# National Indian Education Convention Oct 7-12 Spokane, WA

- Grant funding is available to send 3 committee members to the National Indian Education Convention.
- At the time of this presentation, the full agenda of the convention has not yet been published. However, past conventions have included sessions on native language immersion, cultural-connectedness, integrating the intergenerational culture into schools, community/tribal engagement and school tribal sovereignty.

## Discussion of IPAC Resolution 2601

- In Spring 2025, the Office of Indian Education updated its guidelines to require approval from the Indian Education Committee for all budget revisions to the Indian Education Formula Grant. Prior to this change, budget revisions that did not change the scope of the approved grant project could be made without IPAC approval.
- The successful and timely implementation of the Indian Education Formula Grant program depends on the flexibility to make adjustments to the budget in accordance with the needs of the program and allowable federal guidelines. The Director of State & Federal Programs is seeking approval from the IPAC to act as the administrative budget authority for the 2025-2026 Formula Indian Education budget, enabling the director to make necessary adjustments to ensure timely expenditure of funds by the end of the budget period.

**DATE:** August 26, 2025

**NUMBER:** 26-009

**FR:** Office of the Superintendent

**SUBJECT:** Approval of Fuel Purchase  
Noatak

### **ABSTRACT:**

Board approval is required for purchases exceeding \$50,000.00.

### **ISSUE:**

At issue is board approval to purchase fuel for the Noatak School.

### **BACKGROUND AND/OR PERTINENT INFORMATION:**

The administration is requesting the school board's approval to purchase 57,000 gallons of Fuel at \$11.42 per gallon for the Noatak School. This is more than usual for this site, which has been 40,000 gallons the past two years but with the erosion issue approaching the runway with only 133 feet of ground between the runway apron and the riverbank this extra fuel would be a prudent decision. Vendors did not bid on providing fuel to Noatak; therefore, fuel to Noatak was not included in the approval of the bulk fuel purchase. The fuel must be flown in via Everts Air Fuel out of Fairbanks. The cost of 57,000 gallons of fuel at \$11.42 a gallon from Everts Air Fuel FOB Fairbanks to Noatak will be \$651,008.76

Funding Source: General Fund Maintenance Department Fuel Budget. The approved budgeted amount for Noatak Fuel is \$490,000.00. An additional \$170,000 is recommended in Revision #1.

### **ALTERNATIVES:**

1. Approve the purchase of 57,000 gallons of fuel from Everts Air Fuel not to exceed \$651,008.76.
2. Disapprove the purchase of 57,000 gallons of fuel from Everts Air Fuel.
3. Take no final action.

### **ADMINISTRATION'S RECOMMENDATION:**

The administration recommends board approval of the purchase of 57,000 gallons of fuel from Everts Air Fuel, not to exceed \$651,008.76.

## Memorandum of Understanding (MOU)

Between

The Northwest Arctic Borough School District (NWABSD)

and the Alaska Humanities Forum (AKHF)

This Memorandum of Understanding (MOU) is made and entered into by and between The Northwest Arctic Borough School District (NWABSD), herein referred to as "Lead Fiscal Entity," and the Alaska Humanities Forum (AKHF), herein referred to as "Partner Organization."

### **Article 1: Purpose**

The purpose of this MOU is to establish a formal partnership between NWABSD and AKHF for the implementation of the Ilisautri Project (IL), aimed at increasing Alaska Native student achievement and engagement in Northwest Arctic (NWA) by decreasing educator turnover, improving school cultural responsiveness, and building strong school-community relationships through three core programs.

### **Article 2: Background**

Ilisautri, meaning "teacher" or "to teach" in Iñupiaq, represents a collaboration that leverages the strengths of both organizations to benefit the students and educators of NWA. The project will implement the following core programs:

**Creating Cultural Competence (C3) Model:** Implemented by AKHF, this program aims to increase the cultural competence of educators in their first through fifth years with NWABSD. Activities include direct mentorship, coursework, and participation in a local culture camp.

**EdRising Program:** NWABSD facilitates this program for high school students. Through intra-curricular activities and expanded program offerings, it aims to cultivate a cohort of future educators from the local community.

**Education Program at the Alaska Technical Center:** Developed by NWABSD, this program targets adults, especially paraprofessionals, supporting their pursuit of teacher certification through a cohort model involving virtual coursework, mentorship, and in-person gatherings.

### Article 3: Roles and Responsibilities

#### 3.1 NWABSD (Lead Fiscal Entity) Responsibilities:

Serve as the primary financial overseer for the Ilisautri Project.  
Implement the EdRising and Education Program at the Alaska Technical Center.  
Provide necessary support and resources to facilitate the programs under this MOU.  
Coordinate with AKHF to ensure program objectives are met.

#### 3.2 AKHF Responsibilities:

Implement the C3 model to enhance cultural competence among NWABSD educators.  
Collaborate with NWABSD in planning, execution, and evaluation of the C3 model.  
Provide expertise and resources for the successful execution of cultural competence training.

### Article 4: Financial Arrangements

The NWABSD, acting as the Lead Fiscal Entity, will manage all financial transactions and disbursements related to the Ilisautri Project. Both parties agree to comply with all financial reporting requirements and ensure transparency and accountability in the use of funds.

### Article 5: Term and Termination

This MOU shall be effective, beginning with the date of the last signature hereon, and if the grant is received, ending upon the expiration of the grant project period, or upon mutual agreement of the parties, whichever occurs first.

### Article 6: Amendments

This MOU may be amended or modified only by a written agreement signed by both parties.

### Article 7: Signatures

This MOU is executed as of the latest date of signature below and indicates the agreement of both NWABSD and AKHF to the terms outlined herein.

**Cultural Immersion (Orientation/Culture Camp/Debrief) in Northwest Arctic (twice/year):**

In Y1 (summer 2025), 15 educators (Cohort 1) will fly from their homes in the Continental USA to Kotzebue, Alaska, where they will stay for two nights/three days (budgeted at \$1400 per RT

ticket from Continental USA to Anchorage, and \$400 per RT ticket from Anchorage to Kotzebue; and \$95 per night for a shared room at the Alaska Technical Center housing and \$121 per day for per diem and food). The educators will then fly to culture camp in the Northwest Arctic Region, budgeted at \$481.50 per RT ticket from Kotzebue to camp. Educators will travel to one of two culture camps (Kiana/Selawik), depending on the “micro-region” where they will be teaching. After camp, educators will return to Kotzebue for one night/two days for Debrief (budgeted at \$95 per night for a shared room at the Alaska Technical Center housing and \$121 per day for per diem and food) before returning to their original points of departure. We include a \$1800 lodging buffer in case educators are not able to share rooms due to accessibility reasons. There will be two cycles of Orientation and Debrief, corresponding to the two camps, which will occur at different times during Summer 2025. Two AKHF staff will attend each Orientation and Debrief, as well as each culture camp to help ensure that the subsequent C3 programming connects to the educators’ camp experiences. AKHF staff will fly from Anchorage to Kotzebue (budgeted at \$400 per RT ticket), and stay in Kotzebue alongside program participants (budgeted at \$190 per night for a single room at the Alaska Technical Center and \$121 per day for per diem and food). AKHF staff will arrive in Kotzebue one day before educators arrive to allow for set up, and will stay one day after educators leave to allow for supplies break down. One Near Peer will also attend each Orientation, Camp, and Debrief alongside C3 participants. Near Peers are expected to travel to Kotzebue from within the region to participate in programming (budgeted at \$481.50 per RT ticket between their home community and Kotzebue). Near peers will also stay in Kotzebue alongside program participants (budgeted at \$120 per night for a single room at the Alaska Technical Center and \$121 per day for per diem and food).

**Midyear Gatherings:** There are no Midyear Gatherings planned during Y1.

**Partner meeting in Kotzebue (once/year)** In Y1, 3 AKHF staff working on the Ilisautri Project will fly from Anchorage to Kotzebue for 3 days of partner meetings (budgeted at \$400 per RT ticket, in addition to \$279 per night at the Nullagvik Hotel and \$121 per day for per diem). The Nullagvik Hotel is the only hotel in Kotzebue. These meetings will help build in-person connections between AKHF and NWABSD staff, and provide time to engage in more in-depth planning and conversations.

**Camp planning meetings in Kiana and Selawik (once/year):** In Y1, 2 AKHF staff working on the Ilisautri Project will fly to the Northwest Arctic for 5 days of culture camp planning meetings with each camp. Staff will fly from Anchorage to Kotzebue (\$400 per RT ticket), and travel from Kotzebue to Kiana for one day of meetings and Kotzebue to Selawik for one day of meetings (each RT flight budgeted at \$481.50). There are no direct flights between Kiana and Selawik, necessitating a return to Kotzebue. Staff will spend 2 nights and 3 days in Kotzebue in between travel (budgeted at \$279 per night at the Nullagvik Hotel and \$121 per day for per diem). These

meetings will allow staff to familiarize with camp staff and resources prior to arriving with C3 participants.

**Y2: Cultural Immersion Camp travel for 15 educators, 2 AKHF staff, and 2 Near Peers. Two Midyear Gatherings (includes Cohorts 1 and 2). Ilisautri Project Team meeting travel for 3 AKHF staff.**

## MEMORANDUM

---

**TO:** NWABSD Board of Education  
Members

**DATE:** August 26, 2025

**NUMBER:** 26-015

**FR:** Office of the Superintendent

**SUBJECT:** Approval of 26 NMS  
Food Service Addendum  
K-12 Sites

**ABSTRACT:**

Board approval is required for all service contracts over \$50,000.

**ISSUE:**

At issue is the approval of the Food Service Contract between NWABSD and NANA Management LLC (NMS) for Fiscal Year 2025-2026.

**BACKGROUND AND/OR PERTINENT INFORMATION:**

The School District and NANA Management Services currently have a contract through FY26 for the NWABSD Food Service Program. See below for the current and proposed pricings:

<b>Meal</b>	<b>Current Pricing</b>	<b>Pricing for FY26</b>	<b>Increase</b>
Breakfast	\$5.28	\$5.53	4.7%
Lunch	\$9.76	\$10.22	4.7%
Seconds	\$3.50	\$3.50	0%

The breakfast and lunch meals are partially reimbursed through the National School Lunch Program, Summer Food Service Program, or Single Summer Option. The District is not reimbursed for seconds; therefore, those costs are supported by the District's food service program which in a typical year is a transfer from the general operating fund. Based upon the FY25 meal counts, we are estimating this cost increase to be approximately \$105,000.00. See attached monthly breakdown for more information.

**FUNDING:**

Food Service for FY26 is not currently included in the FY26 budget, pending Board direction, but a proposed Transfer Out for FY26 in the amount of \$500,000.00. The Business Office has not yet finalized the Transfers Out expenditures for the Food Service fund but is estimating the Transfer Out at approximately \$1,200,000.00 for FY25.

**ALTERNATIVES:**

1. Approve the 26 NMS Food Service Addendum K-12 Sites, as presented.
2. Disapprove the 26 NMS Food Service Addendum K-12 Sites, as presented;
3. Take no final action.

**ADMINISTRATION'S RECOMMENDATION:**

**ABSTRACT:**

Board approval is required for all purchases over \$50,000.

**ISSUE:**

At issue is the approval of a one-year renewal to the Districtwide Custodial Services contract between NWABSD and NANA Management LLC (NMS) for the Fiscal Year 2025-2026, not to exceed \$2,659,904.08.

**BACKGROUND AND/OR PERTINENT INFORMATION:**

The School District went out to Request for Proposals for Custodial Service Management for FY22 with the option to renew the contract for up to four (4) years through FY26. FY25 amount \$2,511,227 (no increase to service costs from FY24)

Recognizing the District's current financial challenges, as the District's partner, NMS Custodial Services did not request an increase for the FY25 year as long as the scope of services remained the same.

Requested FY26 amount \$2,659,904.08

The FY26 increase request includes a 4.7% cost increase, as well as the addition of vacuum repair and replacement services. The total increase amount is equal to \$148,677.64.

RE: Custodial Contract Renewal

To Ms. Dickey:

We are writing regarding the upcoming fiscal School year and an increase to the NMS custodial contract with the district. We look forward to our continued partnership in providing janitorial services to the Northwest Arctic Borough School District.

We are still experiencing challenges with hiring in all the remote village areas. This sometimes increases our costs to mitigate and try and send employees out to assist or credit costs for employees we could not cover

We are showing an increase in labor of 24% year over year and supply costs of 23% percent year over year. However, we only request a 4.7% increase because we know of the district's budget challenges.

Currently, equipment repairs and replacements are handled by the school district. However, we have recently been informed that we will now be responsible for the repair and replacement of vacuum cleaners. All other equipment—such as buffers, extractors, and floor scrubbers—will continue to be maintained by the district.

As the maintenance of vacuum cleaners was not included in our original pricing, we will need to account for the additional costs associated with their repair and replacement. Since there is no on-site technician available, vacuum cleaners will need to be shipped back to Anchorage for servicing.

Accordingly, we propose an annual cost of \$30,650.00 to cover the expenses related to vacuum cleaner repairs and replacements.

## EXHIBIT A - RENEWAL RATES

Our increase request breaks down as follows:

The current yearly amount is \$2,511,226.44

Vacuum repair and replacement come to a total yearly cost of \$30,650.00

With the 4.7% cost increase and equipment total of \$30,650.00, the new yearly amount is \$2,659,904.08

The cost increase comes to  $\$118,027.64 + \$30,650.00 = \mathbf{\$148,677.64}$

Attachment showing breakdown of cost by school is Attached

Please feel free to reach out to me, and we can discuss this,

Sincerely,

**DATE:** August 26, 2025

**NUMBER:** 26-024

**FROM:** Office of the Superintendent

**SUBJECT:** Approval of Final FY27  
Six-Year Capital  
Improvement Plan

### **ABSTRACT**

Department of Education and Early Development (DEED) School Construction Grant applications for FY 2027 are due September 1, 2025. Board approval of the Capital Improvement Plan (CIP) priorities is a requirement of the application process.

### **ISSUE**

At issue is Board approval of the final FY27 Six-Year Capital Improvement Plan.

### **BACKGROUND AND/OR PERTINENT INFORMATION**

Department of Education and Early Development (DEED) School Construction Grant applications or score reuse letters for FY 2027 are due by September 1, 2025, and Board approval of the Capital Improvement Plan (CIP) priorities is a requirement for submission. The Six-Year CIP is used to prioritize projects and establish the order of construction for District capital improvement projects. The School Board annually updates the Six-Year CIP. The District submits grant applications or score reuse letters for the projects identified for the first year of the plan.

Approval is requested by the Regional School Board for approval of the final Six-Year CIP to be submitted with the score reuse letters. A preliminary list was provided and approved by the board in January 2025 on Memo 25-068. Two changes have been made to the list since that time. First, the Deering K-12 Replacement School project has been increased per DEED's allowable escalation rate of 4%. This increases the cost to approximately \$60,500,000. Second, Buckland K-12 School Boiler Replacement project has been moved into spot #2 as a score reuse. This means no additional time was spent in preparing a grant application. The match for this project is approximately \$76,540.00.

Attached is a proposed final FY 2027 – FY 2032 Six-Year CIP list that includes a description of the proposed projects, and their anticipated costs at this time.

### **ALTERNATIVES:**

1. JMCC concurrence for Board approval of the final FY27 Six-Year Capital Improvement Plan, as presented.
2. JMCC revisions to the final FY27 Six-Year Capital Improvement Plan.
3. Take no action.

### **ADMINISTRATION'S RECOMMENDATION:**

The administration recommends approval of the final FY27 Six-Year Capital Improvement Plan, as presented.

## MEMORANDUM

---

**TO:** NWABSD Board of Education

**DATE:** August 26, 2025

**NUMBER:** 26-025

**FROM:** Office of the Superintendent

**SUBJECT:** Acceptance of FY26  
DEED Grant for Deering  
K-12 School Replacement  
– Gravel Harvesting and  
Stockpiling

### **ABSTRACT**

Acceptance of the award of FY26 funding from the State of Alaska Department of Education and Early Development for Deering K-12 School Replacement by the School Board is required.

### **ISSUE**

At issue is acceptance of funding and commitment of match for the site design and stockpiling of gravel for the Deering Replacement School and delegation of authority to the Superintendent for this work.

### **BACKGROUND AND/OR PERTINENT INFORMATION**

In Summer 2024, District submitted an FY26 application for funding to the state for the school replacement project. While not included in the state fiscal budget, the state had a small amount of money they are providing for gravel harvesting and stockpiling on the future school site. Grant total is \$1,666,667, local match not to exceed \$333,333 for a total project of \$2M. The school replacement project is approximately \$60M, so this is a small, but important, first step. A budget that matches the grant agreement is attached.

The project Scope of Work is primarily focused on necessary site design and permitting work in preparation for gravel stockpiling in Summer '26 or '27. \$190,000 in design work was approved in April '25 under memo 25-125 utilizing general funding. \$143,333 in additional general funds is needed to meet the local match requirements.

Pre-design work includes Cultural Resources impact evaluation, permitting, and surveying. Project needs to secure site control with NANA which requires various surveys, NANA Committee meetings, and Non-Objection letters from the Village and City of Deering, etc. Permits from both the Corp of Engineers and the Borough are needed. In addition, DEED does not pay for work off the school site such as utility extensions. Therefore, we need to do pre-design for these extensions in order to pursue other grants to fund this future work. Project will end with a stockpile of all needed gravel on the new school site. Future grants are needed to build out the gravel pad, utility extensions and the school itself.

Grant funding impetus is SOA DOT's project to build a new airport, or emergency evacuation road. DOT is bidding their project in August, with their contractor expected to mobilize in spring 2026. DEED has anticipated the District to directly negotiate with the DOT contractor to procure the quantity of gravel needed and have it hauled and stockpiled on site. There was not enough funding to build out the gravel pad.

To move forward, the Superintendent requires Board approval to accept the grant award, the

additional match funding, and the delegation of authority to manage the project budget.

### **ALTERNATIVES**

1. Accept the state grant funding of \$1,666,667 and an additional local match not to exceed \$143,333 for Deering K-12 School Replacement and delegation of authority to the Superintendent to manage the project budgets, as presented.
2. Do not accept the state grant funding of \$1,666,667 and an additional local match not to exceed \$143,333 for Deering K-12 School Replacement and delegation of authority to the Superintendent to manage the project budgets, as presented.
3. Take no final action.

### **ADMINISTRATION'S RECOMMENDATION**

The administration recommends the Board accept the state FY26 grant funding of \$1,666,667 and an additional local match not to exceed \$143,333 for Deering K-12 School Replacement, and delegation of authority to the Superintendent to manage the project budgets, as presented.

**DATE:** August 26, 2025

**NUMBER:** 26-026

**FROM:** Office of the Superintendent

**SUBJECT:** Acceptance of DEED  
FY26 Funding Districtwide  
Fire System Replacement,  
6 Sites

### **ABSTRACT**

Acceptance of award of FY26 funding from the State of Alaska Department of Education and Early Development for Districtwide Fire System Replacement, 6 Sites by the School Board is required to advance the project.

### **ISSUE**

At issue is acceptance of funding and commitment of match for the Districtwide Fire System Replacement, 6 Sites and delegation of authority to the Superintendent for this work.

### **BACKGROUND AND/OR PERTINENT INFORMATION**

Alaska Department of Education and Early Development has awarded a grant to the District for the above noted project. Project includes the replacement of fire alarm panels at six schools. Shungnak will get a new fire alarm system and a new sprinkler system. Schools involved are Ambler, Buckland, June Nelson, KMHS, Noorvik, and Shungnak. Total project costs is \$6,612,840.

Noorvik School's fire alarm system was replaced this past spring, so the physical work is complete. Funding wise, Noorvik is part of this grant. Borough committed \$455,000 to replace Noorvik's system in August 2024. That funding counts toward the match for this grant.

In an attempt to secure the remaining local match, a grant application was submitted to Representative Nick Begich's office this spring for FY26 Congressional Directed Spending. The Representative has inserted the request into funding bills, but we will not know if funding passed until this fall. If funded, it will cover the vast majority of the remaining match.

Project will complete design and bid by early 2026. Construction will begin in Spring 2026 and will continue into Summer 2027.

To move forward, the Superintendent needs Board approval to accept the grant award, commitment of the additional match funding, and the delegation of authority to manage the project.

### **ALTERNATIVES**

1. Accept the state grant funding of \$5,290,272, commit an additional amount not to exceed \$867,568 in local match for Districtwide Fire System Replacement, 6 Sites, and delegation of authority to the Superintendent to manage the project, as presented.

2. Do not accept the state grant funding of \$5,290,272, commit an additional amount not to exceed \$867,568 in local match for Districtwide Fire System Replacement, 6 Sites and delegation of authority to the Superintendent to manage the project, as presented.

**DATE:** August 26, 2025

**NUMBER:** 26-027

**FR:** Office of the Superintendent

**SUBJECT:** Adoption of Resolution  
26-001; Approval to  
Apply for AHFC Rural  
Professional Housing  
Grants for Buckland,  
Noatak, Kivalina

**ABSTRACT:**

The administration requests a resolution from the School Board supporting application for funding to renovate and modify teacher housing in Buckland, Noatak and Kivalina and committing funding for the District's share of required matching funds.

**ISSUE:**

AHFC has a program to fund teacher, health professional, and public safety housing in rural areas. A Board resolution authorizing the District to apply for funding is an application requirement.

**BACKGROUND AND/OR PERTINENT INFORMATION:**

The Alaska Housing Finance Corporation (AHFC) has a program available to encourage the development of housing for teachers, health professionals and public safety in rural areas. AHFC currently has approximately \$7 million in available funding. Applications are due October 17, 2025 for funding consideration.

The AHFC program provides funding for new construction, renovation of buildings into housing and upgrade of existing housing, by school districts. The grants currently reimburse up to 85 percent of the total cost of the renovation projects with a limit of \$700,000 in AHFC funding per application. There are additional points for creating or renovating multiple units at one time and energy efficiency upgrades.

The District has a need for renovation and addition work in three communities. Buckland has a 3-bedroom unit that needs energy efficiency upgrades and modernization in order to return to use by teachers. Noatak does not have a 3-bedroom unit but needs one to help retain a long-term teacher and to attract and retain future teachers with families. Kivalina does not have enough teacher housing units on the new campus. However, two modular classrooms are on site and can be converted to teacher housing. One building can become two, one-bedroom units, and the other building can become one unit with two bedrooms.

An application for \$330k for this project was submitted to Senator Murkowski's office in Spring 2025 for Congressional Directed Spending (CDS) funds. On 7-29-25, the district was told the funds were included in an appropriations bill and secured. Funds will not be available until sometime next year. Because we do not have additional information at this time, the Board has not been asked to accept this funding. However, in order to apply for AHFC funding, we need a match commitment. Administration requests Board approve \$330k in match to support the fall

AHFC application. When a formal grant agreement is provided for the \$330k CDS money, assumed to happen in spring or summer 2026, Administration will request Board to accept the CDS money, thus replacing the District match. Essentially, the District's match is a bridge match until the CDS funds are accepted by the board.

An estimate of \$1,025,000 has been created by Property Services and CIP Manager for the projects. AHFC's maximum grant is \$700,000. The minimum match is 15% or \$105,000. However, matches can come from grants such as the pending CDS funds through Senator Murkowski's office. By committing \$330k in match, \$1,030,000, assuming an AHFC grant award, will be available for this work.

The applications must include a letter of commitment for the local share of costs as recommended by the Board. The District match would be funded from capital reserves (or general funds) whichever are available for this purpose.

Applications also require Board resolutions supporting the applications for funding. The resolution must also name the person authorized to submit the application. The Administration recommends that Dena Strait, the District's Capital Projects Manager, be authorized to provide application information on behalf of the District.

**ALTERNATIVES**

- 1. Adopt Resolution 26-001 approving application to AHFC for funding for teacher housing renovations in Buckland, Noatak, and Kivalina; commit to a local share not to exceed \$330,000; and authorize Dena Strait to provide application information on behalf of the Board, as presented.
- 2. Do not adopt Resolution 26-001 as presented;
- 3. Take no action.

**ADMINISTRATION'S RECOMMENDATION**

The administration recommends the Board adopt Resolution 26-001 approving application to AHFC for funding for teacher housing renovations in Buckland, Noatak, and Kivalina; commit to a local share not to exceed \$330,000; and authorize Dena Strait to provide application information on behalf of the Board, as presented.

## A RESOLUTION OF

Northwest Arctic Borough School District School Board

Resolution 26 - 001

**A Resolution of the Northwest Arctic Borough School District supporting grant applications for teacher housing renovations in Buckland and Kivalina, and a bedroom addition in Noatak. Grant funds are available through the Alaska Housing Finance Corporation's SFY 26 Rural Professional Housing Grant Program.**

WHEREAS, the Northwest Arctic Borough has successfully built teacher housing throughout the district utilizing these funds; and

WHEREAS, the three-bedroom unit in Buckland requires energy efficiency upgrades and modernization to transition back into use by our teachers; and

WHEREAS, Kivalina does not have enough teacher housing units at the new school site to accommodate all teachers; and

WHEREAS, two modular classroom units are available at the new Kivalina school site and can be remodeled into two, one-bedroom units and one, two-bedroom unit so that more teachers can be on the school campus; and

WHEREAS, there are no three-bedroom units available in Noatak, and adding a bedroom to one unit will assist the district in retaining a long-term teacher, as well as attracting future teachers with families; and

WHEREAS, NWABSD's Property Services Department has in the past and continues to successfully build, renovate, and maintain teacher housing units throughout the district, utilizing funding in a cost-effective manner;

NOW THEREFORE BE IT RESOLVED: that the NWABSD School Board supports application to the Alaska Housing Finance Corporation's Rural Professional Housing Grant Program to renovate teacher housing in Buckland and Kivalina and add a bedroom to a Noatak duplex.

## MEMORANDUM

---

**TO:** NWABSD Board of Education  
Members

**DATE:** August 26, 2025

**NUMBER:** 26-028

**FROM:** Office of the Superintendent

**SUBJECT:** Approval of Funding  
Request to the Northwest  
Arctic Borough for the  
Playground Replacement  
and Refurbishment Project

### **ABSTRACT**

Approval by the School Board is required to request funding from the Northwest Arctic Borough for the Playground Replacement and Refurbishment Project.

### **ISSUE**

At issue is approval to request funding from the Northwest Arctic Borough for the Playground Replacement and Refurbishment Project and delegation of authority to the Superintendent to manage the project.

### **BACKGROUND AND/OR PERTINENT INFORMATION**

In Summer 2024, District's Capital Improvements Projects Manager was requested to do an analysis of the condition of the existing playgrounds across the district. The intent was to establish a baseline condition of each playground and determine funding requirements to replace and refurbish playgrounds as needed.

From this effort, playgrounds were divided into categories per level of need as noted below.

1. No work needed – Kivalina's playground is new, and Deering's will be replaced with the new school.
2. Swing set parts or other broken parts or pieces replaced only – Ambler, Kiana, and Shungnak
3. Replacement of broken equipment and parts of swing sets – Buckland, Kobuk, Selawik and Noatak.
4. Replacement of whole play structures, swing sets and adding Safety Surface – Noorvik, and JNES.

An estimate of \$615,000 has been established for this work. Installing code compliant safety surfacing at three schools is roughly one third of the overall cost. Historically, local sources have been used to provide safety surfacing and have often not met the depth or material specifications needed to be code compliant. This was done due to the playground surface being covered by snow most of the year. The playgrounds are not only school playgrounds but are typically the only playground in the community. Installing code compliant safety surfacing is recommended when playgrounds receive major overhauls. For this project that would include Noorvik and JNES.

Grant funding from Northwest Arctic Borough has been discussed in past JMCC meetings and may be a funding opportunity. To move forward, the Superintendent requires Board approval to request funding from the Borough and delegation of authority to manage the project if funding is received.

## **ALTERNATIVES**

1. Approve funding request to the Northwest Arctic Borough not to exceed \$615,000 for the Playground Replacement and Refurbishment Project of playgrounds across the district and delegation of authority to the Superintendent to manage the project, as presented.
2. Do not approve funding request to the Northwest Arctic Borough not to exceed \$615,000 for the Playground Replacement and Refurbishment Project of playgrounds across the district and delegation of authority to the Superintendent to manage the project, as presented.
3. Take no final action.

## **ADMINISTRATION'S RECOMMENDATION**

The administration recommends approval of the funding request to the Northwest Arctic Borough for \$615,000 for the Playground Replacement and Refurbishment Project of playgrounds across the district.

# MEMORANDUM

**TO:** NWABSD Board of Education  
Members

**DATE:** August 26, 2025

**NUMBER:** 26-029

**FM:** Office of the Superintendent

**SUBJECT:** Approval FY26 Contract;  
DD Strait Consulting, LLC

## **ABSTRACT**

Contracts over \$50,000 require the approval of the Board.

## **ISSUE**

Renewal of the time and materials contract for DD Strait Consulting, LLC, in an amount not to exceed \$135,000 to cover the cost of capital project management services for FY 2026.

## **BACKGROUND AND/OR PERTINENT INFORMATION:**

Capital projects and their management are part of the capital budget, they are not part of the operating budget. Costs are reimbursed to the district when grants are awarded for capital improvements.

Starting in May 2022 Dena Strait, through DD Strait Consulting, LLC, (DDSC) has supported the District's capital projects. Originally Ms. Strait's work was performed under the mentorship of long-time Capital Projects Manager Kathy Christy as she phased into retirement. At this time, DDSC is responsible for any new projects or efforts as they arise, and Ms. Christy is closing out projects she has managed.

In early 2024 DD Strait Consulting, LLC was selected as the replacement capital projects manager following a competitive request for proposal process. That contract may be renewed up to four additional years and the position must be advertised every five years.

Scope of Work for the position includes grant applications to various entities, management of any funded projects, and additional duties as requested.

The total contract is not to exceed \$135,000 and will cover all services in FY26. The amount includes both direct costs and reimbursable costs, such as travel, printing or postage, etc. as they arise. As a contractor instead of a district employee, DDSC does not receive District benefits.

Budgets for anticipated FY26 expenditures include:

<b>Budgets for anticipated Project Management efforts</b>		<b>Reimbursed by Grant if awarded?</b>	
Selawik & Noorvik Fire Alarm Project Management	\$6,000	yes	
Davis-Ramoth K-12 School Renovation	\$25,000	yes

	\$135,000		

**ALTERNATIVES:**

1. Approve renewal of FY26 contract to DD Strait Consulting, LLC for capital project management services not to exceed \$135,000 as presented.
2. Do not approve renewal of FY26 contract to DD Strait Consulting, LLC for capital project management services not to exceed \$135,000 as presented.
3. Take no final action.

**ADMINISTRATION'S RECOMMENDATION:**

The administration recommends the Board approve renewal of capital projects management contract for FY26 to DD Strait Consulting, LLC in an amount not to exceed \$135,000 as presented.

## Legislative Update

Although summer is usually a slow time for the legislature, much has been happening both at the state and federal level. At the federal level, some of the anticipated grant funding for infrastructure projects around the state have been paused or cancelled. These funding reductions will impact future budgets and cause cancellation of some projects around the state.

At the state level, Governor Dunleavy called a special session in Juneau on August 2. In accordance with Article II, Section 16 of the Alaska Constitution, the legislature met in a joint session to reconsider some of the Governor's vetoes. The legislature overrode two vetoes: the veto of over \$50 million in statutory Base Student Allocation (BSA) funding for schools and the veto of Senate Bill 183 regarding disclosing tax information. The vote to override the vetoed education funding was the first time since 1987 that the Legislature overturned an appropriations veto.

The Governor's largest veto to the Fiscal Year 2026 Budget had cut funding for public education by \$51 million. This had lowered the \$700 increase to the Base Student Allocation (BSA), approved by the Legislature in House Bill 57, to a \$500 BSA — \$200 less than the statutory amount. The Governor vetoed a total of \$76 million from school funding. The Legislative Finance Division has posted **updated FY26 Operating Budget reports**, post-veto-override; see final enacted FY26 LFD reports [HERE](#).

The legislature also overrode the veto of Senate Bill 183. This bill requires the Department of Revenue to release certain records of tax payments to the Legislative Auditor. In recent years, the Department of Revenue has failed to comply with requests for oil and gas tax records. The result is that the Legislative Auditor cannot determine whether oil and gas companies are paying the taxes they owe.

The Legislature took no action on the Governor's Executive Order to create a Department of Agriculture. During regular session, the Senate Rules Committee introduced Senate Bill 128 which addresses food security and

aims to support mariculture and agriculture industries in Alaska. The Legislature will resume hearings on SB 128 in January, 2026.

Senator Claman released this summary of the special session:

# Special Session Update

Office of Senator Matt Claman 2025.08.05

After overriding the vetoes, the Legislature went into recess. This recess will prevent the Governor from calling them back into an additional special session during the month of August. The next convening of this special session will be a technical session at 10AM on August 19. A technical session is one in which no quorum is present and no business is conducted. A regular session, with quorum present, could be convened by the presiding officers before the end of the Special Session. The 30-day Special Session will end August 31.

This month, the Task Force on Education Funding will begin its work to make recommendations to improve school maintenance, attendance, student achievement, and more. The Task Force will examine some of the policy proposals requested by the Governor. The first meeting is scheduled for August 25. Members of the task force are Sens. Cronk, Tobin and Kiehl and Reps. Himschoot, Ruffridge and Story.

The Alaska Department of Education and Early Development is appealing a federal decision that could cost the state \$80 million. The decision revolves around calculation of federal impact aid, which is money that makes up for lost revenue from land that can't be taxed, such as federal, military or Alaska Native-owned land. In the past, the state used a portion of that money as part of its contribution to school districts, which is allowable provided the state can prove it is funding education equitably. Equitability is determined through a disparity test.

The state failed the disparity test earlier this year when the U.S. Department of Education rejected the state's attempt to exclude funding that districts set aside for transportation from the test calculations. This means the state can't use \$80 million in federal impact aid to offset part of its obligation to school districts. The State appealed that decision, arguing that the federal government was wrong in including transportation funding in its test calculations. The state also asked to retake the test if the appeal fails.

Financially, there are a few ways the state's appeal could play out. If the appeal is successful, the state could continue to use federal dollars as part of its contribution to school districts. If the appeal fails, things get more complicated. Districts that qualify for impact aid would still receive that money on top of what they get from the state. The state would need to make up for an \$80 million gap in its funding. The federal department said in an email it will review information from the state and hopes to resolve the issue but there are no guarantees on when they will render a decision. Obviously, this could add to the financial difficulties the state already faces.

Moving forward, we know that the state budget is very tight. 2026 is an election year, and education funding and academic performance will be in

the crosshairs. We know that the Legislative Task force is going to take a deep dive on education matters, make recommendations, and then likely try to advance those issues where there is the strongest consensus. We don't know if the task force will contract for professional input on re-writing the foundation formula. We do know that the current formula has faults. For example, the cost of utilities and facilities maintenance hits rural districts much harder than it does urban schools. The question will be whether it is possible to get the votes for any proposed changes. In short, we expect a very busy calendar on education matters, despite the gains made from the current session followed by the successful budget veto override.

## BP 5141.22 INFECTIOUS DISEASES

The School Board recognizes its dual responsibility to protect the health of students from risks posed by infectious diseases and to uphold the right of students to a free and appropriate education. The ~~d~~District requires all staff to routinely observe universal precautions to prevent exposure to bloodborne pathogens and prevent the spread of all infectious disease.

*(cf. 4119.43 - Universal Precautions)*

*(cf. 4119.42 - Exposure Control Plan for Bloodborne Pathogens)*

*(cf. 5141.23 - Infectious Disease Prevention)*

The admission of a student with an infectious disease identified by state health officials shall be determined by the Superintendent or designee according to standard health procedures. The Superintendent or designee shall consult with the student's parent/guardian and, as required, with the student's physician and/or the local health ~~department~~organization.

*(cf. 5112.2 - Exclusions from Attendance)*

*(cf. 5141.3 - Health Examinations)*

### Students with Bloodborne Pathogen Infections

**Note:** Under 4 AAC 06.060, a student diagnosed with AIDS or HIV does not have a condition that 'will cause the attendance of the child to be inimical to the welfare of other pupils,' as required for the suspension or removal of a student due to a medical condition under AS 14.30.045. A student's removal because of AIDS or HIV is only allowed if the student has uncoverable oozing lesions or other symptoms, or displays behavior, such as biting, which in the opinion of a team, substantially increases the risk of transmission to other pupils. That team must be made up of the student's physician, public health personnel, the parent/guardian, and school personnel associated with the child's placement.~~Of the 250,000 cases of Acquired Immune Deficiency Syndrome (AIDS) reported to the Centers for Disease Control as of January 1993, there were no reported cases of HIV transmission in school or day care settings. However, school districts are required to enact Exposure Control Plans and Universal Precautions for the prevention of contact with potentially infectious body fluids which may contain pathogens such as the hepatitis B virus (HBV) and the human immunodeficiency virus (HIV). The following section addresses the placement of students with HIV infection and AIDS (Acquired Immune Deficiency Syndrome). AIDS is a handicap pursuant to Section 504 of the Rehabilitation Act (29 U.S.C.794),~~

~~and a student with AIDS cannot be excluded from regular class without evidence that the student poses a risk of transmission of the HIV virus to classmates or teachers.~~

~~Whether HIV infection or AIDS is a handicap under the Education for All Handicapped Children Act (EAHCA) (20 U.S.C. 1400 et seq.) must be decided on a case-by-case basis. If AIDS adversely affects a child's educational performance, the child is treated as handicapped and entitled to an individualized education plan (IEP) under the EAHCA. (Doe v. Belleville Public School District)~~

~~We recommend that a review panel, including one or more physicians, help in determining the placement of these children on a case-by-case basis.~~

~~The following identifies the Superintendent or designee as the person to be contacted with the information that a student has HIV infection and/or AIDS. All staff should know who in the district serves in this capacity.~~

The Board recognizes that HIV and hepatitis B virus are bloodborne pathogens and not casually transmitted. Students with bloodborne pathogens are entitled to the rights and services accorded to other students. The sole presence of bloodborne pathogens is not sufficient reason to exclude students from attending school.

Parents/guardians are encouraged to inform the Superintendent or designee if their child has HIV infection and/or AIDS so that any such child will have access to appropriate district programs and services. The Superintendent or designee shall convene a review panel to make recommendations regarding appropriate programs and services for the student.

Students with bloodborne pathogens are entitled to the rights and services accorded to other students. The sole presence of bloodborne pathogens is not sufficient reason to exclude students from attending school. Parents/guardians of students whose educational performance is adversely affected by an infectious disease are encouraged to inform the Superintendent or designee so that any such child will have access to appropriate district programs and services. The Superintendent or designee shall convene a review panel to make recommendations regarding appropriate programs and services for the student.

The Superintendent or designee shall ensure that all of the student's rights to confidentiality are strictly observed in accordance with law.

The Superintendent or designee shall request that parents/guardians sign a release form to provide confidential medical information and records to the review panel.

## **BP 5113 ATTENDANCE ABSENCES AND EXCUSES**

The School Board believes that regular attendance plays a key role in the success a student achieves in school. The School Board recognizes its responsibility under the law to ensure that students attend school regularly. Parents/guardians of children aged 7 to 16 are obligated to send their children to public school except as allowed by law. The School Board shall abide by all state attendance laws and may use any legal means to correct the problems of excessive absence or truancy.

(cf. 5112.1 - Exemptions from Attendance)

(cf. 5112.2 - Exclusions from Attendance)

~~Regular attendance at school has been identified as a primary indicator of success in school. Students are encouraged to get to school every day on time, attend all classes, and actively participate in all classes in which they are enrolled.~~

### **Compulsory Education**

~~Each parent or person having charge of a child within the compulsory attendance age shall be responsible for such child's regular, punctual, and active attendance at school as required under provisions of the law. Students share this responsibility. The administration shall enforce Alaska Statutes pertaining to compulsory education.~~

~~Regular and punctual attendance as well as active participation is essential to the successful learning process of students; excessive absenteeism disrupts and hinders that process, not only for the absent student, but for his/her classmates as well.~~

~~The Board believes that patterns of good attendance are set by students in their early school years and are dependent in large part on the attitude of parents. In all schools there will be firm, fair, and well-publicized rules of student attendance and close cooperation with parents on attendance problems.~~

~~The following procedures are established to prevent and reduce truancy. The superintendent shall take necessary action to correct the problems of excessive absence or truancy. If it reasonably appears, upon investigation, that a person has violated the compulsory education laws, the board or designee shall file a complaint with local law enforcement.~~

### **Daily Attendance Reporting Education**

~~School principals are responsible for an adequate and comprehensive system of attendance reporting, with each teacher held responsible for accurate reporting of daily attendance in his/her classroom.~~

Each school site shall make every effort to notify the parents/guardians of their child's absence the first hour of the school day and to verify why the student is absent.

### **Attendance Policy**

Students experiencing difficulty with attendance shall be counseled in an attempt to alleviate the problem. The district, the school, the parents/guardians, and the students shall work together to develop an appropriate plan for improving school attendance.

### **Excused Absences**

The Superintendent or designee may excuse student absences for health reasons, family emergencies or other reasons the Superintendent or designee determines constitute good cause.

Note: The School Board, may allow students to be absent for religious exercises or instruction. The following optional language may be revised or deleted as needed.

Student absence for religious instruction or participation in religious exercises away from school property may be excused.

No student excused for religious holiday shall be denied the opportunity to make up a test given on the religious holiday or denied an award or eligibility to compete for an award.

(cf. 6154 - Homework/Makeup Work)

### **Unexcused Absences/Truancy**

The School Board is committed to keeping students in school. Truancy is defined as the absence of a student from class without the knowledge or prior consent of the parent/guardian. The Superintendent or designee shall implement all steps appropriate to reduce student absences and to ensure that all children residing within the district are receiving appropriate educational services as required by law.

(cf. 5147 - Dropout Prevention)

(cf. 6164.5 - Student Study Teams)

(cf. 6176 - Weekend/Saturday Classes)

Note: The following optional paragraph is for use by districts that authorize teachers to assign failing grades for excessive unexcused absences as provided in BP 5121.

A student's grades may be affected by excessive unexcused absences in accordance with School Board policy.

(cf. 5121 - Grades/Evaluation of Student Achievement)

The Superintendent or designee shall report to the School Board any apparent violations of compulsory attendance laws. The School Board shall investigate such reports and any public complaints of violations of state compulsory attendance laws.

The following are considered to be acceptable absences:

- ~~1. Illness, medical, dental, and vision appointments substantiated by a statement from a parent/guardian, and/or medical practitioner. The principal may ask a parent/guardian to provide medical evidence from a physician or medical practitioner for excessive absences.~~
- ~~2. Death in the student's immediate family necessitating an absence. Immediate family is defined as legal guardians, birth or adoptive: grandparents, parents, and siblings.~~
- ~~3. Other special circumstances approved by the principal.~~

~~When students who have been absent return to school and have not had that absence excused in advance, the student/parent must present a satisfactory explanation verifying the reason for the absence. One of the following methods will be used to verify students' absences.~~

- ~~1. Written notes from parent/guardian.~~
- ~~2. Conversation, in person or by telephone, between the school and the student's parent/guardian.~~
- ~~3. Any other reasonable method that establishes the fact that the student was actually absent for the reason stated. The school shall retain or make a written record of the reasons for the absence.~~

### **Return to School**

~~Students will have the right to make up schoolwork after returning to school. The teacher will determine the time required to complete assignments. It will be the responsibility of the student and parent/guardian, in conjunction with the classroom teacher, to ensure that the student completes any schoolwork missed while absent from school.~~

~~Satisfactory attendance at school is essential to learning, and regular attendance is key to academic success.~~

~~High School students (grades 9-12) absent more than sixteen (16) times from each semester course in which they are enrolled may be considered for alternate placement. The principal will make the determination of placement. This decision will take into~~

consideration input from the parent/guardian, student and teachers. The principal's decision shall be final.

Elementary students (grades K-5) and middle school students (grades 6-8) absent more than sixteen (16) times per semester may be assessed for additional interventions prior to being considered for retention.

### **Tardiness**

Middle and high school students are considered tardy through the 10<sup>th</sup> minute of the class period. After the 10<sup>th</sup> minute, the student is considered absent from that period. Elementary students are considered tardy through the 30<sup>th</sup> minute of the day. After the 30<sup>th</sup> minute, the student is considered absent for one half day. If the student is tardy, he/she should report directly to the office to secure an admit slip.

Habitual tardiness is a constant disruption to the class as a whole. Therefore, in Middle and High School, to attempt to alleviate this behavior, each five (5) tardies will be considered an absence.

### **Appeals Procedures**

If a parent or student wishes to appeal a decision made pursuant to this policy, such an appeal must be initiated in writing within fifteen (15) school days of the date of the decision or the date of the letter of notification to the principal who will, in turn, notify the Superintendent. The letter requesting an appeal must include specific reasons that the request should be considered. If an appeal is not filed within the timeline provided, the student/parent/guardian shall be deemed to have waived the right to an appeal and a hearing. The Superintendent shall render a written decision within five (5) school days of the close of the hearing. A parent/guardian may appeal the Superintendent's decision by requesting in writing that the school board review the decision within five (5) days of the Superintendent decision. The Board will hear the appeal in executive session at the next scheduled board meeting.

## **BB 9320 MEETINGS**

Note: Alaska's Open Meetings Act A.S. 44.62.310-.312 requires meetings of the Board to be open to the public except as allowed by law and requires reasonable public notice of such meetings. 1994 revisions to the Act are reflected in this sample policy.

Meetings of the Board are conducted for the purpose of accomplishing district business. A meeting of the Board shall consist of any gathering of the members of the Board when more than three members of the Board, or a majority of the members, whichever is less, are present and collectively consider a matter upon which the Board is empowered to act. As a matter of district policy and state law, meetings ordinarily shall be open to the public. The Board may meet in closed sessions only to discuss certain matters as permitted or required by Alaska's Open Meetings Act. All business of the Board must be conducted at a duly convened meeting of the Board. Poll voting between meetings is not allowed.

*(cf. 9321 - Executive Sessions)*

Reasonable public notice shall be given for all meetings of the Board in accordance with law and district practice, and shall be posted at all regular district and school sites before the meeting. Such notice shall include the date, time and place of the meeting, and, if the meeting is by teleconference, the location of any teleconferencing facilities that will be used. Public Meetings may not be held in a private home or private business.

*(cf. 9012 - Communications To and From the Board)*

*(cf. 9322 - Agenda/Meeting Materials)*

*(cf. 9323 - Meeting Conduct)*

### **Regular Meetings**

The Board shall adopt a yearly calendar specifying the date, time and place of each regular meeting. The local media shall be provided with the annual calendar of regular Board meetings and shall be notified of any changes to the calendar.

Regular meetings shall be held on the last Tuesday of every month, unless otherwise determined by the Board. The meetings will convene at the appointed time, providing a quorum is present. Notice of regular meetings shall be posted at least five (5) days prior to the meeting.

[All members shall attend in-person for regular, non-primarily teleconference meetings.](#)

### **Special Meetings**

Special meetings of the Board may be called by the presiding officer or a majority of the Board members.

Except in case of an emergency, notice of special meetings shall be provided at least 24 hours before the meeting. This notice shall specify the date, time, place and, if the meeting is by teleconference, the location of any teleconferencing facilities that will be used. Such notice shall be given to all Board members, the superintendent and to the local news media. This notice also shall be posted at district and school sites at least 24 hours before the meeting. Notice of special meeting shall include a statement of the purpose of the meeting. No business may be transacted at this special meeting, other than that which is specifically stated in the notice of the meeting.

### **Emergency Special Meetings**

The Board president or designee shall give notice of an emergency special meeting to the local media by telephone before the meeting. If telephone services are not functioning, the notice requirement is waived. In that event, as soon after the meeting as practicable, the Board shall notify the local media that the meeting was held and shall describe the purpose of the meeting and any action taken by the Board.

### **Teleconferences**

Recognizing the inherent responsibility and statutory duties of Board members, the Board strongly encourages Board members to attend and participate at meetings of the Board. Though great importance is given to the physical presence of Board members at meetings, the attendance and participation of members by teleconference is authorized whenever physical presence is not practicable. All votes at a meeting of members attending by teleconference shall be taken by roll call.

The Board also authorizes the use of teleconferences for Board meetings when receiving public comment or testimony, and during Board deliberations.

Whenever possible, meeting agendas and supporting materials shall be available at all teleconference facilities used for the Board meeting.

#### VERSION 1: Teleconference Attendance:

1. The Board President shall attend all meetings in person alongside the Superintendent or designee if practicable
2. No other board members will be in person when the meeting has been scheduled to be primarily through teleconference.
  - a. Board members may attend teleconference meetings at their local school when prior arrangements have been made. No more than two (2) board members may attend in one location.

#### VERSION 2: Teleconference Attendance:

1. No board members will be in person when the meeting has been scheduled to be primarily through teleconference.
2. Board members may attend teleconference meetings at their local school when prior arrangements have been made. No two (2) board members may attend in one location.

VERSION 3: Teleconference Attendance:

1. The Board President shall attend all meetings in person alongside the Superintendent or designee if practicable.
2. Board members may attend teleconference meetings at their local school or board room when prior arrangements have been made.

a.——

Teleconference executive sessions:

1. To promote the highest degree of confidentiality during executive session, such Board members must annually sign an affidavit that the only people, if any, that will be present in the room during an executive session are authorized to be there.
2. At the beginning of every teleconference executive session, each member shall verbally affirm that the only people in the room with them are authorized to be there.

DRAFT

## **BB 9200 BOARD MEMBERS**

### **Limits of Board Member Authority**

The School Board has broad but clearly limited powers. The exercise of its authority is restricted to the functions required or permitted by law, and then only when it acts in a legally constituted meeting. Board members have authority only in regularly called meetings of the Board, or when delegated specific tasks by Board action.

The Board is the unit of authority. An individual Board member is a part of the governing body which represents and acts for the community as a whole. Apart from the normal function as part of the unit, the Board member has no individual authority. No individual member of the Board, by virtue of holding office, shall exercise any administrative responsibility with respect to the schools; nor, as an individual, command the services of any school employee. Individually, the Board member may not commit the School District to any policy, act or expenditure. School visits by Board members are encouraged. Site Administrators should receive a courtesy call in advance of a visit. Board members, as with all visitors, must check in with the school office. Board members who visit schools of their own volition have no more authority than any other citizen. Board members have authority only in regularly called meetings of the Board, or when delegated specific tasks by Board action.

*(cf. 1250 - Visits to the Schools)*

Note: The following is an optional process for Board members to make information requests.
--

### **Board Member Requests for Information**

Board members should make informed decisions on matters before them for a vote. The Superintendent or designee is responsible for providing the Board with relevant materials to inform the Board on those matters on which it is to act. If Board members desire further information, a request for information shall be directed to the Superintendent, pursuant to the following guidelines:

1. Requests for simple facts. Any Board member may make a request for simple facts to the Superintendent, who will forward the request to the appropriate staff member. All responses to requests for simple facts will be provided to the requesting Board member and copied to the Board President.
2. Requests for reports, research, administrative studies, detailed information, or for information relating to a problem or a potential problem in the District. Some information requests require significant administrative time and explanation to provide the requested response. Individual Board members shall submit such requests to the full Board for consideration. Upon concurrence of the other board members/majority request of the Board, the request shall then be forwarded to the Superintendent for response.
3. Complaints regarding personnel. Board members may have their own concerns and complaints regarding District personnel. Informal concerns should be privately communicated to the Superintendent. Formal complaints should be in writing and follow the District's complaint policies. Board members may notify the Superintendent that they have filed a formal complaint.
4. When Board members receive complaints or requests for action from staff, students, or members of the public, the Board members will direct the staff, students, and members of the public to the appropriate complaint policy. Such information will be conveyed to the Superintendent.
5. Requests for legal advice or opinions by a Board member that will incur a cost for the District must be approved by a majority vote of the Board before the request is made to legal counsel. Legal counsel is responsible to the Board.

*(cf. 6162.8 - Research)*

*(cf. 9322 - Agenda/Meeting Materials)*

No members of the Board shall be asked to perform any routine or clerical duties which may be assigned to an employee, nor shall any Board member become an employee of the District while serving on the Board.

A Board member should resign from the Board before seeking to secure District employment. In no event shall a final decision for hire be made prior to receiving the Board member's resignation.

*(cf. 9250 - Remuneration, Reimbursement and other Benefits)*

*(cf. 9270 - Conflict of Interest)*

### **Obligations of Members**

Members of the Board must make strong efforts to attend all meetings, study all materials presented with the agenda prior to attending the meeting, participate in the discussion of any items which come before the Board, and vote on all motions and resolutions, abstaining only for compelling reasons. If no compelling reason requires abstention, members of the Board shall not abstain.

If a Board Member knows they will be unable to attend scheduled meetings, worksessions, or committee assignments, they must notify the Board President and the Superintendent's Office of this intended absence.

The Board member should not place partisan principle, group interest, or the member's own personal interest above the education of children and youth.

The Board member should be prepared and willing to devote a sufficient amount of time to the study of the problems of education in the District, the state, and the nation in order to interpret them to the people of the District.

Marie Greene moved to approve the Minutes for January 21, 2025, seconded by Austin Swan Sr. Motion passed unanimously.

Dena Strait presented her Capital Projects Report.

Board approval is required to expend \$50,000.00 and higher. Deering K-12 Replacement School is ranked #3 on DEED's FY26 School Construction list. The project total is \$56,872,139 with \$11,374,428 as local share. This project is not included in the Governor's budget, and it is not expected to be fully funded in FY 26. However, District has lobbied for sitework funding of \$10M. There are two significant infrastructure projects in addition to the school project that are pending for Deering. Alaska Department of Transportation (DOT) will bid their new evacuation road this summer. Alaska Native Tribal Health Consortium is in the design phase, and seeking funding, for replacement and extension of the water and sewer systems. Both projects impact the school project both physically and in construction timing. To be ready for school construction once funding is received, and to coordinate with these two projects, there are several Pre-Design efforts that need to begin. These include Cultural Resources impact evaluation, permitting, and surveying. Project needs to secure site control with NANA which requires various surveys, NANA Committee meetings, and non-objection letters from the Village and City of Deering, etc. Permits from both the Corp of Engineers and the Borough are needed. \$100,000 is needed for Pre-Design. In addition, DEED does not pay for work off the school site such as utility extensions. Therefore, we need to do pre-design for these extensions to pursue other grants to fund this future work. \$35,000 is needed for preliminary off-site utility design. DOT's road project will bid this summer. If the replacement school project is at least partially funded either this summer or next, we would be able to at least stockpile gravel on our site while DOT's contractor is still in the community, thus saving significant costs. Site control and permits, secured through Pre-Design efforts above, are required for us to stockpile gravel. Documentation of how much gravel and the type of gravel needed, where to put it, etc. is required to be able to procure gravel stockpiling. This design work can be completed now, so that we are ready to execute this work once construction funding is secured. Gravel Stockpile design needs \$55,000 in funding. Minimum requested funding is \$135,000 for Pre-Design and Off-site utility work. Administration recommends including the gravel stockpiling design as to not delay time sensitive work once there is construction funding. Total requested funding is therefore \$190,000. The district will continue to utilize the Burkhart Croft Architects and their engineers as the design team of record for the project. BCA was selected for this work under a competitive term contract procurement. The administration recommends the Board approve the allocation of \$190,000 to the Deering Replacement School Project and the delegation of authority to the Superintendent to contract with Burkhart Croft Architects, as presented.

Austin Swan Sr. made a motion to recommend due pass, on memorandum 25-125, Approval of Design Funding Deering Replacement School. No second motion was made.

ACTION ITEMS

APPROVAL OF DESIGN FUNDING DEERING REPLACEMENT SCHOOL

Board approval is required to expend \$50,000.00 and higher. Davis-Ramoth K-12 School Renovation is an FY25 executed grant agreement with Department of Education for a project total of \$9,424,172. \$7,539,339 is from the state and \$1,884,834 is local match. This project has reached 65% design completion, is working toward 95% design and will be bid in late summer or early fall. In anticipation of the project bidding and moving into construction, the Administration recommends reallocating \$200,000 of granted funds for bidding and construction phase services to be provided by the design team. No additional funding is being requested from the Board; this is only moving money within the existing budget of granted funds. This is an expected move and does not lower the amount available for construction. It is recommended that the Superintendent be delegated contracting authority for the design team's work through project completion. The requested budget reallocation should cover all remaining contract fees for the design team. The administration recommends the Board approve the budget reallocation of \$200,000 for the Davis-Ramoth K-12 School Renovation Project and the delegation of authority to the Superintendent to contract with Burkhart Croft Architects, within this budget.

APPROVAL OF BUDGET  
TRANSFER TO DESIGN  
CONTRACT DAVIS-RAMOTH  
K-12 SCHOOL RENOVATION

Craig McConnel made a motion to recommend due pass, on memorandum 25-126, Approval of Budget Transfer to Design Contract Davis-Ramoth K-12 School Renovation. No second motion was made.

APPROVAL TO AMEND  
AHFC GRANT FOR  
BUCKLAND TO ADD A UNIT  
AND ADDITIONAL FUNDING

The administration requests approval of the School Board to request Alaska Housing Finance Corporation (AHFC) to add construction of an additional unit, for an additional \$140,000 of local match, to the district's current teacher, health and safety professional housing grant at Buckland. The Alaska Housing Finance Corporation (AHFC) has a program available to encourage the development of housing for teachers, health professionals and public safety in rural areas. In October 2023 AHFC awarded a \$500,000 grant to the district for the construction of a duplex in Buckland with the District providing a match of \$250,297. AHFC also awarded the same amount for a joint District and Borough duplex in Buckland. The district manages the shared grant, and the Borough reimburses half of the matching share for the shared duplex only. Overages of the shared unit are shared 50/50 between the District and the Borough. The current duplexes are each estimated to cost \$750,000. For an additional \$140,000 a fifth unit can be completed. Through the efficiency of constructing multiple buildings and careful utilization of materials and labor, the district anticipates that an additional housing unit can be completed. The overage is spread across all units in the project and is not isolated to any specific structure. This is an incredible savings compared to construction of a separate housing project. District will gain another much-needed unit in Buckland, for a total of four units with two bedrooms each. AHFC approval is required to add an additional unit to the scope of the grant. AHFC has told the district that it is receptive to adding additional housing to the grant without additional grant funding. As it is a much simpler process to amend the district's grant than to modify the joint grant, the Superintendent recommends that AHFC be requested to amend the district only grant. After grant closeout, actual occupancy of specific units can be jointly determined by the District and the Borough. It is an AHFC requirement that all units constructed under this grant program be used exclusively for teacher, healthcare or public safety professionals for ten years after project completion. Both the District and the Borough sign agreements to this effect. Occupancy and management responsibilities of the units can be worked out between the District and Borough if each unit serves the intended purpose. The administration recommends the Board approve request to AHFC to add an additional housing unit for \$140,000 of local funding to District's grant THP-23-NAB-1 pending approval of Borough Funding.

ED

Craig McConnell made a motion to recommend due pass pending funding, on memorandum 25-127, Approval to Amend AHFC Grant for Buckland to add a unit and additional funding.

APPROVAL OF AWARD OF  
CONTRACT TO NW  
ELECTRIC INC.

Contracts over \$50,000.00 require Board Approval. Alaska Housing Finance Corporation (AHFC) offers grant funding through their Rural Professional Housing Program to encourage the development of housing for teachers, health professionals and public safety in rural areas. District was awarded and accepted two grants of \$500,000 each with one being for a District only duplex and the other for a shared District and Borough duplex. The district manages the grants and constructs the units. The two duplexes and individual unit are nearing completion. Due to the loss of the former Director of Property Services, who was a journeyman electrician, District needs to subcontract with an electrical company to complete the necessary work. NW Electric Inc has provided a quote of \$49,302 for the district only duplex and the standalone fifth unit. The second quote is for the shared District and Borough unit for \$43,850. Because the combined Memorandum of Agreement to NW Electric Inc. will be over \$50,000, Board approval is required. To cover potential unforeseen events and contracting conditions, \$105,000 in budget and contracting authority is requested. Funding is from already accepted AHFC grants and already approved District match. To move forward, the Superintendent requires approval to award the contract and the delegation of contracting authority to manage the contract and budget. The administration recommends approval of the award of contract to NW Electric Inc. not to exceed \$105,000 split between the two projects, pending funding approval and approve delegation of contracting authority to the Superintendent as presented.

Craig McConnell obtained from this motion. Margaret Hansen made a motion to recommend due pass pending funding, on memorandum 25-129, Approval of Award of contract to NW Electric Inc.

APPROVAL OF CONTRACTS  
NOT TO EXCEED GRANT  
AWARD AMOUNT AND  
DELEGATION OF  
CONTRACTING AUTHORITY

Contracts over \$50,000.00 require Board Approval. The Alaska Housing Finance Corporation (AHFC) has a program to encourage the development of housing for teachers, health professionals and public safety in rural areas. District has been awarded two grants for two duplexes with each containing two, two-bedrooms units for a total of four new units. Grant awards are \$700,000 and \$595,750, totaling \$1,295,750, and the Board accepted the awards and approved \$440,000 in match to support both grants in January 2025. Property Services has received the following quotes: SBS building materials for \$275,135.48, AMAQ Excavation for utilities and earthwork for \$200,000, and Everts Air Cargo for material transport for \$841,600. All three of these total \$1,316,735.48 which is \$20,985.48 over the available \$1,295,750 in AHFC grant funding. Administration requests authority up to the available grant funding of \$1,295,750 and will manage orders and contracts up to and not to exceed that amount. Final costs will be split

evenly between the two projects and grants. Funding is from already accepted AHFC grants that reimburse the district for expenditures, upon request... To move forward, the Superintendent requires approval to award the contracts not to exceed reimbursable grant funding and the delegation of contracting authority to manage the contracts and budget. The administration recommends approval of the award of contracts to SBS, AMAQ Excavation and Everts Air Cargo not to exceed \$1,295,750, split between the two projects, and approve delegation of contracting authority to the Superintendent as presented.

Margaret Hansen made a motion to recommend due pass memorandum 25-130 award of contracts to SBS, AMAQ Excavation and Everts Air Cargo not to exceed \$1,295,750, split between the two projects, and approve delegation of contracting authority to the Superintendent as presented.

The JMCC never made it back to memo-25 130 to vote. They left the 25-130 conversation at 1:15:09 and returned to Memo 25-129 and never voted on Margaret's motion on 25-130.

Marie Greene made a motion to adjourn, seconded by Austin Swan Sr. Meeting adjourned at 8:29 pm.

Capital Projects Managers, Dena Strait and Kathy Christy report on the following:

*\*\* It is important to note that the construction costs and associated matches noted in this report are based on estimates. Actual construction costs will not be known until the project is bid, awarded and completed. Costs will change with time due to escalation, tariffs, and changes in the design, bidding market and other impacts.*

### CAPITAL PROJECTS & OTHER CIP EFFORTS

1. Deering K-12 School Replacement – A Reuse of Scores letter will be submitted by 9-1-25 for FY27 DEED Applications. This project was #3 on FY26 list and there is little room to improve that score. Due to repeated lack of full funding for these large, replacement school projects, the State seems to be shifting to a phased funding approach. Each year the project is delayed the price rises due to escalation. Phasing the work is the most expensive way to complete the project due to the starting and stopping of work and the extended length of construction which allows more years of escalation to impact costs. For the FY27 application, the project cost will be escalated 4% per DEED’s projected rate of escalation. This is reflected in the numbers below. Actual escalation or inflation rates will vary.

Schools Impacted: Deering

Total Project Cost: \$59,147,025.

Grant Amount: not awarded - \$47,317,620 – DEED

Match Amount: unsecured \$11,829,405

Board Current Action Items – Vote on 6-Year CIP Plan for Reuse of Score letter.

2. Buckland HVAC Repair and Boiler Replacement – Two phases have been funded through the Borough, the District and Denali Commission. Phase I is complete. For Phase II, waste glycol and other materials were shipped out of the community in mid-July. That was the last of the physical, on-site work that needed to be completed. Phase II is now in paperwork closeout.

Boiler Replacement project is unfunded and was ranked #31 in FY26. Pending board approval of the FY27 6-Year CIP Plan, a Reuse of Scores letter will be submitted by 9-1-25. This project has the best chance of getting DEED funding if it is completed with Borough or District funding, then submitted to DEED for reimbursement. Numbers below are for the outstanding boiler replacement effort only.

Schools Impacted: Buckland

Total Project Cost: \$380,000 approx.

Grant Amount: not awarded - \$304,000 approx.- DEED

Match Amount: unsecured \$76,000 approx.

Board Current Action Items – Vote on 6-Year CIP Plan for Reuse of Score letter.

3. Deering K-12 School Replacement – Gravel Stockpiling– In early 2025, the District lobbied for FY26 funding, specifically related to building out the gravel pad while DOT is

building the new airport road in the community. DOT is bidding that project now. DEED is in process of awarding the District \$1,666,667 in FY26 funds, but the Board must vote to accept these funds and provide a match. See associated memo for more details.

Schools Impacted: Deering

Total Project Cost: \$2,000,000

Grant Amount: award pending - \$1,666,667 – DEED

Match Amount: unsecured \$333,333 (\$190,000 secured in April for design, \$143,333 still needed)

Board Current Action Items – Vote on accepting DEED FY26 Gravel stockpile funding, provide match.

4. Districtwide Fire System Replacement, 6 sites – A DEED FY26 funded project to replace the fire alarm systems in schools noted below. Shungnak will also get a new sprinkler system. \$455k of the local match has already been met as of August 2024 through Borough funding to replace Noorvik's fire alarm. This fire alarm replacement work was completed this June. A roughly \$850k request was placed into an FY26 federal USDA bill by Representative Nick Begich. This would fulfill most of the remaining match. We have not yet heard if the funding was approved but should know by early October if not before.

Schools Impacted: Ambler, Buckland, June Nelson, KMHS, Noorvik, and Shungnak.

Total Project Cost: \$6,612,840

Grant Amount: \$5,290,272 - DEED

Match Amount: \$1,322,568 (\$455k secured, roughly \$868k not secured)

Board Current Action Items – Vote on accepting DEED funding, provide match.

5. FY26 AHFC Teacher Housing – Buckland, Noatak and Kivalina Renovations – Project includes renovating a 3-bedroom in Buckland that is not currently used by teachers, adding a bedroom to the principal's house in Noatak, and converting two modular classrooms into three new units in Kivalina. The project will put four more units into use by teachers and help retain teachers with families in Noatak. A Congressional Directed Spending (CDS) award was announced from Senator Murkowski's office in July. This grant can cover the match for the AHFC grant.

Schools Impacted: Buckland, Noatak and Kivalina

Total Project Cost: \$1,025,000

Grant Amount: \$700,000 – AHFC **POTENTIAL, unsecured** grant

Match Amount: \$330,000 HUD – Senator Murkowski

Match Amount: \$0 District

Board Current Action Items – Vote on Memo 26-027.

6. Districtwide Playground Repair and Replacement – A review of existing conditions to find missing or broken parts at each playground has been completed, excluding Kivalina and Deering. Preliminary quotes of needed replacement equipment have been received and a preliminary project budget has been established. for most, but not all sites. Details of installation also need to be finalized. If funded, work would be performed next summer.

Schools Impacted: All but Kivalina and Deering

Total Project Cost: \$615,000

Grant Amount: \$615,000 – Borough **POTENTIAL** grant

Match Amount: \$0 District

Board Current Action Items – Vote on Memo 26-029.

7. Davis-Ramoth K-12 School Renovation – FY25 DEED project to replace many end of life building systems, primarily mechanical and electrical ones. This is not an aesthetic upgrade with

new paint, carpet, siding, etc. These materials are only being repaired when impacted by other work. Project will reach 95% design docs at the end of August and be out for bid mid-October. Construction will start next spring and likely last through Summer 2027. \$405k of the match was secured from the Borough in August '24. Those funds were spent through replacement of the fire alarm system this spring. See below for the rest of the match.

Schools Impacted: Davis-Ramoth/Selawik

Total Project Cost: \$9,424,172

Grant Amount: \$7,539,338 - DEED

Match Amount: \$1,884,834 Board approved match in November '24, (\$1,884,834 - \$405,000 = \$1,479,834 in District funding).

8. HVAC Controls Upgrades, 8 sites – A DEED FY25 funded project to replace the Direct Digital Controls, which control heating and ventilation equipment, in each school listed below, except Kobuk. Kobuk has a system that will align with the new ones, so it only needs some new components, not a completely new system. Preliminary design reports are complete and solicitation of a design team to complete the work is pending. Selection committee designees Mark Moore and Craig McConnell will be called upon when needed. A VIF grant for the total match was awarded in July.

Schools Impacted: Ambler, Kiana, June Nelson, KMHS, Noatak, Noorvik, Shungnak and Kobuk.

Total Project Cost: \$9,838,153

Grant Amount: \$7,870,522 - DEED

Match Amount: \$1,967,631 Borough VIF grant.

9. Selawik & Noorvik Emergency Fire Alarm System Replacements – Physical work at both locations is complete, projects are now in paperwork closeout. The project is funded by the Borough, with the Selawik portion of these funds counting toward part of the required local match for the Davis-Ramoth K-12 School Renovation DEED project. The Noorvik portion acts as part of the match for the Districtwide Fire System Replacement, 6 sites.

Schools Impacted: Davis-Ramoth/Selawik & Noorvik

Total Project Cost: \$860,000

Grant Amount: \$860,000 – Northwest Arctic Borough

Match Amount: \$0.00

10. Buckland Teacher Housing Duplexes and 5th Unit –the 5th Unit has been added to the scope of the District's AHFC grant. The Property Services Department has completed framing of all buildings and they are waiting for utility hook-ups. An additional power pole needs to be installed by AVEC. Once utilities are available final inspection is needed for grant closeout.

11. Kivalina Replacement School - Closeout documentation with a request to reserve funding in the event additional modification to the UV disinfection system of the wastewater treatment system was submitted to DEED in June. DEED is backlogged and said Kivalina is on their list of priorities but has not risen to the top yet. When this is approved approximately \$1 million in matching funds held by the Borough can be released for other capital projects.

In regard to the wastewater treatment system, a consultant from the Alaska Rural Water Association is working with the District and CRW Engineer to resolve the issue. The DEED grant will not be totally closed out until the system is functioning properly.

Warranty issues: ASRC conducted a site visit this summer and inspected the roof to determine if leak issues have been resolved and to investigate issues with interior paneling. We are awaiting their response.

Additional locks: Locks have been added to the classroom wings and gym doors with grant funding.

12. FY25 AHFC Teacher Housing – Noatak Duplexes - District received two AHFC grants for two duplexes to build four new units. On site work will start this fall. Property Services estimates the project may need additional funding for completion. As construction is just beginning, Property Services will monitor the budget and will request additional funding as appropriate.

Schools Impacted: Noatak  
Total Project Cost: \$1,735,750  
Grant Amount: \$1,295,750 - AHFC  
Match Amount: \$440,000 District secured

13. Districtwide Teacher Housing Needs assessment - CIP Manager was requested to perform this assessment to determine future projects and document existing inventory. One objective is to provide a single resource to all District departments concerning the teacher housing inventory. The other is to be able to develop and implement a capital improvement plan for teacher housing for refurbishment and replacements. Analysis and documentation is ongoing.

14. Engineering Team Term Contract - Issuing a Request for Proposals for engineering design services to secure engineering term contractor(s) is still pending. Selected contractors will complete the Districtwide HVAC project. Terms are typically 3 years with the option to renew two additional one-year contracts for a total of 5 years.

15. Design Team Term contract – The District utilizes term contracts for the design teams who work on our capital projects. The current selected design team is led by Burkhart Croft, it includes architects and various types of engineers and was awarded in October 2020. As a three year term, with up to two additional optional years of renewal, the current contract will expire in October 2025. A solicitation is planned for early fall.

16. JNES/KMHS Roof Replacement – this was last submitted to DEED two years ago. Leaking and water infiltration issues are ongoing and impact educational spaces. This project has the best chance of DEED funding if the work is completed per DEED's grant requirements and then a request for reimbursement grant is submitted. If not internally funded, additional funding for design and documentation work will be needed in this coming fiscal year to submit an application in summer 2026.

Schools Impacted: JNES & KMHS  
Total Project Cost: \$2,400,000

## MEMORANDUM

---

**TO:** NWABSD Board of Education

**DATE:** August 26, 2025

**NUMBER:** 26-024

**FROM:** Office of the Superintendent

**SUBJECT:** Approval of Final FY27  
Six-Year Capital  
Improvement Plan

### **ABSTRACT**

Department of Education and Early Development (DEED) School Construction Grant applications for FY 2027 are due September 1, 2025. Board approval of the Capital Improvement Plan (CIP) priorities is a requirement of the application process.

### **ISSUE**

At issue is Board approval of the final FY27 Six-Year Capital Improvement Plan.

### **BACKGROUND AND/OR PERTINENT INFORMATION**

Department of Education and Early Development (DEED) School Construction Grant applications or score reuse letters for FY 2027 are due by September 1, 2025, and Board approval of the Capital Improvement Plan (CIP) priorities is a requirement for submission. The Six-Year CIP is used to prioritize projects and establish the order of construction for District capital improvement projects. The School Board annually updates the Six-Year CIP. The District submits grant applications or score reuse letters for the projects identified for the first year of the plan.

Approval is requested by the Regional School Board for approval of the final Six-Year CIP to be submitted with the score reuse letters. A preliminary list was provided and approved by the board in January 2025 on Memo 25-068. Two changes have been made to the list since that time. First, the Deering K-12 Replacement School project has been increased per DEED's allowable escalation rate of 4%. This increases the cost to approximately \$60,500,000. Second, Buckland K-12 School Boiler Replacement project has been moved into spot #2 as a score reuse. This means no additional time was spent in preparing a grant application. The match for this project is approximately \$76,540.00.

Attached is a proposed final FY 2027 – FY 2032 Six-Year CIP list that includes a description of the proposed projects, and their anticipated costs at this time.

### **ALTERNATIVES:**

1. JMCC concurrence for Board approval of the final FY27 Six-Year Capital Improvement Plan, as presented.
2. JMCC revisions to the final FY27 Six-Year Capital Improvement Plan.
3. Take no action.

### **ADMINISTRATION'S RECOMMENDATION:**

The administration recommends approval of the final FY27 Six-Year Capital Improvement Plan, as presented.

## MEMORANDUM

---

**TO:** NWABSD Board of Education

**DATE:** August 26, 2025

**NUMBER:** 26-025

**FROM:** Office of the Superintendent

**SUBJECT:** Acceptance of FY26  
DEED Grant for Deering  
K-12 School Replacement  
– Gravel Harvesting and  
Stockpiling

### **ABSTRACT**

Acceptance of the award of FY26 funding from the State of Alaska Department of Education and Early Development for Deering K-12 School Replacement by the School Board is required.

### **ISSUE**

At issue is acceptance of funding and commitment of match for the site design and stockpiling of gravel for the Deering Replacement School and delegation of authority to the Superintendent for this work.

### **BACKGROUND AND/OR PERTINENT INFORMATION**

In Summer 2024, District submitted an FY26 application for funding to the state for the school replacement project. While not included in the state fiscal budget, the state had a small amount of money they are providing for gravel harvesting and stockpiling on the future school site. Grant total is \$1,666,667, local match not to exceed \$333,333 for a total project of \$2M. The school replacement project is approximately \$60M, so this is a small, but important, first step. A budget that matches the grant agreement is attached.

The project Scope of Work is primarily focused on necessary site design and permitting work in preparation for gravel stockpiling in Summer '26 or '27. \$190,000 in design work was approved in April '25 under memo 25-125 utilizing general funding. \$143,333 in additional general funds is needed to meet the local match requirements.

Pre-design work includes Cultural Resources impact evaluation, permitting, and surveying. Project needs to secure site control with NANA which requires various surveys, NANA Committee meetings, and Non-Objection letters from the Village and City of Deering, etc. Permits from both the Corp of Engineers and the Borough are needed. In addition, DEED does not pay for work off the school site such as utility extensions. Therefore, we need to do pre-design for these extensions in order to pursue other grants to fund this future work. Project will end with a stockpile of all needed gravel on the new school site. Future grants are needed to build out the gravel pad, utility extensions and the school itself.

Grant funding impetus is SOA DOT's project to build a new airport, or emergency evacuation road. DOT is bidding their project in August, with their contractor expected to mobilize in spring 2026. DEED has anticipated the District to directly negotiate with the DOT contractor to procure the quantity of gravel needed and have it hauled and stockpiled on site. There was not enough funding to build out the gravel pad.

To move forward, the Superintendent requires Board approval to accept the grant award, the

additional match funding, and the delegation of authority to manage the project budget.

### **ALTERNATIVES**

1. Accept the state grant funding of \$1,666,667 and an additional local match not to exceed \$143,333 for Deering K-12 School Replacement and delegation of authority to the Superintendent to manage the project budgets, as presented.
2. Do not accept the state grant funding of \$1,666,667 and an additional local match not to exceed \$143,333 for Deering K-12 School Replacement and delegation of authority to the Superintendent to manage the project budgets, as presented.
3. Take no final action.

### **ADMINISTRATION'S RECOMMENDATION**

The administration recommends the Board accept the state FY26 grant funding of \$1,666,667 and an additional local match not to exceed \$143,333 for Deering K-12 School Replacement, and delegation of authority to the Superintendent to manage the project budgets, as presented.

## MEMORANDUM

**TO:** NWABSD Board of Education  
Members

**DATE:** August 26, 2025

**NUMBER:** 26-026

**FROM:** Office of the Superintendent

**SUBJECT:** Acceptance of DEED  
FY26 Funding Districtwide  
Fire System Replacement,  
6 Sites

### **ABSTRACT**

Acceptance of award of FY26 funding from the State of Alaska Department of Education and Early Development for Districtwide Fire System Replacement, 6 Sites by the School Board is required to advance the project.

### **ISSUE**

At issue is acceptance of funding and commitment of match for the Districtwide Fire System Replacement, 6 Sites and delegation of authority to the Superintendent for this work.

### **BACKGROUND AND/OR PERTINENT INFORMATION**

Alaska Department of Education and Early Development has awarded a grant to the District for the above noted project. Project includes the replacement of fire alarm panels at six schools. Shungnak will get a new fire alarm system and a new sprinkler system. Schools involved are Ambler, Buckland, June Nelson, KMHS, Noorvik, and Shungnak. Total project costs is \$6,612,840.

Noorvik School's fire alarm system was replaced this past spring, so the physical work is complete. Funding wise, Noorvik is part of this grant. Borough committed \$455,000 to replace Noorvik's system in August 2024. That funding counts toward the match for this grant.

In an attempt to secure the remaining local match, a grant application was submitted to Representative Nick Begich's office this spring for FY26 Congressional Directed Spending. The Representative has inserted the request into funding bills, but we will not know if funding passed until this fall. If funded, it will cover the vast majority of the remaining match.

Project will complete design and bid by early 2026. Construction will begin in Spring 2026 and will continue into Summer 2027.

To move forward, the Superintendent needs Board approval to accept the grant award, commitment of the additional match funding, and the delegation of authority to manage the project.

### **ALTERNATIVES**

1. Accept the state grant funding of \$5,290,272, commit an additional amount not to exceed \$867,568 in local match for Districtwide Fire System Replacement, 6 Sites, and delegation of authority to the Superintendent to manage the project, as presented.

2. Do not accept the state grant funding of \$5,290,272, commit an additional amount not to exceed \$867,568 in local match for Districtwide Fire System Replacement, 6 Sites and delegation of authority to the Superintendent to manage the project, as presented.
3. Take no final action.

**FR:** Office of the Superintendent

**SUBJECT:** Adoption of Resolution  
26-001; Approval to  
Apply for AHFC Rural  
Professional Housing  
Grants for Buckland,  
Noatak, Kivalina

**ABSTRACT:**

The administration requests a resolution from the School Board supporting application for funding to renovate and modify teacher housing in Buckland, Noatak and Kivalina and committing funding for the District's share of required matching funds.

**ISSUE:**

AHFC has a program to fund teacher, health professional, and public safety housing in rural areas. A Board resolution authorizing the District to apply for funding is an application requirement.

**BACKGROUND AND/OR PERTINENT INFORMATION:**

The Alaska Housing Finance Corporation (AHFC) has a program available to encourage the development of housing for teachers, health professionals and public safety in rural areas. AHFC currently has approximately \$7 million in available funding. Applications are due October 17, 2025 for funding consideration.

The AHFC program provides funding for new construction, renovation of buildings into housing and upgrade of existing housing, by school districts. The grants currently reimburse up to 85 percent of the total cost of the renovation projects with a limit of \$700,000 in AHFC funding per application. There are additional points for creating or renovating multiple units at one time and energy efficiency upgrades.

The District has a need for renovation and addition work in three communities. Buckland has a 3-bedroom unit that needs energy efficiency upgrades and modernization in order to return to use by teachers. Noatak does not have a 3-bedroom unit but needs one to help retain a long-term teacher and to attract and retain future teachers with families. Kivalina does not have enough teacher housing units on the new campus. However, two modular classrooms are on site and can be converted to teacher housing. One building can become two, one-bedroom units, and the other building can become one unit with two bedrooms.

An application for \$330k for this project was submitted to Senator Murkowski's office in Spring 2025 for Congressional Directed Spending (CDS) funds. On 7-29-25, the district was told the funds were included in an appropriations bill and secured. Funds will not be available until sometime next year. Because we do not have additional information at this time, the Board has not been asked to accept this funding. However, in order to apply for AHFC funding, we need a match commitment. Administration requests Board approve \$330k in match to support the fall

AHFC application. When a formal grant agreement is provided for the \$330k CDS money, assumed to happen in spring or summer 2026, Administration will request Board to accept the CDS money, thus replacing the District match. Essentially, the District's match is a bridge match until the CDS funds are accepted by the board.

An estimate of \$1,025,000 has been created by Property Services and CIP Manager for the projects. AHFC's maximum grant is \$700,000. The minimum match is 15% or \$105,000. However, matches can come from grants such as the pending CDS funds through Senator Murkowski's office. By committing \$330k in match, \$1,030,000, assuming an AHFC grant award, will be available for this work.

The applications must include a letter of commitment for the local share of costs as recommended by the Board. The District match would be funded from capital reserves (or general funds) whichever are available for this purpose.

Applications also require Board resolutions supporting the applications for funding. The resolution must also name the person authorized to submit the application. The Administration recommends that Dena Strait, the District's Capital Projects Manager, be authorized to provide application information on behalf of the District.

**ALTERNATIVES**

- 1. Adopt Resolution 26-001 approving application to AHFC for funding for teacher housing renovations in Buckland, Noatak, and Kivalina; commit to a local share not to exceed \$330,000; and authorize Dena Strait to provide application information on behalf of the Board, as presented.
- 2. Do not adopt Resolution 26-001 as presented;
- 3. Take no action.

**ADMINISTRATION'S RECOMMENDATION**

The administration recommends the Board adopt Resolution 26-001 approving application to AHFC for funding for teacher housing renovations in Buckland, Noatak, and Kivalina; commit to a local share not to exceed \$330,000; and authorize Dena Strait to provide application information on behalf of the Board, as presented.

## **A RESOLUTION OF**

Northwest Arctic Borough School District School Board

Resolution 26 - 001

**A Resolution of the Northwest Arctic Borough School District supporting grant applications for teacher housing renovations in Buckland and Kivalina, and a bedroom addition in Noatak. Grant funds are available through the Alaska Housing Finance Corporation's SFY 26 Rural Professional Housing Grant Program.**

WHEREAS, the Northwest Arctic Borough has successfully built teacher housing throughout the district utilizing these funds; and

WHEREAS, the three-bedroom unit in Buckland requires energy efficiency upgrades and modernization to transition back into use by our teachers; and

WHEREAS, Kivalina does not have enough teacher housing units at the new school site to accommodate all teachers; and

WHEREAS, two modular classroom units are available at the new Kivalina school site and can be remodeled into two, one-bedroom units and one, two-bedroom unit so that more teachers can be on the school campus; and

WHEREAS, there are no three-bedroom units available in Noatak, and adding a bedroom to one unit will assist the district in retaining a long-term teacher, as well as attracting future teachers with families; and

WHEREAS, NWABSD's Property Services Department has in the past and continues to successfully build, renovate, and maintain teacher housing units throughout the district, utilizing funding in a cost-effective manner;

NOW THEREFORE BE IT RESOLVED: that the NWABSD School Board supports application to the Alaska Housing Finance Corporation's Rural Professional Housing Grant Program to renovate teacher housing in Buckland and Kivalina and add a bedroom to a Noatak duplex.

## MEMORANDUM

---

**TO:** NWABSD Board of Education  
Members

**DATE:** August 26, 2025

**NUMBER:** 26-028

**FROM:** Office of the Superintendent

**SUBJECT:** Approval of Funding  
Request to the Northwest  
Arctic Borough for the  
Playground Replacement  
and Refurbishment Project

### **ABSTRACT**

Approval by the School Board is required to request funding from the Northwest Arctic Borough for the Playground Replacement and Refurbishment Project.

### **ISSUE**

At issue is approval to request funding from the Northwest Arctic Borough for the Playground Replacement and Refurbishment Project and delegation of authority to the Superintendent to manage the project.

### **BACKGROUND AND/OR PERTINENT INFORMATION**

In Summer 2024, District's Capital Improvements Projects Manager was requested to do an analysis of the condition of the existing playgrounds across the district. The intent was to establish a baseline condition of each playground and determine funding requirements to replace and refurbish playgrounds as needed.

From this effort, playgrounds were divided into categories per level of need as noted below.

1. No work needed – Kivalina's playground is new, and Deering's will be replaced with the new school.
2. Swing set parts or other broken parts or pieces replaced only – Ambler, Kiana, and Shungnak
3. Replacement of broken equipment and parts of swing sets – Buckland, Kobuk, Selawik and Noatak.
4. Replacement of whole play structures, swing sets and adding Safety Surface – Noorvik, and JNES.

An estimate of \$615,000 has been established for this work. Installing code compliant safety surfacing at three schools is roughly one third of the overall cost. Historically, local sources have been used to provide safety surfacing and have often not met the depth or material specifications needed to be code compliant. This was done due to the playground surface being covered by snow most of the year. The playgrounds are not only school playgrounds but are typically the only playground in the community. Installing code compliant safety surfacing is recommended when playgrounds receive major overhauls. For this project that would include Noorvik and JNES.

Grant funding from Northwest Arctic Borough has been discussed in past JMCC meetings and may be a funding opportunity. To move forward, the Superintendent requires Board approval to request funding from the Borough and delegation of authority to manage the project if funding is received.

## **ALTERNATIVES**

1. Approve funding request to the Northwest Arctic Borough not to exceed \$615,000 for the Playground Replacement and Refurbishment Project of playgrounds across the district and delegation of authority to the Superintendent to manage the project, as presented.
2. Do not approve funding request to the Northwest Arctic Borough not to exceed \$615,000 for the Playground Replacement and Refurbishment Project of playgrounds across the district and delegation of authority to the Superintendent to manage the project, as presented.
3. Take no final action.

## **ADMINISTRATION'S RECOMMENDATION**

The administration recommends approval of the funding request to the Northwest Arctic Borough for \$615,000 for the Playground Replacement and Refurbishment Project of playgrounds across the district.
