**Executive Director of Student Services  
Board Update  
November 2022**

**Values**

**Collaboration:** Working together to achieve more collectively.

- Administrative professional development: The third Thursday of each month from 2:30-4pm is set aside for professional development for our administrative team. Each month, under the leadership of Dr. Brooke Peterson, we address evaluation and various human resources topics in an effort to be consistent across the district. In addition, this year we are doing a book study with the book Street Data. This has been an important time for our administrative team to grow and develop together.

**Empathy:** Considering and respecting the perspective and needs of member districts, students, families and staff.

- Superintendent retreat: On Tuesday, October 25 we had the opportunity to meet with superintendents and board members at their annual retreat at the Minnesota Humanities Center to follow up with the meeting held with member district leadership on September 21. We presented seven action items. An email was sent following the meeting seeking feedback via a Google Form. As we develop our action plan based on this feedback, we will share it.
- Related services: This year two member districts reached out seeking support with DAPE as well as speech/language services. These are typically not services that we provide to our member districts. After careful review of our needs as well as theirs, we were able to provide DAPE services to South St. Paul Public Schools and speech/language services to Farmington Public Schools.

**Innovation:** Ongoing improvement of programs and services.

- Badging: Our department of teaching and learning has been working to develop a badging system for students and staff to connect our Data Hub with their achievements in the classroom. Students can earn five different badges for reaching goals, showing kindness, completing screening, and two different badges for reading.
- Independent study: Chris Devine and our DCALS program have worked diligently to ensure our independent study program is fully functional within Infinite Campus. This was a huge undertaking and aligns with secondary goals for their CIP.

**Stewardship:** Managing financial and human resources carefully and responsibly.

- Budget adjustments: While budget adjustments will not come before the board for some time, we begin the process now. Administrators are updating our organizational spreadsheet that details their staffing. Additionally, they will begin working through the budget adjustment worksheet during November.

**Communication:** Multi-dimensional, transparent conversation focused on sharing information and creating a positive learning and working environment.

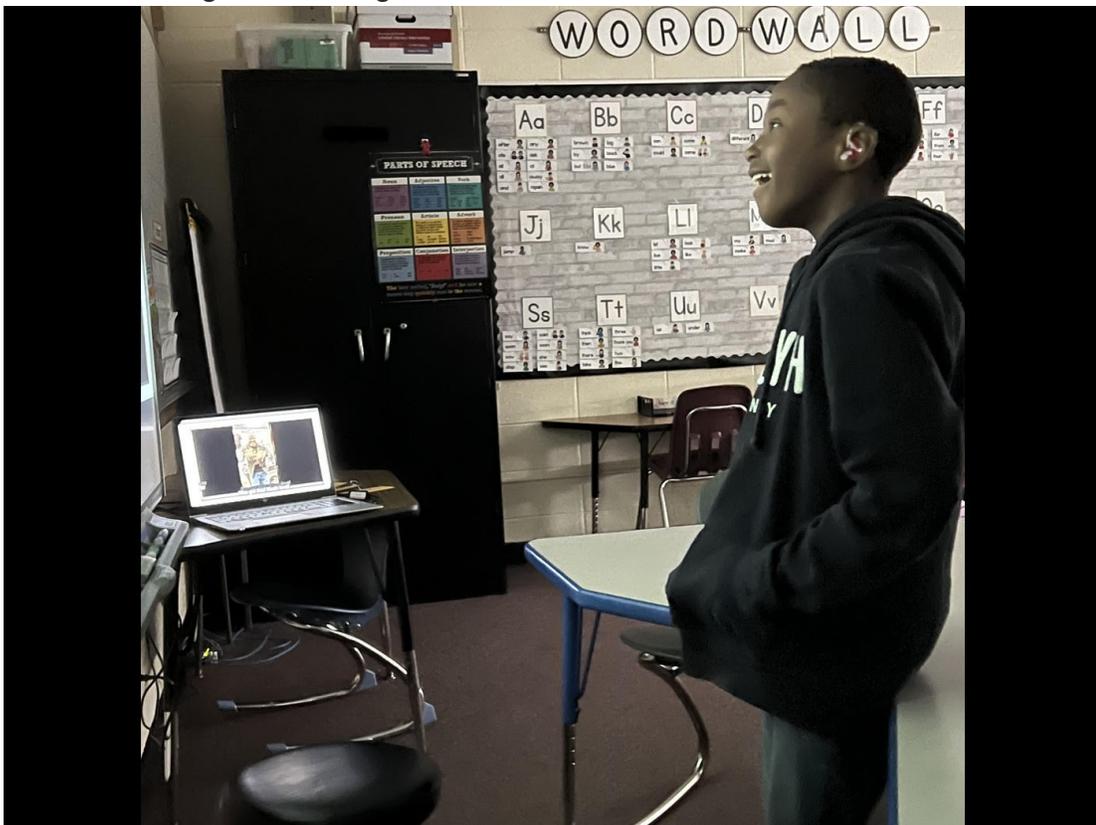

- District Update: Our most recent Smore for district staff from special education and teaching and learning was sent on October 19. You can click [here](#) to read the latest issue.

**Integrity:** Aligning our actions with our values and beliefs.

- Core values: Our team of district leaders continues to meet to focus on how our core values support our district culture. Our last meeting focused on developing our charge statement. We will review this again when we meet next and then move on to other elements in developing this committee.

**Personalization:** Building on the strengths and addressing the unique needs of individual students.

- Recently Kwasi, a student at Lincoln Center Elementary in our Deaf/Hard of Hearing program, was surprised by his intervener with a personalized message from Warren Snipe, otherwise known as Wawa, a deaf rapper. To see the message, captioned for your accessibility, click [here](#). I've also included a photo of Kwasi watching the message.

- DCALS administration and counseling staff have collaborated to build a new system for registration that supports student voice and creates pathways for students to identify their pathway to graduation. In addition to this, credit trackers have been aligned between the DCALS-North and Main sites which was part of their continuous improvement plan.

**Equity:** Intentionally providing opportunities while removing barriers at all levels of the organization.

- Story Circles: The last Story Circles training was completed on October 19. This session was focused on the gift. Everyone brought an item to share that inspires or reminds them to bring their own authenticity and humanity into their professional life. It was a powerful session for participants.

**Diversity:** Appreciating and valuing everyone's unique selves.

- Staff highlight: Heather Moon is an Intervener Assistant in our Deaf/Hard of Hearing program at Lincoln Center Elementary. Recently, while at DeafNation, she arranged for a deaf rapper, Warren Snipe, otherwise known as Wawa, to record a message for the student with whom she works. He was thrilled to receive the message. He could really identify with the rapper. Heather went above and beyond and it made such a positive impact.

DATE: November 1, 2022  
RE: Final reading on policies

The policies listed below are a final reading.

- Policy 210 Conflict of Interest. The increase from \$8,000 to \$20,000 in potential school board member compensation for employment became effective July 1, 2022. Minor changes.
- Policy 404 Employment Background Checks. Legal reference changes.
- Policy 420 Student and Employees with Sexually Transmitted Infections and diseases and certain other communicable diseases and infectious conditions. Legal reference changes.
- Policy 603 Curriculum Development. This revision adds the District Advisory Committee statutory requirement to the policy.
- Policy 903 Visitors to Schools. Minor change.
- Policy 529 Violent Behavior by Students. Legal reference changes.

### **Third reading** on Policy 722 – Public Data Requests

- Policy 722 is being put back on for a second reading due to major changes from MSBA.
  - “In recent weeks, MSBA has heard from school districts that they have received questions regarding district policies on individuals’ requests for data about themselves or their child (“data subjects”). Specifically, the questions have focused upon Minnesota statutory law that is not directly quoted in Policy 722. MSBA and its law firm determined that the simplest approach would be to include all the legal definitions related to data and to add the Minnesota statutory language on data subjects to Policy 722. In addition, MSBA enhanced the Legal References section to clearly establish the legal basis for Policy 722.”

## **210 CONFLICT OF INTEREST – SCHOOL BOARD MEMBERS**

### **210 CONFLICT OF INTEREST – SCHOOL BOARD MEMBERS**

***[Note: The provisions of this policy substantially reflect legal requirements.]***

#### **I. PURPOSE**

The purpose of this policy is to observe state statutes regarding conflicts of interest and to engage in school district business activities in a fashion designed to avoid any conflict of interest or the appearance of impropriety.

#### **II. GENERAL STATEMENT OF POLICY**

It is the policy of the school board to contract for goods and services in conformance with statutory conflict of interest laws and in a manner that will avoid any conflict of interest or the appearance thereof. Accordingly, the school board will contract under the statutory exception provisions only when it is clearly in the best interest of the school district because of limitations that may exist on goods or services otherwise available to the school district.

#### **III. GENERAL PROHIBITIONS AND RECOGNIZED STATUTORY EXCEPTIONS**

- A. A school board member who is authorized to take part in any manner in making any sale, lease, or contract in his or her official capacity shall not voluntarily have a personal financial interest in that sale, lease, or contract or personally benefit financially therefrom.
- B. In the following circumstances, however, the school board may as an exception, by unanimous vote, contract for goods or services with a school board member of the school district:
  1. In the designation of a bank or savings association, in which a school board member is interested, as an authorized depository for school district funds and as a source of borrowing, provided such deposited funds are protected in accordance with [Minn. Stat. Ch. Minnesota Statutes chapter 118A](#). Any school board member having said interest shall disclose that interest and the interest shall be entered upon the [school board minutes of the school board](#). Disclosure ~~must~~ shall be made when such bank or savings association is first designated as a depository or source of borrowing, or when such school board member is elected, whichever is later. Disclosure serves as notice of the interest and ~~must~~ [need](#) only be made once;
  2. The designation of an official newspaper, or publication of official matters therein, in which the school board member is interested when it is the only

newspaper complying with statutory requirements relating to the designation or publication;

3. A contract with a cooperative association of which the school board member is a shareholder or stockholder but not an officer or manager;
  4. A contract for which competitive bids are not required by law. A contract made under this exception will be void unless the following procedures are observed:
    - a. The school board ~~must~~ shall authorize the contract in advance of its performance by adopting a resolution setting out the essential facts and determining that the contract price is as low as or lower than the price at which the goods or services could be obtained elsewhere.
    - b. In the case of an emergency when the contract cannot be authorized in advance, payment of the claims must be authorized by a like resolution wherein the facts of the emergency are also stated.
    - c. Before a claim is paid, the interested school board member ~~shall~~ must file with the clerk of the school board an affidavit stating:
      - (1) The name of the school board member and the office held;
      - (2) An itemization of the goods or services furnished;
      - (3) The contract price;
      - (4) The reasonable value;
      - (5) The interest of the school board member in the contract; and
      - (6) That to the best of the school board member's knowledge and belief, the contract price is as low as, or lower than, the price at which the goods or services could be obtained from other sources.
  5. A school board member may contract with the school district to provide construction materials or services, or both, when the sealed bid process is used. When the contract comes before the school board for consideration, the interested school board member may not vote on the contract. (**Note:** *This section applies only when the school district has a population of 1,000 or less according to the last federal census.*)
  6. A school board member may rent space in a public facility at a rate commensurate with that paid by other members of the public.
- C. In the following circumstances, the school board may as an exception, by majority vote at a meeting ~~where at which~~ all school board members are present, contract for services with a school board member of the school district: A school board member may be newly employed or may continue to be employed by the school district as an employee ~~where~~ only if there is a reasonable expectation on July 1, or at the time the contract is entered into or extended, that the amount to be earned by that school board member under that contract or employment relationship, will not exceed \$~~208~~,000 in that fiscal year. If the school board member does not receive majority approval to be initially employed or to continue in employment at a meeting ~~where at which~~ all school board members are

present, that employment ~~must be~~ immediately terminated and that school board member ~~will have~~ no further rights to employment while serving as a school board member in the school district.

*[Note: The \$8,000 figure increased to \$20,000 effective July 1, 2022]*

- D. The school board may contract with a class of school district employees, such as teachers or custodians, ~~where-when~~ the spouse of a school board member is a member of the class of employees contracting with the school board and the employee spouse receives no special monetary or other benefit that is substantially different from the benefits that other members of the class receive under the employment contract. ~~In order for~~ For the school board to invoke this exception, it must have a majority of disinterested school board members vote to approve the contract, direct the school board member spouse to abstain from voting to approve the contract, and publicly set out the essential facts of the contract at the meeting ~~where-in which~~ the contract is approved.

#### **IV. LIMITATIONS ON RELATED EMPLOYEES**

- A. The school board ~~can~~ must hire or dismiss teachers only at duly called meetings. ~~Where~~ When a husband and wife, brother and sister, or two brothers or sisters, constitute a quorum, no contract employing a teacher may be made or authorized except upon the unanimous vote of the full school board.
- B. The school board may not employ any teacher related by blood or marriage to a school board member, within the fourth degree as computed by the civil law, except by a unanimous vote of the full school board.

#### **V. CONFLICTS PRIOR TO TAKING OFFICE**

A school board member with personal financial interest in a sale, lease, or contract with the school district which was entered before the school board member took office and presents an actual or potential conflict of interest, shall immediately notify the school board of such interest. It shall thereafter be the responsibility of the school board member to refrain from participating in any action relating to the sale, lease, or contract. At the time of renewal of any such sale, lease, or contract, the school board may enter into or renew such sale, lease, or contract only if it falls within one of the enumerated exceptions for contracts relating to goods or services provided above and if the procedures provided in this policy are followed.

#### **VI. DETERMINATION AS TO WHETHER A CONFLICT OF INTEREST EXISTS**

The determination as to whether a conflict of interest exists is to be made by the school board. Any school board member who has an actual or potential conflict shall notify the school board of such conflict immediately. The school board member shall thereafter cooperate with the school board as necessary for the school board to make its determination.

## **404 EMPLOYMENT BACKGROUND CHECKS**

### **I. PURPOSE**

The purpose of this policy is to maintain a safe and healthful environment in the school district in order to promote the physical, social, and psychological well-being of its students. To that end, the school district will seek a criminal history background check for applicants who receive an offer of employment with the school district or such other background checks as provided by this policy. The school district may also elect to do background checks of volunteers, independent contractors and student employees in the school district.

### **II. GENERAL STATEMENT OF POLICY**

- A. The school district shall require that applicants for school district positions who receive an offer of employment submit to a criminal history background check. The offer of employment shall be conditioned upon a determination by the school district that an applicant's criminal history does not preclude the applicant from employment with the school district.
- B. The school district specifically reserves any and all rights it may have to conduct background checks regarding current employees or applicants without the consent of such individuals.
- C. Adherence to this policy by the school district shall in no way limit the school district's right to require additional information, or to use procedures currently in place or other procedures to gain additional background information concerning employees, applicants, volunteers, independent contractors and student employees.

### **III. PROCEDURES**

- A. The school district may conditionally hire an applicant pending completion of the background check, but shall notify the applicant that the applicant's employment may be terminated based on the result of the background check. Background checks will be performed by an external company contracted with the school district specializing in criminal history background checks.
- B. An applicant who is offered employment must sign a criminal history consent form, which provides permission for the school district to conduct a criminal history background check, and provide funds to cover the cost of conducting the criminal history background check. If the applicant fails to provide the school district with a signed Informed Consent Form and fee at the time the applicant receives a job

offer, the applicant will be considered to have voluntarily withdrawn the application for employment.

- C. The school district, in its discretion, may elect not to request a criminal history background check on an individual who holds an initial entrance license issued by the Minnesota Professional Educator Licensing and Standards Board or the **Minnesota** Commissioner of Education within the 12 months preceding an offer of employment or permission to provide services.
- D. The school district may use the results of a criminal background check conducted at the request of another school hiring authority if:
  - 1. the results of the criminal background check are on file with the other school hiring authority or otherwise accessible;
  - 2. the other school hiring authority conducted a criminal background check within the previous 12 months;
  - 3. the applicant executes a written consent form giving the school district access to the results of the check; and
  - 4. there is no reason to believe that the applicant has committed an act subsequent to the check that would disqualify the applicant for employment.
- E. When required, applicants must provide fingerprints to assist in a criminal history background check. If the fingerprints provided by the applicant are unusable, the applicant will be required to submit another set of prints.
- F. Copies of this policy shall be available in the school district's employment office and will be distributed to applicants for employment upon request. The need to submit to a criminal history background check may be included with the basic criteria for employment in the job posting and job advertisements.
- G. The applicant will be informed of the results of the criminal background check(s) to the extent required by law.
- H. If the criminal history background check precludes employment with the school district, the applicant will be so advised.
- I. The school district may apply these procedures to volunteers, independent contractors or student employees as though they were applicants for employment.
- J. At the beginning of each school year or when a student enrolls, the school district will notify parents and guardians about this policy and identify those positions subject to a background check and the extent of the school district's discretion in

requiring a background check. The school district may include this notice in its student handbook, a school policy guide, or other similar communication.

#### IV. CRIMINAL HISTORY CONSENT FORM

To obtain consent for a criminal history background check, the employee is sent a link from the District to complete their background screening online.

*Board Approved May 1, 2007*

*Board review, final reading, November 1, 2022*

**420 STUDENTS AND EMPLOYEES WITH SEXUALLY TRANSMITTED INFECTIONS AND DISEASES AND CERTAIN OTHER COMMUNICABLE DISEASES AND INFECTIOUS CONDITIONS**

**I. PURPOSE**

Public concern that students and staff of the school district be able to attend the schools of the district without becoming infected with serious communicable or infectious diseases, including but not limited to, Human Immunodeficiency Virus (HIV), Acquired Immunodeficiency Syndrome (AIDS), Hepatitis B, and Tuberculosis, requires that the school board adopt measures effectively responding to health concerns while respecting the rights of all students, employees, and contractors, including those who are so infected. The purpose of this policy is to adopt such measures.

**II. GENERAL STATEMENT OF POLICY**

A. Students

It is the policy of the school board that students with communicable diseases not be excluded from attending school in their usual daily attendance setting so long as their health permits and their attendance does not create a significant risk of the transmission of illness to students or employees of the school district. A procedure for minimizing interruptions to learning resulting from communicable diseases will be established by the school district in its IEP and Section 504 team process, if applicable, and in consultation with community health and private health care providers. Procedures for the inclusion of students with communicable diseases will include any applicable educational team planning processes, including the review of the educational implications for the student and others with whom the student comes into contact.

B. Employees

It is the policy of the school board that employees with communicable diseases not be excluded from attending to their customary employment so long as they are physically, mentally and emotionally able to safely perform tasks assigned to them and so long as their employment does not create a significant risk of the transmission of illness to students, employees, or others in the school district. If a reasonable accommodation will eliminate the significant risk of transmission,

such accommodation will be undertaken unless it poses an undue hardship to the school district.

C. Circumstances and Conditions

1. Determinations of whether a contagious individual's school attendance or job performance creates a significant risk of the transmission of the illness to students or employees of the school district will be made on a case by case basis. Such decisions will be based upon the nature of the risk (how it is transmitted), the duration of the risk (how long the carrier is infectious), the severity of the risk (what is the potential harm to third parties) and the probabilities the disease will be transmitted and will cause varying degrees of harm. When a student is disabled, such a determination will be made in consultation with the educational planning team.
2. The school board recognizes that some students and some employees, because of special circumstances and conditions, may pose greater risks for the transmission of infectious conditions than other persons infected with the same illness. Examples include students who display biting behavior, students or employees who are unable to control their bodily fluids, who have oozing skin lesions or who have severe disorders which result in spontaneous external bleeding. These conditions need to be taken into account and considered in assessing the risk of transmission of the disease and the resulting effect upon the educational program of the student or employment of the employee by consulting with the Commissioner of Health, the physician of the student or employee, and the parent(s) or guardian(s) of the student.

D. Students with Special Circumstances and Conditions

Intermediate District 917, along with the infected individual's physician, the infected individual or parent(s) or guardian(s), and others, if appropriate, will weigh risks and benefits to the student and to others, consider the least restrictive appropriate educational placement, and arrange for periodic reevaluation as deemed necessary by the state epidemiologist. The risks to the student shall be determined by the student's physician.

E. Extracurricular Student Participation

Student participation in nonacademic, extracurricular and non-educational programs of the school district are subject to a requirement of equal access and comparable services.

F. Precautions

The school district will develop routine procedures for infection control at school and for educating employees about these procedures. The procedures shall be developed through cooperation with health professionals taking into consideration any guidelines of the Minnesota Department of Education and the Minnesota Department of Health. (These precautionary procedures shall be consistent with the school district's procedures regarding blood-borne pathogens developed pursuant to the school district's employee right to know policy.)

G. Information Sharing

1. Employee and student health information shall be shared within the school district only with those whose jobs require such information and with those who have a legitimate educational interest (including health and safety) in such information and shall be shared only to the extent required to accomplish legitimate educational goals and to comply with employees' right to know requirements.
2. Employee and student health data shall be shared outside the school district only in accordance with state and federal law and with the school district's policies on employee and student records and data.

H. Reporting

If a medical condition of student or staff threatens public health, it must be reported to the **Minnesota** Commissioner of Health.

I. Prevention

    - (1) The actual cost of making copies includes employee time, the cost of the materials onto which the data is copied (paper, CD, DVD, etc.), and mailing costs (if any).
    - (2) Also, if the school district does not have the capacity to make the copies, e.g., photographs, the actual cost paid by the school district to an outside vendor will be charged.

2. All charges must be paid for [\[in cash\\_or by check\]](#) in advance of receiving the copies.

[\[Note: the district should identify the payment methods that it will accept.\]](#)

**B. Summary Data**

1. Any costs incurred in the preparation of summary data shall be paid by the requestor prior to preparing or supplying the summary data.
2. The school district may assess costs associated with the preparation of summary data as follows:
  - a. The cost of materials, including paper, the cost of the labor required to prepare the copies, any schedule of standard copying charges established by the school district, any special costs necessary to produce such copies from a machine-based record-keeping system, including computers and microfilm systems;
  - b. The school district may consider the reasonable value of the summary data prepared and, where appropriate, reduce the costs assessed to the requestor.

**C. Data Belonging to an Individual Subject**

1. [The responsible authority or designee may require the requesting person to pay the actual costs of making and certifying the copies.](#)

[The responsible authority shall not charge the data subject any fee in those instances where the data subject only desires to view private data.](#)

[The responsible authority or designee may require the requesting person to pay the actual costs of making and certifying the copies. Based on the factors set forth in Minnesota Rule 1205.0300, subpart 4, the school district determines that a reasonable fee would be the charges set forth in section VIII.A of this policy that apply to requests for data by the public.](#)

2. [The school district may not charge a fee to search for or to retrieve educational records of a child with a disability by the child's parent or guardian or by the child upon the child reaching the age of majority.](#)

**IXVII. Annual Review and Posting**

- A. The responsible authority shall prepare a written data access policy and a written policy for the rights of data subjects (including specific procedures the school district uses for access by the data subject to public or private data on individuals). The responsible authority shall update the policies no later than August 1 of each year, and at any other time as necessary to reflect changes in personnel, procedures, or other circumstances that impact the public's ability to access data.
- B. Copies of the policies shall be easily available to the public by distributing free copies to the public or by posting the policies in a conspicuous place within the school district that is easily accessible to the public or by posting them on the school district's website.

### Important Disclosures

#### Important Disclosures

This statement is for general information purposes only and is not intended to provide specific advice or recommendations. PFM Asset Management LLC ("PFMAM") is an investment adviser registered with the U.S. Securities and Exchange Commission and a subsidiary of U.S. Bancorp Asset Management, Inc. ("USBAM"). USBAM is a subsidiary of U.S. Bank National Association ("U.S. Bank"). U.S. Bank is a separate entity and subsidiary of U.S. Bancorp. U.S. Bank is not responsible for and does not guarantee the products, services or performance of PFMAM. PFMAM maintains a written disclosure statement of our background and business experience. If you would like to receive a copy of our current disclosure statement, please contact Service Operations at the address below.

**Proxy Voting** PFMAM does not normally receive proxies to vote on behalf of its clients. However, it does on occasion receive consent requests. In the event a consent request is received the portfolio manager contacts the client and then proceeds according to their instructions. PFMAM's Proxy Voting Policy is available upon request by contacting Service Operations at the address below.

**Questions About an Account** PFMAM's monthly statement is intended to detail our investment advisory activity as well as the activity of any accounts held by clients in pools that are managed by PFMAM. The custodian bank maintains the control of assets and executes (i.e., settles) all investment transactions. The custodian statement is the official record of security and cash holdings and transactions. PFMAM recognizes that clients may use these reports to facilitate record keeping and that the custodian bank statement and the PFMAM statement should be reconciled and differences resolved. Many custodians use a settlement date basis which may result in the need to reconcile due to a timing difference.

**Account Control** PFMAM does not have the authority to withdraw funds from or deposit funds to the custodian outside the scope of services provided by PFMAM. Our clients retain responsibility for their internal accounting policies; implementing and enforcing internal controls and generating ledger entries or otherwise recording transactions.

**Market Value** Generally, PFMAM's market prices are derived from closing bid prices as of the last business day of the month as supplied by Refinitiv or Bloomberg. For certain short-term investments or where prices are not available from generally recognized sources the securities are priced using a yield-based matrix system to arrive at an estimated market value. Prices that fall between data points are interpolated. Non-negotiable FDIC-insured bank certificates of deposit are priced at par. Although PFMAM believes the prices to be reliable, the values of the securities may not represent the prices at which the securities could have been bought or sold. Explanation of the valuation methods for a registered investment company or local government investment program is contained in the appropriate fund offering documentation or information statement.

**Amortized Cost** The original cost of the principal of the security is adjusted for the amount of the periodic reduction of any discount or premium from the purchase date until the date of the report. Discount or premium with respect to short term securities (those with less than one year to maturity at time of issuance) is amortized on a straightline basis. Such discount or premium with respect to longer term securities is amortized using the constant yield basis.

**Tax Reporting** Cost data and realized gains / losses are provided for informational purposes only. Please review for accuracy and consult your tax advisor to determine the tax consequences of your security transactions. PFMAM does not report such information to the IRS or other taxing authorities and is not responsible for the accuracy of such information that may be required to be reported to federal, state or other taxing authorities.

**Financial Situation** In order to better serve you, PFMAM should be promptly notified of any material change in your investment objective or financial situation.

**Callable Securities** Securities subject to redemption prior to maturity may be redeemed in whole or in part before maturity, which could affect the yield represented.

**Portfolio** The securities in this portfolio, including shares of mutual funds, are not guaranteed or otherwise protected by PFMAM, the FDIC (except for certain non-negotiable certificates of deposit) or any government agency. Investment in securities involves risks, including the possible loss of the amount invested. Actual settlement values, accrued interest, and amortized cost amounts may vary for securities subject to an adjustable interest rate or subject to principal paydowns. Any changes to the values shown may be reflected within the next monthly statement's beginning values.

**Rating** Information provided for ratings is based upon a good faith inquiry of selected sources, but its accuracy and completeness cannot be guaranteed.

Shares of some local government investment programs and TERM funds are marketed through representatives of PFMAM's affiliate, PFM Fund Distributors, Inc. which is registered with the SEC as a broker/dealer and is a member of the Financial Industry Regulatory Authority ("FINRA") and the Municipal Securities Rulemaking Board ("MSRB"). You may reach the FINRA by calling the FINRA Hotline at 1-800-289-9999 or at the FINRA website address <https://www.finra.org/investors/investor-contacts>. A brochure describing the FINRA Regulation Public Disclosure Program is also available from FINRA upon request.

#### Key Terms and Definitions

**Dividends** on local government investment program funds consist of interest earned, plus any discount ratably amortized to the date of maturity, plus all realized gains and losses on the sale of securities prior to maturity, less ratably amortization of any premium and all accrued expenses to the fund. Dividends are accrued daily and may be paid either monthly or quarterly. The monthly earnings on this statement represent the estimated dividend accrued for the month for any program that distributes earnings on a quarterly basis. There is no guarantee that the estimated amount will be paid on the actual distribution date.

**Current Yield** is the net change, exclusive of capital changes and income other than investment income, in the value of a hypothetical fund account with a balance of one share over the seven-day base period including the statement date, expressed as a percentage of the value of one share (normally \$1.00 per share) at the beginning of the seven-day period. This resulting net change in account value is then annualized by multiplying it by

365 and dividing the result by 7. The yields quoted should not be considered a representation of the yield of the fund in the future, since the yield is not fixed. **Average maturity** represents the average maturity of all securities and investments of a portfolio, determined by multiplying the par or principal value of each security or investment by its maturity (days or years), summing the products, and dividing the sum by the total principal value of the portfolio. The stated maturity date of mortgage backed or callable securities are used in this statement. However the actual maturity of these securities could vary depending on the level or prepayments on the underlying mortgages or whether a callable security has or is still able to be called.

**Monthly distribution yield** represents the net change in the value of one share (normally \$1.00 per share) resulting from all dividends declared during the month by a fund expressed as a percentage of the value of one share at the beginning of the month. This resulting net change is then annualized by multiplying it by 365 and dividing it by the number of calendar days in the month.

**YTM at Cost** The yield to maturity at cost is the expected rate of return, based on the original cost, the annual interest receipts, maturity value and the time period from purchase date to maturity, stated as a percentage, on an annualized basis.

**YTM at Market** The yield to maturity at market is the rate of return, based on the current market value, the annual interest receipts, maturity value and the time period remaining until maturity, stated as a percentage, on an annualized basis.

**Managed Account** A portfolio of investments managed discretely by PFMAM according to the client's specific investment policy and requirements. The investments are directly owned by the client and held by the client's custodian.

**Unsettled Trade** A trade which has been executed however the final consummation of the security transaction and payment has not yet taken place.

Please review the detail pages of this statement carefully. If you think your statement is wrong, missing account information, or if you need more information about a transaction, please contact PFMAM within 60 days of receipt. If you have other concerns or questions regarding your account, or to request an updated copy of PFMAM's current disclosure statement, please contact a member of your client management team at PFMAM Service Operations at the address below.

Re: District Revenue and Expenditure Budgets for your review

### **Information:**

- Enclosed for your review are the fiscal year 2022 and 2023 revenue and expenditure budgets to be published in the St. Paul Pioneer Press per Minn. Stat. section 123B.10.
- Information provided is based on the audited information for FY22 which will be presented to the board during the December 6, 2022 board meeting. FY23 information is based on the adopted revenues and expenditures approved by the board on June 14, 2022.
- In summary, FY22 operating fund balances came in higher than anticipated in comparison to the revised budgeted projection by an additional \$182,215. Internal Service Fund balances came in slightly lower than anticipated in comparison to the revised budget projection of (\$139,400) due to expenditure offsets from revenues coming in lower than projected in both medical and dental.

FY22 total ADM's served reporting came in higher in comparison to FY21 by 57 ADM's, but this is misleading because it includes 229.77 ADM's from member district targeted services programs in FY22 and 63.57 ADM's in FY21. If we removed member district target services ADM's we are experiencing a decrease -109 ADM's and our operating cost per ADM would reflect a 11.9% increase instead of -6.4%. The main sites attributable for this decrease is as follows: DCALS (all sites) -26 ADM's, IDEA 11 ADM's, SUN 28 ADM's, TESA 23 ADM's and remaining through out various programs.

REGARDING: DCALS North Campus update on lunch program

### **Pertinent Facts:**

- ISD 917 started offering DCALS North Campus Lunches starting the 2022-23 school year to ensure all students had access to meals.
- Student meals are ordered through Concord Education Center and ISD 917 employees provide transport to the DCALS North Campus. Cold lunch offering is only available option at this site due to the lack of a kitchen facility and square footage space at the site to prep bulk warm meals for students at this location.
- The first week of school student meals served ranged from 3-14 students and leftover meals ranged from 6-17 meals. As the month of September progressed it has declined to 0-2 meals served and leftover meals of 0-2 and taking a small loss revenue (please see attached September daily detail).
- After reviewing the situation with Chris Devine, Principal, stated students do not like the cold food option and are preferring to go off site for lunch. The current space is not adequate to even support prepping a hot meal at a different location and delivering it to the site because students would need to eat in the classrooms. It is an open campus and prefer to eat meals off site.
- The month of October continues to trend with 0-2 meals served (please see attached October daily detail). ISD 917 School Board, Superintendent and Administrators made this a priority to be equitable across the district for student access to the school lunch program.

### **Recommendation:**

Due to the lack of participation from students at DCALS North it is my recommendation to discontinue offering student lunch meals.

**532 USE OF PEACE OFFICERS AND CRISIS TEAMS TO REMOVE STUDENTS WITH IEPs FROM SCHOOL GROUNDS**

**I. PURPOSE**

The purpose of this policy is to describe the appropriate use of peace officers and crisis teams to remove, if necessary, a student with an individualized education program (IEP) from school grounds.

**II. GENERAL STATEMENT OF POLICY**

The school district is committed to promoting learning environments that are safe for all members of the school community. It further believes that students are the first priority and that they should be reasonably protected from physical or emotional harm at all school locations and during all school activities.

In general, all students, including those with IEPs, are subject to the terms of the school district's discipline policy. Building level administrators have the leadership responsibility to maintain a safe, secure, and orderly educational environment within which learning can occur. Corrective action to discipline a student and/or modify a student's behavior will be taken by staff when a student's behavior violates the school district's discipline policy.

If a student with an IEP engages in conduct which, in the judgment of school personnel, endangers or may endanger the health, safety, or property of the student, other students, staff members, or school property, that student may be removed from school grounds in accordance with this policy.

**III. DEFINITIONS**

For purposes of this policy, the following terms have the meaning given them in this section:

- A. "Student with an IEP" or "the student" means a student who is eligible to receive special education and related services pursuant to the terms of an IEP or an individual interagency intervention plan (IIIP).
- B. "Peace officer" means an employee or an elected or appointed official of a political subdivision or law enforcement agency who is licensed by the Board of Peace Officer Standards and Training, charged with the prevention and detection

of crime and the enforcement of general criminal laws of the state and who has the full power of arrest. The term “peace officer” includes a person who serves as a sheriff, a deputy sheriff, a police officer, or a state patrol trooper.

- C. “Police liaison officer” is a peace officer who, pursuant to an agreement between the school district and a political subdivision or law enforcement agency, is assigned to a school building for all or a portion of the school day to provide law enforcement assistance and support to the building administration and to promote school safety, security, and positive relationships with students.
- D. “Crisis team” means a group of persons, which may include teachers and non-teaching school personnel, selected by the building administrator in each school building who have received crisis intervention training and are responsible for becoming actively involved with resolving crises. The building administrator or designee shall serve as the leader of the crisis team.
- E. The phrase “remove the student from school grounds” is the act of securing the person of a student with an IEP and escorting that student from the school building or school activity at which the student with an IEP is located.
- F. “Emergency” means a situation where immediate intervention is needed to protect a child or other individual from physical injury.
- G. All other terms and phrases used in this policy shall be defined in accordance with applicable state and federal law or ordinary and customary usage.

#### **IV. REMOVAL OF STUDENTS WITH IEPs FROM SCHOOL GROUNDS**

##### **A. Removal By Crisis Team**

If the behavior of a student with an IEP escalates to the point where the student’s behavior endangers or may endanger the health, safety, or property of the student, other students, staff members, or school property, the school building’s crisis team may be summoned. The crisis team may attempt to de-escalate the student’s behavior by means including, but not limited to, those described in the student’s IEP and/or behavior intervention plan. When such measures fail, or when the crisis team determines that the student’s behavior continues to endanger or may endanger the health, safety, or property of the student, other students, staff members, or school property, the crisis team may remove the student from school grounds.

If the student’s behavior cannot be safely managed, school personnel may immediately request assistance from the police liaison officer or a peace officer.

##### **B. Removal By Police Liaison Officer or Peace Officer**

If a student with an IEP engages in conduct which endangers or may endanger the health, safety, or property of the student, other students, staff members, or school

property, the school building's crisis team, building administrator, or the building administrator's designee, may request that the police liaison officer or a peace officer remove the student from school grounds.

If a student with an IEP is restrained or removed from a classroom, school building, or school grounds by a peace officer at the request of a school administrator or school staff person during the school day twice in a 30-day period, the student's IEP team must meet to determine if the student's IEP is adequate or if additional evaluation is needed.

Whether or not a student with an IEP engages in conduct which endangers or may endanger the health, safety, or property of the student, other students, staff members, or school property, school district personnel may report a crime committed by a student with an IEP to appropriate authorities. If the school district reports a crime committed by a student with an IEP, school personnel shall transmit copies of the special education and disciplinary records of the student for consideration by appropriate authorities to whom it reports the crime, to the extent that the transmission is permitted by the Family Education Rights and Privacy Act (FERPA), the Minnesota Government Data Practices Act, and school district's policy, Protection and Privacy of Pupil Records.

The fact that a student with an IEP is covered by special education law does not prevent state law enforcement and judicial authorities from exercising their responsibilities with regard to the application of federal and state law to crimes committed by a student with an IEP.

C. Reasonable Force Permitted

In removing a student with an IEP from school grounds, a building administrator, other crisis team members, or the police liaison officer or other agents of the school district, whether or not members of a crisis team, may use reasonable force when it is necessary under the circumstances to correct or restrain a student or prevent bodily harm or death to another.

In removing a student with an IEP from school grounds, police liaison officers and school district personnel are further prohibited from engaging in the following conduct:

1. Corporal punishment prohibited by Minn. Stat. § 121A.58;
2. Requiring a child to assume and maintain a specified physical position, activity, or posture that induces physical pain;
3. Totally or partially restricting a child's senses as punishment;
4. Denying or restricting a child's access to equipment and devices such as walkers, wheel chairs, hearing aids, and communication boards that facilitate the child's functioning except when temporarily removing the

equipment or device is needed to prevent injury to the child or others or serious damage to the equipment or device, in which case the equipment or device shall be returned to the child as soon as possible;

5. Interacting with a child in a manner that constitutes sexual abuse, neglect, or physical abuse under Minnesota Statutes Chapter 260E.
6. Physical holding (as defined in Minn. Stat. § 125A.0941) that restricts or impairs a child's ability to breathe, restricts or impairs a child's ability to communicate distress, places pressure or weight on a child's head, throat, neck, chest, lungs, sternum, diaphragm, back, or abdomen, or results in straddling a child's torso;
7. Withholding regularly scheduled meals or water; and/or
8. Denying a child access to toilet facilities.

D. Parental Notification

The building administrator or designee shall make reasonable efforts to notify the student's parent or guardian of the student's removal from school grounds as soon as possible following the removal.

E. Continued Removals; Review of IEP

Continued and repeated use of the removal process described herein must be reviewed in the development of the individual student's IEP or IIIP.

F. Effect of Policy in an Emergency; Use of Restrictive Procedures

A student with an IEP may be removed in accordance with this policy regardless of whether the student's conduct would create an emergency.

If the school district seeks to remove a student with an IEP from school grounds under this policy due to behaviors that constitute an emergency and the student's IEP, IIIP, or behavior intervention plan authorizes the use of one or more restrictive procedures, the crisis team may employ those restrictive procedures, in addition to any reasonable force that may be necessary, to facilitate the student's removal from school grounds, as long as the crisis team members who are implementing the restrictive procedures have received the training required by Minn. Stat § 125A.0942, Subd. 5, and otherwise comply with the requirements of § 125A.0942.

G. Reporting to the Minnesota Department of Education (MDE)

Annually, stakeholders may recommend, as necessary, to the Commissioner of MDE (Commissioner) specific and measurable implementation and outcome goals for reducing the use of restrictive procedures. The Commissioner must

submit to the Legislature a report on districts' progress in reducing the use of restrictive procedures that recommends how to further reduce these procedures and eliminate the use of seclusion. By January 15, April 15, July 15, and October 15 of each year, districts must report, in a form and manner determined by the Commissioner, about individual students who have been secluded. By July 15 each year, districts must report summary data. The summary data must include information on the use of restrictive procedures for the prior school year, July 1 through June 30, including the use of reasonable force by school personnel that is consistent with the definition of physical holding or seclusion of a child with a disability.

**905 701 ESTABLISHMENT AND ADOPTION OF SCHOOL DISTRICT BUDGET**

**I. PURPOSE**

The purpose of this policy is to establish lines of authority and procedures for the establishment of the school district's revenue and expenditure budgets.

**II. GENERAL STATEMENT OF POLICY**

The policy of the school district is to establish revenue and expenditure budgets in accordance with the applicable provisions of law. Budget planning is an integral part of program planning so that the annual budget will effectively express and implement school board goals and the priorities of the school district.

**III. REQUIREMENT**

- A. The superintendent or such other school official as designated by the superintendent shall each year prepare preliminary revenue and expenditure budgets for review by the school board. The preliminary budgets shall be accompanied by such written commentary as may be necessary for them to be clearly understood by the members of the school board and the public. The school board shall review the projected revenues and expenditures for the school district for the next fiscal year and make such adjustments in the expenditure budget as necessary to carry out the education program within the revenues projected.
- B. The school district must maintain separate accounts to identify revenues and expenditures for each building. Expenditures shall be reported in compliance with **Minnesota Statutes section** ~~Minn. Stat. §~~ 123B.76.
- C. Prior to July 1 of each year, the school board shall approve and adopt its initial revenue and expenditure budgets for the next school year. The adopted expenditure budget document shall be considered the school board's expenditure authorization for that school year. No funds may be expended for any purpose in any school year prior to the adoption of the budget document which authorizes that expenditure for that year, or prior to the adoption of an amendment to that budget document by the school board to authorize that expenditure for that year.
- D. Each year, the school district shall publish its adopted revenue and expenditure budgets for the current year, the actual revenues, expenditures, and fund balances for the prior year, and the projected fund balances for the current year in the form prescribed by the Commissioner within one week of the acceptance of the final audit by the school board, or November 30,

whichever is earlier. A statement shall be included in the publication that the complete budget in detail may be inspected by any resident of the school district upon request to the superintendent. A summary of this information and the address of the school district's official website where the information can be found must be published in a newspaper of general circulation in the school district. At the same time as this publication, the school district shall publish the other information required by **Minnesota Statutes section Minn. Stat. § 123B.10.**

- E. The school district must also post the materials specified in Paragraph III.D. above on the school district's official website, **including a link to the school district's school report card on the Minnesota Department of Education's website**, and publish a summary of information and the address of the school district's website where the information can be found in a qualified newspaper of general circulation in the district.

#### **IV. IMPLEMENTATION**

- A. The school board places the responsibility for administering the adopted budget with the superintendent. The superintendent may delegate duties related thereto to other school officials, but maintains the ultimate responsibility for this function.
- B. The program-oriented budgeting system will be supported by a program-oriented accounting structure organized and operated on a fund basis as provided for in Minnesota statutes through the Uniform Financial Accounting and Reporting Standards for Minnesota School districts (UFARS).
- C. The superintendent or the superintendent's designee is authorized to make payments of claims or salaries authorized by the adopted or amended budget prior to school board approval.
- D. Supplies and capital equipment can be ordered prior to budget adoption only by authority of the superintendent. If additional personnel are provided in the proposed budget, actual hiring may not occur until the budget is adopted unless otherwise approved by the school board. Other funds to be expended in a subsequent school year may not be encumbered prior to budget adoption unless specifically approved by the school board.
- E. The school district shall make such reports to the Commissioner as required relating to initial allocations of revenue, reallocations of revenue, and expenditures of funds.
