**Board Update**  
**October 2023**

**Values**

**Collaboration:** Working together to achieve more collectively.

- Continuous Improvement Plan: As part of our continuous improvement plan for the 2023-2024 school year, we are focused on retention and recruitment particularly as it relates to the strategic directive of communication. Nicolle Roush, Lauren Kelly, Marci Levy-Maguire, and myself have developed a plan to conduct listening circles across the district to get feedback from staff focused on why they stay with Intermediate School District 917. The first circle occurs on Tuesday, October 3rd. As we learn more and develop plans focused on retention and recruitment, we will report back to the board.

**Empathy:** Considering and respecting the perspective and needs of member districts, students, families and staff.

- Overview for Member District Directors: Recently at our September meeting, an overview of special education programs was shared. It included information on program staffing, a discussion on waitlist practices, and a review of billing procedures. You can find the presentation [here](#) if you are interested.

**Innovation:** Ongoing improvement of programs and services.

- Innovation Grant: We continue to work through the application process for the Innovation Grant which will provide just under \$1 million dollars to Intermediate School District 917. We are particularly focused on supporting salaries including those focused on behavior support like registered behavior technicians. Just over 10% of funds will be utilized for training. This will include some existing training like Professional Crisis Management as well as exploring new options for training like Ukeru.

**Stewardship:** Managing financial and human resources carefully and responsibly.

- Staff Data: We are currently collecting data regarding our staff to utilize to develop retention and recruitment strategies. Below you will find some of the information that we have compiled. We will review this more later in the meeting.

**Communication:** Multi-dimensional, transparent conversation focused on sharing information and creating a positive learning and working environment.

- Member District Smore: Moving into the 2023-2024 school year, I will be sending a monthly newsletter to member district directors that are intended to be shared with other district leaders in their special education departments. This will be sent on the fourth Thursday of each month. The August newsletter can be accessed [here](#). I will update with the September newsletter soon.

**Integrity:** Aligning our actions with our values and beliefs.

- Social/Emotional Learning 101: In our first two issues of the District Smore, Kate Hulse, Director of Social/Emotional Learning & Support, has provided introductory information about social-emotional learning. The purpose is to ensure everyone has the foundational knowledge that many of our initiatives are built on. If you are interested in learning more about social/emotional learning click [here](#) for the first article and then [here](#) for the second.

**Personalization:** Building on the strengths and addressing the unique needs of individual students.

- Artificial Intelligence (AI): Mark Hennager, Teacher at Cedar, partnered with Amanda Peters, Instructional Technology Coach, to create choice time activities that were more academic and interactive. Mark provided Amanda with a list of topics his students were studying and Amanda entered the topics into an AI vocabulary list generator. She took the vocabulary words and entered them into Blooket, which create Kahoot style trivia questions the students can complete individually or as a group.

Blooket has the added benefit of earning short video game time for correct answers to the vocabulary questions.

**Equity:** Intentionally providing opportunities while removing barriers at all levels of the organization.

- DCALS and CTE: Currently 15 students from DCALS-North are accessing career and technical education (CTE) programming at DCTC through a partnership with ISD 197 and their amazing transportation department. In addition to the students from DCALS-North, 35 students from DCALS-Main are also participating in CTE.

**Diversity:** Appreciating and valuing everyone's unique selves.

- Preschool D/HH program: This fall we have robust enrollment in our preschool D/HH program at Lincoln Center Elementary. Our youngest learner (pictured below) is just 2 ½ years old. The team in the program is working hard to support the adjustment of these learners to the school setting.

## Account Statement

For the Month Ending August 31, 2023

### Important Disclosures

#### Important Disclosures

This statement is for general information purposes only and is not intended to provide specific advice or recommendations. PFM Asset Management LLC ("PFMAM") is an investment adviser registered with the U.S. Securities and Exchange Commission and a subsidiary of U.S. Bancorp Asset Management, Inc. ("USBAM"). USBAM is a subsidiary of U.S. Bank National Association ("U.S. Bank"). U.S. Bank is a separate entity and subsidiary of U.S. Bancorp. U.S. Bank is not responsible for and does not guarantee the products, services or performance of PFMAM. PFMAM maintains a written disclosure statement of our background and business experience. If you would like to receive a copy of our current disclosure statement, please contact Service Operations at the address below.

**Proxy Voting** PFMAM does not normally receive proxies to vote on behalf of its clients. However, it does on occasion receive consent requests. In the event a consent request is received the portfolio manager contacts the client and then proceeds according to their instructions. PFMAM's Proxy Voting Policy is available upon request by contacting Service Operations at the address below.

**Questions About an Account** PFMAM's monthly statement is intended to detail our investment advisory activity as well as the activity of any accounts held by clients in pools that are managed by PFMAM. The custodian bank maintains the control of assets and executes (i.e., settles) all investment transactions. The custodian statement is the official record of security and cash holdings and transactions. PFMAM recognizes that clients may use these reports to facilitate record keeping and that the custodian bank statement and the PFMAM statement should be reconciled and differences resolved. Many custodians use a settlement date basis which may result in the need to reconcile due to a timing difference.

**Account Control** PFMAM does not have the authority to withdraw funds from or deposit funds to the custodian outside the scope of services provided by PFMAM. Our clients retain responsibility for their internal accounting policies; implementing and enforcing internal controls and generating ledger entries or otherwise recording transactions.

**Market Value** Generally, PFMAM's market prices are derived from closing bid prices as of the last business day of the month as supplied by Refinitiv or Bloomberg. For certain short-term investments or where prices are not available from generally recognized sources the securities are priced using a yield-based matrix system to arrive at an estimated market value. Prices that fall between data points are interpolated. Non-negotiable FDIC-insured bank certificates of deposit are priced at par. Although PFMAM believes the prices to be reliable, the values of the securities may not represent the prices at which the securities could have been bought or sold. Explanation of the valuation methods for a registered investment company or local government investment program is contained in the appropriate fund offering documentation or information statement.

**Amortized Cost** The original cost of the principal of the security is adjusted for the amount of the periodic reduction of any discount or premium from the purchase date until the date of the report. Discount or premium with respect to short term securities (those with less than one year to maturity at time of issuance) is amortized on a straightline basis. Such discount or premium with respect to longer term securities is amortized using the constant yield basis.

**Tax Reporting** Cost data and realized gains / losses are provided for informational purposes only. Please review for accuracy and consult your tax advisor to determine the tax consequences of your security transactions. PFMAM does not report such information to the IRS or other taxing authorities and is not responsible for the accuracy of such information that may be required to be reported to federal, state or other taxing authorities.

**Financial Situation** In order to better serve you, PFMAM should be promptly notified of any material change in your investment objective or financial situation.

**Callable Securities** Securities subject to redemption prior to maturity may be redeemed in whole or in part before maturity, which could affect the yield represented.

**Portfolio** The securities in this portfolio, including shares of mutual funds, are not guaranteed or otherwise protected by PFMAM, the FDIC (except for certain non-negotiable certificates of deposit) or any government agency. Investment in securities involves risks, including the possible loss of the amount invested. Actual settlement values, accrued interest, and amortized cost amounts may vary for securities subject to an adjustable interest rate or subject to principal paydowns. Any changes to the values shown may be reflected within the next monthly statement's beginning values.

**Rating** Information provided for ratings is based upon a good faith inquiry of selected sources, but its accuracy and completeness cannot be guaranteed.

Shares of some local government investment programs and TERM funds are marketed through representatives of PFMAM's affiliate, PFM Fund Distributors, Inc. which is registered with the SEC as a broker/dealer and is a member of the Financial Industry Regulatory Authority ("FINRA") and the Municipal Securities Rulemaking Board ("MSRB"). You may reach the FINRA by calling the FINRA Hotline at 1-800-289-9999 or at the FINRA website address <https://www.finra.org/investors/investor-contacts>. A brochure describing the FINRA Regulation Public Disclosure Program is also available from FINRA upon request.

#### Key Terms and Definitions

**Dividends** on local government investment program funds consist of interest earned, plus any discount ratably amortized to the date of maturity, plus all realized gains and losses on the sale of securities prior to maturity, less ratably amortization of any premium and all accrued expenses to the fund. Dividends are accrued daily and may be paid either monthly or quarterly. The monthly earnings on this statement represent the estimated dividend accrued for the month for any program that distributes earnings on a quarterly basis. There is no guarantee that the estimated amount will be paid on the actual distribution date.

**Current Yield** is the net change, exclusive of capital changes and income other than investment income, in the value of a hypothetical fund account with a balance of one share over the seven-day base period including the statement date, expressed as a percentage of the value of one share (normally \$1.00 per share) at the beginning of the seven-day period. This resulting net change in account value is then annualized by multiplying it by

365 and dividing the result by 7. The yields quoted should not be considered a representation of the yield of the fund in the future, since the yield is not fixed. **Average maturity** represents the average maturity of all securities and investments of a portfolio, determined by multiplying the par or principal value of each security or investment by its maturity (days or years), summing the products, and dividing the sum by the total principal value of the portfolio. The stated maturity date of mortgage backed or callable securities are used in this statement. However the actual maturity of these securities could vary depending on the level or prepayments on the underlying mortgages or whether a callable security has or is still able to be called.

**Monthly distribution yield** represents the net change in the value of one share (normally \$1.00 per share) resulting from all dividends declared during the month by a fund expressed as a percentage of the value of one share at the beginning of the month. This resulting net change is then annualized by multiplying it by 365 and dividing it by the number of calendar days in the month.

**YTM at Cost** The yield to maturity at cost is the expected rate of return, based on the original cost, the annual interest receipts, maturity value and the time period from purchase date to maturity, stated as a percentage, on an annualized basis.

**YTM at Market** The yield to maturity at market is the rate of return, based on the current market value, the annual interest receipts, maturity value and the time period remaining until maturity, stated as a percentage, on an annualized basis.

**Managed Account** A portfolio of investments managed discretely by PFMAM according to the client's specific investment policy and requirements. The investments are directly owned by the client and held by the client's custodian.

**Unsettled Trade** A trade which has been executed however the final consummation of the security transaction and payment has not yet taken place.

Please review the detail pages of this statement carefully. If you think your statement is wrong, missing account information, or if you need more information about a transaction, please contact PFMAM within 60 days of receipt. If you have other concerns or questions regarding your account, or to request an updated copy of PFMAM's current disclosure statement, please contact a member of your client management team at PFMAM Service Operations at the address below.

**RE:** Medical and Dental Insurance Plan Rates

**Pertinent Facts:**

1. Intermediate School District 917's medical insurance and dental insurance policies are renewed on January 1, 2024. This is not a bid year for either Medical or Dental insurance.
2. For 2024, ISD 917 received rates for administration of our health insurance plans through Medica.
  - a. Rates and claims were in line with projected claims and trends for the district as underwrote by OneDigital (our benefit broker) for renewal estimation purposes.
  - b. Carrier trends on high case claims and general claims have held constant even with increased costs relating to inflation still as impacts to be considered.
  - c. Based on claims and current funding balance of the self-funded medical plan, the district is in a position offer a 1% or 0% increase to rates for 2024.
  - d. Committee members were asked for their preference to see a 0% or 1% increase and the responses tallied:
    - i. 7 votes for a 1% increase
    - ii. 3 for a 0% increase
  - e. As such, the district recommends based on claim volume, claim trends and the self-funded plan balance that the district offers medical insurance at a 1% increase in rates for 2024.
3. For 2024, Dental insurance (Delta Dental) claims and experience have also held steady with a slightly increased trend in utilization.
  - a. Underwriting projections from OneDigital showed a slight increase in utilization and claims which would call for roughly an 8% increase in plan premiums for 2024.
  - b. Utilization and claim reports show the same trend that the dental plan which is seeing some rebound utilization after COVID and employees finally taking advantage of the plan with higher utilization than what was seen in 2022.
  - c. The fund balance has a very healthy reserve for the self-funded dental plan.
  - d. To help spend down some reserve, even with an increase in utilization and claims, the district again recommends offering another year of dental coverage at a 0% increase to employees.

**Recommendation:**

The insurance committee recommends the School Board approve a 1% increase to rates for 2024 Medica premiums and a 0% increase to 2024 rates for dental insurance with Delta Dental.

REGARDING: ISD 917 employee teacher substitute payrates with a short call substitute license proposal for FY24

### **Pertinent Facts:**

- Board approved FY24 licensed substitute pay rates to be \$28 per hour and retirees licensed sub rates to be \$31 per hour.
- ISD 917 would like the board to consider establishing a competitive sub pay rate for current employees with a short call sub license filling a teaching role at ISD 917.

**Board Recommendation:** Approve FY24 current employees with a short call sub license filling a teacher role would be the current employees hourly pay rate plus additional \$4.00 or \$31.00 per hour which every pay rate is higher.
