4.	FINANCIAL	
	A. Payable 2010 Levy - J. Westrum	31
5.	HUMAN RESOURCES	
	A. Wayzata University Update - A. Doughty	40
6.	BOARD REPORTS	
7.	SCHOOL BOARD	
	A. Tentative Board Agenda for October 12, 2009	41
8.	ADJOURN	43

WAYZATA PUBLIC SCHOOLS

Independent School District 284

Wayzata, Minnesota

MISSION

Our Core Purpose:

The mission of Wayzata Public Schools is to ensure a world-class education that prepares each and every student to thrive today and excel tomorrow in an ever-changing global society.

VISION

What We Intend to Create and Experience:

The vision of Wayzata Public Schools is to be a model of excellence where all students discover their unique talents, develop a love and tenacity for learning and demonstrate confidence and capacity for success through:

Exceptional Student Learning, Experiences and Relationships:

- High achievement by each and every student—no exceptions, no excuses;
- Content-rich, rigorous and personalized education;
- Meaningful relationships with teachers, staff, mentors and peers in a welcoming, nurturing and safe environment where all are valued for who they are and the contributions they make.

Community Trust, Confidence and Partnership:

- Comprehensive learning opportunities meeting diverse learner needs and community aspirations;
- Committed to being the first choice for students and families;
- Maintaining the highest levels of satisfaction and pride by staff, parents and community.

Operational Excellence:

- Attraction, development and retention of exemplary, creative and engaged employees;
- Accountability by all staff for individual and collective performance;
- Effective and efficient use of time and human, financial and physical resources;
- Culture of continuous improvement and responsive innovation;
- High performing district governance, management and partnerships.

Legislative Action Committee – 2009 Platform

Reform Funding to be Simplified, Equitable and Stable

The Legislature should:

- ★ Fully fund the basic instructional needs of all students
- ★ Pay its full share of special education costs
- ★ Recognize higher labor costs in the metro area and implement location equity index
- ★ Continue support of alternative compensation program and include it in the Minnesota Miracle proposal
- ★ Continue the state’s investment in education, even in difficult financial times

Increase Creativity and Innovation through Local Decision Making

The Legislature should:

- ★ Allow districts to spend and generate financial resources to best meet local needs
- ★ Reduce or eliminate state-mandated reports and requirements that create “busy work”
- ★ Oppose a mandatory statewide employee health insurance pool

Invest More in Our Youngest Learners

The Legislature should:

- ★ Increase funding for programs and services for children ages 0-5 and their families
- ★ Allow flexibility for districts to use school readiness funds to best meet local needs
- ★ Support full funding for voluntary all-day, every-day kindergarten

The 2009 Legislative Platform was approved by the Wayzata Public Schools Board and its Legislative Action Committee (LAC). Additional details on back page.

Wayzata Public Schools Legislative Action Committee 2009 Platform

Reform Funding to be Simplified, Equitable and Stable

Many of the provisions included in the new Minnesota Miracle proposal (HF 4178) would increase and stabilize funding for districts. We encourage the Legislature to continue its deliberation of HF 4178 and move toward a new way to fund Minnesota schools.

- ★ The financial issues that affect school districts are multi-faceted, complex and interrelated.
- ★ The current system of education funding is outdated, relies too heavily on local operating levies, limits long-range financial planning by districts and lacks the necessary resources to meet the academic standards established by the state and federal governments.
- ★ School funding must be restructured using a comprehensive approach in order to achieve an appropriate and stable investment in education. This restructured system will allow districts to be accountable for meeting the state's academic standards for all students.
- ★ We are fully aware of the state's projected budget deficit and the difficult financial decisions facing the 2009 Legislature.
- ★ We realize that the overall cost to implement the provisions included in the Minnesota Miracle proposal is greater than can be realistically implemented in a single biennium.
- ★ We recommend that the Legislature establish the funding structure outlined in the proposal and work toward fully funding the new structure over a 6-10 year time line.

Increase Creativity and Innovation through Local Decision Making

We believe that problems and issues are best addressed by the people in school districts who have the responsibility for providing solutions and are accountable to local taxpayers. We encourage the Legislature to free districts from mandates and requirements that restrict efficiency and effectiveness.

- ★ The most creative and innovative solutions come from the synergy and genius released from the cooperative work of local school boards, administrators, teachers and parents.
- ★ We believe school boards should be given the discretion and flexibility to make decisions that are best for their district, which may include collaboration with other organizations.

Invest More in Our Youngest Learners

Ideally, funding should be made available from the state to allow every child the opportunity to participate in an early childhood program. Until this can be accomplished, districts should be given the flexibility necessary to target available funds toward children with the greatest need.

- ★ Having all children ready to start school has long been a priority for Wayzata Public Schools.
- ★ There is agreement among educators, parents and the business community that investing in school readiness programs has a strong payoff.
- ★ School districts already have several programs that address early learners, but additional state funding is needed to ensure access for all children.
- ★ Early childhood programs, preschool offerings, targeted school readiness programs for at-risk students and optional all-day, every-day kindergarten are some of the possible programs to improve school readiness of children.

Wayzata High School Site Plan

A Model of Excellence Among
Learning Communities

Wayzata Public Schools

SCHOOL IMPROVEMENT PLAN

**Wayzata High School
Mike Trewick, Principal**

VISION

A model of excellence among learning communities

MISSION

The mission of the Wayzata School District is to prepare all students for the future by providing a challenging education which builds academic competence, develops responsible citizenship, encourages creativity, promotes lifelong learning, advances critical thinking skills, instills a commitment to personal wellness, and fosters respect for self and others.

DISTRICT DIRECTIONS for 2008-2010

- **Provide a more personalized education for each student.**
- **Eliminate the predictability of student achievement based on race.**
- **Provide opportunities for students to engage in global connections.**
- **Prepare students in skills that they will need to function effectively in the future including creative thinking, diplomacy, problem solving and teamwork.**
- **Enhance the sense of ownership and engagement in the district by all segments of the community.**

Shared Decision Agreement Between Wayzata High School and the Wayzata School Board

This plan was reviewed on: _____

This plan was approved on: _____

Signature of School Board Chair _____

Shared Decisions Agreement Review Team Check List Form

Procedure:

Prior to presentation to the Board, Site Improvement Plans will be reviewed for compliance with statutes, contracts, policies, and administrative regulations.

- The Site Improvement Plan must be completed at least **thirty days** prior to the initial presentation at the Work Session. Electronic copies must be given to Superintendent, Curriculum Director, Finance Director and Director of Human Resources and WEA representative for review, in case changes have to be made prior to being reviewed by the Board of Education.
- Final copies of the Site Improvement Plan are sent electronically to the Office of the Superintendent of Schools.

Student Achievement Goals 2008-2009

2008-2009 Site Goal: By June of 2009, 98.1% of the seniors from Wayzata High School will have successfully passed the state required exit exams in reading, writing and math.

Goal Achieved: 99.6% of seniors from Wayzata High School successfully passed the required state exit exams in reading, writing, and math.

Student Achievement Goals 2009-2010

2009-2010 Site Goals: The percent of all students in grade 10 who earn achievement levels of Meets the Standards or Exceeds the Standards on the Reading MCA-II at Wayzata High School will increase from 90.7 percent in 2009 to 91.7 percent in 2010.

The percent of all students in grade 11 who earn achievement levels of Meets the Standards or Exceeds the Standards on the Mathematics MCA-II at Wayzata High School will increase from 72.2 percent in 2009 to 73.2 percent in 2010.

2009-2010 Wayzata High School Equity Goal: Eighty percent of the non-white students and/or students receiving free/reduced meals in the year-long Integrated Math course will meet or exceed their RIT score growth target as measured by the NWEA MAP math assessment. Forty-six of the 95 students are non-white and/or receive free/reduced meals.

Summary/Interpretation of Data Analysis:

A goal including both math and reading was established after a discussion and review of data. Noted in the discussion, literacy and proficient reading skills impact learning in all subject areas and should be included in the site goal. The one percent increase was established noting the already high level of achievement, with more than 90 percent of the students tested earning an achievement level of Meets the Standards or Exceeds the Standards.

A mathematics component was included after reviewing the data. Although Wayzata High School was ranked second in comparison to other schools testing 300 or more students per grade level in 2009, based on MCA testing, mathematics achievement is an area of potential growth and therefore included as a component of the site goal. The one percent increase in mathematics was selected, noting that the current class of 11th grade students who will be testing in the spring of 2010 includes 74 more students than the class of 11th grade students tested in the spring of 2009. To reach the math goal of a one percent increase in the percent of students who earn achievement levels of Meets the

Standards of Exceeds the Standards, 63 more students must earn an achievement level of Meets the Standards or Exceeds the Standards.

Based on end-of-year enrollment in spring 2009, reaching this reading goal will result in at least 8 more students earning an achievement level of Meets the Standards or Exceeds the Standards and reaching this math goal will result in at least 63 more students earning an achievement level of Meets the Standards or Exceeds the Standards.

The year-long Integrated Math program is a new program. All of the students in this program took the MAP test this fall and will test again next spring. Forty-six of the 95 students are non-white and/or receive free/reduced meals.

Action Plan to Achieve Goals:

- Teachers and Administrators will attend an Assessment conference on October 28-31 focusing on identifying learning targets, writing common assessments, analyzing test data, using test data effectively, and formative assessment.
- Six Building Data Coaches will receive 15 hours of instruction on using our data retrieval system, Just 5 Clicks, and will serve as a resource to their team throughout the year by bringing data to team meetings and facilitating discussions focused on student learning.
- Six Building Data Coaches will receive training on using NWEA MAP scores. These teachers will train classroom teachers on how to effectively use the data at the classroom level.
- Three staff members will attend the National NUA Workshop in Alexandria, Virginia. This information will be shared during professional development days and new teacher workshops.
- Department Chairpersons will participate with Principals in leadership training that focuses on creating high function teams.
- Administration will train two math tutors on how to use the Pearson Minnesota Educators web site to help students practice sample problems geared towards the MCA-II GRAD test.
- NUA literacy training with new teacher advisory.
- Tech integration training (e.g. QuickScan, SmartBoard, Moodle) .
- Provide and attend Academy offerings focusing on literacy, diversity and NUA strategies.
- Ninth Grade Administrator to meet with 9th grade year-long math teachers, counselors, and literacy coach to provide interventions for students struggling in math.
- Math teachers will provide test prep activities during advisory before the MCA test and communications teachers will provide test practice within their curriculum.
- Girls Group and Boys Group meeting monthly, facilitated through the counseling departments to help students set goals, develop positive self images, make healthy choices, and learn how to get into college.
- Two refresher cohorts of teachers in the National Urban Alliance strategies related to vocabulary, comprehension skills, and thinking maps. (30 staff members)
- Train two new cohorts of teachers in the National Urban Alliance strategies related to vocabulary, comprehension skills and thinking maps. (30 staff members)

Building Initiatives

Initiative:

Strengthen parental understanding of the curriculum and activities offered at Wayzata High School.

Strategies/Activities:

- *Offer grade-specific learning sessions each fall.
- *Schedule quarterly meetings addressing timely topics affecting students.
- *Maintain regular communications with parents through emails/eblasts.
- *Be responsive to parental concerns/questions and offer programming to meet these needs.

Thanks to all of the staff and students at Wayzata High School for their hard work.

Thanks to Office of Assessment, Pat Harris, Shelly Nelson and Jodi Dilley for gathering the data and compiling the report.

Thanks to Jane Sigford for providing guidance and input throughout the planning process.

Classroom Assessment Tools and Data Warehouse

Update from Wade Phillips and Jane Sigford

For the past year assessment has been a major focus of curriculum and instruction. Our teaching staff has studied and utilized best practice assessment strategies, linked classroom assessments to standards, conducted formative assessments to inform instruction, and targeted instruction to needs of individual students. Technological tools help facilitate this initiative. We are currently engaged in a pilot of technological assessment devices from Turning Technologies. Plus, we are proposing a change from our current data management system to a new one, Performance Matters, which is integrated with the technological assessment devices.

Turning Technologies is a recipient of the prestigious 2008 Tech & Learning Awards of Excellence for its interactive student response software, TurningPoint 2008.

Performance Matters is a web-based data management system that “provides a robust integrated dashboard, reporting and analysis platform for all of Wayzata’s assessments. “

Together, Turning Technologies and Performance Matters provide integration between the TT student response systems and the Performance Matters data management and assessment system to provide real-time web based reporting information for teachers and administrators.

How did we get to this point?

- We are individualizing instruction using real time assessment data linked to state standards
- We have looked at technological tools, e.g. ipod touches, to assist with this process
- Resource teachers discovered Turning Technologies and Performance Matters who work together to provide an integrated solution
- Our current system , Just 5 Clicks, did not give us a seamless, easy process to move the data into a analysis tool
- J5Clicks had Quickscan, a classroom assessment tool , that was based on a paper scanning system that was an outdated and inaccurate solution.
- A committee of teachers, administrators, resource teachers investigated Turning Technologies and Performance Matters over the summer.

RECOMMENDATION

- To continue our journey for personalized learning as defined by District direction, we are moving forward to purchase 25 sets of the instruments from Turning Technologies
- These instruments will be placed in classroom of teachers who have already written common assessments linked to learning targets and who have used QuickScan in the past. They will receive professional development on the tools and more training on formative and summative assessments.
- In order to have the seamless integration with data and its analysis, we recommend moving to Performance Matters over the next year which means there is a transitional time of moving to the new system.
- There will be an overlapping time in implementing Performance Matters and yet still having access to our data on J5Clicks. There will be a year when we will have 2 systems. After June 30, 2010, we will not renew our contract with J5Clicks.

TO: Members of the Board of Education
Dr. Chace Anderson, Superintendent of Schools

FROM: Jim Westrum, Finance and Business

DATE: September 14, 2009

SUBJ: **Recommendation of the Payable 2010 Preliminary Tax Levy Certification to Finance a portion of the 2010-2011 School Year Operations**

We have received a draft “Levy Limitation and Certification” document from the State Department of Education. Based on this state authorization, we have enclosed several exhibits summarizing our preliminary levy for your consideration.

The school district’s payable 2010 preliminary tax levy must be certified by our school board by September 30, 2009. Therefore, it is necessary that we certify a preliminary tax levy at the regular school board meeting scheduled for Monday, September 14, 2009. Once we have submitted our preliminary tax levy certification to the county auditor, it can be increased only with authorization from the Minnesota Department of Education. However, individual items may be decreased prior to final approval which is expected to occur in December 2009.

The district’s property tax levy is allocated to individual parcels of property in the district using formulas based upon Hennepin County’s assessed market value. Hennepin County’s preliminary estimate of the district’s total adjusted net tax capacity is expected remain stable when compared with the prior year’s values. Thus, the average Wayzata Public School District taxpayer’s school portion of this year’s property tax bill will be similar when it is compared to last year, unless they have experienced a significant change in their property’s assessed value. We will have individual parcel estimates available prior to approval of the final levy scheduled in December.

PROPOSED SCHOOL TAX LEVY

Exhibit I is a comparison of our preliminary levy payable in 2010 with the district’s final levy payable in 2009. The total preliminary levy for taxes payable in 2010 is \$45,443,682. This total levy amount represents an overall increase of \$956,328, or 2.15% from the previous year. Much of the change in the District’s levy is due to adjustments from prior year’s estimates in several components in the Community Service and Debt Service funds. The change in the General fund was an increase of \$222,726, or 0.66% from the previous year.

Exhibit II shows the district's total levy history and tax capacity history over the last decade. Historically, it is important to note that the district's local tax levy declined significantly in the 2002-2003 school year due to the major changes and property tax reform that took place at that time. Levies subsequent to 2002-2003 include voter approved operating referendum and technology levies that were approved by voters of the district. With the district's robust growth in the northern part of the district, the corresponding tax capacity growth minimized the individual taxpayer impact of most of the increases in levy components. It is anticipated that the district's tax capacity will remain stable this year.

The remainder of the exhibits is a detailed analysis of the levy by fund.

GENERAL FUND

Exhibit III is a detailed analysis of the proposed levy recommendation for the General fund and will be discussed in greater detail at the September 28, 2009 work session. Overall, the General fund levy is comparable to the prior year's levy and represents an increase of \$222,726, or 0.66% from the previous year.

COMMUNITY SERVICES FUND

Exhibit IV is a detailed analysis of the proposed levy recommendation for the Community Services fund.

These levies are based on statewide tax rates applied to all property in the State. Statewide revenue formulas continue to generate the same amount of revenue to the district. However, prior year adjustments of (\$87,000) were used last year to reduce last year's levy amount. These were one time adjustments that are no longer available to reduce the current year levy amount. This accounts for much of the change in the Community Services Fund.

DEBT SERVICE FUND

Exhibit V is a detailed analysis of the proposed levy recommendation for the Debt Service fund.

The district is required to levy 105% of scheduled principal and interest payments. The required levy includes the **current** required debt service amount. In addition, the debt service excess reduction represents resources that the district anticipates are above 105% of the next year's principal and interest payments and can be used to reduce the levy. Due to the fact that the district's investment earnings have declined due to the state of the economy, we needed to reduce the reduction in levy as the interest earnings were not available for use to the extent as they were in the prior year. This had the effect of causing our debt service levy to increase.

SUMMARY

The proposed school tax levy represents the combined total impact, across all funds, of the legislated property tax program combined with the educational programming needs of the Wayzata Public Schools as they relate to our particular levy authority/capability. As the state continues to refine the 32 pages of formulas that calculate this levy, it is important to note that minor changes may still occur. Therefore, approval of the “MAXIMUM” preliminary levy certification amount is recommended at this time.

TRUTH IN TAXATION LAW

Legislative Session Laws 2009 repealed the requirement to hold a truth in taxation hearing. The public will have the opportunity to speak to the board at the regular school board meeting December 14, 2009 at 7:00 p.m.

If you have questions regarding the enclosed materials or desire additional information, please give me a call at any time at 763-745-5023.

Wayzata University

Board of Education Work Session – September 28, 2009

❖ Background:

- 72% of District teachers/educators have completed their masters degree.
- In 2007-08 and 2008-09, twenty-five teachers/educators earned their masters degree each year.
- Many teachers/educators continue to take on-going university credits to continue their education and earn lane changes.

❖ **May 2009:** A committee of teachers and administrators began meeting last spring to dream-storm and research the possibility of implementing a professional development partnership with a Minnesota University.

Committee members included: Clark Doten – WMS Associate Principal, Annie Doughty, Executive Director, Denise Falls – Professional Development TOSA, Lori Fildes – Special Services Director, Courtney LaRoche – CMS Teacher, Tom Koch – Principal, Chad Libby – Peer Coach, Donna Miller – Autism Specialist, Jodi Olson – WEA President, Jeff Ridlehoover – WHS Associate Principal and Jane Sigford – Executive Director. Carter Peterson joined us in July when we met with three universities to continue our research.

❖ **August 2009:** An RFP was sent to area universities. The scope of the partnership was outlined as follows:

- Develop an on-site masters program. The university and the district would partner regarding the curriculum of approximately 10-12 elective credits. The district and university would also partner on the development of the masters program.
- Opportunities for school district employees to be utilized as instructors.
- Professional development certificates would be created for all staff to enroll. Examples of these certificates are: technology, literacy, culturally responsive classrooms, math, leadership and classroom assessment.
- Develop an on-site administrative licensure program.

❖ **Currently:** We have received five RFP's and a smaller subcommittee will review:

- Hamline University, St. Paul
- Minnesota State University, Mankato
- St. Mary's University, Winona
- St. Thomas University, St. Paul
- University of Minnesota, Twin Cities Campus

❖ **Other Possibilities:**

- Research alternative ways for teachers to attend designated courses – e.g. Board credit
- Substantiate the quality of ⁴⁰coursework currently being approved

Independent School District 284
Wayzata, Minnesota

BOARD OF EDUCATION

Regular Meeting - October 12, 2009 - 7:00 PM
Wayzata City Hall, 600 Rice Street, Wayzata

AGENDA

1. CALL TO ORDER/ROLL CALL
2. APPROVAL OF AGENDA AND CONSENT AGENDA ITEMS
Consent Agenda items are considered to be routine in nature and will be enacted by one motion. There will be no separate discussion of these items unless a Board member or citizen so requests, in which event the item will be removed as a Consent Agenda item and addressed. Consent Agenda Items are as follows:
 - A. Approval of Minutes
 1. Regular Meeting - September 14, 2009
 - B. Board Policies and Regulations - Reviewed (Per 3-Year Cycle) - No Changes
 1. Board Policy and Regulations 403 and 403-R - "Harassment and Violence" - First Reading
 2. Board Policy and Regulations 415 and 415-R - "Mandated Reporting of Child Neglect or Physical or Sexual Abuse" - First Reading
 3. Board Policy and Regulations 416 and 416-R - "Family and Medical Leave" - First Reading
 4. Board Policy and Regulations 502 and 502-R - "Student Discipline" - First Reading
 5. Board Policy and Regulations 510 and 510-R - "Student Sex Nondiscrimination" - First Reading
 6. Board Policy and Regulations 631 and 631-R - "Technology Use" - First Reading
 7. Board Policy 801 - "First Aid" - First Reading
 8. Board Policy and Regulations 803 and 803-R - "Crisis Management" - First Reading
 9. Board Policy 805 - "School Volunteers - Buildings and Grounds" - First Reading
 10. Board Policy 809 - "Authorized Use of District-Owned Materials and Equipment" - First Reading
 - C. Finance and Business Recommendations
 - D. Human Resource Recommendations
 - E. Assurance of Compliance with State and Federal Laws Prohibiting Discrimination
3. STUDENT CURRICULUM PRESENTATION
 - A. Wayzata High School Student Presentation
4. RECOGNITIONS
 - A. October Employee of the Month
 - B. Minnesota World Language Teacher of the Year - Barbara Cartford
5. REPORTS FROM ORGANIZATIONS
This section of the agenda provides the opportunity for parent, teacher, and/or student associations/organizations to provide the School Board with reports/updates.
 - A. Student Council - Lucy Andrews
6. SUPERINTENDENT'S REPORTS AND RECOMMENDATIONS
 - A. Superintendent
 - B. Curriculum and Instruction
 1. Approval of Proposed Wayzata High School Shared Decisions Agreement - 2009 - 2011
 - C. Finance and Business Services
 1. Monthly Financial Reports
 - D. Human Resource Services
7. OTHER BOARD ACTION

8. AUDIENCE OPPORTUNITY TO ADDRESS SCHOOL BOARD
This section of the agenda provides an opportunity for those who have called and placed their names on the list and for members of the audience to address the School Board.
9. BOARD REPORTS
 - A. Superintendent Evaluation/Compensation Committee - J. Moroz
 - B. District 287 Summary - C. Peterson
10. NEW BUSINESS
11. ADJOURN
