Principal's Report

September, 2026

The 2026–2027 school year has started with excitement. I am grateful for the warm welcome I have received from our students, staff, families, and community as I begin my role as PK–12 Principal. I appreciate our staff's support and willingness to work together to make the beginning of the school year a positive experience for our students.

Staff members worked hard during our in-service days to prepare classrooms, establish routines, collaborate with colleagues, and prepare for students. Professional development and staff conversations have focused on supporting student learning and building a positive school culture.

One of my priorities this year is to continue developing a collaborative culture in which staff members feel supported, valued, and comfortable sharing ideas and concerns. I look forward to working with our teachers and staff throughout the year to strengthen instruction and student achievement.

Student learning will remain at the center of our work this year. We will continue to use student data to identify areas of strength and areas where additional support may be needed. As we move through the next month, I will be spending time in classrooms, talking with teachers and students, and learning more about the instructional practices happening throughout our school.

Building positive relationships with students is an important part of this work. I want our students to know that adults in our school care about them, believe in them, and expect them to do their best. We will continue working to create a school environment where students feel safe, connected, and ready to learn.

Looking Ahead

As we move into the last few weeks of September and the beginning of October, my priorities will include:

- Continuing to build relationships with students, staff, families, and community members
- Visiting classrooms and learning more about instruction across the PK–12 system
- Reviewing student achievement and assessment data
- Working collaboratively with teachers to identify instructional priorities

I am excited about the school year ahead and grateful for the opportunity to serve the students, staff, families, and community. There are many strengths within our school, and I look forward to building on those strengths as we work together to provide the best possible educational experience for our students.

Celebrations

The staff and students at W/P are worth bragging about! Below are some data I thought were worth sharing.
