463.0189 in the health district.

(b) May, upon the request of the Nevada Gaming Control Board, enforce regulations adopted by the Board concerning matters of public health against an establishment that possesses a

nonrestricted gaming license as described in NRS 463.0177 or a restricted gaming license as described in NRS 463.0189 in the health district.

4. In addition to any other powers, duties and authority conferred on a district board of health by this section, the district board of health may by affirmative vote of a majority of all the members of the board adopt regulations consistent with law, which must take effect immediately on their approval by the State Board of Health, to:

(a) Prevent and control nuisances;

(b) Regulate sanitation and sanitary practices in the interests of the public health;

(c) Provide for the sanitary protection of water and food supplies; and

(d) Protect and promote the public health generally in the geographical area subject to the jurisdiction of the health district.

~~[4.]~~ ***5.*** Before the adoption, amendment or repeal of a regulation, the district board of health must give at least 30 days' notice of its intended action. The notice must:

(a) Include a statement of either the terms or substance of the proposal or a description of the subjects and issues involved, and of the time when, the place where and the manner in which interested persons may present their views thereon.

(b) State each address at which the text of the proposal may be inspected and copied.

(c) Be mailed to all persons who have requested in writing that they be placed on a mailing list, which must be kept by the district board for such purpose.

~~[5.]~~ ***6.*** All interested persons must be afforded a reasonable opportunity to submit data, views or arguments, orally or in writing, on the intended action to adopt, amend or repeal the regulation. With respect to substantive regulations, the district board shall set a time and place for an oral public hearing, but if no one appears who will be directly affected by the proposal and requests an oral hearing, the district board may proceed immediately to act upon any written submissions. The district board shall consider fully all written and oral submissions respecting the proposal.

~~[6.]~~ ***7.*** Each district board of health shall file a copy of all of its adopted regulations with the county clerk of each county in which it has jurisdiction.

Sec. 3. Chapter 447 of NRS is hereby amended by adding thereto the provisions set forth as sections 4 to 15, inclusive, of this act.

Sec. 4. ***1. The provisions of sections 4 to 15, inclusive, of this act apply to a county whose population is 100,000 or more.***

2. The regulations adopted pursuant to sections 11 to 15, inclusive, of this act and, except as otherwise provided in subsection 3, the powers, requirements and prohibitions set forth in provisions of sections 4 to 15, inclusive, of this act apply:

(a) During any period in which a public health emergency due to SARS-CoV-2 has been declared by the Governor and remains in effect; or

(b) Each day on which:

(1) The rate of positive test results for SARS-CoV-2 in the county reported by the Division of Public and Behavioral Health of the Department exceeds 5 percent in any rolling 14-day period in the 90-day period immediately preceding that day; or

(2) The number of new COVID-19 cases in the county reported by the Division of Public and Behavioral Health of the Department exceeds 100 new cases per 100,000 residents in any rolling 14-day period in the 90-day period immediately preceding that day.

3. The provisions of subsection 2 do not apply to the requirements relating to the adoption, amendment or repeal of regulations pursuant to sections 11 to 15, inclusive, of this act.

Sec. 5. ***As used in sections 4 to 15, inclusive, of this act, unless the context otherwise requires, the words and terms defined in sections 6 to 9, inclusive, of this act have the meanings ascribed to them in those sections.***

Sec. 6. ***"Director" means the Director of the Department of Health and Human Services.***

Sec. 7. ***"Employee" means any natural person in the service of an employer operating a public accommodation facility who provides such service under any appointment or contract of hire or apprenticeship, express or implied, oral or written, whether lawfully or unlawfully employed.***

Sec. 8. ***"Health authority" means the officers and agents of the district health department or, in a location that is not part of a health district, the officers and agents of the Division of Public and Behavioral Health of the Department of Health and Human Services.***

Sec. 9. ***"Public accommodation facility" or "facility" means a hotel and casino, resort, hotel, motel, hostel, bed and breakfast***

facility or other facility offering rooms or areas to the public for monetary compensation or other financial consideration on an hourly, daily or weekly basis.

Sec. 10. *1. Any regulation adopted, amended or repealed by the Director pursuant to sections 11 to 14, inclusive, of this act must not exceed or be inconsistent with the requirements of those sections.*

2. The Director must allow any interested person a reasonable opportunity to submit written or oral comment concerning the amendment or repeal of a regulation pursuant to sections 11 to 14, inclusive, of this act.

Sec. 11. *1. The Director shall adopt regulations requiring a public accommodation facility to establish standards for cleaning that are designed to reduce the transmission of SARS-CoV-2. Those standards must require only the following and with no greater frequency than provided in this section:*

(a) The use of cleaning products that are qualified by the United States Environmental Protection Agency for use against SARS-CoV-2 for the cleaning required by paragraphs (b) to (p), inclusive.

(b) Desks, tabletops, minibars that have been used after the most recent cleaning, interior and exterior handles of doors, faucets, toilets, nonporous headboards of beds, light switches, remote controls, telephones, keyboards, touch screens, bed linens, towels, bed scarves and other decorative items on beds in guest rooms to be cleaned every day that the room is in use unless the guest using the room declines in-room housekeeping.

(c) The following high-contact areas and items in locations used by the public and employees to be cleaned regularly throughout the day while in use:

(1) Fixtures with which guests and employees may be expected to have regular physical contact;

(2) Doors and door handles at exterior entrances;

(3) Door handles at interior entrances regularly accessed by guests and employees;

(4) Regularly used computer keyboards, touch screens, credit card readers, printers, telephones, light switches, ice machines, vending machines and other frequently used instruments and equipment; and

(5) Countertops and desks in entrance areas and other high-usage areas.

(d) Glass surfaces, desks, tabletops, door handles and light switches in public areas to be cleaned regularly throughout the day while in use.

(e) Counters, desks, touch screens, keyboards, credit card readers and desktops in front desk areas to be cleaned regularly throughout the day while in use.

(f) Key cards and other types of keys for accessing rooms to be cleaned before those key cards or other keys are issued to another guest or removed from circulation for at least 24 hours after a guest checks out.

(g) Elevator buttons and rails in guest and service elevators to be cleaned regularly throughout the day if the elevator is in use.

(h) Sinks, faucets, walls, toilets, toilet paper dispensers and door handles in employee and public restrooms to be cleaned regularly throughout the day while in use.

(n) Touch screens and keyboards in bar and dining facilities to be cleaned regularly while in use.

(o) Soiled laundry to be cleaned as necessary.

(p) Laundry carts and hampers to be cleaned regularly throughout the day while in use.

2. A public accommodation facility shall not advise or incentivize guests to decline daily in-room housekeeping.

3. An employer operating a public accommodation facility shall conspicuously post at each employee entrance and on each bulletin board where the facility regularly posts official communications with employees:

(a) A one-page summary of the standards adopted pursuant to subsection 1; and

(b) A list of key contact persons at public health agencies.

4. An employer operating a public accommodation facility shall make available to employees or their bargaining representative a physical or electronic copy of the standards adopted pursuant to subsection 1 upon request at no cost.

Sec. 12. *The Director shall adopt regulations requiring each public accommodation facility to establish protocols to:*

1. Limit the transmission of SARS-CoV-2. Such protocols, must include only the following:

(a) Methods to encourage, to the extent reasonably possible:

(1) Employees to remain at least 6 feet apart from other employees and guests during their work and while on break.

(2) Guests to remain at least 6 feet apart from employees and other guests.

(b) A requirement that employee breaks must be structured to allow social distancing to the maximum extent recommended by the Centers for Disease Control and Prevention of the United States Department of Health and Human Services.

(c) A requirement that workstations must be separated by physical barriers or structured to allow social distancing where practicable to the maximum extent recommended by the Centers for Disease Control and Prevention of the United States Department of Health and Human Services.

(d) Requirements concerning the frequency of hand cleaning for employees.

(e) A requirement that each employee be provided with access to a sink with soap and water for hand washing or hand sanitizer containing at least 60 percent alcohol within reasonable proximity to the work area of the employee.

(f) Policies providing for the availability of hand sanitizer containing at least 60 percent alcohol near locations where employee meetings are held, breakrooms and cafeterias for employees, front desks, bell desks, lobbies, entrances to food and beverage service and preparation areas, principal entrances to the facility and, in a resort hotel, on the casino floor, if:

(1) Those areas are not near hand washing facilities with soap and water; and

(2) A supply of hand sanitizer containing at least 60 percent alcohol is generally available.

(g) Policies for the distribution, at no cost to the employee, of masks and, where appropriate, gloves, based on public health concerns.

2. Train staff concerning the prevention and mitigation of SARS-CoV-2 transmission in the manner prescribed by the Director.

Sec. 13. *1. The Director shall adopt regulations requiring each public accommodation facility to establish, implement and maintain a written SARS-CoV-2 response plan designed to monitor*

and respond to instances and potential instances of SARS-CoV-2 infection among employees and guests. The plan must include only the following:

(a) The designation of a person or persons responsible for overseeing and carrying out on-site enforcement of the plan. The regulations must not require such a person or persons to be on-site at all times.

(b) A requirement that each new employee and each employee returning to work for the first time after March 13, 2020, must undergo testing for SARS-CoV-2, if such testing is available.

(c) The designation of an area of the public accommodation facility where employees will check in every day to receive contact-free temperature measurement and review questions to screen for exposure to SARS-CoV-2.

(d) Requirements that:

(1) The public accommodation facility must notify each employee who is known to have had close contact with a guest or employee who has been diagnosed with COVID-19 not later than 24 hours or as soon as practicable after the employer learns of the diagnosis; and

(2) Each such employee must undergo testing for SARS-CoV-2 and, in addition to any other leave to which the employee is entitled, be given:

(I) Not more than 3 days of paid time off to await testing and testing results; and

(II) Additional paid time off if the public accommodation facility receives documentation of a delay in testing or receiving testing results that exceeds 3 days.

(e) A requirement that each employee who otherwise has a reasonable belief or has been advised that he or she has been in close contact with a person who has tested positive for SARS-CoV-2 must undergo testing for SARS-CoV-2.

(f) Requirements that each employee who notifies his or her employer that he or she is experiencing symptoms of COVID-19:

(1) Must undergo testing for SARS-CoV-2; and

(2) Must not return to work while awaiting the results of that testing.

(g) Requirements that each employee described in paragraph (e) or (f) must, in addition to any other leave to which the employee is entitled, be given for the first occurrence on which the employee gives the employer such notification:

(1) Not more than 3 days of paid time off to await testing and testing results; and

(2) Additional paid time off if the public accommodation facility receives documentation of a delay in testing or receiving testing results that exceeds 3 days.

(h) A requirement that, except as otherwise provided in subsection 3, each employee who tests positive for SARS-CoV-2 or is otherwise diagnosed with COVID-19 and is working or has been recalled to work at the time of the result or diagnosis must be allowed to take at least 14 days off, at least 10 of which must be paid time off.

(i) A requirement that testing for SARS-CoV-2 required by this section must be:

(1) Provided at no cost to the employee; and

(2) Performed on-site or at a testing facility selected by the public accommodation facility.

(j) A requirement that an employee that is required to be tested pursuant to this section authorize the provision of or provide the testing results to the public accommodation facility;

(k) A requirement that any guest who reports testing positive for SARS-CoV-2 or being diagnosed with COVID-19 must be requested to leave the public accommodation facility if practicable and seek medical attention.

(l) A requirement that information pertaining to employees and guests who test positive for SARS-CoV-2 or who are diagnosed with or report symptoms of COVID-19 must be kept confidential, unless the employee or guest agrees otherwise and except as required to be disclosed to public health officials and for purposes of contract tracing or cleaning.

2. The regulations adopted pursuant to this section must define the term "close contact" to have the meaning most recently ascribed to it by the Centers for Disease Control and Prevention of the United States Department of Health and Human Services for the purpose of determining when a person has been in close contact with another person who has tested positive for SARS-CoV-2.

3. An employer who operates a public accommodation facility may submit a request to the Director to increase or decrease the amount of days off required by paragraph (h) of subsection 1. The Director may grant such a request if it is consistent with the recommendations of the Centers for Disease Control and Prevention of the United States Department of Health and Human Services concerning time off for employees who test positive for SARS-CoV-2 or are otherwise diagnosed with COVID-19.

4. For the purposes of this section, paid time off must be calculated at the base rate of pay for the employee. Paid time off taken pursuant to this section:

(a) Must not be deducted from paid time off provided to the employee pursuant to NRS 608.0197 or a policy or contract of the public accommodation facility.

(b) May be deducted from paid sick leave provided pursuant to section 5102(a)(1)-(3) of the Families First Coronavirus Response Act, P.L. 116-127.

5. The health authority may require a public accommodation facility that is not under the jurisdiction of the Nevada Gaming Control Board to submit a written SARS-CoV-2 response plan to the health authority. Except as otherwise provided in this section and notwithstanding any other law, a written SARS-CoV-2 response plan submitted to the health authority is confidential. The health authority may disclose all or a part of such a plan upon:

(a) The request of an authorized agent of the Federal Government, a foreign government or a state or local governmental entity in this State or any of the several states, territories, possessions and dependencies of the United States, the District of Columbia or Puerto Rico.

(b) The order of a court of competent jurisdiction.

(c) Specific authorization of the chief administrative officer of the health district or, in a location that is not part of a health district, the Chief Medical Officer.

6. The Nevada Gaming Control Board may require a public accommodation facility that is under the jurisdiction of the Board to submit a written SARS-CoV-2 response plan to the Board, either alone or as part of an emergency response plan adopted pursuant to NRS 463.790.

7. The provisions of this section must not be construed to preclude an employee who is exposed to or tests positive for SARS-CoV-2 or is diagnosed with COVID-19 from choosing to perform his or her duties remotely instead of taking time off if the job duties of the employee are conducive to remote work.

Sec. 14. ***1. The health authority may, upon receiving a complaint or at any time, inspect a public accommodation facility to ensure compliance with the provisions of sections 4 to 15, inclusive, of this act and the regulations adopted pursuant thereto. The health authority shall inspect for such compliance:***

(a) Except as otherwise provided in paragraph (b), each public accommodation facility with more than 200 rooms available for sleeping accommodations at least once every 3 months.

(b) Each resort hotel at least once every 2 months.

2. Upon discovering a violation of the provisions of sections 4 to 15, inclusive, of this act or the regulations adopted pursuant thereto and after notice and the opportunity for a hearing, the health authority:

(a) Shall order the public accommodation facility to correct the violation.

(b) May impose an administrative fine of not more than $500 for each initial violation or $1,000 for each second or subsequent violation.

(c) If the violation occurs at a public accommodation facility that is not a resort hotel, may notify any local governmental entity responsible for licensing or regulating the public accommodation facility. Upon receiving such notification, the local governmental entity shall review the violation and may take further action, including, without limitation, suspending or revoking the license of the public accommodation facility, to enforce the provisions of sections 4 to 15, inclusive, of this act and the regulations adopted pursuant thereto. Such action must be taken in accordance with any procedures established by the local governmental entity for actions to enforce statutes or regulations or impose disciplinary action generally.

(d) If the violation occurs at a facility subject to the jurisdiction of the Nevada Gaming Control Board, shall notify the Board. Upon receiving such notification, the Board may take further action to enforce the provisions of sections 4 to 15, inclusive, of this act and the regulations adopted pursuant thereto. Such action must be taken in accordance with any procedures established by the Board for actions to enforce statutes or regulations or impose disciplinary action generally.

3. The Director shall adopt regulations prohibiting a public accommodation facility from discharging, reducing the compensation of, increasing the workload of, imposing fees or charges on, changing the duties of or otherwise taking adverse action against an employee in retaliation for participating in proceedings related to sections 4 to 15, inclusive, of this act, or seeking enforcement of those provisions.

4. As used in this section, "resort hotel" has the meaning ascribed to it in NRS 463.01865.

Any such copies, abstracts or memoranda may be used to supply the general public with copies, abstracts or memoranda of the records or may be used in any other way to the advantage of the governmental entity or of the general public. This section does not supersede or in any manner affect the federal laws governing copyrights or enlarge, diminish or affect in any other manner the rights of a person in any written book or record which is copyrighted pursuant to federal law.

2. A governmental entity may not reject a book or record which is copyrighted solely because it is copyrighted.

3. A governmental entity that has legal custody or control of a public book or record shall not deny a request made pursuant to subsection 1 to inspect or copy or receive a copy of a public book or record on the basis that the requested public book or record contains information that is confidential if the governmental entity can redact, delete, conceal or separate, including, without limitation, electronically, the confidential information from the information included in the public book or record that is not otherwise confidential.

4. If requested, a governmental entity shall provide a copy of a public record in an electronic format by means of an electronic medium. Nothing in this subsection requires a governmental entity to provide a copy of a public record in an electronic format or by means of an electronic medium if:

(a) The public record:

(1) Was not created or prepared in an electronic format; and

(2) Is not available in an electronic format; or

(b) Providing the public record in an electronic format or by means of an electronic medium would:

(1) Give access to proprietary software; or

(2) Require the production of information that is confidential and that cannot be redacted, deleted, concealed or separated from information that is not otherwise confidential.

5. An officer, employee or agent of a governmental entity who has legal custody or control of a public record:

(a) Shall not refuse to provide a copy of that public record in the medium that is requested because the officer, employee or agent has already prepared or would prefer to provide the copy in a different medium.

(b) Except as otherwise provided in NRS 239.030, shall, upon request, prepare the copy of the public record and shall not require the person who has requested the copy to prepare the copy himself or herself.

Sec. 33. NRS 463.120 is hereby amended to read as follows:

463.120 1. The Board and the Commission shall cause to be made and kept a record of all proceedings at regular and special meetings of the Board and the Commission. These records are open to public inspection.

2. The Board shall maintain a file of all applications for licenses under this chapter and chapter 466 of NRS, together with a record of all action taken with respect to those applications. The file and record are open to public inspection.

3. The Board and the Commission may maintain such other files and records as they may deem desirable.

4. Except as otherwise provided in this section, all information and data:

(a) Required by the Board or Commission to be furnished to it under chapters 462 to 466, inclusive, of NRS or any regulations adopted pursuant thereto or which may be otherwise obtained relative to the finances, earnings or revenue of any applicant or licensee;

(b) Pertaining to an applicant's or natural person's criminal record, antecedents and background which have been furnished to or obtained by the Board or Commission from any source;

(c) Provided to the members, agents or employees of the Board or Commission by a governmental agency or an informer or on the assurance that the information will be held in confidence and treated as confidential;

(d) Obtained by the Board from a manufacturer, distributor or operator, or from an operator of an inter-casino linked system,

relating to the manufacturing of gaming devices or the operation of an inter-casino linked system; ~~[or]~~

(e) ***Obtained by the Board from a public accommodation facility pursuant to section 13 of this act; or***

(f) Prepared or obtained by an agent or employee of the Board or Commission pursuant to an audit, investigation, determination or hearing,

➥ are confidential and may be revealed in whole or in part only in the course of the necessary administration of this chapter or upon the lawful order of a court of competent jurisdiction. The Board and Commission may reveal such information and data to an authorized agent of any agency of the United States Government, any state or any political subdivision of a state or the government of any foreign country. Notwithstanding any other provision of state law, such information may not be otherwise revealed without specific authorization by the Board or Commission.

5. Notwithstanding any other provision of state law, any and all information and data prepared or obtained by an agent or employee of the Board or Commission relating to an application for a license, a finding of suitability or any approval that is required pursuant to the provisions of chapters 462 to 466, inclusive, of NRS or any regulations adopted pursuant thereto, are confidential and absolutely privileged and may be revealed in whole or in part only in the course of the necessary administration of such provisions and with specific authorization and waiver of the privilege by the Board or Commission. The Board and Commission may reveal such information and data to an authorized agent of any agency of the United States Government, any state or any political subdivision of a state or the government of any foreign country.

6. Notwithstanding any other provision of state law, if any applicant or licensee provides or communicates any information and data to an agent or employee of the Board or Commission in connection with its regulatory, investigative or enforcement authority:

(a) All such information and data are confidential and privileged and the confidentiality and privilege are not waived if the information and data are shared or have been shared with an authorized agent of any agency of the United States Government, any state or any political subdivision of a state or the government of any foreign country in connection with its regulatory, investigative or enforcement authority, regardless of whether such information and

data are shared or have been shared either before or after being provided or communicated to an agent or employee of the Board or Commission; and

(b) The applicant or licensee has a privilege to refuse to disclose, and to prevent any other person or governmental agent, employee or agency from disclosing, the privileged information and data.

7. Before the beginning of each legislative session, the Board shall submit to the Legislative Commission for its review and for the use of the Legislature a report on the gross revenue, net revenue and average depreciation of all licensees, categorized by class of licensee and geographical area and the assessed valuation of the property of all licensees, by category, as listed on the assessment rolls.

8. Notice of the content of any information or data furnished or released pursuant to subsection 4 may be given to any applicant or licensee in a manner prescribed by regulations adopted by the Commission.

9. The files, records and reports of the Board are open at all times to inspection by the Commission and its authorized agents.

10. All files, records, reports and other information pertaining to gaming matters in the possession of the Nevada Tax Commission must be made available to the Board and the Nevada Gaming Commission as is necessary to the administration of this chapter.

11. For the purposes of this section, "information and data" means all information and data in any form, including, without limitation, any oral, written, audio, visual, digital or electronic form, and the term includes, without limitation, any account, book, correspondence, file, message, paper, record, report or other type of document, including, without limitation, any document containing self-evaluative assessments, self-critical analysis or self-appraisals of an applicant's or licensee's compliance with statutory or regulatory requirements.

Sec. 33.5. There is hereby appropriated from the State General Fund to the Legislative Fund created by NRS 218A.150 the sum of $410,000 for the costs of the 32nd Special Session.

Sec. 34. The provisions of sections 24 to 29, inclusive, of this act apply only to a cause of action or claim arising from a personal injury or death specified in section 29 of this act that accrues before, on or after the effective date of this act and before the later of:

1. The date on which the Governor terminates the emergency described in the Declaration of Emergency for COVID-19 issued on March 12, 2020; or

2. July 1, 2023.

Sec. 35. 1. Within 15 days after the effective date of this act, the Chief of the Budget Division of the Office of Finance created by NRS 223.400 shall transfer from Budget Account 101-1327:

(a) The sum of $2,000,000 to the Southern Nevada Health District created pursuant to NRS 439.362 to enforce the provisions of sections 4 to 15, inclusive, of this act and the regulations adopted thereto.

(b) The sum of $500,000 to the Washoe County Health District created pursuant to NRS 439.370 to enforce the provisions of sections 4 to 15, inclusive, of this act and the regulations adopted thereto.

2. All money transferred pursuant to subsection 1 must be expended by the recipient health district on or before December 30, 2020. Any remaining balance of the money must not be committed for expenditure on or after December 30, 2020, by the recipient health district or any entity to which the money is granted or otherwise transferred in any manner, and any portion of the money remaining must not be spent for any purpose after December 30, 2020, by either the recipient health district or the entity to which the money was subsequently granted or transferred, and must be reverted to Budget Account 101-1327 on or before December 30, 2020.

Sec. 36. 1. The Director of the Department of Health and Human Services shall adopt the initial regulations required by sections 11 to 14, inclusive, of this act not later than 20 days after the effective date of this act.

2. Notwithstanding the 15-day requirement set forth in section 15 of this act, a district board of health of a health district, as required by section 15 of this act, shall adopt regulations that are substantively identical to the regulations adopted by the Director pursuant to subsection 1 within 30 days after the effective date of this act or within 10 days after the adoption of the regulations by the Director pursuant to subsection 1, whichever is earlier.

Sec. 37. The provisions of NRS 354.599 do not apply to any additional expenses of a local government that are related to the provisions of this act.

Sec. 38. Notwithstanding the provisions of NRS 218D.430 and 218D.435, a committee may vote on this act before the expiration of the period prescribed for the return of a fiscal note in NRS 218D.475. This section applies retroactively from and after August 1, 2020.

Sec. 39. 1. This act becomes effective upon passage and approval.

2. Section 30 of this act expires by limitation on the later of:

(a) The date on which the Governor terminates the emergency described in the Declaration of Emergency for COVID-19 issued on March 12, 2020; or

(b) July 1, 2023.

State of Nevada

Executive Department

DECLARATION OF EMERGENCY

DIRECTIVE 037

WHEREAS, on March 12, 2020, I, Steve Sisolak, Governor of the State of Nevada, issued a Declaration of Emergency to facilitate the State's response to the COVID-19 pandemic; and

WHEREAS, on March 13, 2020, Donald J. Trump, President of the United States, declared a nationwide emergency pursuant to Sec. 501(b) of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. 5121-5207 (the "Stafford Act"); and

WHEREAS, on March 14, 2020, I formed a medical advisory team to provide medical guidance and scientifically based recommendations on measures Nevada could implement to better contain and mitigate the spread of COVID-19; and

WHEREAS, infectious disease and public health experts advised that minimizing interpersonal contact slows the rate at which the disease spreads, and is necessary to avoid overwhelming healthcare systems; and

WHEREAS, infectious disease and public health experts advised that wearing a mask or other face covering is an important and effective measure to reduce the spread of COVID-19; and

WHEREAS, infectious disease and public health experts advised that a major source of new infections are gatherings, bars, and restaurants, especially those where people remove their masks and interact with others who are not part of their household; and

WHEREAS, on November 24, 2020, I, Steve Sisolak, Governor of Nevada, issued Emergency Directive 035 in response to a dramatic surge in COVID-19 cases; and

WHEREAS, Emergency Directive 035 implemented a "Statewide Pause," which restricted the size of gatherings, reduced capacity for bars, restaurants, and other businesses, and urged Nevadans to stay home to the greatest extent possible, in order to stop the surge in COVID-19 cases; and

WHEREAS, in late December 2020, Nevada began distributing COVID-19 vaccines, but the supply of vaccines remains severely limited; and

WHEREAS, Nevada's hospitalization rate for suspected and confirmed COVID-19 cases has trended downward since mid-January 2021; and

WHEREAS, since mid-January 2021, the 14-day moving average test positivity rate has steadily declined, but is still well over the 5% threshold recommended by the WHO for reopening, and COVID-19 still poses a substantial threat to the public health; and

WHEREAS, NRS 414.060 outlines powers and duties delegated to the Governor during the existence of a state of emergency, including without limitation, directing and controlling the conduct of the general public and the movement and cessation of movement of pedestrians and vehicular traffic during, before and after exercises or an emergency or disaster, public meetings or gatherings; and

WHEREAS, NRS 414.070 outlines additional powers delegated to the Governor during the existence of a state of emergency, including without limitation, enforcing all laws and regulations relating to emergency management and assuming direct operational control of any or all forces, including, without limitation, volunteers and auxiliary staff for emergency management in the State; providing for and compelling the evacuation of all or part of the population from any stricken or threatened area or areas within the State and to take such steps as are necessary for the receipt and care of those persons; and performing and exercising such other functions, powers and duties as are necessary to promote and secure the safety and protection of the civilian population.

NOW THEREFORE, by the authority vested in me as Governor by the Constitution and the laws of the State of Nevada and the United States, and pursuant to the March 12, 2020, Emergency Declaration,

IT IS HEREBY ORDERED THAT:

SECTION 1: The limitations imposed by previous Directives are hereby superseded by the explicit provisions of this Directive. Any provisions not addressed by this Directive shall remain in force as provided by previous Directives or regulations promulgated pursuant to the March 12, 2020 Declaration of Emergency.

SECTION 2: Section 7 of Directive 035 shall terminate at 11:59 p.m. on February 14, 2021. Effective 12:00 a.m. on February 15, 2021, houses of worship, including without limitation, churches, synagogues, mosques, and temples, may conduct in-person services in a manner so that occupancy shall not exceed 50% of the listed fire code capacity and all social distancing requirements are satisfied. This limitation shall not apply to drive-up services pursuant to Section 10 of Directive 016, which imposes no limitations on number of participants.

Houses of worship offering indoor, in-person services must follow the following provisions, which are consistent with this and other Directives on public gatherings:

1. Seating must be arranged to ensure a minimum of six feet of separation between congregants who do not reside in the same household.

2. Participants, including leaders and staff, must wear face coverings as required by Directive 024.
3. Houses of worship are encouraged to stagger services so that the entrance and egress of congregants for different services do not result in a gathering exceeding 50% of the listed fire code capacity set forth above, and to provide proper sanitation between services.
4. Houses of worship are strongly encouraged to offer online or drive-up services to the greatest extent possible.
5. Houses of worship offering indoor, in-person services are encouraged to follow the guidelines promulgated by the Nevada Department of Business and Industry (B&I) or its constituent agencies.

SECTION 3: Section 8 of Directive 035 shall terminate at 11:59 p.m. on February 14, 2021. Effective 12:00 a.m. on February 15, 2021, except as otherwise provided by other Sections of this Directive, public gatherings are restricted to the lesser of 100 persons, or 35% of the listed fire code capacity of the area in which such gathering shall occur.

Effective 12:00 a.m. on March 15, 2021, except as otherwise provided by other Sections of this Directive, public gatherings are restricted to the lesser of 250 persons, or 50% of the listed fire code capacity of the area in which such gathering shall occur.

This provision shall apply to any area, whether publicly owned or privately owned where the public has access by right or invitation, express or implied, whether by payment of money or not, including without limitation, parks, basketball courts, volleyball courts, baseball fields, football fields, rivers, lakes, beaches, streets, convention centers, movie theaters, libraries, parking lots, and private clubs, except that this provision does not apply to houses of worship.

This provision shall not be construed to apply to the gathering of persons working at or patronizing businesses operating pursuant to this Directive or providing emergency or medical services to the public.

SECTION 4: Section 9 of Directive 035 shall terminate at 11:59 p.m. on February 14, 2021. Effective 12:00 a.m. on February 15, 2021, except as otherwise provided by other Sections of this Directive, indoor private social gatherings are restricted to 10 or fewer persons. Outdoor private social gatherings are restricted to 25 or fewer persons. This provision shall not be construed to apply to the gathering of persons living within the same household.

Individuals not exempted by Directive 024 or guidance issued by the Nevada Health Response shall be required to cover their nose and mouth with a mask or face covering when attending private gatherings with people outside of their household, even when social distancing is being observed.

This section does not apply to persons experiencing homelessness or to organizations providing shelter for persons experiencing homelessness. Such individuals and organizations are encouraged to take protective measures to the greatest extent practicable.

SECTION 5: Section 10 of Directive 035 shall terminate at 11:59 p.m. on February 14, 2021. Effective 12:00 a.m. on February 15, 2021, arcades, racetracks, bowling alleys, miniature golf, pool halls, amusement and theme parks, and similar activities may allow access to the public so that occupancy shall not exceed 35% of the listed fire code capacity, and all social distancing requirements are satisfied.

Effective 12:00 a.m. on March 15, 2021, arcades, racetracks, bowling alleys, miniature golf, pool halls, amusement and theme parks, and similar activities may allow access to the public so that occupancy shall not exceed 50% of the listed fire code capacity and all social distancing requirements are satisfied.

High-touch surfaces should be avoided (remain closed if applicable / possible) and cleaned frequently. Food and drink should be contained to areas designated as restaurants / food courts and should adhere to requirements in place for those types of establishments.

SECTION 6: Effective 12:00 a.m. on February 15, 2021, libraries, museums, art galleries, aquariums, and zoos may allow access to the public so that occupancy shall not exceed 50% of the listed fire code capacity, and all social distancing requirements are satisfied. All interactive and/or hands-on exhibits must be closed.

Food and drink should be contained to areas designated as restaurants / food courts and should adhere to requirements in place for those types of establishments.

SECTION 7: Section 13 of Directive 035 shall terminate at 11:59 p.m. on February 14, 2021. Effective 12:00 a.m. on February 15, 2021, gaming properties shall limit occupancy in gaming areas to no more than 35% of the occupancy limit assigned to each gaming area of the property by local building and fire codes.

Effective 12:00 a.m. on March 15, 2021, gaming properties shall limit occupancy in gaming areas to no more than 50% of the occupancy limit assigned to each gaming area of the property by local building and fire codes.

Provisions of this and other Directives still in effect that apply to non-gaming businesses including but not limited to retail stores, restaurants and bars, non-retail venues, and pools and aquatic facilities, shall apply to those businesses, including those located on gaming properties.

SECTION 8: Subsection 1 of Section 31 of Emergency Directive 021, which limited body art and piercing facilities to 50% capacity, shall terminate at 11:59 p.m. on February 14, 2021. Effective 12:00 a.m. on February 15, 2021, body art and piercing facilities may reopen to the public, subject to the following provisions:

1. Partitions or walls between each workstation are strongly encouraged.
2. Establishments with walls or partitions between workstations may utilize all stations, but under no circumstances may more than one customer or client be seated at any given station or chair.

3. Establishments without walls or partitions between stations must ensure that a minimum of six feet of separation between customers is maintained.
4. Establishments must not accept customers or clients on a walk-in basis, and artists must not serve or accept appointments for more than one customer at any given time.
5. Customers waiting for appointments must wait outside the facility and must practice social distancing by maintaining a minimum of six feet of separation between customers not residing in the same household.
6. Artists, employees, and customers must wear face coverings at all times. Body art and piercings that require mask removal, including without limitation, work around the mouth and nose are prohibited.
7. Access must be limited to customers only; persons accompanying customers must not be inside the facility while services are performed.
8. Artists and facilities operating pursuant to this section must abide by all sanitation and other guidelines promulgated by the Nevada Occupational Safety & Health Administration.

SECTION 9: Retail stores shall continue to operate pursuant to Section 17 of Directive 021 and Section 11 of Directive 035, except that, effective 12:00 a.m. February 15, 2021, retail stores, including grocery stores, may offer limited self-service food and drinks with mitigation measures in place. Recommended mitigation measures include, but are not limited to, limiting number of individuals using food and drink stations at one time, using individual or disposable utensils and serving ware wherever possible, and providing hand sanitizer and recommending usage before touching any communal surface.

SECTION 10: Section 14 of Directive 035 shall terminate at 11:59 p.m. on February 14, 2021. Effective February 15, 2021, a person wishing to host, organize, or conduct a gathering, event, performance, or other congregation of people in a space with fixed seating capacity of 2,500 or more, may submit a Large Gathering Venue COVID-19 Preparedness & Safety Plan ("Large Gathering Plan") to the applicable state and local authorities.

Large gatherings are prohibited unless a Large Gathering Plan is approved by the applicable authorities. No large gatherings will be permitted to take place before March 1, 2021.

For the purposes of this Directive, fixed seating capacity shall be defined as seats which are not portable or stackable, but which are secured to the ground or floor in some fashion, such as by bolts. Facilities with fixed seating without dividing arms shall calculate seating capacity based on occupant load, but in no instance shall such calculation be based on less than one person for each 18 inches (457 mm) of seating length.

Upon approval of a Large Gathering Plan, venues with fixed seating capacity of 2,500 or greater may permit public attendance at live events subject to the following provisions:

1. Attendance by the public may not exceed 20% of fixed seating capacity.
2. All attendees must be assigned seats pursuant to the other provisions of this section. "Standing room only" and "general admission" attendance is prohibited.
3. Venues must clearly delineate discrete sections. To the greatest extent practicable, attendees in each section should be isolated from attendees in other sections by utilizing separate entrances, exits, and facilities, or staggering entrance and egress by section.
4. Event staff may not provide services to more than one section delineated pursuant to subsection 3, above.
5. Each section must be separated from adjacent sections by a minimum of 6 feet.
6. All social distancing requirements shall be maintained. This provision shall not apply to attendees within a single party. No more than six persons may be seated together in a single party.
7. Plans for events at facilities regulated by the Gaming Control Board ("GCB") must be submitted to and approved by the GCB prior to the event, pursuant to guidelines that shall be promulgated by the GCB. Prior to submission, plans must be reviewed by the local health authority for confirmation that it complies with all applicable health and safety standards and will not place an unacceptable burden on the local health infrastructure.
8. Plans for events regulated by the Nevada State Athletic Commission ("NSAC") must be submitted to and approved by the NSAC prior to the event, pursuant to guidelines that shall be promulgated by the NSAC. Prior to submission, plans must be reviewed by the applicable local health authority for confirmation that it complies with all applicable health and safety standards and will not place an unacceptable burden on the local health infrastructure.
9. All other events at venues with fixed seating capacity of 2,500 or greater must be submitted to and approved by B&I prior to the event, pursuant to guidelines that shall be promulgated by B&I. Prior to submission to B&I, plans must be reviewed by the applicable local health authority for confirmation that it complies with all applicable health and safety standards and will not place an unacceptable burden on the local health infrastructure.

SECTION 11: Effective February 15, 2021, a person wishing to host, organize, or conduct a large gathering in an area without fixed seating, including without limitation a tradeshow, conference, convention, professional seminar, or similar event in excess of 250 attendees may submit a Large Gathering Plan to the applicable state and local authorities.

Large gatherings under this Section are prohibited unless a Large Gathering Plan is approved by the applicable authorities. No large gatherings under this Section will be permitted to take place before March 15, 2021. A large gathering under this Section is limited to a maximum of 1,000 attendees.

SECTION 12: Effective March 15, 2021, venues with a listed fire code capacity of fewer than 2,500 may permit public attendance at live events subject to the following provisions:

1. Attendance by the public may not exceed the lesser of 250 attendees or 50% of that gathering space's listed fire code capacity.
2. Attendance by the public at live entertainment performances shall require all attendees to be seated. "Standing room only" attendance is prohibited. Venues hosting live entertainment performances shall maintain a minimum separation of at least 25 feet between the artists and the audience. This provision is applicable to performances subject to live entertainment taxes pursuant to NRS 368A and shall not extend to ambient music to create or enhance a mood or atmosphere that is incidental or ancillary to the activity or location.
3. For all other events other than live entertainment performances, seating is not required, but social distancing requirements must be maintained at all times.

Individuals not exempted by Directive 024 or guidance issued by the Nevada Health Response shall be required to cover their nose and mouth with a mask or face covering when attending gatherings with people outside of their household, even when social distancing is being observed.

This Section shall not be construed to apply to gatherings at houses of worship.

SECTION 13: Section 16 of Directive 35 shall terminate at 11:59 p.m. on February 14, 2021. Effective February 15, 2021, restaurants, food establishments, breweries, distilleries, and wineries may utilize tables and serve patrons within the bar area. Establishments operating under this provision shall abide by the following provisions:

1. Effective February 15, 2021, the maximum occupancy of these establishments for indoor dining shall not exceed 35% of the listed fire code capacity at any given time. Effective March 15, 2021, the maximum occupancy of these establishments for indoor dining shall not exceed 50% of the listed fire code capacity at any given time.
2. There is no maximum occupancy for outdoor dining, however all other mitigation measures in this Section also apply to outdoor dining.
3. Tables, booths, or seats must be spaced, or customers seated a minimum of six feet apart from other customers not in the same party. Parties larger than six persons may not be seated together for onsite dining.
4. All standing and open congregation areas, including but not limited to dance floors, that are not necessary for the preparation and service of food or beverages shall be closed.
5. Customers sitting at a table or booth must only be served via table service and may not order from the bar top area.
6. Customers may sit at and be served at bar tops only if bar top seating is limited such that barstools are spaced a minimum of six feet apart from other barstools

of other customers not in the same party. Establishments are encouraged to limit bar top parties to no more than two persons per party.

7. Customers waiting to dine onsite must wait outside the establishment until they can be seated and must practice social distancing by maintaining a minimum of six feet of separation between customers not residing in the same household or in the same party.
8. Establishments shall require employees to wear face coverings and abide by all other face covering provisions of Directive 024. Patrons must wear face coverings at all times, except when actively eating or drinking.
9. Buffets shall remain closed until further notice.

As used in this Directive, "indoor" means any enclosed space that has a listed fire code capacity, or is primarily enclosed, whether by rigid, temporary, or non-rigid wall and roof structures, such as fabric, vinyl, or other material, including but not limited to, tents with walls and temporary structures. The term does not apply to structures that consist solely of an overhead covering, such as canopies, awnings, and tents without walls.

SECTION 14: Section 16 of Directive 35 shall terminate at 11:59 p.m. on February 14, 2021. Effective February 15, 2021, gyms, fitness facilities, and fitness studios, including but not limited to dance and yoga studios, may allow access to the public so that occupancy shall not exceed 35% of the listed fire code capacity, and all social distancing requirements are satisfied. Effective March 15, 2021, these businesses may allow access to the public so that occupancy shall not exceed 50% of the listed fire code capacity.

Gyms, fitness facilities, and fitness studios that provide services to ten or fewer people at a time may reopen only if they are able to provide services in a manner that does not violate social distancing protocols. All gyms, fitness facilities, and fitness studios must, without exception, abide by all protocols promulgated by B&I and are encouraged to follow guidance issued by the Nevada Health Response, including sanitation protocols. In addition to the protocols promulgated by B&I, all gyms, fitness facilities, and fitness studios must abide by the following provisions:

1. Employees, trainers, instructors, and patrons must wear face coverings at all times.
2. Regardless of listed fire code capacity, facilities must limit access to patrons to ensure that occupancy at any given time does become sufficiently dense so as to violate social distancing protocols.
3. Equipment must be regulated to ensure a minimum of six feet of social distancing between users, and equipment should be moved, designated inoperable, or turned off to ensure that social distancing standards are maintained.
4. Group fitness classes must be limited to ensure at least six feet of separation between participants.
5. Contact sports, including without limitation, martial arts, basketball, wrestling, and boxing may only be offered in a manner where participants do not physically contact other participants, or activities that require participants to perform within six feet of each other.

6. Locker rooms may be opened but must be limited to 50% of the listed fire code capacity. Single-stall showers may be utilized. Communal showers, steam rooms, saunas, portable saunas, vapor baths, salt therapy rooms, hot tubs, and other communal facilities, not to include restrooms, shall remain closed to the public.
7. Pools may open to patrons, but all pool usage is subject to the provisions of Section 29 of Directive 021.
8. Childcare facilities may operate in compliance with all applicable regulations and protocols promulgated by the Nevada Department of Health and Human Services, B&I, and any applicable local authorities.

SECTION 15: Section 19 of Directive 035 and Section 11 of Directive 034 shall terminate at 11:59 p.m. on March 14, 2021. Effective 12:00 a.m. on March 15, 2021, leagues, associations, facilities and venues intending to host tournaments as allowed by Directive 034 must adopt a Preparedness and Safety Plan that conforms to the guidelines promulgated pursuant to Directive 034. Prior to a tournament, such plans must be approved by B&I or a constituent agency. Teams, coaches and athletes are responsible for abiding by the rules and requirements set forth in their applicable Preparedness and Safety Plan. Tournament hosts will be responsible for ensuring compliance with the applicable gathering and events guidelines as set forth in this Directive.

SECTION 16: This Directive shall remain in effect until terminated by a subsequent Directive promulgated pursuant to the March 12, 2020 Declaration of Emergency to facilitate the State's response to the COVID-19 pandemic or upon dissolution or lifting of the Declaration of Emergency.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Great Seal of the State of Nevada to be affixed at the State Capitol in Carson City, this 14th day of February, in the year two thousand twenty-one.

LARGE GATHERING VENUE COVID-19 PREPAREDNESS & SAFETY PLAN: Submission Guide

Updated February 17, 2021

Pursuant to the Governor's New Normal Plan and Emergency Directive 037, certain venues and event hosts are required to submit a Large Gathering Venue COVID-19 Preparedness & Safety Plan ("Large Gathering Plan") for approval prior to hosting the large event or gathering. This guide provides the following general information: (i) Who needs to submit a Large Gathering Plan, (ii) What needs to be included in a Large Gathering Plan; and (iii) How and where to submit a Large Gathering Plan.

For additional details regarding the specific requirements, protocols, and operating rules for hosting a large gathering, please review Nevada Guidance for Safe Gatherings: Celebrations, Ceremonies, and Events and contact the appropriate State oversight authority (see below) that will be approving your Large Gathering Plan.

WHO MUST SUBMIT A LARGE GATHERING PLAN and WHEN?

Large Gathering Plans are not required for every gathering, event, performance, convention, or other congregation of people. Whether or not a venue or other facility must submit – and receive approval of – a Large Gathering Plan depends on the size and type of large gathering that is planned. The following large gatherings require submission and approval of a Large Gathering Plan prior to the gathering / event:

- **Event venues with 2,500 Fixed Seating Capacity or More (indoor or outdoor)** that want to host an event or gathering with up to but no more than 20 percent occupancy.
    - These event venues and organizers may begin submitting Large Gathering Plans on February 15, 2021, but no large gathering may take place until March 1, 2021 at the earliest and only if approval has been granted.

- **Trade Shows, Conferences, Conventions, Professional Seminars & Similar Gathering Activities in excess of 250 people,** which are capped at a total of 1,000 total attendees and/or registrants.
    - These event venues and organizers may begin submitting Large Gathering Plans for these types of gathering activities on February 15, 2021. These type of gathering activities may begin to take place on March 15, 2021 at the earliest and only if approval has been granted.

WHAT MUST BE IN A LARGE GATHERING PLAN?

The baseline requirements, protocols and operating rules that must be included as part of a Large Gathering Plan can be found in the Governor's Emergency Directive 037 and the *Nevada Guidance for Safe Gatherings: Celebrations, Ceremonies, and Events*. However, a venue or other facility may be required to adopt additional safety measures that extend beyond the baseline gathering guidance, as determined by the local health authority and the State authority with jurisdiction to review and approve the Large Gathering Plan before the event is held. As such, a venue or host is encouraged to work directly with the appropriate State authority (see below) and its local health authority (see below) to identify and understand what is expected to be included in its plan prior to submitting the plan for approval to the State.

The specific requirements for a Large Gathering Plan may vary depending on the layout of the venue and whether it is a singular live event in a venue with capacity for over 2,500 people or a convention with up to 1,000 attendees. However, the following is a partial summary of what will be required for a large event, but it is not an exhaustive list of all requirements:

- Require each attendee to complete a **COVID-19 screening**
- Designate a **licensed or certified medical professional** who must always be located on-site
- Designate a **primary contact** from the event organizer that will be responsible for collecting and retaining contact information for all attendees for 60 days following the gathering or event to assist the local health authority with **contact tracing** should there be a positive case identified from the gathering or event
- Complete and submit **diagrams of the layout** of the event, convention, conference or meeting areas, as applicable, to identify the sections, pods and other required seating arrangements as well as the ingress and egress points for attendees
- Identify how event registration and check-in will be accomplished to **avoid crowding**
- Identify the **barriers, markings or other elements** that will be used to reinforce social distancing (such as stanchions or hedges)
- Identify the **staff resources** that will be utilized for enforcement of face covering and other social distancing requirements, occupancy counting, metering of crowd access to certain facilities, crowd/congregation control, etc.
- Identify the **communication protocols** with all attendees prior to arrival, upon arrival, and throughout the event
- Identify the cleaning and **disinfection protocols** that will be implemented

HOW AND WHERE TO SUBMIT A LARGE GATHERING PLAN?

The type of the large gathering and its location will dictate to which State authority the Large Gathering Plan must be submitted. Only the State authorities listed below may approve a Large Gathering Plan. County, city and municipality local government authorities may not approve a

Large Gathering Plan. However, every Large Gathering Plan must first be submitted to the local health authority with jurisdiction over the gathering or event for review and confirmation that the Plan meets the local public health standards and will not place an unacceptable burden on the local health infrastructure.

A Large Gathering Plan should be submitted to the following State authorities following written confirmation, as outlined above, by the applicable local health authority:

Gaming Control Board (GCB):

- For large gatherings or events at gaming properties regulated by the GCB.
- Phone: (702) 486-2020

Nevada State Athletic Commission (NSAC):

- For sporting events licensed and regulated by the NSAC.
- Phone: (702) 486-2575

Nevada Department of Education (NDE):

- For large gatherings hosted and organized by county school districts, charter schools, and private schools
- Phone: (702) 668-4318 / Email: fgonzales@doe.nv.gov

Nevada Department of Business & Industry (B&I):

- For all other large gathering events – not regulated by GCB or NSAC – the Large Gathering Plan should be submitted to B&I.
- Phone: (702) 486-9000 / Email: COVID19Plans@dir.nv.gov

The Operational Plan Checklist for the Large Gathering Venue COVID-19 Preparedness & Safety Plan can be found ***HERE***.

NEVADA GUIDANCE FOR ADULT & YOUTH SPORTS

Updated February 17, 2021

Foreword:

As of February 2021, several key metrics show that COVID-19 transmission is gradually slowing in Nevada. However, we are still in the middle of an unprecedented pandemic requiring continued efforts to mitigate risk of exposure. The risk mitigation efforts must be balanced with the need to attend to the overall well-being of Nevada's citizens of all ages. Youth have been negatively impacted by the strict physical and social distancing mandates, which have limited their ability to engage in necessary, developmentally appropriate socialization activities through school and recreational activities.

Lack of opportunities for social connections and typical life events for youth, such as interacting with peers in-person at school and participating in athletic events, increase risk for isolation, anxiety, depression, substance use, and unrecognized distress. Youth participation in recreational and competitive sports increases protective factors including providing opportunities for in-person interaction with peers, physical activity, supervised time outside of the home, skill practice and mastery, and increased academic performance. In addition, youth sports promote healthy connections with other caring adults who are trained to detect youth distress and signs of abuse and neglect.

An increase in suicidal thoughts and attempts, anxiety, and depression are among the major mental health consequences of the COVID-19 pandemic among youth. As social isolation and disconnection with peers and caring adults is prolonged, the increase in reported psychological distress is expected to increase. It is important that young people do not suffer in silence, and that their mental and emotional wellness be regarded as a top priority.

It is imperative that we look for opportunities to allow Nevada youth to re-engage in activities that promote health and well-being. Learning how to accommodate and live with COVID-19 means finding optimal ways to balance the risks and benefits of mitigation efforts while supporting healthy development in our youth. The goal of this guidance is to provide direction on the necessary protections for youth and adult athletes, coaches, and families to reduce the risk of further COVID transmission while recognizing the inherent benefits of participation in recreational and competitive sports.

CONSIDERATIONS FOR RETURN TO PLAY: There are many considerations that recreational sports directors, managers, coaches, parents/guardians and players/athletes need to weigh as they plan to return to play. The risk of transmitting COVID-19 depends on a number of factors, including physical distancing between people, number of people in a certain location, compliance with face covering mandates, length of time at a location in proximity to others, type of location, etc. In order to ensure Nevada can safely expand participation in recreational adult and youth athletic events, the following general guidance must be considered:

- Outdoor locations are safer than indoor;
- Smaller groups are safer than larger;
- Sports that can ensure distance of six (6) feet or more are safer than closer contact; and
- Shorter duration is safer than longer.

Directive 034 Summary & Updates as of February 2021:

This guidance does NOT pertain to professional sports leagues or college division level sports.

The Nevada Interscholastic Activities Association (NIAA) retains authority over when high school sports will resume and the guidelines under which competition will resume, consistent with Section 7 of Directive 028, Directive 034 and Directive 038.

Under Directive 034, sports have been categorized based on contact level and associated risk (see chart below).

NON-CONTACT & MINIMAL CONTACT SPORTS: Minimal contact and non-contact sports are allowed to hold practices, games, competitions and tournaments*, indoors and outdoors, if social distancing and all requirements can be met. This applies to all non-contact and minimal-contact sports statewide for all youth and adult sports, including, but not limited to travel clubs, private leagues and clubs, recreational leagues and centers, and park district sports programs for certain groups permitted under Directive 034.

All sports will have to abide by a number of health and safety protocols in this guidance, including screenings for athletes, coaches, and staff, limited equipment sharing, strong requirements for disinfecting and sanitizing equipment, and cooperating with local health authorities on contact tracing.

FULL CONTACT SPORTS: Except as otherwise provided below**, full-contact sports are prohibited at this time. These sports may still only take place on a limited basis for athletic conditioning, drills, practices in which dummy players, sleds, punching bags and similar equipment is used, but athletes may not come in contact with other players. Training and conditioning, such as weightlifting, running drills and intra-squad scrimmaging, cannot include full contact of any kind.

> ****NIAA Full Contact Sports Update as of February 18, 2021:** Pursuant to Directive 038, full-contact sports regulated and governed by the NIAA may resume under the conditions set forth in Directive 038, including but not limited to, the implementation of a required NIAA COVID-19 Testing and Mitigation Plan.

**Tournaments MAY resume on Monday, March 15, 2021, if approved in accordance with the process outlined below. For the purposes of this guidance, a "tournament" refers to a competition involving a relatively large number of competitors, all participating in a series of sport or game, and concentrated into a relatively short time interval. [SEE "Tournament COVID-19 Preparedness & Safety Plan" below]*

CONTACT LEVEL	RISK LEVEL	DEFINITION	EXAMPLES	STATUS AS OF FEBRUARY 2021	
				Travel clubs, private leagues and clubs, recreational leagues and centers, and park district sports programs	Sports governed and regulated by the Nevada Interscholastic Activities Association (NIAA)
FULL CONTACT SPORTS	**HIGH**	Sports that require or are likely to have routine or sustained close proximity or physical contact between participants	Football, rugby, wrestling, boxing, hockey, lacrosse, group cheer, group dance, basketball, water polo, martial arts, pair figure skating, etc.	**PROHIBITED**	Full-contact and close-contact sports regulated and governed by the NIAA **may resume** under the conditions set forth in Directive 038, including but not limited to, the implementation of a required NIAA COVID-19 Testing and Mitigation Plan.

SPORTS COVID-19 PREPAREDNESS & SAFETY PLAN

PLAN SUBMISSION & APPROVAL FOR RETURN TO PLAY

Prior to any resumption of youth or adult competitions, games, matches or league play under Directive 034, the applicable league, association, venue, facility or organization must adopt a Sports COVID-19 Preparedness & Safety Plan (or "Sports Safety Plan"). The Sports Safety Plan must be submitted to and approved by the Nevada Department of Business & Industry ("B&I") prior to the resumption of competitive sporting activities.

The Sports Safety Plan must include all the baseline requirements, protocols, restrictions and operating rules set forth in this Guidance document to ensure that, among other requirements: (i) the number of spectators and participants admitted to the premises at any given time does not violate the capacity limits set forth in Governor's Directive 037; (ii) spectators and participants maintain proper social distancing; and (iii) face covering rules are enforced, along with all other requirements in this guidance. Teams, coaches and athletes are responsible for abiding by the rules and requirements set forth in their applicable Preparedness and Safety Plan.

The Sports Safety Plan should be submitted to B&I via email at: COVID19Plans@dir.nv.gov

PLAN SUBMISSION & APPROVAL FOR TOURNAMENTS (allowed to resume March 15, 2021)

Any event organizer or operator, association, league, facility, venue or other organization that wants to host a youth or adult sports tournament and has previously received approval for their Sports Safety Plan to

resume play, must also submit a "Tournament COVID-19 Preparedness & Safety Plan" to B&I and receive approval prior to hosting or operating a tournament.

This requirement includes all tournaments or invitational events that are a competition involving a relatively large number of competitors, all participating in a series of sport or game, at the same venue(s), and concentrated into a relatively short time interval. Tournament Plan's must include protocols and guidelines to ensure that, among other requirements: (i) the number of spectators and participants admitted to the premises at any given time does not violate the capacity limits set forth in Governor's Directive 037; (ii) spectators and participants maintain proper social distancing; and (iii) face covering rules are enforced, along with all other requirements in this guidance.

Youth and adult sports **tournaments** may NOT take place in Nevada earlier than Saturday, **March 15, 2021**. The Tournament Plan should be submitted to B&I via email at: COVID19Plans@dir.nv.gov

BASELINE REQUIREMENTS & GUIDANCE FOR ALLOWED YOUTH & ADULT SPORTS

Communicate all requirements and guidance to players/participants, parents, guardians, and caregivers prior to resuming or beginning the season.

MASKS AND FACE COVERINGS: Since June 24, 2020, individuals in Nevada have been required to wear a face covering when they are out in public, per Emergency Directive 024. The emergency directive includes exemptions for children under a certain age and individuals who are unable to wear or tolerate a face covering due to medical or mental health conditions or other reasons. There are also situations in which a face covering may be temporarily removed, such as when *actively* eating or drinking, provided that social distancing is maintained. Businesses, venues and sports leagues may choose to have more protective requirements than those in the Directive. under certain circumstances.

Face coverings must fully cover the mouth and nose and must fit snugly against the sides of the face with no gaps. Reusable face coverings should be machine washed or washed by hand and allowed to dry completely after each use.

WHO IS REQUIRED TO WEAR A FACE COVERING?

Face coverings should be worn by coaches, managers, sports staff, officials, parents/guardians, and allowed attendees and spectators. Players and athletes must wear face coverings indoors and outdoors, except when:

- actively eating or drinking;
- if an exemption can be applied under Directive 024; or
- when actively exercising or participating in practices or competitions. If social distancing cannot be maintained during activity, players are strongly encouraged to wear face coverings to the extent practicable.

For each game, practice, or competition, a coach, manager, league director or representative, or staff member is required to be designated to enforce all mandated directives including social distancing, face coverings, and cleaning. All staff should be educated on COVID-19 health and safety protocols prior to the resumption of athletic activities.

TESTING & SCREENING

Discourage any person, including players, at risk for severe illness or with serious underlying medical conditions from attending any sporting activities.

TESTING

- ADULT COACHES, MANAGERS, OFFICIALS/REFEREES & TEAM STAFF are required to take a COVID-19 test prior to the start of the season or resumption of athletic activity, and it is strongly encouraged every other week during a season (for youth and adult sports).
- PLAYERS/ATHLETES: It is strongly recommended but not mandatory that all players/athletes (youth and adult) test for COVID-19 prior to the start of the season.
- **NIAA FULL CONTACT SPORTS:** Pursuant to Directive 038, participants in full-contact and close-contact sports, as defined by Directive 034, that are governed and regulated by the NIAA must adopt and follow the NIAA's COVID-19 Testing & Mitigation Plan, which dictates at a minimum weekly testing of coaches, staff and athletes.

SCREENINGS

- Contactless temperature screenings **MUST** be provided for all players/athletes, coaches, referees/officials, league officials, staff and managers before each practice, game or other team event. Contactless temperature screenings are strongly encouraged for spectators and attendees.
    - Ensure that the thermometer (touchless temperature scanners are recommended) has been thoroughly cleaned in between each check.
- All participants (coaches, managers, athletes/players, referees/officials, league officials, spectators/attendees, staff, etc.) MUST respond to COVID-19 screening-survey questions upon arrival and check-in at each practice, game or other team event. See, NV COVID-19 Health Screening Guide.
- Conduct regular symptom and exposure assessments for all participants including players, coaches, referees, league officials and managers. Daily symptom assessments should include monitoring for fever, cough, and trouble breathing, and also whether individuals have been exposed through household members or others.
- Parents are encouraged to be on the alert for signs of illness in their children and themselves and stay home when sick.

IF SOMEONE DISPLAYS SYMPTOMS

- If a player, coach, official, staff member, volunteer or spectator displays symptoms of COVID-19 (confirmed temperature of 100.4° Fahrenheit or if they say "yes" to any of the COVID-19 screening-survey questions) or if there is any suspicion that they are sick or symptomatic, they must be declined admittance and will not be allowed to participate or watch a sporting practice, game or competition. If they arrived with other people (parents/guardians, teammates, etc.), everyone in the group must also be declined admittance and leave immediately.
    - Advise them to go home, stay away from other people, contact their primary care provider or local health authority for further instructions, including where and when to access a test.

- Assigned staff or volunteers should provide the individual with a face covering and help the individual minimize their contact with others before leaving the facility. Immediately disinfect all areas used by the individual.

POSITIVE TEST PROTOCOLS (*Updated as of February 17, 2021)

- If a **coach, manager, or player/athlete of the same team** tests positive for COVID-19, the entire team (if they had been in close contact with the positive individual) MUST quarantine for 10 days (if they remain asymptomatic) after last exposure or 7 days if they get tested 5 days after the last exposure (and remain asymptomatic) and the results are negative.
  - All team activities and practices must be canceled for 10 days during the quarantine period or 7 days if everyone gets tested 5 days after the last exposure and the results are negative.
  - Per CDC, people who have been in close contact with someone who has COVID-19 are not required to quarantine if they have been fully vaccinated (2 weeks after final dose) against the disease within the last three months and show no symptoms.
- If a **household member** of a coach, manager, or player/athlete of the same team tests positive for COVID-19, that coach, manager, or player/athlete must notify the sports program administrator or appropriate contact and must cease all activities with the team for 10 days after last exposure or 7 days if they get tested 5 days after the last exposure and the results are negative.
- If a player/athlete, coach, or team staff member become sick with COVID-19, they should notify the sports program administrator or appropriate contact. They MUST cease all athletic activity and participation and MUST be on home isolation:
  - If the individual has symptoms:
    - At least 10 days since symptoms first appeared **and**
    - At least 24 hours with no fever without fever-reducing medication **and**
    - Other symptoms of COVID-19 are improving.
  - If the individual has NO symptoms:
    - 10 days have passed since the date of specimen collection for the positive test.
  - CDC: *"youth sports organizations should notify local health officials, youth sports program staff, umpires/officials, and families immediately of anyone with COVID-19 while maintaining that person's confidentiality in accordance with the Americans with Disabilities Act (ADA)."*
- It is recommended that anyone who previously tested positive for COVID-19 receive medical clearance before play or activity.

CONTACT TRACING

Cooperate with a Local Health Authorities on contact tracing. Contact tracing is the process used to identify those who have come into contact with people who have tested positive for COVID-19. Given that club sports teams and recreational sports teams are comprised of students enrolled in local school districts, it will be necessary for both club/recreational youth sports staff and school district staff, including but not limited to administrators, school nurses, school safety specialists, counselors, and any other staff deemed appropriate by the school district, to collaborate and assist LHDs with contact tracing in the event of illness of a player, coach, referee, athletic trainer, and/or anyone else involved with a sports team/group.

Consider encouraging the use of the Nevada COVID Trace app for players/athletes, team staff, officials, and household members. The NV COVID Trace App is a free, easy-to-use mobile phone app that gives us the information we need to fight COVID-19, without compromising your privacy. The app will help Nevadans protect each other and slow the spread by notifying you if you've likely been exposed to COVID-19. Empowering you to quarantine effectively, seek timely medical attention, and reduce risk for your loved ones.

CAPACITY FOR ALLOWED PRACTICES & COMPETITIONS

All allowed sport activities must abide by the limit on gatherings, per Directive 037 which is currently limited to 100 people or 35% capacity, whichever is less, through March 14, 2021, and then 250 people or 50 percent capacity, whichever is less, beginning March 15, 2021. See, "Nevada Guidance for Safe Gatherings" for additional information.

MANAGE THE FLOW OF PEOPLE TO AVOID CONGESTION AND CROWDING

- Games and practices MUST be timed to allow **at least a 30-minute break between the finish and start of subsequent sessions**, to allow for departure and arrival without congestion.
- Players and coaches are encouraged to **minimize their arrival time** prior to a game or practice session.
- Teams and spectators are required to depart the field or facility immediately upon completion of the game or practice.
- Encourage players to wait in their cars with guardians as feasible until just before the beginning of a practice, warm-up, or game, instead of forming a group.
    - Stay outside of the premises (e.g., in vehicles) until scheduled practice or play time. This allows people to leave the premises before entering and minimizes gathering. Encourage players and players' families to do the same.
- Stagger arrival and departure times for staff, players and spectators to minimize congregating at entrances, exits and restrooms to follow required physical distancing requirements. To the extent practicable, separate entrances/exits for staff, players and spectators.
- Consider assigning staff to monitor number of individuals in a restroom at one time to prevent congestion.
- When multiple sporting events occur at the same sports complex or venue at the same time, leagues, coaches and trainers are required to:
    - Ensure players and spectators for sporting events do not share space, including but not limited to restrooms, hallways, concession stands.
    - Ensure that high-traffic areas such as entrances, exits, check-in tables, restrooms and concession areas, are cleaned and sanitized between subsequent games and events.

SPECTATORS

- Under the Governor's Directive 037 related to gatherings, spectators may be allowed at sporting events covered under this guidance pursuant to the capacity restrictions set forth in the directive. However, it is still recommended that fans at sporting events be additionally limited and restricted to minimize the congregation of fans, parents/guardians, household members, and other spectators during this pandemic.

SOCIAL DISTANCING

- Coaches, managers and/or league directors MUST assign a designated monitor to make sure that spectators keep 6 feet of physical distance, including at entrances, exits, restrooms and any other area where people may gather.
- Assign designated areas for managers and coaches, when not practicing/playing, to ensure physical distancing is maintained.
- Develop and implement a plan to limit the number of spectators admitted into the premises so that all staff, volunteers, contractors and spectators can keep 6 feet of physical distance.
- Ensure everyone at the sports facility, including all players, coaches, referees, volunteers and independent contractors, to keep a physical distance of at least 6 feet from individuals not residing in the same household, especially in common areas.
- When feasible, increase the size of the field or court.
- Encourage social distancing through increased spacing during warm-ups, small groups, and limited mixing between groups, and staggered scheduling, arrival, and drop off, as feasible.
- During times when players are not actively participating in practice or competition, ensure social distancing by increasing space between players on the sideline, dugout, or bench. Additionally, coaches can encourage athletes to use downtime for individual skill-building work or cardiovascular conditioning, rather than staying clustered together.
- Space players at least 6 feet apart on the field, when possible, while participating in the sport (such as during warmup, skill building activities and simulation drills).
- If keeping physical distance is difficult with players in competition or group practice, consider relying on individual skill work and drills.
- Limit contact with other teams. Create physical distance between players when explaining drills or the rules of the game.
- Provide physical guides and post signs or visual cues on the ground or walls to indicate appropriate spacing distance.
- Discourage unnecessary physical contact, such as high fives, handshakes, fist bumps, or hugs.
- Players are strongly encouraged not to travel with other members of the team and only members of their immediate households.

LIMIT SHARED EQUIPMENT & AVOID COMMONLY TOUCHED SURFACES

- Players' personal items and equipment should be spaced out at least 6 feet apart.
- Encourage players to use only their own equipment when feasible. Avoid or minimize equipment sharing.
    - When it is necessary to share critical or limited equipment, all surfaces of each piece of shared equipment MUST be cleaned and disinfected frequently, as appropriate for the sport (e.g., between players, sets, periods, or games). Use disinfectants that are included on the Environmental Protection Agency (EPA) approved list for the SARS-CoV-2 virus that causes COVID-19.
    - Clean all equipment that directly contacts the head, face and hands with extra attention and detail.

- Players should not pick-up or touch another teams' equipment when not necessary for play. During games or competitions equipment for play should be provided by one team or the league/association for optimal control to the extent practicable.
- Encourage players or their family members to clean and disinfect equipment after each use.
- Players must bring their own water/beverage to consume during and after games and practice. No shared drinking fountains / stations or shared water coolers. Close water fountains, except for those designed to refill water bottles without contact between the bottle and fountain. Encourage players to bring prefilled water bottles.
- No shared/communal snacks.
- Encourage players to not spit or eat sunflower seeds, gum, or other similar products.

CLEANING & DISINFECTION

LEAGUES, COACHES, MANAGERS, TRAINERS & STAFF are responsible for ensuring all requirements are met and guidance is followed:

- Frequently clean and disinfect shared equipment and objects/surfaces that are frequently touched. This includes, but is not limited to, equipment such as bats and rackets. This may also include gate handles, light switches, sink handles, countertops, and benches. Use disinfectants that are included on the Environmental Protection Agency (EPA) approved list for the SARS-CoV-2 virus that causes COVID-19.
    - Separate equipment in a container to be cleaned and disinfected before reusing.
    - Equipment that cannot be cleaned and sanitized should not be used.
- Develop a schedule for cleaning and disinfecting, including, at minimum, before and after each practice and game.
- Jerseys, uniforms and other practice/game attire should be washed after every use.
- Require staff and players to practice healthy hygiene including washing their hands frequently and covering their sneezes and coughs. Wash hands often with soap and water for at least 20 seconds, especially after touching shared objects or blowing your nose, coughing, or sneezing. Avoid touching your eyes, nose, and mouth.
- Provide hand sanitizer stations and encourage all participants and adults to wash and sanitize hands regularly. Use an alcohol-based hand sanitizer that contains at least 60% alcohol or wash hands with soap and water for at least 20 seconds. If hands are visibly soiled, soap and water should be used before using alcohol-based hand sanitizer.
- Leagues, coaches, managers and trainers MUST have supplies for event staff and participants available, including hand sanitizer that contains at least 60% alcohol, tissues, trash baskets, disposable facemasks, and disinfecting products.
- Participants should pick up their own trash at the conclusion of all games, practices and activities. Extra trash bins should be provided, and more frequent disposal should occur. Where applicable, departing teams or league representative must sanitize the team/player area.
- Ensure restrooms are cleaned and disinfected prior to and after any league activity.

SIGNAGE

- Post signage at gathering venue entrances outlining established protocols. Consider utilizing signage with easy to interpret graphics in commonly used languages reminding everyone to maintain 6 feet of distance, wear masks, wash hands, etc.
- Post instructions for individuals throughout the gathering venue at entrances, and inform individuals of:
    - Capacity limits (see above);
    - Prohibitions on entering a gathering if they are experiencing symptoms;
    - Hygiene and social distancing instructions, signage, and markings; and
    - Face covering requirements.

ENCOURAGED BEST PRACTICES

- Teams/ groups should be static, with no mixing of employees or participants between groups for the duration of the season, if practical.
- Teams/ groups should not add new participants once the season has started.
- If practical, assign participants from the same household to the same team or group.
- Limit spectators to immediate household members or guardians of participants.
- If practical, assign shared equipment to one household for duration of sports season.
- Limit spectators to immediate household members or guardians of participants.
- Provide reasonable accommodation for COVID-19-vulnerable employees, including but not limited to work from home (if feasible), reduced contact with others, use of barriers to ensure minimum distance between others whenever feasible or other accommodations that reduce chances of exposure.
- Allow only trainers, coaches and players to attend practices to ensure physical distancing and prevent people from gathering.
- Ensure that ventilation systems operate properly. Increase air circulation and ventilation as much as possible by opening windows and doors. In indoor spaces, fans should only be used when windows or doors are open to the outdoors in order to circulate indoor and outdoor air. Do not open windows and doors if doing so poses a safety or health risk to staff, spectators or players.

NEVADA's ROADMAP TO RECOVERY: Pre-K – 12 Education

February 17, 2021

NEVADA'S ROADMAP TO RECOVERY: Pre-K-12 Education

February 17, 2021

As Nevada navigates the COVID-19 global pandemic and continues vaccinating residents through an efficient and equitable approach, plans for a safe reopening must focus on how we can continue mitigating the spread while getting Nevadans back to work, protecting and recovering our economy, and **getting our students back to in-person learning in the safest way possible**.

According to state public health officials, a critical component of a successful reopening plan is that current restrictions must be eased incrementally and we continue to follow the mitigation measures that are proven to work. Commonly recommended or required mitigation measures are still the best way to protect people until wide-spread vaccination becomes available, including:

- limiting the number of people in enclosed spaces,[1]
- social distancing of at least 6 feet,[2]
- requiring the use of masks,[3, 4]
- increasing ventilation,[5] and
- using disinfectants on high-touch surfaces.[6]

Each mitigation measure reduces overall risk, and combining all of these measures has proven to be the most effective.

Pre-K-12 Education

As district and school leaders and members of the public continue to assess the risk associated with specific activities and work together to mitigate the spread and decrease community transmission, they must remember that the risk of infection from COVID-19 increases as the:

- Size of groups increases,[7, 8, 9]
- Length of exposure increases,[10]
- Amount of ventilation (indoors or outdoors) increases,[11, 12] and
- Amount of time unmasked increases.[13]

The following information is excerpted from the Centers for Disease Control and Prevention's Operational Strategy for K-12 Schools through Phased Mitigation as released on February 12, 2021:

> While fewer children have been sick with COVID-19 compared to adults, children can be infected with the virus that causes COVID-19, can get sick from COVID-19, and can spread the virus that causes COVID-19 to others. Children, like adults, who have COVID-19 but have no symptoms ("asymptomatic") can still spread the virus to others.
>
> Most children with COVID-19 have mild symptoms or have no symptoms at all. However, some children can get severely ill from COVID-19. Because children with the virus that causes COVID-19 can spread it to other children and to adults, it is important to take measures to minimize risk of spread in school settings. Implementation of multiple mitigation strategies – including limiting group size, ensuring social distancing, requiring face coverings,
>
> increasing ventilation, and regular disinfecting of high-touch surfaces – can limit the spread of the COVID-19 in many settings. Application and adherence to multiple mitigation measures provided in this document help schools reopen and stay open safely for in-person learning.

Decisions regarding instructional models should be guided by information on school-specific factors such as mitigation strategies implemented, local needs, stakeholder input, the number of cases among students, teachers, and staff, and school experience. A decision to remain open for in-person or hybrid instruction should involve considerations for further strengthening mitigation strategies and continuing to monitor cases to reassess decisions. This should be driven by a "classroom-first" approach; **in-person or hybrid instruction should be prioritized over extracurricular activities including sports and school events**, a common source of school transmission, to minimize risk of transmission in schools and protect in-person learning opportunities.

Expecting and planning for the occurrence of one or more cases of COVID-19 in schools can help schools respond immediately to mitigate the impact, minimize spread within schools, and allow the school to remain open for in-person or hybrid learning. When mitigation strategies are consistently and correctly used, the risk of spread within the school environment is decreased[1,14,15]. For schools to operate in-person learning safely for some or all students, the association between levels of community transmission and risk of transmission in school must also be considered. **Communities that fully implement and strictly adhere to multiple mitigation strategies, especially universal and proper masking, will reduce COVID-19 incidence within the community as well as within schools to protect students, teachers, and staff members.**

Pre-K-12 Education Mitigation Timeline

The following restrictions and measures apply to the use of district/school/pre-K provider facilities for educational purposes, including but not limited to delivering in-person or hybrid instruction; instructional activities such as special education evaluations and individualized tutoring; administering assessments; administrative activities by educators, staff, or students; professional development and instructional planning; and family and community engagement activities such as school registration, Individualized Education Plan (IEP) meetings, and volunteer and partnership planning.

Guidance regarding athletic events is provided by the Nevada Interscholastic Activities Association (NIAA).

	Current Restrictions	New Measures starting Thursday, February 18 at 12:01am
CAPACITY	County school districts, charter schools, and private schools that reopen school buildings or facilities must ensure that **occupancy shall not exceed the lesser of 50% of the listed fire code capacity of a single space within a school site or fifty (50) persons** in an appropriately sized space that enables all social distancing requirements to be satisfied.^	***For schools that have been open for at least 20 days of in-person instruction, including hybrid instruction:*** Occupancy in county school districts, charter schools, and private schools that reopen schools buildings or facilities must not exceed the **lesser of 250 persons or 75% of maximum occupancy based on listed fire code capacity of a single space within a school site** and must abide by all guidelines promulgated by the Nevada Department of Education.
SOCIAL DISTANCING	(1) For pre-school, elementary and middle school students, not less than **3 feet apart** from other pre-school, elementary, or middle school students; (2) For high school students and district and school staff at all levels, including pre-school elementary, and middle school, not less than **6 feet apart** from all other individuals.#	County school districts, charter schools, and private schools may adopt social distancing protocols with **a minimum allowable distance of not less than 3 feet apart between students at all levels**, including pre-school, elementary, middle school, and high school, while in school buildings and facilities.

SOCIAL DISTANCING CONT.		Physical distancing of 6 feet or more (to the greatest extent possible) is encouraged, per the CDC recommendations. For district and school staff and any other adults in school buildings or facilities at all levels, **adults must be not less than 6 feet apart from students and not less than 6 feet apart from other adults**.[#]
TRANSPORTATION	Occupancy shall not exceed **50% of capacity**. Regardless of age, for all passengers on school buses while on school buses **3 feet apart from other passengers and 6 feet apart from the driver**.[#]	**School transportation vehicles, including school buses, may operate at 66% capacity.** Social distancing of **at least 3 feet between students** and **6 feet between students and adults** should be maintained to the maximum extent practicable, especially when community transmission rates are high.
LARGE GATHERING PLANS	**NOT** allowed for submission and approval	**School Large gathering plans*** allowed for submission and potential approval, per Directive 037. **NO approvals will be provided until March 1** at the earliest. Refer to the further explanation and process below. **Districts/schools planning large gatherings for purposes outside of the educational purposes outlined above, which may include performances, graduations, and other ceremonies or celebrations, must submit a Large Gathering Plan for possible approval by local public health authorities, review by the Nevada Department of Education, and possible approval by the State Chief Medical Officer. Large in-person gatherings can present risk for increasing the spread of COVID-19 if social distancing, face covering requirements, and other mitigation guidance is not followed. Districts/schools are encouraged to plan remote events and gatherings as an alternative to hosting in-person gatherings.*
FACE COVERINGS	**Face covering directives will apply to county school district and charter school settings as follows:** 1. All kindergarten through 12th grade students (regardless of whether they would be exempt from a face covering ordinance based on their age) and all school staff must wear cloth face coverings while on school buses, in school buildings, or on school campuses unless approved for an exemption under this section as follows: a. School building administrators may approve exemptions for students: i. Who are medically fragile as documented per an existing Individualized Education Program or health-related 504 Plan; or ii. Who can produce documentation from a medical professional that they are exempt in	Students, employees, and visitors **MUST** always wear face coverings as required by Directive 028 with the following limited exceptions: 1. **RECESS**: K-12 students actively exercising while at recess or in physical education class do not need to wear a face covering if activities are taking place outdoors. If activities must take place indoors, face coverings must be worn at all times. Social distancing of at least 3 feet should be maintained between students at all times, including while exercising, whether indoors or outdoors. 2. **MUSIC & PERFORMING ARTS**: Students may remove their face covering while

FACE COVERINGS CONT.	accordance with subsection 3 of section 7 of Directive 024. b. School building administrators may approve exemptions for school staff who can produce documentation from a medical professional that they are exempt in accordance with subsection 3 of section 7 of Directive 024. 2. Parents, vendors, volunteers, visitors, and guests who are unable or unwilling to wear cloth face coverings under any circumstances or exemptions should not be allowed on school buses, in school buildings, or on school campuses.	actively playing an instrument that requires use of their mouth. When students are not playing an instrument that requires use of their mouth, they must wear a face covering (unless class is outdoors and social distancing of not less than 6 feet can be maintained). When singing, individuals must wear a face covering. 3. **SPORTS**: Guidance regarding the use of face coverings during youth sports will be promulgated by the Nevada Interscholastic Activities Association *Based on CDC guidance: https://www.cdc.gov/coronavirus/2019-ncov/downloads/community/CFC_Guide_for_School_Administrators.pdf*
NEVADA INTERSCHOLASTIC ACTIVITIES ASSOCIATION (NIAA) SPORTS	Student athletics training, practices, and competition may reopen in accordance with guidance promulgated by the NIAA and any applicable conditions set forth by this and subsequent Directives regarding allowable sports and athletic events. **Full-contact and close-contact sports** may resume only on a limited basis for athletic conditioning, drills, and practice**s in which dummy players, sleds, punching bags, and similar equipment are used, but athletes do not come into contact with other players. Sporting events are subject to the gathering restrictions.	**Full-contact sports governed and regulated by the NIAA may commence practice and competitions** in accordance with guidance promulgated by the NIAA and the applicable conditions set forth by Directive 038. **TESTING & MITIGATION PLAN:** The NIAA **MUST** promulgate a **mandatory COVID-19 testing and mitigation plan** for full-contact sports that must be adopted and followed by each school district and school intending to allow full-contact and close-contact sports. A plan must require *at a minimum* weekly testing of coaches, staff and athletes participating in these sports. Prior to the commencement of competitions of full-contact sports *between schools*, the local county school district or county school superintendent **MUST** approve the commencement of the particular full-contact sport including agreement to implement the NIAA testing and mitigation plan. Spectators will be allowed to attend all NIAA sporting events subject to the applicable limitations set forth in Directive 037 for gathering and events. Host schools will be responsible for ensuring compliance with applicable gathering and event guidelines, capacity limitations and protocols as set forth in Directive 037.

^County school district, charter school, and private school leaders may request a variance for all school facilities or specific buildings among school facilities from certain requirements subject to the review by the Nevada Department of Education and approval by the State's Chief Medical Officer

#County school districts, charter schools, and private schools may maintain social distancing protocols that are stricter than these standards as laid out in Directive 028, but they may not adopt standards that are less restrictive without an approved variance

**Statewide directives that will remain in place to mitigate the spread will include, but not be limited to: face covering mandate and social distancing safety protocols*

*** For the purposes of this guidance and related Emergency Directive, sporting activities shall be categorized as follows:*

- ***Full-contact and close-contact sports**: Sports that require or are likely to have routine or sustained close proximity or physical contact between participants, and including without limitation, football, rugby, wrestling, cheerleading, basketball, hockey, group dance, group cheer, water polo, lacrosse, boxing, and martial arts.*
- ***Minimal-contact sports**: Sports that are characterized by some close, sustained contact, but with protective equipment in place between participants, characterized by intermittent close contact, or characterized by its use of equipment that cannot be cleaned between participants, including without limitation, softball, baseball, soccer, volleyball, and flag football.*
- ***Non-contact sports**: Sports that can be done individually, do not involve person-to-person contact and do not routinely entail individuals interacting within six feet of one another, including without limitation, tennis, pickle ball, swimming, golf, cross-country, track and field, sideline or no-contact cheer and dance, snow skiing, snowboarding, cycling, swimming, diving, disc golf, horseback riding, and figure skating.*

LARGE GATHERING PLANS for County School Districts, Charter Schools, and Private Schools

Per Directive 037, beginning on **March 1**, event or gathering venues and organizers, *including county school districts, charter schools and private schools*, who plan to host a gathering, event, performance, or other congregation of people in a space with fixed seated capacity of 2,500 or more, may submit a Large Gathering Venue COVID-19 Preparedness & Safety Plan ("Large Gathering Plan") for approval prior to hosting the large event or gathering.

Large Gatherings will NOT be permitted to take place until March 1 at the earliest and can only take place upon receiving review, must follow strict social distancing requirements and be able to adhere to all mitigation protocols. Large Gatherings will **not** be allowed without approval of a submitted plan.

In order for county school districts, charter schools and private schools to host a Large Gathering **prior to May 1** per Directive 037, they must submit a Large Gathering Plan which will be considered for approval as follows:

1) First, the Large Gathering Plan must be submitted to the local health authority with jurisdiction over the location of the gathering or event for review and confirmation that the Plan meets the local public health standards and will not place an unacceptable burden on the local health infrastructure. *(See "Large Gathering Venue COVID-19 Preparedness & Safety Plan Submission Guide" for list of local health authorities by jurisdiction)*
2) Following written confirmation by the appropriate local health authority, **the Large Gathering Plan must be submitted by the host to the Nevada Department of Education for review and to the State Chief Medical Officer for final approval**. County, city, and municipality local government authorities may not approve a Large Gathering Plan.
